**SIX HOURS' ACQUAINTANCE**

**Mankato Farmer and Kansas City Woman Marry in a Hurry.**

Special to The Journal.

Sioux City, Iowa, April 14.—Lowry Hook, a farmer of Mankato, Minn., and Mrs. Mary Priddy of Kansas City, were married here Saturday by Justice E. L. Ferris, some sixty hours after they had seen each other. The wedding was not the sequel of a matrimonial advertisement.

Some time ago Mr. Hook confided to L. F. Scullin of this city that he would like to marry. Mr. Scullin said nothing, but he thought of Mrs. Priddy, and through the mails brought the two into communication. They liked one another's letters, and agreed to meet in Sioux City. The introduction brought no disillusionment and the ceremony was quickly performed. Mr. Hook is 32 years and Mrs. Priddy is 27.

Bradstreet, and the color scheme of the large rooms has been changed from red to green. The reopening of the club will not be formally celebrated, as the performance of "The Vikings" to-morrow evening would keep people away; but no doubt the club members will go out during the afternoon to admire the improvements and take a glance at the golf links. There will be a social every Saturday evening at the club and the informal dancing, which has been such a pleasant feature of club life, will be renewed.

## Our Carpet Store Leads.

You know what our carpet store has been in the past. Old residents have watched its growth through these many years. They have seen us reach the position of leadership and then hold it. We are still holding it because we are making the same efforts to please the people that we made when our spurs were yet to be won. We have put in a stock of Carpets and Rugs that surpasses, both as to size and variety, any that this city has ever seen. When you have seen it you have seen all that is worth seeing in that line.

Miss Margaret McMullen planned a pleasant surprise Friday evening for her guests, Mr. and Mrs. James McMullen of 601 Fourth street SE, in honor of the fifty-third anniversary of their marriage. When the land on the west side of the river was thrown open Mr. McMullen filed on a claim of 160 acres near what is now Park avenue and Twenty-eighth street.

Mr. Frederick Sammis of the Naubika gave a luncheon Friday for Miss Kelley. The guests were Miss Lillian Kelley, Misses Edwin A. Force, Jerome Kurtzman, John W. Gray and Booth. Last Monday evening Mrs. Edwin Force and Miss Griffith gave an informal dancing party for Miss Kelley, who is from Menominee, Wis., and John W. Keefe of Seattle, Wash., both guests of Mr. and Mrs. Force. The party was given at the home of Miss Griffith, who led the cotillon, dancing, with Mr. Kelley. There were fifty guests.

**REFORMING SOCIETY**

Plan in Missouri to Effect It by Co-operation.

New York Sun Special Service

Trenton, Mo., April 14.—This town of 8,000 people has set the greater portion of Missouri to talking about the possibilities of co-operation as a practical principle for the reformation of society. Disciples of John Ruskin have just formed the Western Co-operative association. They are attempting to buy all the stores and factories in town in the hope of making the entire community a co-operative colony. They expect their plan will set the pace for state and nation. Walter Vrooman and his associates compose the membership of the Western Co-operative association. Trenton is the home of Ruskin college, and this, with the new association and its efforts, has started the comment.

Even as this jewel excels all others in clearness, weight and brilliancy, so also does the celebrated North-Western Limited of the North-Western line eclipse all its rivals in construction, beauty of finish and brilliancy in illumination. This splendid train runs daily between Minneapolis-St. Paul and Chicago and is the most comfortable in every respect between these three great cities.

**Low Sleeping Car Rates.**

## Suitings and Flannels.

A Sale—spelled with a capital—means one of two things: Seasonable goods at low prices, or unseasonable goods at extremely low prices. This Sale means both. The Suitings are seasonable, never more so. But we are not going to keep them in the basement any more and we want to keep the stock up while it is fresh and in demand. Accordingly, the prices are made very low.

Take those imported Venetians, for instance. There is not a more dressy fabric made, and these are the best and most dressy. They are 54 inches wide, of light or medium weight, and the colors are mode, pearl gray, tobacco, seal brown, tan, cadet blue, olive, navy, medium and Oxford gray. And the kind you usually pay \$2.75 for, is now at..... **2.00**

Of course, people are not buying Flannel very much now unless the prices are cut to pieces. So we have cut them to pieces. There are French Flannels, some in plain twilled, some in fancy printed designs, that are worth 50c and even 75c a yard, and they are all marked at..... **25c**

These illustrations show what the sale means. Fine Silkoline Comfortables, figured on both sides, filled with fine white batting, zephyr tied, 72x78, each..... **1.15**

## Spring Work.

A few suggestions in hardware. The worth and cheapness of these things would make a good sale if we had nothing else in the department:

- Hardwood Floor Brushes, with long handles:
  - 12-in., worth 89c, each..... **75c**
  - 14-in., worth \$1.25, each..... **98c**
  - 16-in., worth \$1.50, each..... **1.25**
- Ceiling Dusters, long handled ones, worth 50c, each..... **39c**
- Garden Rakes—Made of malleable steel, hard to bend and harder to break—some worth as high as 35, 10-tooth, 10c; 12-tooth, 21c; 14-tooth, 25c.
- Lawn Rakes, worth 45c any day..... **35c**
- Leonard Cleanable Refrigerators—The name means what it says. A refrigerator which cannot be cleaned soon breeds bad smells, bad tastes and bad health. Plenty of sizes at \$7.25, \$9.25, \$10.25, \$12.50, \$14.50, \$16.50, \$17.50, \$19.75, \$21.00, \$25.00. Sold on easy payments.

## Undermuslin Department

Big values sometimes go with few words. For instance, here's a Muslin Gown, trimmed with tucking and insertion and a hemstitched ruffle, 59c for..... **59c**
