

THE CITY Largest Train-Load of Threshers Ever Shipped

TOWN TALK

The Farmington high school invitations will be furnished by the Board of Education.

Dr. Talbert has returned from California and is temporarily located at 301 Central block.

The Wesley Outing club has postponed its cycle run from to-night to next Monday night.

Twelve ward democrats will hold their first meeting of the season to-morrow evening at Warnelee's hall.

Subscribe for all magazines, papers, etc., and get your bidding done at Century News Store, 8 Third street S., near Hennepin av.

Bartholomew Pucell, a peddler from St. Paul, paid \$10 in police court this morning for peddling plaster models.

The Home Circle of America will meet Saturday night to initiate a large class in K. P. ball, Masonic Temple. It is expected that the supreme president will be present and deliver a brief address.

Rev. O. Bodieu will deliver a lecture on "The Victims of the North" at the First Swedish Baptist church, Eighth street and Thirteenth avenue S., Wednesday, May 7, 8 p. m. Admission 25 cents.

A club for social and political purposes has been organized by the young Polish element. It will be called the Polish club and is organized as follows: President, George T. Koszowski; secretary, Edward W. Staszewski; treasurer, Stanley Bielinski.

Journal Telephone—Call No. 9, which connects with The Journal switchboard. Ask for the department of person you wish to communicate with. If you do not know, state your business and the operator will inform you.

Frank Marino was in police court yesterday charged with assault with a dangerous weapon. It was alleged that he attacked Frank Larossa at Sixth avenue and Third street Sunday afternoon. Marino was seriously wounded. He was found guilty and fined \$25, which was paid.

The annual picnic of the Minneapolis Retail Grocers' Association, June 16, this year will be held at Carver, Minn. This was agreed upon at the regular monthly meeting of the association last evening. The trip to Carver will be made over the Minneapolis & St. Louis Road.

The county commissioners yesterday confirmed the following appointments as road inspectors made by County surveyor James S. Trippe: Osseo road, Richard Jones, Stockyards road, E. St. Martin, Lyndale avenue, J. J. Conroy, Hennepin road, Middle road, Matt Hansen, Monticello road; Otto Setzer, Maple Grove road, W. St. George, Peter Weirner, Burschville road; William Kerr, cycle paths and general repair.

The Swedish Lutheran pastors are somewhat disappointed by the decision of the Commercial Club in regard to the proposition to secure the rental of the Gustavus Adolphus temple to Minneapolis, but will continue the agitation. A mail vote of all the clergymen in the Minnesota conference will be taken. The wish of the majority will prevail. The Rev. Mrs. E. T. Stinson was elected chairman of this city will have charge of the vote.

Minneapolis Eagle is making elaborate preparations to entertain convention visitors who will convene here in the city hall to attend the Grand Aerie. The Elton theater has been reserved for the convention. A parade will be held there. A parade will be one of the principal features of the session. The last meeting was held in San Francisco and the waukee is a candidate for the next gathering. The local aerie now has over 1,500 members.

From investigations made yesterday by Coroner Williams relative to the cause of the death of John Kowetz, the Bass lake hermit, who died last week under peculiar circumstances, it is likely that nothing will be done by the autopsy except to determine the cause of death. A coroner's inquest will be held there. A parade will be one of the principal features of the session. The last meeting was held in San Francisco and the waukee is a candidate for the next gathering. The local aerie now has over 1,500 members.

The Minneapolis Threshing Machine Co. Breaks Records Again On Its Big Shipment to Kansas and Oklahoma.

THE RECORD BREAKING THRESHER TRAIN. —Photo by Edmund A. Brush, 9 Fifth street S.

The Minneapolis Threshing Machine company has shipped a good many train loads of threshers but this morning the company shipped the largest train load in its history. In fact, it is said to be the largest train load of threshers ever shipped by any threshing machine company in America. There were over forty cars in the train, which left the Omaha yards at 5 o'clock this morning bound for Kansas and Oklahoma.

The train will run by daylight and goes down over the Omaha road to Omaha, then over the Burlington system, to Lincoln and Kansas City, thence over the Rock Island system to El Reno, Oklahoma. Stops will be made at all the principal points en route to give people an opportunity to inspect the train. A. McClintock, the company's manager at Kansas City, will be in charge of the shipment and Harry Clarke of the American Threshing Machine Co. will accompany the train to its destination. This is the first train load shipment of the season and is valued at \$150,000, all the goods being shipped under one bill of lading. The company's business has been very good for the past two or three seasons. Minneapolis engines and threshers meet with ready sale in all grain-growing sections of this country. They occupy the same place in the threshing world that Minneapolis flour does in the flour world.

The Minneapolis Threshing Machine company is a Minneapolis concern, owned and controlled by Minneapolis business men, whose broad policy has developed this splendid business enterprise. Mr. F. E. Kenaston is president and treasurer; H. C. Akley, vice president; W. H. Ritchie, secretary and assistant treasurer; Paul Swenson, superintendent; Messrs. S. A. Harris and W. S. Nott, being members of the board of directors.

TUBERS FROM 'TOBA

Potato Dealers Are Going North for Their Supplies.

Canadian potatoes will be on the local market in a few days. Owing to the great scarcity of potatoes, commission merchants are taking anything they can find when the prices are right. The present scarcity is in a way the echo of the great shortage of a year ago. At that time prices were so attractive that farmers, as a rule, cleaned up everything they had on the high range. In consequence stocks in first hands fell to a low point, and as consumptive demand has been continuing good, there has been no replenishment since.

Stocks on the farms are unusually light, and the high prices now ruling would draw more into the big commission centers.

S. H. Hall says there is no occasion for alarm or fear of any sensational development in the market so far as can be seen. While it is true that stocks are very low and prices high, there is enough to go around until the movement from the far north begins. This will be from June 1 to 10. Following this comes the movement of home-grown stock, starting in well about the middle of July. Meanwhile an additional advance of the price of a bushel would not be surprising, but the chances are for the maintenance of prices at about the present level until June, and then a gradual falling as the new stock comes in. Potatoes of good quality at 90c in straight car lots, and for anything less than a car the ruling figure is \$1. In buying potatoes in Canada for shipment to this country allowance has to be made for the duty of 25c a bushel.

THE SHORTAGE NOT ALARMING

But Stocks Aren't More Than Enough to Last Till the New Crop.

Canadian potatoes will be on the local market in a few days. Owing to the great scarcity of potatoes, commission merchants are taking anything they can find when the prices are right. The present scarcity is in a way the echo of the great shortage of a year ago. At that time prices were so attractive that farmers, as a rule, cleaned up everything they had on the high range. In consequence stocks in first hands fell to a low point, and as consumptive demand has been continuing good, there has been no replenishment since.

A RELIGIOUS MERGER

Church People Discuss a Plan to Increase Efficiency.

Rev. E. H. Sanford, secretary of the National Federation of Churches, met with St. Paul ministers yesterday and a committee was appointed to work out the details of a plan for general evangelistic work. The national federation has as its object the increased efficiency of church work by combining struggling churches in places unable to support more than one church. The belief of the different churches will not be disturbed and forces will combine only the work which is common. The success in Chicago was cited, and the plan in embryo in Minneapolis was mentioned. The committee is composed of representatives from the People's, Methodist, Baptist, Presbyterian, First Christian and English Lutheran churches.

EXTENDING THE "R. F. D."

Washington County to Have Rural Mail Routes.

W. J. Munro, of Morris, returned to Minnesota yesterday from Washington. He has recently been promoted from an inspector to a special agent of the rural free delivery system, and will share Minnesota territory with Mr. Guterson. He will shortly join E. W. Schriver, the special agent in charge of county system work. The plan is to extend the system in Washington county, Minnesota. This means that rural free delivery will be extended to every household in Washington county.

Why is ROYAL Baking Powder better than any other?

Because in its mammoth works a corps of chemical experts is constantly employed to test every ingredient to insure a product absolutely pure, wholesome and perfect in every respect.

The most wholesome food and the most digestible food are made with Royal Baking Powder.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

Nott, being members of the board of directors.

THE PASSION PLAY

Enacted in Wonderful Moving Pictures at Wesley Church.

Mrs. Katherine Britz-Bowden gave a delightful lecture on "The Passion Play" at Wesley church last evening. The Wesley church. There was a large audience and the capacity of the church was taxed. Long before 8 o'clock the doors were open, and there was "standing room only." A number of tickets was discontinued some time before the lecture began.

Mrs. Britz-Bowden made a most pleasing impression. Her talk was replete with anecdotes and amusing incidents, and she took her audience on a preliminary journey from New York through England and Paris, where she introduced them to the quaint Bavarian village. The illustrations were remarkably good and showed the objects of interest on the steamer "The Passion Play." The exposition received some attention.

The feature of the evening was the graphic description of the famous drama which was prepared with an account of its origin. The pictures showed the actors and the marvelous tableaux of the passion play. No better moving pictures have been shown in Minneapolis. Mrs. Britz-Bowden's lecture was a most interesting and profitable one. The pictures shown were those of Rev. J. S. Montgomery, the Bible class, and Mr. Montgomery and his family. The funds for carrying on the work of the class were considerably increased by the very successful entertainment.

CHILLY AND WET

Nevertheless, Crops Are Pushing Up in Good Shape.

For the week ending yesterday Minneapolis was a crop of potatoes. The report summarized as follows in the weather bureau bulletin, issued by T. S. Outram, section director:

"The night during the week was cool for the season. Rains, locally heavy, were general in the state on the 1st; general in eastern and southern Minnesota on the 2d, except in the extreme north on the 3d. On the night of the 3d, the wind shifted to the south and the temperature rose. The 4th there were high winds, with thunderstorms and in some places a little hail. The rains were heavy and the ground was soaked. The ground so far that farm work in March, April and May has been practically at a standstill. The season for seeding has been so far advanced that the advisability of seeding barley, oats and flax instead of what is being considered. In Klinton county, where the soil is advanced and seedling is a third finished. In Clay county half the wheat is seeded in the spring and considerably more farther east. In the southern two-thirds of the state the soil is in splendid condition. The early sown crops are showing nicely in the fields and the latest sown are germinating. The 5th of the different crops will be the disturbed and forces will combine only the work which is common. The success in Chicago was cited, and the plan in embryo in Minneapolis was mentioned. The committee is composed of representatives from the People's, Methodist, Baptist, Presbyterian, First Christian and English Lutheran churches.

RIVER BANK VALUES

The Park Board Confirms the Report of Appraisers.

The park board yesterday confirmed the report of the appraisers made on the values on property condemned for the west river bank parkway. Residents in the vicinity of Hawthorn park petitioned the board to take steps for the preservation of that beauty spot, which is now used as public baseball grounds. Another petition asked for the preservation of the parkway to St. Anthony, and the "business" confusion of names, especially in the misdirection of mail intended for St. Anthony when the name of Minneapolis was used. The board decided to erect a pavilion at Hawthorn park this season at a cost of \$2,000. The bicycle path on Minnehaha boulevard will be extended from Lyndale avenue to Lake Amelia.

BON TON BURLESQUERS AT THE DEWEY

The "Bon Ton" burlesquers are at the Dewey this evening in a return engagement. In some respects the Bon Tons present an excellent show. The burlesquers are funny, the costumes among the best shown at this playhouse since the season opened, and the people are competent. However, the whole is marred by occasional bits of coarseness as uncalculated for as they are unfunny. There is no excuse for this. The show is quite able to stand upon its own merits, and the "business" of the comedians, at the table, in the opening burlesque, should not be tolerated.

"The Bon Tons" are a group of comedians, founded upon "Floradora" and yet the trawls on the famous Floradora sextet comes in the second burlesque, "The Bon Tons En Revue."

Maie Taylor opens the olio in a singing and monologue specialty that takes well with the house. Frank Byron and Louise Langdon present an amusing sketch entitled "The Duke Detective." Monroe and Marshall entertain in song and dance and a colored temptress, whose name does not appear on the program, counterfeits the cries of birds most skillfully. McFarland and Murray present the usual conversational act, in which one of the two is slugged several times hard on the shoulder with a tanned sheepskin. They have some good stuff, and some that should be omitted because of its antiquity. They also tell a story that should be shelved for more cogent reasons.

STATE LOSES \$2,000,000

School Funds Hit by the Reservation Land Decision.

State Auditor Dunn expresses deep disappointment over the decision of the United States supreme court in the school land case. It loses to the state over 100 sections of land in the Red Lake reservation, much of which is covered with valuable pine, and in all is worth probably \$2,000,000. The state is entitled to other selections from government land in place of those secured, but the trouble is that the valuable government land has been taken, and what there is left for the state to select from would not bring much to the school fund.

SHARP BOSTON 'KIDS'

How They Discomfited Two Eminent Doctors of Divinity.

DR. M. D. SHUTTER ONE OF THEM

A Little Girl Agreed With Solomon That "All Men Are Liars."

Rev. Dr. M. D. Shutter of the Church of the Redeemer has a higher opinion of the intelligence of the Boston children than he held before a recent visit to that city. Dr. Shutter preached on Sunday at the Everyday church, relieving the pastor, Dr. Perin.

During the Sunday school service Dr. Perin questioned the pupils upon the story of the change of the Boston children. They were prepared for a finish fight and are confident they will be able to get men enough who will be able to work after the novelty of the strike has worn off.

The large employers say they are so well organized in most of the large cities that it will be practically impossible to secure extra men elsewhere.

The large employers say they are prepared for a finish fight and are confident they will be able to get men enough who will be able to work after the novelty of the strike has worn off.

THE NEVADA PROGRAM

To Be Given To-night at the Lyceum Theater.

To-night Emma Nevada, assisted by the young French pianist, Leon Moreau, will be of the following program at the Lyceum:

PROGRAM—PART I.

(a) Nocturne.....List

(b) Waltz.....List

(c) Chanson du Moineau.....List

(d) du Bressil.....List

(e) Bell Song (from Lakme, request).....Delibes

(f) Chanson Dansee.....Leon Moreau

(g) Scherzo.....Chopin

(h) Mignonne.....Gounod

(i) Villanelle.....Dell Acqua

(j) A Tale of Two Apples.....Laura Collins

(k) Little Sister.....Schlesinger

(l) Annie Laurie.....Schlesinger

(m) The Spinning Song.....H. Raff

(n) Rhapsodie Hongroise, No. 12.....List

Selections.....Leon Moreau.

Mme. Nevada.

WHITCOMB A CANDIDATE

He Will Seek the Democratic Nomination as Sheriff.

Mart Whitcomb, nominated for sheriff under peculiar circumstances four years ago, and defeated at the polls in the memorable three-cornered fight involving himself, Lon Phillips and Phil Megardner, will go after the prize again this year. He announced to his friends yesterday that he was a candidate for the democratic nomination.

Whitcomb's friends insist that he can make an aggressive campaign on the basis of Megardner's record in the office, whereas with Conroy as the nominee the party is stopped by hammer any along the line, as Conroy when county commissioner officially passed all the Megardner bills as correct.

Girl Had His Summons

Henry Downs was brought before Judge Simpson yesterday on a writ of attachment for failing to obey his grand jury summons. He explained that the maid had taken the summons away with her while he was still in California. He was excused.

Care of the Eye

Dr. Frank Allport, the eminent oculist, in his recent book upon "the care of the eye," devotes a paragraph to the excellent reading facilities upon the electric-lighted trains of the C. M. & St. P. Ry., complimenting that company for its advance in that direction. The Milwaukee's electric berth reading lamp in its sleepers is especially recommended by the doctor as a safe light for the eye for train reading. All Chicago trains of the C. M. & St. P. Ry. are electric lighted. Their Pioneer Limited is the most skillfully equipped train of the world—affords every facility and comfort known to modern travel.

Your Credit is Good at the New England.—Make Your Own Terms.

To Our Cash Customers.

We are proud of our list of Cash Customers. We feel that we have proved our ability to do them, as well as our Credit Customers, complete justice—Justice in Prices; Justice in Qualities; Justice in Assortment; Justice in Service.

Perhaps you do not need to avail yourself of your Credit Privilege with us. Very well, then, let us prove to you that we know how to appreciate your Cash Patronage.

To Our Credit Customers.

We are proud of our list of Credit Customers. More and more do we believe that the mere financial measure of worth and responsibility is a false one. The qualities of integrity and industry should count for as much as mere dollars. They do with us, and that is why we consider it good business to urge every man who loves his home to make the freest use of our invitation to Make His Own Terms.

New England Furniture & Carpet Co.

BOTH SIDES CONFIDENT A FRIEND BEARING BASS

BIG BAKERS ARE STILL FIRM HE GOT LALLY INTO TROUBLE

A Franklin Avenue Employer Agrees to Sign the Union Agreement.

The Democratic Majority Aspirant Says He's Technically Guilty, but Morally Innocent.

Tom Lally's popularity seems to be getting him in trouble, as a result of the admiration of some unknown friend he appeared in police court this morning and pleaded guilty to having three black bass in his possession during the closed season. A mysterious friend called at Lally's place of business Sunday and asked permission to leave three fish for the proprietor, who was absent at the time. He was told to put them in the fish box. Before Tom even knew they were there the game warden had found them and sworn out a warrant for his arrest.

Mr. Lally told Judge Dickinson that he was technically guilty but morally innocent, as he did not know the fish were there. Under the circumstances the judge let him off with a fine of \$30, while it might have been \$75.

LUTHER LEAGUERS MEET

Semiannual Gathering of the Twin City Body Held.

Nearly 100 persons, representing the nine churches of St. Paul and Minneapolis, attended the sixth semiannual convention of the Twin City Luther League at St. Paul yesterday. The next meeting will be held in Minneapolis. The union will picnic July 1.

The following were elected delegates to the state convention in St. Paul July 7 and 8: Miss Lydia Lagerstrom, H. J. Johnson of Minneapolis, Miss Emma Olaf of North St. Paul, Rev. F. E. Jensen and Miss Jennie R. Cairnes of St. Paul. The delegates to the national convention in St. Paul July 8, 9 and 10 are Herbert Anderson, Mrs. L. E. Shotwell, Minneapolis, and Miss Jennie R. Cairnes, St. Paul.

BAPTISTS ARE COMING

National Conventions of the Church Take Place This Month.

In St. Paul, May 19 to 27, will be held the annual conventions of the American Baptist Historical Society, the American Baptist Missionary Union, the oldest society; the American Baptist Home Mission Society, which has charge of the work in Canada, Mexico, Cuba and Porto Rico, as well as the United States; the American Baptist Publication Society, organized in 1824; the Women's Baptist Mission Society.
