

SPORTS MEET THE BADGERS

Minnesota's Track Athletes Will Have a Hard Battle To-morrow.

VARSITY HAS A FIGHTING CHANCE

Three Events for Each Team Are Practically Conceded in Advance.

To-morrow afternoon the crack sprinters and strong men of Minnesota and Wisconsin will be pitted against each other in the dual track and field meet of the two universities on Northrop field.

Minnesota's representatives realize that they must make the supreme effort of their lives to win the meet, but they will by no means concede that Wisconsin has a cinch. The half mile, mile and two-mile runs are conceded to Wisconsin while on the other hand, Minnesota counts upon winning both hurdle races and the pole vault.

In the other field events the gophers think that they stand nearly an even chance. In the 100-yard, 220 and quarter mile runs, Wisconsin has in Pogue a man who is probably faster in any one of the three events than the best of the gopher sprinters. It is not admitted, however, that Wisconsin can win these three events, as it is believed that the strain will be too great for one man, and that Minnesota, with fast men in all three races, will carry off at least one and probably two of the short distance runs.

The track on Northrop field has been put in excellent condition this week, and although still a little slow, it is fast enough to insure great time in all the events. Wisconsin is expected to bring a team of from twenty-five to thirty men to Minneapolis, and Minnesota will enter up to the limit in every event. This will mean that from four to six men will take part in all of the runs and field events.

The relay should be one of the most interesting events of the meet. This year the race has always proved extremely popular with the spectators, and the badger and gopher teams are so evenly matched as to insure a close and exciting contest.

Minnesota will count upon the following men to turn the tide of victory for Ski-um-shum: 100-yard dash, Bockman, Pierce. 220-yard dash, Pierce, Boe-Kimann, Tebbetts. 440-yard dash, Robinson, Tebbetts, Richards. Half-mile, Murphy, Treadwell and Riebeth or Bogart. Mile, Green, Colburn, Haroldson. Two-mile, Haroldson, Colburn. 3200 hurdle, Bockman, O'Brien. 230 hurdle, Bockman, O'Brien. Pole vault, Pierce, Sanborn. Broad jump, Crossett, Harsh. High jump, McPherson, Collins. Shot put, LaFaus, Harsh. Hammer throw, La Fans, Mattson, Francis, Discus, La Fans, Thorpe.

CENTRAL TRACK MEET Hasbrook was the star of the Central high school field meet at Chicago, Ill., yesterday afternoon, winning first place in the high jump and in both hurdle races. In spite of the strong wind fairly good time was made in most of the events. Vrooman had an easy time of it in the shot-put, hurling the weight 43 feet 6 inches. The winners of first and second places in yesterday's contest will represent Central in the interscholastic meet on Saturday. Central expects to win the shot-put, discus throw and both hurdle races, with a fighting chance in most of the other events. Yesterday's summaries: One Hundred Yard Dash—Thies won, F. Hunter second. Quarter Mile Bicycle—Marshall won, Cross second. One Hundred and Twenty Yard Hurdle—Hasbrook won, Yerxa second. Shot Put—Vrooman won, Morse second. Mile Bicycle—Lawler won, Cross second. Two Hundred and Twenty Yard Hurdle—Hasbrook won, Yerxa second. High Jump—Hasbrook won, Ed Jones second. Half Mile Run—F. Courtney won, C. Van Duzen second. Two Hundred and Twenty Yard Dash—C. Featherly won, Courtney second. Four Hundred and Forty Yard Dash—W. Thayer won, Fred Hunter second. Pole Vault—Harsh, Huntington won, Lindsay Smith second. Discus Throw—O. Vrooman won, Jones second. Hammer Throw—Jones won, Vrooman second.

CARRIAGE HORSE EXHIBIT

The exhibit of carriage horses, which was to have been held at Minnehaha driving park last Saturday afternoon, but was postponed on account of rain, will be held next Saturday. Minneapolis and St. Paul owners in large numbers have given assurance to the management of the exhibit that they will enter their horses, and a magnificent turnout of high-class animals is looked for. No entry fee is charged for the horses, and no admission will be charged at the gate.

BILLIARDS

The billiard match at the West hotel this evening between George Spears and Charles Ferris, both of this city, promises to be one of the best in the triangular billiard tournament now in progress.

Spears has hitherto been considered the twin city champion, but Ferris' easy defeat of Joe Carnoy, Monday night, and his recent high run of 136, 14-inch balling, on a 5x10 table, indicate that to-night's contest will be pretty nearly an even thing.

If Dave Sullivan wants to meet young Corbett, he can have the opportunity, for Reddy Gallagher, proprietor of the Coliseum Athletic club of Denver, has offered a purse of \$5,000 for a bout between the pair. Gallagher limits the contest to ten rounds, and is satisfied that the winner take all or divide the purse, any way the pugilists wish. Gallagher has posted \$500 as a forfeit with a Denver newspaper. He says he will give fifteen days to Sullivan in which to accept, as he has already secured young Corbett's consent. Corbett says that the weight—125 pounds—as proposed in the first match, still holds good.

Young Peter Jackson, the negro welter-weight, and Dick O'Brien of Boston have been matched to box twenty rounds at Baltimore next Friday night. If Jackson wins he will earn articles to meet Al Weing, who has long been anxious to box him. The Buffalo pugilist is willing to meet him for any number of rounds for \$1,000 a side.

MR. CLAPP SPEAKS

Forefall Talk in Behalf of the Philippine Bill.

Washington, May 21.—The subject of the concentration of the inhabitants of the Philippines in camps was leading topic of the discussion of the Philippine bill in the senate yesterday.

The day's debate was closed by Mr. Clapp of Minnesota, who delivered a forceful speech in support of the bill. He said that the initial inquiry in the consideration of the bill was whether the United States should withdraw its forces from the Philippines or should remain in the islands. No considerable number of Americans favored a policy of retreat.

The Philippines await the result of developments in the islands, and they ought to be assured from the history of this country that the results eventually would insure to their advantage.

He declared that the democrats in the beginning of the present debate had warmly attacked the army, telling, as he said, only one side of the situation as to outrages and barbarities. He asserted that since the other side of the story had been told since the outrages and barbarities practiced by the Filipinos on the American troops had been laid bare, a storm of indignation had arisen among the American people which had caused the democratic majority to withdraw its declaration that their attack was not on the army, but on the policy of the army was only the instrument.

Mr. Clapp said that as an object lesson of America's fostering care of liberty and free institutions the republic of Cuba ought to be held up to the view of the Filipinos and not a picture of enslavement and colonization. The Filipinos, he urged, ought to be taught to have confidence and respect for a nation which never had broken its word to any people, great or small.

The British Minister Likely to Be Dean of the Diplomatic Corps.

New York Sun, Special Service. Chicago, May 21.—The Record-Herald Washington correspondent says: Great Britain has stolen a march on the United States in Cuba. The British minister to the new republic is the first envoy to present his credentials, and, if he has been received by President Palma, will be the dean of the diplomatic corps at the Cuban capital. Mr. Garden was on the spot, and it is understood that he presented his credentials yesterday.

An unofficial telegram sent from Washington advises President Palma not to recognize Minister Garden till after the arrival of our minister, Mr. Squires, who was yesterday confirmed by the senate, and who is now en route for Cuba. It is considered highly fitting and desirable that the American minister should be the dean of the little diplomatic corps at Havana, and not the representative of a monarchial government in Europe.

Whether or not President Palma will withhold his recognition of Minister Garden in order to enable the American envoy to be the first under the wire remains to be seen.

In diplomatic circles it is considered a good joke on the Americans, but it is more a subject of pleasant than of serious comment, for no other power is disposed to question the primacy of the United States at Havana.
