A mob of several hundred men thronged the courthouse corridors and at one time threatened to break down the door that barred them out. Three-fourths of them were unable to gain admission even after the door had been opened.

A HOT OPENING

The main issue put up to the Chief of Police was the case of the late Chief of Police. The case was argued in the morning. Court convened at 10 o'clock, but the crowd was on hand much earlier. The first comers arrived on the scene at 8:30 and sat down in front of the locked courtroom door. Within two minutes from the time the door was opened the room was packed with spectators and a crowd almost as large as that which was denied admission.

Mr. Smith Opens

Assistant County Attorney Al J. Smith delivered the opening address to the jury. He cautioned jurors not to let personal friendships sway their judgment. He then related the details of the transaction in the indictment: the payment to the chief of \$25 by Lincoln G. Crossman as his share of the proceeds of the Roman Mix.

Norbeck had afterwards taken him down to the city hall and introduced him to the chief. "We went into the mayor's private office," he explained, "and the chief took the list out and asked me if I was right. I made one change. Then he asked where our joint was and I told him anything that he wanted."

The Roman Mix "Divvy"

"Do you know Roman Mix?" "Yes, sir." "Did you have a \$775 New York draft after Mix was here?" "Yes, sir. Billy Edwards gave it to me. It was handed to my brother, who tried to cash it in St. Paul."

"Did you ever receive any money from that draft?" "Yes, \$375." "Did you ever pay the defendant any part of that money?" "I gave him \$25. It was in his office at the city hall either the 15th or 17th of January. He asked how we had fixed the thing up, and I told him we had compromised for \$375. That our attorney, Mr. Loomis, had been paid \$72 and that I could only give him \$25 instead of the \$50 he was to have had if we had got the full amount of the draft."

"Did you have a conversation with the defendant after the trial?" "Yes, Detective Carroll picked me up one night because I hadn't been a good fellow. He said he had paid him \$5 rather than \$10 in jail all night. He said I ought not to have paid Carroll anything, but ought to have paid him \$50."

ALL MID-ROADERS TO MUCH MOISTURE

Populist State Convention Knows Sunshine and Warm Weather Needed in North Dakota.

INDEPENDENCE THE RALLY CRY

Otter Tail County Likely to Name Head of Ticket—J. B. Hompe or H. P. Bjorke.

Mid-roads and old time fusionists looked arms at the populist state convention today. There was but one sentiment, and it favored the populist party. Notice was served upon the democracy that the populist party of Minnesota refused to be swallowed.

The attendance was not large, but was representative, and indicated a surprising interest in the perpetuation of the party. The Red River valley contingent was very strong. Only three delegates came from the second district. Erick Olson of Martin county said the populists down his way were suspicious, and disgusted with fusion deals.

Morning indications were that Otter Tail county would name the candidate for governor, either John B. Hompe of Fergus Falls or Hans P. Bjorke of Underwood. T. J. Meighen said he could not take the nomination after A. Hitchcock of Preston was favored for lieutenant governor, and J. C. Norby of Ada for auditor.

Victor E. Lawson, chairman of the state committee, called the convention to order by reading the report of the populist party of the entire northwest. He was waiting to see what this convention would do. "Our action," he said, "is wise counsel prevails, will prove a rallying energy, which will inspire to action men who have all but lost hope."

PICKETS ARRESTED

Alleged That They Refused to Obey the Guard's Order.

Hazleton, Pa., July 2.—John Shovell, William Gligate, Frank Schraeder and a Hungarian, pickets stationed along the road leading to the Drifton colliery of Coxe Bros. & Co. to prevent nonunion men from going to work, were arrested to-day by colliery guards and taken to jail at Wilkesbarre. It is alleged that one of the pickets drew a revolver when ordered by a guard to permit men to pass the high land. The pickets refused to obey, whereupon Shovell also whipped out a weapon, which was knocked from his hand by one of the deputies. A scuffle ensued in which the pickets became involved. Sheriff Jacobs was summoned and while he persuaded the crowd had gathered near the scene to disperse the prisoners were hustled to the county seat.

CONSPIRATOR KILLED

Party to a Plot Against Uruguay's President

Buenos Aires, July 2.—A conspiracy against the life of the president of Uruguay, Dr. Cuestas, has been discovered here in a curious manner. Carl Pagani was found dead in a street of this city. The police were investigating the case when they received a communication saying that Pagani was the conspirator against the life of Cuestas. The communication further stated that the police would find in the Pagani residence a quantity of dynamite. This statement proved true. It is said Pagani backed out at the last moment in the conspiracy to assassinate President Cuestas and that one of his fellow conspirators killed him to prevent a disclosure of the plot.

Just how many men were caught and injured is not known, but all the doctors from here have been taken to the scene. Traffic on the road will be stopped for quite a while as a result of the accident.

Difficult Digestion That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to, but simply because they must. They know they are irritable and fretful; but they cannot be otherwise. They complain of a bad taste in the mouth, a heavy feeling of puffiness, headache, heartburn and what not. The effectual remedy, proved by permanent cures of thousands of severe cases, is Hood's Sarsaparilla. HOOD'S PILLS are the best cathartic.

Summer Terrors Acne, Tetter Eczema Salt Rheum Psoriasis Nettle Rash An itching, burning skin disease during the hot, sultry summer weather, is a positive terror and a veritable demon of discomfort. The intolerable itching and stinging are tantalizing almost beyond endurance, and the unsightly eruption and rough, red skin keep one thoroughly uncomfortable and miserable night and day. Eczema, Tetter, and diseases of this type are caused by acid poisons in the blood, which the heat of summer seems to warm into life and renewed activity. These fiery acids keep the blood in a riotous and sour condition, and the skin unhealthy and feverish—they inflame the pores and retard perspiration, when the whole body feels like an over-heated furnace, and the escaping poison burns and blisters like liquid fire. TORMENTING ECZEMA. To the skin disease sufferer, summer time brings no joy, but is a season of unrest, sleepless nights and incessant pain, resulting in shattered nerves, physical exhaustion and general derangement of all the vital forces. Scratching is a pleasant recreation to one tormented and almost distracted by an aggravating itching skin eruption. Some find temporary relief in bathing and the application of lotions and salves. A few hours respite is gained by such methods, but nothing applied externally can alter the condition of the blood or check the outflow of the burning fluids through the skin. Only persistent and faithful constitutional treatment can do this. The acid poison in the blood, which is the real cause of the eruption, must be attacked, and when the blood has been cleared of all accumulated impurities and restored to a healthy condition, then, and only then, will a thorough and lasting cure be effected, and for the accomplishment of all this, no remedy equals S. S. S., which contains all requirements for cleansing and building up the acid blood, and invigorating and toning up the system. S. S. S. completely and permanently eradicates every vestige of poison, thus effectually preventing a fresh outbreak of the disease. Cases that have resisted ordinary treatment for years, yield to the purifying, cooling effects of S. S. S. upon the blood, and when rich, pure blood is again circulating through the system, the itching and stinging cease, the eruption disappears, and the red, rough skin becomes soft and smooth again. Skin diseases appear in various forms—sometimes in pustules or blisters, sores, rashes, or red, disfiguring bumps and pimples—but all are caused by a bad condition of the blood, and for which S. S. S. is a safe and effectual cure. No bad effects can come from its use, because it contains no Arsenic, Potash or other harmful drugs, but is guaranteed a strictly vegetable remedy. If you are a sufferer from some summer terror like Eczema, Tetter, Acne, Psoriasis, Salt Rheum, Nettle Rash or kindred disease, write us about it, and medical advice or any special information wanted will be sent free to all desiring it. Our Book on Skin Diseases will be sent free to all desiring it. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.
