

SPORTS
OUTCOME IN DOUBT

Minnesota-Wisconsin Track Meet
Will Be Very Close.

BADGER TEAM IS PHENOMENAL

Gophers, However, Hope to Exceed
Their Best Previous Records
Next Friday.

The great meet in track athletics which is to take place between Wisconsin and Minnesota Thursday afternoon at the Metropolitan field gives promise of being one of the closest and most interesting dual contests ever held in the west.

Both Minnesota and Wisconsin have strong teams and the keen rivalry between these institutions is such that every man on each side can be counted upon to put forth his utmost efforts to win for his alma mater.

At first glance, comparing the records made by Wisconsin and Minnesota up to the present time, it would appear that Wisconsin has the better chance to win. Certainly the records which Wisconsin made last Friday in the dual meet with Illinois at Champaign were better in every track event, than those made by Minnesota on May 8, against Loyola.

Both Minnesota and Wisconsin teams are remarkable ones. In every event on the track at Illinois, with the single exception of the 200-yard dash, the Wisconsin man equaled or bettered the western intercollegiate record. This in itself is phenomenal.

In Poage, Wisconsin seems to have a second Merrill. Poage's performances last Friday of ten seconds in the 100-yard, 21 4-5 in the 200-yard dash, and 45-5 in the mile, but Merrill's similar showing at the conference meet last June, would be unique in western athletic history.

In considering these records so recently made by Poage and placing them as a standard by which to judge of Minnesota's chances, a number of things must be borne in mind. First, the first place, Wisconsin is relying on one man to win these important events and it is quite possible that in six days of fatigue he will be unable to repeat his accomplishments in all these events. Minnesota, on the other hand, is relying upon a different man in each event and upon this his wide energy and effort will be concentrated.

Illinois Track Is Fast.

Another point to be considered is that the Illinois track, which is one of the best in the west, is considerably faster than that at Minneapolis and as Bockman has in the past been able to make 10 1-5 on the Minnesota track, it is possible that he may be able to do so here. In the first event on the program, in the 100-yard dash, Minnesota will place her reliance on C. C. Pierce, the former St. Paul Central high jumper, who will run without effort at Iowa in 23 1-2 with a strong wind blowing upon the track and when it is considered that Poage is running the 100-yard dash in the latter meeting Pierce, the chances of the latter to win the race must certainly be good.

In the quarter mile run Poage will meet three fast men in Minnesota, every one of whom will make a terrific race of this event. Robinson, Tebbitt and Richards have all done 51 seconds or better on the Minnesota track, which is certainly at least a second slow, and the quarter should be one of the greatest contests of the day and an important factor in deciding the meet.

In the half-mile race Wisconsin will undoubtedly win, as the time of 1:57-2-5 is a wonderful one and hardly to be equaled and has been in nowise approached by any of Minnesota's candidates this year. Here Harris back, a race worth going miles to see, will surely result, but miles to see, Wisconsin may safely count on winning the event. Murphy and Trethewell, and either Bogart or Reibeth, will run for Minnesota, and may do better than expected, but Daniels of Wisconsin, on public form, should carry off the event.

Each side Will Win the Mile.

In the mile run, Keachie of Wisconsin, who ran in 4 minutes 25 2-5 seconds, which is sure ten seconds under the western intercollegiate record, can hardly be beaten, though George Colburn, who took first and second in this event at Iowa, has been improving greatly of late, and Harvedson is an untried man who has not yet been run to show what he can do.

In the two-mile run Mr. Echeron of Wisconsin, who has a record of 10 minutes 2-5 seconds, or Captain Holt should take first, with the other second.

In the 120-yard hurdle and 220-yard hurdle, two of the best and prettiest races on the program will surely result. Bockman has already made 15 4-5 in the high hurdles on Minnesota's track, and also holds the western record of 26 seconds in the low hurdles, which he made last June at the conference meet in Chicago. O'Brien is also running Bockman neck and neck in each of these events, so that both hurdles should be taken by Minnesota.

Snodgrass of Wisconsin, a new man who developed 15 4-5 in the 120-yard event last Friday, in the Illinois meet, is an exceedingly dangerous man, and should take first, with the other second, since the Philadelphia games on April 26, he again in condition, Bockman's chances of winning will be considerably lowered.

The relay race, which comes as the best event on the program, will be run by teams of four men each, each man running one lap, and will doubtless prove the most exciting race of the day. It may quite possibly decide the outcome of the whole meet.

The two teams in this race will be about equally matched, and it will be impossible to pick the winner. For Minnesota, Tebbitt, Richards, Robinson, Crossette, Murphy, Bockman, Echeron, Redwood and Pierce are entered, the exact make-up of the team not yet having been fully decided upon.

Field Events Evenly Divided.

In the field events the prospects of the contending universities appear to be about equally divided, and any surprises here may easily turn the day one way or the other.

Pierce of Minnesota should win the pole vault. Crossette of Minnesota has good chances in the broad, while McPherson, should equal his record of 5 feet 7 inches, has a reasonable expectation of taking first in the high jump.

The discus, hammer and shot events are uncertain. Lafans and Mattson of Minnesota are both now throwing over 120 feet in practice, and as Wisconsin won that event at Illinois in 121 feet, Minnesota certainly has an equal chance to win the event.

Lafans is the principal hope of Minnesota in the shot put. Lafans' work during the past week has improved greatly, and he is now making 38 feet with consistency. Should he be able to better this a little, he has prospects for winning the event over his old rival, Cochens, will be excellent.

From the above summary it can be seen that the outcome of the games is here in doubt, and that one of the best athletic contests ever held in the northwest is to be expected.

RACERS BURNED TO DEATH

Geraldine and Annie Woodruff in
the Lannon Farm Fire.

Special to The Journal.

Milwaukee, May 20.—The burning of a big stable on the farm of August Uhllein, in the town of Lannon, Waukesha county, led to the report that the famous stock farm at Wadsworth had been visited by fire. However, the stables on the Lannon

farm are extensive, comprising one brood mare stable, one stud stable and one burned, which, though holding about twenty-five brood mares, was filled principally with young stock, 2, 3 and 4-year-olds. There were about twenty young studs, some of them sired by the famous Astronaut.

The building was rectangular in form, one wing 200 feet long being occupied by box stalls and the other 200-foot wing by open stalls. Among the horses burned were Geraldine, the pacing mare, with a record of 2:12, and Annie Woodruff, with a record of 2:20.

IN THE SQUARED CIRCLE

Frank Erbe is to receive another chance to retrieve his lost laurels by meeting Pat Daly, the English lightweight champion. At the request of Dr. Ordway, representative of the National Sporting Club, Erbe went to New York last night. In less than fifteen minutes Erbe was matched to box Daly for a purse of \$2,500 at 138 pounds, weigh in at the ringside.

The former lightweight champion of America will sail to-morrow. He expects to reach the English capital about three weeks before the mill.

"Kid" McCoy was twice saved by the bell in a six-round bout with "Kid" Carter at the industrial hall in Philadelphia last night. He was knocked down five times and was much the weaker at the finish, although Carter was badly punished.

Daring the first round McCoy had all the advantage, but in the second he was floored by a blow on the jaw and would have been stopped but for the bell.

In the third round he was knocked down three times, but again escaped a knockout. He recovered in the fourth, and although Carter again succeeded in putting him on the floor, McCoy in turn had his opponent almost completely knocked out by the end of the fifth round.

Billy Gardner of Lowell and Jack Carrig of Chicago fought very fast ten-round draw before the Bowdoin Square Athletic Club at Boston last night.

Fitzsimmons said last night at San Francisco that he would insist upon adhering to the articles which were signed by himself and Jeffries in New York. These articles provided that the winner should take 60 per cent and the loser 40 per cent, and permitted the wearing of soft bandages.

Fitzsimmons said he would not agree to Los Angeles as the place for the fight unless there was a cash guarantee.

GOLF

The Bryn Mawr Golf club has arranged a team match with the Fairbairn club, to be played on the Bryn Mawr links on Memorial day. The Bryn Mawr team will be selected after the handicap medal play next Saturday afternoon.

The prospects for the formation of a four-club golf league, to include the two Minneapolis clubs (Minikahda and Bryn Mawr), and the two lake clubs (Minnetonka and Lafayette), are bright. The plan contemplates a series of team matches between these four clubs, with possibly a tournament for individual prizes.

Hereafter team matches between the town and lake clubs have been difficult to arrange, because many of the best players of the lake clubs were also members of the town organizations. It is, however, a number of men who make their summer residence at the lake have taken up the game. Most of these men are not members of the town clubs, and the lake organizations believe that they can pick teams which will hold their own against the town men. The project will be definitely settled at a meeting to be held within the coming fortnight.

CYCLING

The Shaopeke cycle path is reported by cyclists who have ridden over it lately to be in the best of repair. The general condition of the path is excellent, when the heavy rains of the last few weeks are considered, but in one or two spots sand has been washed down upon the road in such quantities as to make it almost impossible for a single wheel to get through, although a motorcycle can clear the obstructions without trouble.

The riders say that the repairs will take little time or expense, but that serious trouble may result if the road is not attended to promptly.

BILLIARDS

Charles Ferris won the first game of the triangular billiard tournament at 11-inch ball line at the Stevens billiard room last night. Ferris made the remarkably good average of ten for the 300 points on a 5x10 table.

Both men played an even game for ten innings, when Ferris took the lead with the high run of the game, 77, finally missing an easy cushion carom shot. The score:

Ferris—1, 0, 1, 5, 0, 9, 1, 14, 0, 2, 0, 44, 3, 1, 3, 1, 0, 20, 14, 1, 0, 77, 2, 5, 1, 1, 8, 41, 0, 9—300, average 10.
Carter—0, 5, 1, 0, 13, 0, 7, 83, 2, 5, 1, 8, 5, 0, 2, 0, 24, 1, 1, 1, 4, 2, 2, 8, 5—181, average 8 7-29.

BOWLING

Huge and Fust won first prize in the two-man bowling tournament at the K. C. alleys, which was concluded last night. Their high scores were 2,345 pins. Hansen and Carter won second prize, with a score of 2,199, and Sandblom and Bonsteele were third with 2,117.

Sandblom made the high individual aver-

age and high individual score, winning the two prizes offered for these records. Simonson was awarded the silver loving cup for the greatest number of spares.

In last night's game, Osborn and Parke defeated Olmstead and Metzger by a score of 2,188 and 2,055.

OTHER SPORTING NEWS

It was officially announced yesterday at Boston that confirmation by letter has been received by the United States National Lawn Tennis association of the cabled challenge of Great Britain for an international contest for the Davis challenge cup and that the challenge had been accepted. A committee consisting of James Dwight, Richard Stevens and Palmer E. Presbury will meet soon to select the date and place of play.

William C. Whitney's intruder won the 3-year-old maiden plate and Richard Croker's Blue Grass won the Thames handicap at the Hurst Park Whitbread meeting yesterday afternoon. The stables of Messrs. Whitney and Croker have been in bad form up to the present, but intruders yesterday had no difficulty in securing the verdict.

ATHLETICS AND ORATORY

S. Dakota Intercollegiate Meeting at
Huron on Thursday.

Special to The Journal.
Huron, S. D., May 20.—Local committees are busy perfecting arrangements for the state intercollegiate athletic meet and oratorical contest, to take place here in Thursday. Places of entertainment have been secured for all who come, and although the program has not yet been completed, the committee give assurance that all will be in readiness in ample time. As far as known, the delegation from Mitchell will number at least 200. Yankton will send about as many, and Redfield will be represented by even a greater number, while Brookings will be here 300 strong. Mitchell and Brookings will come by special trains. The field sports will take place during Thursday, and the oratorical contest will be held in the opera-house in the evening. Brookings, which now holds the trophy, will make a desperate effort to retain it.

CAMP HAZARD DESTROYED

Trout Stream Resort Near Rushford
Swept by Floods.

Special to The Journal.
Rushford, Minn., May 20.—News reached here yesterday that all the buildings at Camp Hazard, a popular summer resort on a trout stream near here, were swept away by the floods of Sunday. The first intimation Rushford people had of the loss was the sight of the icebox and furniture from the buildings floating by on the muddy waters of Root river. The financial loss will approach \$500, and it is understood the grounds will now be abandoned, the local club that has kept them up not caring to incur the expense necessary to repair the damage.

A snake charmer from St. Paul captured seventy-five rattlers in the bluffs near this city.

BEET SUGAR IN HUNGARY.

Washington, May 20.—Advices to the department of agriculture announce that the production of beet sugar in Hungary has increased with in the last decade by nearly 169 per cent, the output of the factories in 1899-1900 having been 552,147,800 pounds. This increase has occurred in connection with a comparatively small increase in the size and an improvement in the equipment of these establishments.

POPE DECORATES POPE.

New York, May 20.—George Pope, a Brooklyn manufacturer, has received from the pope the order of a Knight of St. Gregory the Great.

No Respector of Rank

Disease Lays Its Heavy Hand on
Kings, Princes, Presidents,
the Noble and
Wealthy, as Well as Those of
Low Estate.

Paine's Celery Compound

Is the Great Restorer of Health
for the Ruler and His
Humblest Subject.

Sickness, disease, and suffering respect neither ruler nor subject. The noted and high born have their trials and physical sufferings like those in humbler stations. Social standing and wealth cannot bar the progress of disease when the common rules of health are violated.

Impure blood and weak nerves are responsible for many of the common diseases of life. The experienced physician will tell you that men and women with pure, clear coursing blood and well braced nerves, can never become victims of rheumatism, neuralgia, liver troubles, debility, headaches, or sleeplessness.

It follows, therefore, that sufferers from any of the ailments referred to, should at once take proper measures to cleanse the blood and feed the weak nervous system with proper nourishment.

For the happy accomplishment of this important work, Paine's Celery Compound is the only safe agent, the one great specific, the only security against deadly disease and death. During these spring days, Paine's Celery Compound guarantees a perfect regularity of the bowels, healthy appetite, sleep, good digestion, pure blood, strong nerves, and clear brain, all of which mean full and robust health.

Mr. M. Sutton, ex-Mayor of Burlington, Vt., one of the strongest and heartiest advocates of Paine's Celery Compound in the United States, tells us in the following letter how he keeps well under all circumstances; he says:—

"People have often asked me how I managed to keep so well, for although out riding considerably, I have no aches or sickness. My one answer has been that, instead of waiting until I am sick in bed, and forced to stop work for awhile, when I feel out-of-sorts the least bit, I take Paine's Celery Compound, which keeps me well and strong. It is a great deal better in my opinion to take a medicine that keeps one well, rather than to wait for sickness, and then hunt around for a medicine or a doctor to cure the sickness. I have been a hearty advocate of Paine's Celery Compound since it was first made, a great many years ago, and have yet to hear of a case in which it fails to fulfil its promise."

DIAMOND DYES. Can't be equalled. Never erases. Beware of impure imitations.

THE NEW STORE

Visitors Become Buyers under the
charm of
inducements made by this "different" store. The following
for Wednesday are examples of these "temptations."

Hosiery and Underwear.

These Special Offerings for Wednesday sure to make "a hit" with the ladies because every item quoted is actually less than the wholesale price.

- Ladies' Swiss-Ribbed Vests—Taped 5c
- Ladies' fine, 40-gage, fast black, full seamless neck and arms, worth 15c
- Ladies' 25c quality Swiss-Ribbed Vests; pink, blue and white. 12c
- Ladies' Swiss-Ribbed Vests and Umbrella 21c
- Ladies' fine, 40-gage, fast black, full seamless Hose, all sizes, worth 19c 7c
- Ladies' fine lace lisle Hose in pink, blue, black and tan 25c
- Ladies' lisle thread, Oneita combination suits, worth 75c 25c

Muslin Underwear

Dressing Sacques.

Great Day Sale—100 doz. made to order sacques, gowns, skirts, chemise, drawers and corset covers—latest styles, fine lace and embroidery trimmed, worth \$2.00; choice, 49c

50 doz. Petticoats—Fine black mercerized and wash madras and dimities; plaitings, ruffles and ruche; worth 1.00; choice, 98c

Man-Tailored Suits.

We have just 43 of our spring suits left that we want to dispose of at a price, as we won't carry them over. They are made of all wool Cheviot, Venetian and Basket Cloth, and are worth from \$15.00 to \$22.50. Choice of the lot Wednesday.... \$4.50

Shirt Waists

Ladies' fine white lawn Shirt Waists, tucked all over; worth \$1.25.... 65c
- Ladies' plain white and colored Shirt Waists, 20 styles; worth to \$3.50.... \$1.49

Wash Goods

Embroidered Swisses—Pine-apple Batiste; two choice hot weather fabrics; beautiful collection of dainty styles; worth 15c and 19c. One day, 9c choice, yard

Flannels

Cream Domest Flannel—Nice, soft quality; worth 6c 3c
- Special, Wed. 3c

Basement

Real Seersucker Gingham—Excellent quality, in the sought after styles, worth 12 1/2c over; Wednesday.... 7c
