The synod decided to bear its part of the expenses incurred by the meeting of the general council at Lima, Ohio, and the

council that the missionary board be au-thorized to call a superintendent of misthorized to call a superintendent of missions, whose duty should be to work for the increase of missionary zeal in the synod, inspect the fields and raise money for the work. The recommendation of the synodical council failed to carry, but by the use of some skilful diplomacy on the part of Dr. S. P. A. Lindahl the same object was attained. He asked the synod to state, if in its opinion the mission board already had been vested with power to secure such a superintendent, and it to state, if in its opinion the mission board already had been vested with power to secure such a superintendent, and it was almost unanimously voted that the board possesses such power. The missionary board reported on its

work. More missionaries had been on the field than ever before. The most important points of missionary activity are Butte, Anaconda, Helena and Great Falls, Mont.; Salt Lake City, Provo, Eureka, Mercur, Ophir, Utah, Idaho Falls, Idaho, and Douglas Island, Alaska. Rev. L. A. Hoconzon, who had been stationed at Butte for two years, resigned during the year and will return to St. Paul, Minn. The congregation at Anaconda asked for admission to the synod. The mission work in Alaska had suffered a great loss through the accidental death of En-

Columnia conference had received \$1,000 to aid in the missionary work.

Missionaries L. A. Hoconzon and Rydberg, the latter stationed at Salt Lake City, Utah, gave interesting and encouraging reports. Missionary Hoconzon estimated the number of Swedes in Montana at 25,000 and the tendency among them to unite with the church is becoming stronger. Especially encouraging was the report of Missionary Ryberg from Salt Lake City. The Protestant churches were having remarkable success and where some years ago there were two churches, there are now twenty churches. It is estimated that there are 3,000 or 4,000 Mormon Swedes in Salt Lake City. Polygamy is practiced in out of the way and of the way of the Swedes in Salt Lake City. Polygamy is practiced in out of the way places and by some wealthy men in Salt Lake City.

The total cash receives for the City. The total cash receipts for the mission The total cash receipts for the mission field during the year had been \$7,870.53, of which \$1,200 had been by loan. Illinois conference had contributed \$1,313.14; Minnesota, \$747.78; Iowa, \$447.07; Kansas, \$187.36. Nebraska, \$626.65; New York, \$194.73; Montana, \$77.6; Woman's Mission society, \$750. A debt of \$2,000 rests on the board. The synod resolved to build a church at Douglas Island Alaska, and a church at Douglas Island, Alaska, and a collection will be taken in all congre-gations to raise money. To the surprise of many, a constitutional amendment according to which the contributions for the mission cause be apportioned among the different conferences, carried without opposition. luth Drill Team to Travel. Ishpeming, Mich., June 17.—The Augustana synod of North America, which is in session here, is progressing rapidly with its work and expects to finish to-day. The various institutions and organizations pany sent a team of its best seven shots out to uphold the honor of the company. The regiment was paid off this morning and at 1:50 to-morrow the Third will break camp, and leave for St. Paul by special train. Colonel VanDuzee has been very well pleased with the work of his regiment, which has simply been routine, more time having been given up to schools. There are many things for soldier to learn besides drill, and many of these things are now familiar to the boys of the Third. Very little of the regimental drill has been indulged in. This work consists mostly in marching and is unwieldy.

The steamer Dolphin brought a half million in treasure from the Klondike. Contrary to expectation, the dust was taken to the Seattle assay office. There is now no rebate allowed at the Canadian offices here and most of the gold, as in former years, is going to Seattle and San Francisco. At the Allin Klondike diggings the miners have demanded more wages. Wages were increased last year, and as mine owners cannot afford another advance it is probable that the diggings will be closed until miners come to terms.

On and after June 15th the Eric rail-road will still further improve their Boston and New York service by offering to the public a handsome limited train to leave Chicago from Dearborn Station every day at 10:30 a. m., arriving New York next afternoon at 3:30 and Boston at 9:00 o'clock.

There is no doubt that this service will

be highly patronized, as this new train will land the traveler in New York City in ample time to permit him to proceed leisurely to his hotel or home, rest, dress dine and spend the evening in whatever manner may appeal to him most.

manner may appeal to him most.

This every-day morning train will consist of standard Pullman drawing-room and sleeping cars. All meals en route served by the famous Erie dining cars. No extra fare will be charged on this Ticket Office, 242 South Clark Street, Chicago.

"ALL RUN DOWN,"

"I took Peruna last summer when I was all run down and had a headache and backache, and no ambition for anything. I now feel as well as ever did in all my life, and all thanks is due to your excellent Peruna." The symptoms of summer catarrh are quite unlike in different cases, but the

most common ones are general lassitude, played-out, tired-out, used-up, run-down

feelings, combined with more or less heavy, stupid, listless mental condition. Relish for food and the ability to digest food seems to be lost. Skin eruptions, sallow complexion, biliousness, coated tongue, fitful, irregu-lar sleep, help to complete the picture which is so common at this season. Life is a burden, business a dread, pleasure a mockery, friends a bore, and

social privileges a tedious round of dis-Peruna so exactly meets all these conditions that the demand is so great for this remedy at this season of the year that it is nearly impossible to supply it.
It never fails to bring an immediate relief, and a thorough course of it leads

with certainty to a permanent cure.

Miss Anna Johnson, 60 Clergy street, Kingston, Ont., writes:
"I have suffered for several years with scrofulous blood, and it would many times break out in unsightly pimples on my face. I also had severe indigestion. I took Peruna and soon found that it cured the indigestion and gave me a fine appetite. I was also pleased that it drove the humor out of my blood. My skin is now smooth and clear and my health excellent."—Mist
