RUN ON PART TIME

Local Mills Cannot Get Sufficient Logs.

APRIL CUT MAY BE VERY LIGHT

Local Furniture Market is Very Firm With Some Lines Advancing—Cooperage Market.

While practically all of the local sawmills are now under power, they are not cutting up to their capacity, and in many instances run only part time. In view of these conditions and the late start which the mills got this year, there is every prospect that the total cut of white pine lumber for April will be the lightest for several years. Rains late this month may help out the record, but present prospects indicate a very small cut as compared with last year and with the banner year of 1899.

Turning logs is conducted under the most discouraging of conditions. The water in the river is the lowest ever known at this season, or any other, in fact, and logs are moved from the river to the mill at an increased cost of 50 per cent over a year ago. Then the men at the sorting-gap work only part of the time. A south wind blowing up the river prevents the logs from coming down and out of the supply, while the river is so sluggish in current that logs arrive intermittently and only after hard work on the part of the driving crews when conditions are more favorable to these conditions.

The market continues firm on all descriptions of white pine lumber. There is a steady demand from western and southwestern buyers and retailers are more actively in the market for supplies than ever before. Locally there is also a very active demand from builders and contractors. Preliminary work on new buildings, such as excavating and putting in foundations, is being rapidly completed, and the first installments of lumber are necessary to permit the construction work. Supplies are not always obtainable from local firms direct, but the latter are shipping in larger quantities than ever before from points where the supply is more generous, to fill orders until new lumber shall be available. It is thought to be within a comparatively short time now.

Furniture is Firm.

With the first quarter of the year ended, local furniture manufacturers are taking account of business, and find that volume of trade this year was heavily in excess of a year ago. Demand is constantly increasing, and to meet it, large local firms are nearly all increasing their capacity and getting ready for the late summer and fall campaign. The price situation is very firm on all descriptions of common furniture, due to the strength of the raw material market and heavy demand. List prices are more fully lived up to than for some months and concessions are on cash orders, are rarely granted. Manufacturers of upholstered furniture have withdrawn former prices and are putting a new list in effect, which is slightly higher. This advance is due to an advance in couch frames and practically every line of material which enters into upholstered goods.

Coverage is Steady.

Shops are fairly busy and are good consumers on old contracts. New business in coverage stock is quiet, with prices very steady.

White Cedar Active.

White cedar is on a very active basis, with a good demand and many "burry-up" orders coming forward to meet the requirements of construction. Demand for fine rounds are especially in active request and are in short supply. Railroad consumption is also requiring large quantities of telephone poles, notably those in short lengths, and supply is inadequate. Prices are firm throughout the list.

NEW WOOL HIGHER

Selling 1 to 1 1/2 Above Prices of a Year Ago.

New York, April 23.—Bradstreet's review of the wool situation in the United States shows in the west are operating about 100,000 above the prices in the grease ruling a year ago, and dealers realize that wool sold here at present quotations cannot be secured at the price, and this tends to keep them steady. For fine territory wools about 170¢ is the secured basis of sales in the Boston market, with well-stocked lots up to 50¢ clean. The range for fine medium wools is about 210¢ to 230¢, with XX and above at 210¢ to 275¢. Fine unwashed Ohio fleeces are quiet at 195¢ to 200¢, with fine Michigan at 175¢ to 185¢. The call for medium fleeces is small, with about 210¢ for quarter-blood, Ohio, and Michigan quarter-bloods at 200¢ to 210¢. Pulled wools are steady, with B supers well cleaned up.

BOSTON WOOL

Market Dull With Little Interest Shown.

Boston, April 23.—The wool market here has been the least active of the month for several weeks of late. Territory wools are again dull. Manufacturers are not interested and dealers are not forcing matters. Choice sample, on the secured basis, are quoted as follows: Fine, 60¢ to 65¢; medium, 47¢ to 50¢; medium, 45¢; for ordinary territory wools, 48¢ to 50¢; fine medium, 43¢ to 45¢; and medium, 38¢ to 40¢. Fleece wools are quoted: Choice Ohio XX and above at 210¢, with average straight XX at 200¢ and 210¢; Michigan X is nominally quoted at 210¢ to 220¢. The market for Australian wools is quiet but firm.

South American Wool.

Boston, April 23.—Two cargoes from Rosario of Cordova wool have arrived here on mill here. Cordova wool is quoted at 135¢ to 140¢ here.

Minneapolis Furs.

There is a fair business, although it is late in the season. Prices are as follows: Bear, black, brown, grizzly, \$10.50 to 30.00; Beaver, 3.50 to 8.00; Fisher, as to size and color, 2.00 to 5.00; Fox, black and silver gray, 2.00 to 5.00; Fox, cross, as to size and color, 3.00 to 11.00; Fox, red, 2.50 to 5.00; Lynx, 2.00 to 5.00; Marten, as to size and color, 2.50 to 5.00; Mink, as to size and color, 1.50 to 4.00; Muskrat, fall, 1.00 to 2.00; Muskrat, winter, 1.00 to 2.00; Otter, as to size and color, 5.00 to 12.00; Raccoon, 1.50 to 3.00; Skunk, black and short tipped, 1.00 to 1.50; Skunk, striped, 1.00 to 1.50; Wolf, brush and prairie or coyote, 1.00 to 2.25; Wolf, timber, 1.00 to 2.25. These prices are for prime or No. 1 skins. Nos. 2, 3 and 4 kits in proportion. Wisconsin, Mississippi river and similar muskrat, 25 to 30 over quotations. Prices are high all around for this time of year, and declines are expected later on.

GENERAL PRODUCE

Official Quotations Minneapolis Produce Exchange.

Wednesday, April 23.

Extra creamery butter, steady; extra dairy, steady. Strictly fresh eggs, firm. Dressed poultry, steady; live poultry, firm. Potatoes, firm. Fancy country dressed veal, steady. Strawberries, firm.

PHILLIPS BACK

Former Corn King Will Resume Business Tomorrow.

New York Sun Special Service. Chicago, April 23.—Checks for 40 per cent of the liabilities of George H. Phillips have been mailed to his creditors by Virie King, trustee. They represented a distribution of \$14,000, and 5 per cent more is promised as soon as it can be collected. The ex-king of the corn oil failed January, and has spent his time getting the money paid out from all debtors, and has succeeded in securing only 20 per cent of the \$100,000 due him on outstanding accounts. The total assets are \$180,000, consisting of \$75,000 cash and \$105,000 in notes of George H. Phillips, secured by real estate, and \$100,000 in open accounts. The latter are hard to collect, and Trustee King is to press claims of debtors in the courts as far as possible. Mr. Phillips, in a card, announced that he will resume business Thursday, having arranged with one of the oldest houses on the board to handle his trade. This will give him good backing and prevent raids being made on him.

THE METAL MARKET

Tin Prices Decline Heavily—Copper Holds Steady.

New York, April 23.—At London prices for tin declined 23 1/2 owing to manipulation. Spot closed at 4125 and futures at 4125, with the steady tone and sales of 1000 tons and 50 tons futures. The New York market was about 20 points lower, closing with spot at 27 3/4 to 27 7/8. Copper was about steady at New York and 20¢ standard for July delivery sold at 11.50, closing with spot at 11 1/2 to 11 3/4. Lake closed at 11 1/2 to 1 1/4, electrolytic at 11 1/2 to 1 1/4, and casting flat and nominal at 12¢. At London, at 215, with a low of 212 1/2 for both spot and futures. Lead was steady at 4 1/2 here and 4 1/2 lower at London, closing 211 is 3d. Spelter was 2 1/2 points lower here, at 14 1/2, and unchanged at London, at 215. Iron ruled steady and unchanged at New York. Pig iron warrants were nominal; No. 1 foundry northern, 130 to 135; No. 2 foundry northern, 125 to 130; No. 1 foundry southern, soft, 115 to 120. English iron were a shade higher, with Middleburgs closing at 138 1/2 and Glasgow 125.

BASEBALL BE WISE TODAY!

THE FANS' DAY OFF 'TIS MADNESS TO DEFER!

Opening of the American Association Season To-day.

MINNEAPOLIS PLAYS COLUMBUS

Willmot Signs Zalusky, the Star Catcher, Released by Request by Chicago.

This is the day picked by the American association schedule makers for starting the race of 1902. It was extremely fortunate for all concerned that the opening games were placed as far south as the circuit would permit, as the St. Paul and Minneapolis fans might have been a little cool toward the game if they had been asked to turn out to-day.

The millers expect their season at Columbus where Jack Grim, the old catcher and a former miller in manager, and first baseman. Other ex-millers on the team are "Handsome Dan" Lally and Bally, the tall pitcher.

The millers have been strengthened by the addition of Jack Zalusky, the catcher. He was with Louisville and Grand Rapids last season and ranked high in all departments. Chicago snapped him up and New York was after him. Columbus also laid claim to his services, by reason of having bought all the assets of the old Grand Rapids team. Zalusky wanted to play in his home town, however, and Chicago, having Kling, Chance and Kahoe, all veteran backstops, consented to let the youngster go. Columbus waived its claim and Zalusky became a miller. He is a son of Officer Frank Zalusky of the police force and has been popular ever since he began chasing the leather in South Minneapolis. He was the corner stone of the university team of 1900, which was probably the best team the "U" ever had.

It is understood that he will report to Willmot at once.

The other teams in the American association are in excellent condition, though Tebeau's crowd at Louisville is largely an experiment, and the Kansas City team has been weakened by the raid of the Western leaguers. Messitt and Ketchum are good men, but can easily be replaced. It will be impossible, however, to fill the hole caused by the flop of Clyde Robinson and the Kansas City pitcher, who will be sadly missed.

St. Paul meets Toledo to-day, while Cincinnati's fast bunch, who won from the famous white Sox, will open at Indianapolis and the Baltimore Orioles will endeavor to arouse enthusiasm among the proud colonels of Louisville.

NATIONAL LEAGUE

Pittsburg, April 23.—The Pittsburg club, opening the season before the largest crowd ever assembled to see a ball game in this city, won the first game and set the lovers of the sport wild with their brilliant plays. The game, up to the sixth, seemed to be Cincinnati's, but the home team solved Stimmel's curves. Attendance, 13,750.

Philadelphia, April 23.—There was an element of luck in Philadelphia's victory over Brooklyn yesterday. The home team made but three safe hits and had four errors, while Brooklyn hit safely on every at bat and made two errors. Felix, however, kept the visitors' hits scattered, and the errors of the home team were not damaging. Kluttsch was sent to base on balls and hit a man in the first inning, which with two bases on balls gave the locals the game.

Brooklyn, April 23.—Brooklyn won from Philadelphia yesterday, 4 to 2. Batteries—Klitsch and Ahern; Felix and Kluttsch.

New York, April 23.—Timely hitting on the part of the Boston men and the inability of the New York pitchers to hold the home fans were the factors in deciding yesterday's game.

Chicago, April 23.—Rain stopped the St. Louis-Chicago game in the last half of the third, with the score 1 to 0 in favor of the Chicago team.

National Standings. Played. Won. Lost. P. C. Pittsburgh 4 4 0 1000 Chicago 4 4 0 1000 Philadelphia 5 4 1 800 Brooklyn 5 3 2 500 New York 5 3 2 500 Boston 5 2 3 333 Cincinnati 5 1 4 200 St. Louis 5 1 4 200

Games To-day.

Cincinnati at Pittsburgh. Brooklyn at Philadelphia. Boston at New York.

Jumpers Ignore Notice. Hardly had the news of the decision of the Pennsylvania supreme court reached Washington before DeLoach, Orth, Wolverson and Townsend received the following notice: "Supreme court overrules court below in Laloue case. Decides our contract absolutely binding on you and your partner. Refusal to obey this will be at your peril."

Every one of the quartet of ex-players expressed the determination to stick to his present contract and to ignore Shetstine's notice. Aside from these players, Fletcher, formerly of New York, is the only other Washington player liable to come under the threatened injunction suits.

AMERICAN LEAGUE

Ban Johnson's baseball aggregation, the American League, will open its season to-day, with eight clubs. The games for to-day are as follows: Detroit at Chicago. Boston at Washington. Cleveland at St. Louis. Philadelphia at Baltimore.

THE AMATEURS

Among the Old Boys. Walton Park, 25; Diamond Iron Works, 3. The winners wish games with local teams. Address S. J. Grindl, care Minneapolis & St. Louis Railroad company.

The Little Sluggers. The Willmots have reorganized for the season of 1902 and challenge any team of 15-year olds in the state. Some of their fast players are: Roken, Hanson, Myers and Leonard. The named players are all challenges to edged speed and acquired fame with the Eagles last year.

The Sixth Street Sluggers have organized for the season under the same name and are ready to meet any 14 or 15-year-old team in the city. For address Tommy Conroy, 124 Sixth street S.

The Fourth Ward Sluggers defeated the Golden Eagles by a score of 14 to 4. This is the sixth game the Sluggers have won this year and they wish games with teams averaging 17 years. Address all challenges to Conrad Fosom, 227; Fourth avenue N.

The Little Fabers defeated the Little Tigers by a score of 13 to 2. They will meet any 15-year-old team in the city. For address Arthur Sather, 115 Fifteenth avenue N.

E. W. Grove. This name may appear on every box of the genuine Luxative Bromo-Quinine Tablets, the remedy that cures a cold in one day, 25 cents.

Much in Little. A corner house, a vacant lot. A ripening mortgage and—what not? Substantial things and funny fads.—You'll find them all in Journal Ads. See pages 14 and 15.

Palace CLOTHING HOUSE

MINNEAPOLIS: 216 to 222 Nicollet Avenue. ST. PAUL: Seventh and Robert Streets.

Contagious Blood Poison

DOES POTASH AND MERCURY CURE IT?

Experience says not, and thousands whose health has been ruined by the use of these poisonous minerals, stand ready to testify that, while Mercury and Potash may mask the disease—drive it from the outside for a time, it comes back with renewed virulence as soon as these drugs are left off, and thus the fight between Contagious Blood Poison and Mercury and Potash is protracted for months and even years, resulting in a broken down constitution, spongy and tender gums, excessive salivation, decayed teeth, pains in the stomach, nausea, ruined digestion, nervous dyspepsia, dizziness, and other distressing symptoms which always follow the use of these poisons.

They mask the hideous form of this serpent-like disease, but the deadly virus still hides in the system. There is an antidote for this awful poison; a reliable, certain and permanent cure for Contagious Blood Poison—and that remedy is S. S. S.—the greatest of all blood purifiers, and an experience of fifty years has proven it to be a true specific for this vilest of all human diseases, which not only threatens the life of the one contracting it, but is transmitted to posterity with more certainty than Cancer or Consumption.

Why continue the Mercury and Potash treatment, when by so doing you only complicate the disease, burden the blood with another poison, in time producing Mercurial Rheumatism, Sores, and a long train of evil consequences.

S. S. S. being purely vegetable, leaves no bad after-effects, but invigorates the whole system while cleansing the blood of the virus. S. S. S. is the only known antidote for Contagious Blood Poison—the only medicine that is able to unmask this venomous reptile and drive it out of the blood. It has rescued thousands from the clutches of this horrible malady, after Mercury, Potash, Hot Springs and everything else had failed to cure, and it will do as much for you. The idea that Contagious Blood Poison is incurable, or must run its course in spite of all human efforts to stop it, is the veriest nonsense. S. S. S. does cure it radically and permanently, removing all traces of the original disease from the blood and system, as well as the evil effects of the Mercury and Potash. If you are a victim of Contagious Blood Poison, no matter what may be your present condition, whether the disease has just started or has reached a more dangerous stage, begin S. S. S. and a thorough and lasting cure is an absolute certainty.

To every one desiring to know more of this king of blood diseases, we will mail free a copy of our book, which explains in simple language the different forms, stages and symptoms of Contagious Blood Poison. You can consult our Physicians at any time and as often as you please about your condition, without charge. Write them a history of your case and receive helpful advice that will enable you to treat yourself at home. All correspondence is conducted in the strictest confidence.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CARTER'S LITTLE LIVER PILLS

LITTLE LIVER PILLS

Positively cured by these Little Pills.
