PROTEST BY CHURCH

Rev. E. Jensen's Writings Get Him Into Trouble.

UNITED CHURCH TAKES ACTION Funds Will Be Raised for Memorial Chapel for the Late Rev. G. Hoyne.

The United Norwegian Lutheran church of America this morning demonstrated its faith in discipline of a severe type.

Rev. E. Jensen, a retired minister, has been causing trouble by his writings in books and periodicals in which he attacked the late president, Rev. G. Hoyne, also the oldest theological professor at the United Church seminary at St. Anthony Park, Dr. P. A. Schmidt.

Just after the conference between the theological professors and officers of the two great Norwegian Lutheran bodies, the United Norwegian Lutheran church and the Norwegian Lutheran synod, for the purpose of attempting to form a union, Mr. Jensen again bitterly attacked the venerable Dr. Schmidt, who has for forty years been a leader among the Norwegian Lutherans in the United States.

Dr. Schmidt paid no attention to the attack, but several clergymen were not inclined to excuse Mr. Jensen.

The matter became more serious after Mr. Jensen wrote articles in the leading Norwegian periodicals in which he also criticized the late President Hoyne.

The following members of the board of trustees, Northfield, Minn., and to be called "Hoyne Memorial Chapel," the committee will report at the next annual meeting when plans for the building will be adopted.

Whereas, The former pastor, Rev. E. Jensen, is a member of a congregation which belongs to the United church, the annual meeting of the United church protests against the indecent writings of the Rev. Mr. Jensen, concerning the United church, and especially the uncalculated attack on Dr. Professor F. A. Schmidt.

In regard to the matter of building a suitable memorial in honor of the late president, Rev. G. Hoyne, it was decided by a unanimous vote to appoint a committee consisting of the vice president, Rev. N. J. Ellstad, to receive contributions for a memorial chapel to be built at St. Olaf college, Northfield, Minn., and to be called "Hoyne Memorial Chapel."

The committee will report at the next annual meeting when plans for the building will be adopted.

It was decided to appropriate \$18,000 for home missions.

The entire new constitution for the theological seminary was adopted in the form in which it was presented by the committee.

The sessions will close this evening or to-morrow morning.

A TOLERANT POSITION The United Church Defines Its Attitude Toward Secret Orders.

Distinction is made by the United Norwegian Lutheran church between secret orders. Some come under the head of un-Christian and will not be tolerated.

At a special meeting of the conference last evening the matter of the eligibility of members of secret orders to membership in the United Church was fully discussed.

The committee on appropriations submitted the following partial report:

To the building fund of Augustana college, Deane, S. D.—\$1,000; fuel at the theological seminary, \$1,200; to account books, \$200; lighting plant at the seminary, \$1,000; Madison normal school, Minnesota, \$2,100; repairs on same, \$400; St. Olaf college, \$10,000; president's salary, \$1,600; salary of president's clerk, \$300; secretary's salary, \$200; treasurer's salary, \$300; janitor's salary, \$200; traveling expenses, \$300; insurance, \$500; drayage, postage, etc., \$500; possible deficit Augustana college, \$500; water tax at theological seminary, \$150; library, theological seminary, \$150; apparatus, theological seminary, \$150; music teacher's salary, \$50; deficit and improvements, St. Olaf college, \$4,333.87; improvements on grounds, Steensand library, St. Olaf college, \$200; total, \$29,233.87.

The committee on nominations submitted the following report which was adopted:

Member of the board of managers of the Beloit orphan's home, J. J. Kraft, inspector of St. Ansgar academy, St. Ansgar, Iowa.

JOBBERS OF SEEDS

The Wholesale Seedsmen's League Begins Its Sessions To-night

BOARD OF CONTROL MET TO-DAY

It is a "Get Together" Body of the Wholesalers and Includes Prominent Men.

F. N. Brueggerhof, of New York, and Burnet Landreth, of Philadelphia, president and secretary of the Wholesale Seedsmen's league, arrived this morning to attend the third annual meeting which begins at 8 p. m. in the Hotel.

The board of control went into session at 4 o'clock this morning. It is the body which controls the wholesale trade. It meets frequently in New York to exchange information as to seed stocks and to fix what is considered their value.

Each address drew out considerable expression of individual opinion. The program was as follows:

The board is decided that there must be retrenchment next year, and the suggestions that City Physician Nelson dispense with two of the assistant city physicians and fill the places with medical graduates, to be known as externs, who shall have their board and lodging at the city hospital, and at the end of six months satisfactory service, be admitted as interns.

Dr. Clark last night said that he and Dr. Cohen discontinued the inspection work two weeks ago, voluntarily.

The question of a pulmonary infirmary on the new workhouse property recently acquired was discussed this morning, also the proposal to build some cottages there for the accommodation of the city's helpless poor, now provided for at the county poor farm and Bethany home.

The city pays about \$12,000 per year to these institutions, and it is claimed money can be saved by caring for them in an institution managed by the board. In case the city infirmary is removed it is the purpose of the board to ask for the use of the present building for a hospital for consumptive patients.

Norbeck Says the Mayor Ordered Him to Obey Gardner.

Proved in Court, the Embarrassment of the Mayor May Be Increased.

Norbeck has divulged that he received orders direct from the mayor that he was to work with Gardner and take orders from him.

Gardner has been convicted of receiving bribes from "big mitt" men, and by his own confession, was for a time the collector of tribute from abandoned women.

His Policy Costly

Ames' Police Regime Hasn't Fulfilled Promises of Economy.

High Salaries for Favorites

They Appear to Have Been the Heaviest Drain on Department Funds.

The disastrous effects of Mayor Ames' policy of keeping the police department filled to the legal limit and of his system of high rank for his favorites is told by the expenses of the department for the first half of the year presented to the police committee of the council to-day.

These figures show that the police pay roll for 1902 will take every cent of the \$225,000 appropriation for all purposes, and probably more.

The amount steadily decreased until in 1899, it was \$201,845. The next year there was an increase of \$2,000 in the salary account. In January, 1901, Mayor Ames announced that he would give the city an example of economy. He has done it. The police pay roll for 1901 was \$207,476, an increase of \$5,000 over the year before.

The current expense, exclusive of pay roll, for the first six months, was \$4,022, and Secretary Brown estimates that the total for the year will be \$10,000, or \$1,000 more than the \$9,000 provided for in the budget.

The current expense, exclusive of pay roll, for the first six months, was \$4,022, and Secretary Brown estimates that the total for the year will be \$10,000, or \$1,000 more than the \$9,000 provided for in the budget.

HARVEY AT THE BAR

The Detective Pleads Not Guilty to Two Indictments.

HIS BAIL IS FIXED AT \$5,000

As He Already Has \$3,000 on Deposit, He Hasties for \$2,000.

George A. Harvey, inspector on the police force with the rank of captain, was arraigned before Judge Simpson this noon on two charges, felony and taking unlawful fees. Permission was given to withhold his release until he secures an attorney. In the perjury case his bail was fixed at \$3,000, but the cash bail raised by the saloon men will be allowed to stand on the filing of a new bond. In the second case bail was fixed at \$2,000 and, being of a minor character, there will probably be little trouble in securing it. The liquor interests are expected to come to the aid of the inspector.

Both indictments are based on the evidence of Peter Burg at the Norbeck trial. It is charged that Harvey's testimony that he tried in every way possible to locate the "johns" in which Burg had lost his check for \$275, that he tried to discover the swindlers and that Burg absolutely refused to prosecute, was false.

He is accused in the other indictment of accepting \$70 for recovering Burg's check, which the latter lost in the "big mitt" game of "stud" at 32 Sixth street S.

FOR FORT SNELLING Minnesota Delegation Interviews Army Officer About It.

From The Journal Bureau, Room 45, Post Building, Washington.

Washington, June 25.—Senator Clapp and Representatives Fletcher and Stevens had interviews with Secretary Root, Quartermaster General Ludington and General Randolph, chief of artillery, relative to work to be done at Fort Snelling, and ordering two batteries of artillery there in the near future.

Secretary Root was favorable, and it is believed, however, make definite promises until he had the whole comprehensive plan of improvements at all posts in the country before him. In discussing the matter Representative Fletcher said:

My interview was very satisfactory. Secretary Root is evidently impressed with the advantages of Fort Snelling as a permanent military post, and I feel sure that he will authorize the expenditure of between \$50,000 and \$80,000 there this summer. His action will be based largely on the report of Quartermaster General Ludington. That office has already approved plans for the construction of numerous buildings, and all other officers of his department who have charge of construction work are favorable to these plans.

General Randolph, chief of artillery, and Adjutant General Corbin told us that as soon as they were assured that suitable quarters could be provided, the two batteries of artillery will be ordered to the fort, and a first-class post is assured.

CUT IN THE FORCE

Board of Corrections and Charities Must Retrench.

WHOM THE PRUNING WILL AFFECT

Definite Action Will Be Taken To-morrow—Hospital for Consumptives.

Whatever action the board of corrections and charities may take to put an end to Mayor Ames' system of inspection of the "rod light" district, will be taken at a board meeting at 10 a. m. to-morrow. Members now in the city were prepared to act this morning, but Dr. Woodard was detained by an emergency case.

Each address drew out considerable expression of individual opinion. The program was as follows:

The board is decided that there must be retrenchment next year, and the suggestions that City Physician Nelson dispense with two of the assistant city physicians and fill the places with medical graduates, to be known as externs, who shall have their board and lodging at the city hospital, and at the end of six months satisfactory service, be admitted as interns.
