

“THE BOERS WON”

Such the Verdict Given by Bourke Cochran.

HAD TO BE PAID TO GIVE UP

“They Were Fighting Two Powerful Nations England and the United States.”

Chicago, June 4.—“They win a great victory,” said Bourke Cochran when asked last night what he thought of the Boers' surrender.

“They were paid to surrender,” he continued, “and the terms, in my opinion, give them practically all the independence they want. When you stop to consider that the Boers were fighting the two most powerful nations on earth, England and the United States, and were able to hold out so long, then get \$2,000,000, as well as their practical independence, it is certainly a victory for them than for the English government. It simply shows the power of justice.”

Mr. Cochran declared that he was out of politics and consequently took no interest in the Tammany fight.

“However,” he added, “I do not look upon that mixing politics. It is a scramble between men.”

IT PLEASSED THE BOERS

LORD KITCHENER'S ADDRESS

Mutual Good Feeling at Pretoria—The Peace Ballot Given Out.

Pretoria, Transvaal, June 4.—The ballot of the Boers at Vereeniging resulted in 54 votes in favor of surrender and against independence.

There will be a meeting of the Boer commandos, which will take place on the race course. All the Boers are allowed perfect freedom.

The women in the concentration camps are anxious to return to their homes immediately, but this will be impossible until a system of supply depots for the outlying districts is established.

General Baden-Powell is arranging for the distribution of mounted constabulary in various districts. The police, railroads and telegraphs will be handed over to the civil authorities as soon as possible, and the restrictions of martial law will be gradually relaxed.

The Boer delegates, who, during the peace negotiations, were stiff, formal and unfriendly, are now extremely cordial. All the commandos are returning to their commandos in order to explain the situation.

General Louis Botha, the Boer commandant-general, has written an open letter to the burghers thanking them for their obedience in the past and exhorting them to be equally loyal in their obedience to the new government.

Lord Kitchener's address to the Boer delegates at Vereeniging, in which the British commander-in-chief said that he had been one of them he would have been proud to have done so well in the field as they had done, made the best possible impression on the Boers.

The departure of the Boer commandos from Vereeniging for their various districts was marked by remarkable scenes of fraternization. The trains conveying the Boers started late and the night being extremely cold, the sentries along the railroad track lighted huge bonfires round which groups of Boers and British gathered, forming a highly picturesque scene.

The late opponents joined in such songs as “Hard Times Come Again No More,” and “Old Folks at Home.” The British soldiers and the burghers outwitting one another in the demonstrations of joy. In brief the scenes at the departure of the trains resembled nothing so much as the starting of huge picnic parties.

The same signs of rejoicing were witnessed throughout the Rand. Flags were displayed everywhere and thanksgiving services were held in all the towns.

A MEAN SWINDLE

Profitable Trickery Practiced by Michigan Officials.

Lansing, Mich., June 4.—William L. White, ex-quartermaster general of the Michigan national guard, in his testimony before the supreme court, in the disbarment proceedings against Attorney E. S. Roos of Kalamazoo, told for the first time the full story of the state military clothing frauds, and declared that Colonel Eli R. Sutton of Detroit, who was acquitted of complicity in them by a jury, was a party to the fraud and received his share of the profits.

His testimony created a sensation in view of Sutton's indictment and subsequent acquittal after a long and bitter trial. The disbarment proceedings against Roos are based on his alleged connection with the frauds as a director of the Henderson Ames company of Kalamazoo.

In 1899 a quantity of military clothing that the state held under the Spanish war fund act was sold to the “Illinois Supply company,” by the Michigan national guard for \$10,500 and then the same clothing subsequently was repurchased by the board for the use of the national guard for more than \$100,000.

White testified that the fictitious “Illinois Supply company” was composed of himself, Eli R. Sutton of Detroit, General Arthur F. Marsh of Allegan, inspector general of the Michigan national guard and a member of the military board, and the Henderson-Ames company of Kalamazoo.

White and Marsh both pleaded guilty in the circuit court to the charges brought against them as a result of the deal and were pardoned by the late Governor Pingree.

PASSED 48 TO 30

The Senate Agrees to the Lodge Philippine Bill.

Washington, June 4.—Shortly after 5 o'clock yesterday the senate passed the Lodge Philippine bill by a vote of 48 to 30. Three republicans, Messrs. Hoar of Massachusetts, Mason of Illinois and Wellington of Maryland, voted against the measure and one democrat, Mr. McLaurin of South Carolina, voted for it. All amendments offered by the minority were rejected. The debate on the measure has been in progress seven weeks and two days.

Just at the close of the discussion today a sharp exchange occurred between Mr. Dietrich of Nebraska and Mr. Patterson of Colorado. In the course of which the former reflected caustically upon the Colorado senator. He was called to order, his remarks were read and he was declared to have been out of order in uttering them. He withdrew his statement, thus ending the controversy.

After the passage of the Philippine bill, the Nicaragua canal bill was made unfinished business.

ARSON AND ISLAM

Rev. James Laurier Rogers Probably Insane.

Santa Cruz, Cal., June 4.—Rev. James Laurier Rogers, formerly a well known Baptist minister, who recently embraced Mohammedanism, has confessed himself guilty of arson, and is now in custody. He set fire to several buildings at a dairy where he was working for the benefit of his health, as he explained. His motive for the crime, he says, was revenge on those who had compelled him to do menial service. The fire destroyed his clerical library, three ministerial suits and a gold watch presented to him by his former congregation at Ocala, Fla. While in charge of a church at Jacksonville he taught English to many Cuban refugees. He will be examined as to his sanity.

General Torres has retreated and sent out scouts loyal to the government. Refugees arriving at Hermosillo report that everywhere the Yaquis have taken the warpath.

Three stations on the Sonora railway have been abandoned and the telegraph operators have left.

General Luis Torres, in command of the Mexican troops, has been reinforced by his brother, Lorenzo Torres with 300 mounted men. It is estimated that there are 1,000 Yaquis, well armed, assembled in the foothills of the Mazatan mountains.

The Mexican forces are short of ammunition and arms. The Yaquis captured twenty-five stands of arms in the ambush Sunday.

THIRTY MEXICANS ARE KILLED

Bad Defeat for a Detachment—The Uprising Is Becoming General.

Tucson, Ariz., June 4.—The uprising among the Yaqui Indians is becoming general. A detachment of seventy-three men from the force of General Torres, who is pursuing the Yaquis in the Mazatan mountains east of Hermosillo, was ambushed and thirty of the number killed. Captain Celso Gomez and Lieutenant Jose Valejo of the Twentieth battalion were among the slain. Only one escaped unharmed.

The Mexicans ran out of ammunition and engaged in a hand-to-hand battle with the Yaquis. Fifty of the latter were reported killed but their great number overwhelmed the Mexicans. The survivors

AN OFFER OF \$52,500,000

MORGAN WANTS THE CUNARD

The Directors of That Line Appeal to the Government for More Subsidies.

New York, June 4.—It is understood the American shipping syndicate has offered the Cunard company \$52,500,000 for their fleet, including two big steamers recently ordered, says a Herald dispatch from London. The Cunard directors are in communication with the government with a view of obtaining such increased subsidies for mail and cruisers as will enable them in the interests of the shareholders to resist the tempting offer of the American syndicate.
