WEATHER NOW AND THEN
Maximum Temperature To-day 72
Degrees; a Year Ago 84 Degrees.

A Tailor Shop Looted - Burglars broke into the tailor shop of E. Charlson, 665 1/2 First avenue S., at 10:30 p. m. last night and stole the value of \$200. Entrance was secured by cutting a hole in the rear door.

Dr. Force a Candidate - Dr. J. F. Force announces his candidacy for renomination as school director by the republican party. Edward Shumpik will go on the primary election ballot as a democratic candidate for county commissioner from the fourth district.

Tom Watson's Place Closed - Tom Watson's place, at 251 First avenue S., known as the Palm Garden, was closed up yesterday. The place had been used for a long time as an inventory of stock is being taken. This saloon has frequently figured in police stories. It is understood that there is no profit in the business.

Small Boy Far From Home - Francis Hilton, 11 years of age, who says he came from Mobile, Ind., was picked up in the railroad yards at St. Paul yesterday and is now the home of Samuel Fontaine, of that place. The boy says he has an aunt in St. Paul by the name of Shavanoth, but no such name appears in the directory.

Janitors' Outing - The annual outing of the Janitors and Elevator Operators' union will take place to-morrow. The union has been successful in securing a large party at the Mississippi river and up the St. Croix to the Dalles. The steamer will leave the Mississippi river at 10 a. m. and St. Paul an hour later. Friends are invited.

For Logan Park Concerts - A mass meeting will be held at Logan Park, Broadway and Monroe streets NE, Monday evening, June 30, to discuss the proposed concert in having musical entertainments in the park this season are requested to attend. The concert will be given by a local talent and make it purely a local affair.

Compliment to Local Broker - F. M. Morgan, the local custom-house broker, has been requested by the Landers' committee to assist in the preparation of the revised United States tariff book which is to be down to July 1. The committee is the treasury department of the United States and the request comes as a compliment to the Minneapolis broker.

Test of Sunday Law - C. Johnson, a grocer at 2000 Riverside avenue, was in the court this morning to testify in a case involving a bar of soap and a can of sardines on Sunday, contrary to law. He pleaded not guilty and the case will be set for trial on Monday. It is understood that this action is brought to test the Sunday law which compels such places to remain closed on the Sabbath day.

Enters for Races - W. E. Becker who has lived at half past the village, near Christmas lake, three years, will leave next week for Boston to enter a number of bicycle races. He is the best cyclist in Boston he will go to Salt Lake City for the racing season. Mr. Becker will then return from the racing field to go to Salem, Oregon, where he will engage in poultry and fruit raising on a large scale.

Insane Man Taken East - William D. Morse, United States immigration inspector, will leave for Boston to take a feeble-minded patient from the Ferris Falls hospital for the insane, who became a public charge in Ferris Falls, Minn., in 1901. The patient was taken to the hospital in Duluth. The instructions call for Mr. Morse to return by way of the land route to the immigration officials at Buffalo, the Soo and Duluth.

In a Rival's Ward - The second meeting in the interests of Alderman Powers' candidacy for the republican nomination for mayor will be held at Grand Army hall, Monday evening, Mr. Pratt has made no further announcements and it is believed that his friends had not yet raised the promised primary campaign fund.

West Side Pumps Not Used - The exigency in the water situation in Minneapolis requiring the use of the west side pumping station has happily not yet arisen. The water at the reservoir, which fell steadily last week, has risen to a level which will insure the decreased use of water for sprinkling purposes following the rain. It may be a week or more before it will be necessary to enforce the supply with water from the lower station.

NECROLOGICAL
MRS. ANNA M. DWAN - The funeral of Mrs. Anna M. Dwan, wife of Martin Dwan of The Journal composing room, which took place yesterday afternoon from the family residence, 334 Fourth street NE, was an object lesson in that fraternalism which has always existed among printers. It was a most touching and touching affair, and those who were present were not only entertained by the beautiful floral offerings, but were also entertained by the beautiful music of the choir and the friends, and the grave was a great and beautiful one.

MRS. JULIA A. RUDD, wife of Chris Rudd, 232 Minneapolis avenue, died suddenly at noon yesterday of a heart ailment. She was busy with her household when she was stricken and died before aid could be summoned. Mrs. Rudd was 45 years old and survived by her husband and two children. Funeral at Our Savior's church, Seventh street and Fourth avenue S., Sunday, at 2:30 p. m. Rev. J. W. Preus will officiate. Interment at Layman's cemetery.

CAUSE OF THE CHANGE
Why the Pennsylvania R. R. System Dropped the Western Union.
A disagreement between the Goulds and the Pennsylvania railroad is said to be the cause of the Pennsylvania's making a contract turning its telegraph over to the Postal Telegraph company instead of the Western Union. The Goulds had completed plans for a line to the Atlantic seaboard which the Pennsylvania has held between Chicago and the Atlantic seaboard since it made an alliance with the Vanderbilt and the Goulds were the controlling influence in the Western Union, and the negotiations between the Goulds and the Pennsylvania finally ended in depriving the Western Union of telegraph privileges along 7,000 miles of road serving several thousand towns and villages.

LOOKING OVER T. C. R. T.
A. E. Ames Toronto Banker and Director of Local Street Ry.
A. E. Ames, a Toronto banker, who is one of the Canadian representatives on the Twin City Rapid Transit board of directors, is in Minneapolis for the day looking over the property. He spent much of the day with President Lowry inspecting the various lines. He is not a special significance attaches to his visit. He is on his way to western Canada to investigate business conditions and prospects there. Mr. Ames' banking house is known to be prominently identified with the recent dealings in Canadian Pacific stocks. He says that business conditions in the territory tributary to Toronto are good. As president of the Board of Trade, Mr. Ames was active in identifying with the strike of the street car strike in Toronto.

SUP'T AMES IS NEXT

The State Will Move His Trial Without Delay.

OUTLOOK SEEMS DARK FOR HIM
Gardner and Norbeck Have Become Available as Witnesses Since Indictment Was Returned.

A session of the grand jury will be held Monday and the police investigations may be wound up at that time. Indictments for only two more men are expected. The grand jury will not be finally dismissed till the September term, however. The trial of Superintendent Fred Ames is understood to be next on the program. It will probably be moved next week. He is charged with receiving a bribe from the "big mitt" men. Since Superintendent Ames' indictment was returned Norbeck has made a full confession before the grand jury, and it is believed that both he and Irwin Gardner will be witnesses for the state in the case against Chief Ames. While Gardner has said all along that he would not testify against the mayor, he has made no secret of the fact that he would be ready, and even willing, to tell all he knows about the chief.

Several county conventions endorsed Roosevelt's Cuban policy in resolutions, which amount to instructions for their delegates will be bound to support such an amendment. John M. Rees, of Minneapolis is ready to head a contingent from Hennepin county. It is believed that he will not avail to offer such a resolution before the report of the committee, as all such will be sent to the committee without reading. The only course for the Roosevelt men is to fight it out on the floor and this they purpose to do. From the expressions secured by The Journal recently, republicans of the state are three to one in sympathy with such a move. Senator Nelson has been expected to discuss the Cuban question at length in his speech as temporary chairman, but it is quite likely that he will ignore the subject, in order not to stir up discussion and to smooth the way for a peaceful reception of the platform. It is believed that plans are on foot to have a fight for a Cuban plank in the platform, no matter what the senior senator has to say on the subject.

HARVEY HAS BALL

Hugh Jennings and Frank Gaylord Are His Sureties.
Ball has been secured for George A. Harvey. Early this morning Frank F. He reported that he had collected \$56,573, and was accordingly allowed \$20,000 for his services, \$556 for his attorney, and \$1,817 for various expenses. The remainder of the money in his hands goes to Thomas Lowry, the sole creditor.

THE LAW IN THE WAY

Divorce Plan for Getting
James B. Herrick expected to secure a divorce from Etta D. Herrick with quickness and dispatch. It is believed that he will be able to get the divorce in a few days. He had his wife's confession that she had been unfaithful and the affidavit of a friend in whose presence the woman had admitted her guilt. But it is the law that confessions of adultery are not admissible in divorce proceedings and Mr. Herrick was placed in a very annoying position. He had no direct testimony and Clear Lake, where the co-respondent lives, was far away. The court thereupon continued the case for further evidence.

W. W. Harrison's Estate.

The widow of the late Wallace W. Harrison has asked to be appointed administrator of his estate, which includes about \$20,000 in real estate. The estate is located in California. The Harrison now reside in Pasadena, Cal., where the deceased passed away Feb. 1. He was 52 years of age. He was one of the foremost men in the city in early days.

Alleged Phone Robbers.

Garfield Hance and George Carter were re-arrested yesterday on an indictment charging them with an attempt to rob a Northwestern telephone slot box of \$125. They have been arraigned on this same charge before, but the complaint has been amended somewhat.

Mrs. Nash Must Move.

Judge Pond has rendered a decision in favor of Patrick Fox in his well known suit against his sister-in-law, Annie Nash, to oust her from certain premises at 1012 W. Third and Ninth avenue S. It is held that Mrs. Nash's lease extends over the land owned by Mr. Fox a distance of 8.32 feet.

Lehigh Outwitted.

Webster City, Iowa, June 23 - The Webster City and Lehigh bowling team met in this city last night for a series of three games. The aggregate scores were: Webster City, 1,440; Lehigh, 1,440.

FIGHT ON PLATFORM

Roosevelt Republicans Will Insist on Cuban Plank.

SOME COUNTIES SO INSTRUCTED
John M. Rees Prepared to Support an Amendment to the Platform Agreed On.

There is almost certain to be a fight in the republican state convention next Tuesday over the Cuban plank. The resolutions committee will be favorable to the wishes of the Minnesota delegation, and will probably recommend to the convention will not say anything about reciprocity with Cuba. It will endorse President Roosevelt in one place, and in another declare for doing something for Cuba. The resolutions committee will be mentioned in a general way under the head of the tariff. In other words Senator Nelson and Congressman Stevens, who will be at the convention representing the Minnesota delegation, will not ask for an endorsement of the delegation, but will oppose a direct endorsement of President Roosevelt's program of reciprocity for Cuba. Several county conventions endorsed Roosevelt's Cuban policy in resolutions, which amount to instructions for their delegates will be bound to support such an amendment. John M. Rees, of Minneapolis is ready to head a contingent from Hennepin county. It is believed that he will not avail to offer such a resolution before the report of the committee, as all such will be sent to the committee without reading. WEATHER IN JUNE

Rainfall for the Month Has Been Very Light.
Section Director Outram's report for June is going to show that June is low in precipitation and temperature. The average precipitation for the last twelve years in June, obtained by dividing the total precipitation of 47.70 inches by 12, is four inches. This month to date the fall is just one-half that or two inches. The only months that have had less rainfall were in 1893 and 1894. In 1897 the rainfall was six inches and in 1897 seven inches. The mean maximum temperature of June is 73.9 degrees. This is lower than at any time in twelve years. The nearest was 73.8 in 1892. The greatest mean temperature was 76.1 in 1893. In June, 1902, it is going to be 70.1, or below the average for twelve years, which is 77.6. Shreveport and Galveston are having very wet weather. During the last twenty-four hours at 7 o'clock this morning, Shreveport had experienced the remarkable rainfall of 7.30 inches and Galveston of 6.28 inches. At the latter place it has rained 6.52 inches in the last twenty-four hours.

2,000 NEBRASKA MA'AMS

Coming to N. E. A. Convention - Advance Agents Here.
County Superintendent Bishop of York county, Nebraska, visited the city this morning and had a long friendly talk with D. C. MacKenzie, superintendent of schools of Hennepin county. Mr. Bishop says at least 2,000 Nebraska teachers will attend the great National Educational Association convention in Minneapolis. He is here as an advance agent to secure quarters and make arrangements for a number of trips through Minnesota and the northwest.

BLACK DIPHTHERIA

Case of First Death in City Hospital's New Contagious Ward.
George Shelley, 11 years of age, son of Herman Shelley, 3109 Eighteenth avenue S., died last night at the city hospital of black diphtheria. This is the first death in the new contagious ward of the hospital and the first one from diphtheria in the city since Jan. 1. The boy was received into the hospital last Wednesday, suffering from diphtheria. The malady is fatal to the black diphtheria, and death ensued.

ST. ANTHONY PARK LIGHT

An Extension of St. Paul's Gas System is Agitated.
Residents of St. Anthony Park are agitating for the extension of the St. Paul gas system to their locality and the local improvement association is making a personal canvass of that section to see how many parties can be found who will agree to use gas if the mains are extended to them. The gas company stands ready to make the desired extensions if 100 families will use gas.

RAILROAD RUMBLES

North-Western Promotions.
Richard H. Ashton's promotion from general superintendent to general manager of the Northwestern caused several other promotions in the list of officials. W. D. Brown, who has been assistant general superintendent, was made general superintendent. Thomas A. Lawson, who was superintendent of the Wisconsin division, was made assistant general superintendent. F. R. Pechin, who has been superintendent of the Northern Iowa division, and G. W. Dalley, assistant superintendent.

Miss Hobson came to New York two years ago to study for the stage. She will make her professional debut with Miss Elsie De Wolf early in the autumn.

TOWN AND COUNTRY

St. Paul Golf Players Will Capture State Championship.

Former Defeats Langford in Semi-Finals and Schurmeier Beats Course of Minnikahda.

(Yesterday's later scores on page 8.) H. P. Bend and B. F. Schurmeier, both of the Town and Country Club of St. Paul, played off this afternoon on the Minnikahda golf links in the finals of the state championship. This morning Bend defeated N. P. Langford, Jr., also of the Town and Country Club, 2 up and 1 to play, while Schurmeier beat E. Course, Minnikahda, up, 5 to play. Schurmeier played a remarkably good game, making a medal score of 89 for the first round. His play all through the tournament has been high class, and it is freely predicted by many that his superior experience will enable him to defeat Bend in the final this afternoon. Course was decidedly off his game, pulling his drives badly, and displaying little accuracy in either his approaches or his puts. The Bend-Langford match, while closer than the other, was not nearly as good. Bend showed a surprising reversal of form, especially in the second round, and failed even to approach the class he showed yesterday. He showed a tendency to pull his drives, and in consequence he often got bad lies as the result of pulling his ball. His puts, too, lacked the accuracy he has shown in his three previous rounds. E. W. Alger played remarkably good golf against F. C. Hale in the semifinals for the second cup, and they were all out on the 19th. C. T. Jaffray defeated W. V. Balcom of Meadowbrook and was matched against Hale in the final this afternoon. Hale won the match, 1 up and 1 to play. The handicap round for the Lamb and McMillan cups was played this afternoon. Following are the handicaps:

Table with names and handicaps: Doran, Schurmeier, Miller, Course, Finch, Kelle, Balcom, Belden, Alger, Woodworth, Wheeler, Brooks, Porter, Deaver, M. H. Lightner, Thompson, Knapp, Farin, McCollom.

Following are the results of the morning play: Championship round - H. P. Bendy, Town and Country, beat B. F. Langford, Town and Country, 2 up and 1 to play. B. F. Schurmeier, Town and Country, beat E. L. Course, Minnikahda, 6 up, 5 to play. Eight - F. C. Hale, Minnikahda, beat E. W. Alger, Minnikahda, 1 up (19 holes). C. T. Jaffray, Minnikahda, beat W. V. Balcom, Meadowbrook, 2 up. Third eight - F. C. Hale, Minnikahda, beat W. V. Balcom, Meadowbrook, 2 up. Second eight - F. C. Hale, Minnikahda, beat W. V. Balcom, Meadowbrook, 2 up. First eight - F. C. Hale, Minnikahda, beat W. V. Balcom, Meadowbrook, 2 up.

ENNEPIN COUNTY SAVINGS BANK

Phoenix Building, 60 SOUTH FOURTH STREET

A Fine New Residence for Park Ave.

-From Drawings by Kees & Colburn, the Architects.

Kees & Colburn, the architects, have drawn plans for the magnificent house and stables to be erected by C. M. Harrington at Twenty-sixth street and Park avenue on the site of the former Day and Sawyer residence. For some weeks a crew of men has been at work demolishing the old buildings, the foundation for the new stable is in and work will begin at once on the basement of the house. The general contract has been awarded to Charles F. Haglin. The improvements Mr. Harrington will make are to be a decided ornament to the avenue. The house will be most modern in its fittings; the stable in its appointments will be excelled by none in the northwest. Both house and stable will be of buff Roman brick, with terra cotta ornaments of the same color, and tile roof. The house will stand 96 feet from Park avenue and 81 from Twenty-sixth street. The grounds will be handsomely laid out by the architect. Mr. Harrington's purchase of the property on Park last fall created much interest in that he decided to elude to his former residence instead of moving to a section more recently popular. The site for his new home runs from Park to Oakland, measuring 286 feet on Park by 247 on Twenty-sixth. The house will be 71 feet on the avenue with a depth of 94 feet. It will be three stories in height with a large ballroom on the third floor. The interior of the house is handsomely but simply designed. The finish will be of carefully selected woods, such as mahogany and oak. The exterior will be of the style of the Italian renaissance. The stable, 48 by 150 feet in dimensions, and two stories in height, will have a flat on the second floor for the coachman and his assistants and will surpass anything in the city. The coachroom will be finished handsomely with hardwood floor. It is so planned that the horses will not get into it. They will be harnessed and hitched in an apartment between the coachroom and stable. The heating plan for both buildings will be in the stable. A complete ventilating system will go with it. The buildings will be finished in the winter.

MISS BATES' WORK CLUBS AND CHARITIES

Minneapolis Art Student Will Teach in Vacation Schools.
Miss Edith Bates, a Minneapolis art student, returned from New York this week and is at her home, 2718 Third avenue S. She will return to New York the latter part of next week, for, since her arrival, she has received notice of her appointment as head teacher in the paper-cutting department of the manual training work in the summer vacation schools. Her work will begin July 1 and continue until Sept. 7. The supervisor of this branch of manual training work is Fritz Koch, well known in Minneapolis as an art student and kindergarten. Miss Bates studied art for a number of years in the Minneapolis School of Fine Arts in the factory and spent three months at the School of Illustration, and then went to Chicago and spent three months on to New York. There she has worked in the illustration class at Cooper Institute under Howard Chandler Christy and in the portrait class at the Chase school. She expects to follow illustrating as a business.
