

LITTLE ONES DIE

Three Swept Away in Floods Near Preston, Minn.

Another Death Near Rochester

Buildings Wrecked by Lightning at McGregor—Violent Storms in the Northwest.

Preston, Minn., May 19.—Ten miles west of here there was a cloudburst. The report will begin rising so rapidly that Herman Rivber, a young farmer, hurried his wife and three children into a buggy and started for higher ground.

McGregor, Iowa, May 19.—Three brick buildings were wrecked by an electrical storm. Lightning struck the three buildings occupied by Freese's jewelry store, the Metropolitan saloon and a billiard hall, and all collapsed.

Independence, Iowa, May 19.—A cloudburst and high wind did great damage in this county. Culley's were washed along the Illinois Central tracks, wrecking a freight train one mile east of this city.

Sparta, Wis., May 19.—A cloudburst occurred in the west part of this county, causing much damage to farmers and railroad companies. Three long bridges on the Milwaukee road near Oskdale were carried away.

Rochester, Minn., May 19.—A downpour amounting to one inch of rain deluged the region a few miles north of this city. A culvert went out of the Zumbrota branch, and miles of the rails were under water.

Rain, Wind and Hail

Losses at Fayette, Iowa—One Casualty West of Aberdeen.

Specials to the Journal

Fayette, Iowa, May 19.—The heaviest rain and electrical storm ever known in this part of the state occurred Saturday night. Six inches of rain fell, accompanied by terrific wind.

Aberdeen, S. D., May 19.—A small tornado passed through a section of Edmunds county Saturday about 5 o'clock. Barry and other buildings were blown down, but the only human life reported destroyed was that of H. Tobiasan, all of whose buildings were destroyed.

Britton, S. D., May 19.—The most severe hail storm ever experienced in this locality occurred Saturday night. The hail was heavy rain. The hail stones were as large as marbles. Scarcely a south window in the town escaped damage and window glass at a great many places.

Bloomer, Wis., May 19.—During a thunder storm Saturday Evelton Ganug was killed and his brother badly shocked by lightning. Both were labors in a new house.

Spring Valley, Minn., May 19.—The barn of C. Richardson of Etina, containing grain and machinery, was swept away by floods. The barn of Mrs. Fozz of Etina was also taken, and two bridges near Etina were washed out, the result of a cloudburst. W. H. Strong's residence in this city was struck by lightning but the damage was small.

La Crosse, Wis., May 19.—A severe rain and electrical storm passed over this city and vicinity yesterday, and obtained out on many of the roads leading into La Crosse. Edwin Vollmar, son of John Vollmar, commissioner of the board of public works of this city, was struck by lightning and for several hours it was thought he had been killed, but the efforts of a physician proved successful in saving his life.

Grafton, N. D., May 19.—This vicinity has been again visited with a terrific thunderstorm, accompanied with hail and the weather is still very threatening. It would seem as if this would place the final veto on wheat seeding. It is safe to say that between Grafton and the Red river not to exceed 30 per cent of the wheat has been sown and if rains continue it will be impossible to get on to the land to seed anything.

Carver, Minn., May 19.—A heavy thunder storm passed over this town. Rain fell in torrents and was mixed with hail. The small creek became a dangerous stream, carrying a load of logs, stumps, and fragments of bridge timbers. A good deal

of damage was done by washouts. The low lands are flooded.

Chicago, May 19.—The south wind and the sun joined forces yesterday to remind people that it soon will be time to take serious thought of straw hats, low shoes and the soda fountain.

John Pulaski, 50 years old, was overcome by a stroke of water street and Michigan avenue, and taken home. The heat wave was felt not only in Chicago, where the highest notch reached 86, and the heat was felt almost as far west as the Rocky mountains and to the Atlantic coast.

Preston, Minn., May 19.—Ten miles west of here there was a cloudburst. The report will begin rising so rapidly that Herman Rivber, a young farmer, hurried his wife and three children into a buggy and started for higher ground.

THE TORRID WAVE

Where the Sudden Advent of Summer Was Felt.

Chicago, May 19.—The south wind and the sun joined forces yesterday to remind people that it soon will be time to take serious thought of straw hats, low shoes and the soda fountain.

John Pulaski, 50 years old, was overcome by a stroke of water street and Michigan avenue, and taken home. The heat wave was felt not only in Chicago, where the highest notch reached 86, and the heat was felt almost as far west as the Rocky mountains and to the Atlantic coast.

SABBATH QUIET

The Great Coal Strike With-out a Ripple to Break the Calm.

Hazleton, Pa., May 19.—The second week of the total suspension of hard coal mining began to-day without the faintest ripple to disturb the calm. A Sabbath stillness prevailed everywhere. Not one of the coal companies in this territory made an attempt to start up a colliery and not a miner wandered near the big black breakers.

For the want of something better to do, the local miners in all the mining villages and coal hatches held meetings. Speeches were made by the local leaders. New members were taken in by some of the local leaders.

The formal issuance of the call for the special national convention of coal miners will not be issued until President Mitchell has received the petition of two additional districts.

On Wednesday the executive board of the three anthracite districts will meet jointly at Wilkesbarre to discuss the situation. The most important matter to be considered at the meeting will be the advisability of calling out the engineers, firemen and pumpmen who have been left to the discretion of the board.

It is understood that President Mitchell will establish strike headquarters at Wilkesbarre to-night.

Ordinance Against Soft Coal.

New York, May 19.—The Central Labor Federation passed a resolution to-day calling upon the city authorities to enforce the ordinance against the use of soft coal in case any attempt is made to use it in place of anthracite.

New York Drivers to Soft Coal.

New York, May 19.—It is agreed by both wholesale and retail coal dealers that New York is within less than fortnight of burning soft coal.

Working for Arbitration.

Hazleton, Pa., May 19.—The visit of Ralph M. Basley, secretary of the National Coal Federation, to strike headquarters and his conference with President Mitchell of the United Mine workers, was the only incident of importance Sunday.

An Oath Against Liquor.

Hazleton, Pa., May 19.—There was an impressive scene at each of the masses at St. Gabriel Roman Catholic church in this town. Following the reading of the oath of abstinence all mine workers abstain from visiting saloons.

Laborers Must Pay Cash.

Wilkesbarre, Pa., May 19.—The real hardship of the coal strike is not the "no credit" system, inaugurated by the wholesalers of the coal region, which compels all the miners to pay cash for their foodstuffs.

Strikers Going to Europe.

New York, May 19.—Fully 5,000 miners, foreign born, are expected to depart for Europe during the past week for a holiday during the strike.

COLONIAL POLICY

Mr. Dolliver of Iowa Makes Defense of the Philippine Work.

Washington, May 19.—In the senate to-day consideration was resumed of the Philippines government bill. Mr. Dolliver of Iowa said the pending bill presented the most important constructive work since the civil war.

Mr. Dolliver declared that no republican party grounds would be asked for a cessation of hostilities in the Philippines. Every man must know that no political advantage could be gained by an attack upon the army of the United States.

Washington Small Talk.

The following congressmen were appointed today: Minnesota—Clay count E. J. Murphy. South Dakota—Canning, Hughes.

The following changes in the presidential positions, taking effect July 1, 1903, are: Montana—Chinnook, the supreme court to-day directed the appointment of a commission to take testimony.

DROWNED IN THE PEMBINA

THREE SONS OF N. DAK. FARMER

Bent Struck a Sunken Log Throwing Six Persons into the Water.

Necher, N. D., May 19.—While W. M. Spring and family were on the Pembina county, was attempting to cross the Pembina river in a scow containing four of his sons and a 15-year-old nephew, two miles above the mouth of the river, collided with a sunken log, throwing its occupants into the water, swollen high with recent rains.

Three of his sons were drowned, but the nephew and youngest son were saved by clinging to overhanging bushes.

The three drowned lads were aged from 10 to 19 years, while the one saved was 16 years old. Searching parties from this place are dragging the river for the bodies, but thus far without results.

Pierre Speakers in Demand

Special to the Journal

Pierre, S. D., May 19.—Among those from this city who will deliver Memorial Day addresses at different places, are Judge Hanes at Milbank, Adjutant General Conklin at Britton, Colonel R. W. Stewart at Parker and H. B. Black at Huron.

Five Cases of Smallpox

Special to the Journal

Aberdeen, S. D., May 19.—Dr. McCut, superintendent of the hospital at Aberdeen, has found five cases of smallpox in this city, known as the Norton district between Hecla and Chisago. The first case was reported on May 15. It is believed all the school pupils were exposed.

GAS FACTORIES.

In People Who Do Not Know How to Select Food and Drink Properly.

On the coffee question a lady says, "I used to be so miserable after breakfast that I did not know how to get through the day. Life was a burden to me. When I tried to sleep I was miserable by having horrible dreams, followed by hours of wakefulness. Gas would rise on my stomach and I would belch almost continually. Then every few weeks I would have a long episode of sick headaches. I tried a lot of medicines and physicians without benefit."

Finally I concluded to give up my coffee and tea altogether and use Postum. That time it came to the table a different beverage and so delicious that I was able to eat and sleep. I tried a lot of Postum and I am now a different woman. Name given by Postum Co., Battle Creek, Mich.

GASOLENE TANK EXPLODED.

Pittsburg, May 19.—A gasoline tank belonging to the United States Gas company exploded about noon, wrecking houses on Winnebago street, south side, and burying a number of persons in the ruins. Six men have been taken out and removed to the south side hospital. Adam Gripp was killed.
