She went to St. Paul this morning to see Judge Hennepin.

The work of getting the "Army Kitchen," the company B, first regiment, restaurant at the state fair, ready for business, is nearly completed. PRESIDENT ACCEPTS PRIZES FOR LAWS

He Will Review Veterans Parade at G. A. R. Encampment With Commander Torrance.

An Outline of the Program of the Encampment as Issued To-day.

President Roosevelt has accepted the invitation of Commander-in-Chief Ell Torrance to review the Grand Army parade of veterans at Washington, Oct. 8. The program for the national encampment of the G. A. R. at Washington for the week beginning Monday, Oct. 6, will be issued this afternoon by Commander-in-Chief Torrance.

The headquarters for the encampment will be established at 10 o'clock a. m., Oct. 8, at the Abbott House, Washington. The executive committee of the national council of administration will meet at the same place at 3 p. m., and the national council itself will assemble there at 5 p. m.

The thirty-sixth national encampment will be called together at 9 a. m. Thursday, Oct. 9, at the Chase opera-house.

The big parade will take place Wednesday and will move from the capitol promptly at 10 a. m. The president of the United States and the lieutenant general of the army have been invited to review the parade with the commander-in-chief, and the president has accepted.

Sunday, Oct. 5, patriotic services will be held in many of the Washington churches. Monday, Oct. 6, "Camp Roosevelt" will be formally opened, at 4:30 p. m., on the White Lot south of the White House. At this camp the reunions will be held. Monday evening a mammoth campfire will be enjoyed at convention hall.

On Tuesday, Oct. 7, Naval Day, there will be a parade of the Naval Veterans' association, Prisoners of War, Sons of Veterans and other special veterans' associations, together with regular troops, the district national guard, the high school cadets, and other organizations, civic and military. At 3 o'clock Tuesday afternoon the veterans will be received by the post and by the commander, E. F. Ware, the commissioner of pensions. At 8 o'clock Tuesday evening the welcome of the district government will be extended to the Grand Army of the Republic.

Receptions for Ladies.

Receptions by the ladies will be tendered Wednesday evening. Concerts, excursions and displays of fireworks will be provided each day of the encampment.

Complete arrangements have been made for the comfort and convenience of comrades who desire to visit the battlefield. Arrangements are in the hands of Arthur Hendricks, 1405 New York avenue, Washington.

A Proposed Amendment.

Another order, issued by General Torrance, includes the details of various amendments that have been recently proposed for modifying the rules and regulations of the Grand Army. Among the most important of these amendments is the suggestion made by the department of Delaware that "all Sons of Veterans in good standing may be admitted, as visiting members, to any post of the Grand Army, provided that such Sons of Veterans shall be obligated on their first visit to a post where they are known, and that the post to which they are admitted be required to give them a visiting card, stating that they are visiting members of the post and are entitled therewith to visit any post."

RAWLINS POST'S HONOR

It Gives Largest Post Contribution to William McKinley Memorial Fund.

The largest amount contributed by any Grand Army post for the fund for the erection of the Canton monument in memory of the late President McKinley, was given by John A. Rawlins Post of this city. This fact appears in a detailed statement that Commander-in-Chief Torrance of the Grand Army has received from the McKinley National Memorial association. The contribution of Rawlins Post is \$69.50, which is more than double the gift of any other post. From all the thirty-four posts in Minnesota has been received \$209.85, which puts this state fifth upon the list. Illinois is first, with a contribution of \$408; Massachusetts second, Ohio third and Iowa fourth. The Hawkeye state surpasses the north star state by \$4 only. The grand total from all states is \$3,223.70.

GENERAL COURT MARTIAL.

Orders for general court martial at Fort Assiniboine, Mont., have been issued from army headquarters at St. Paul. The details are: Major Henry P. Kinship, Third cavalry; Captain George H. Morgan, commissary, Third cavalry; Captain H. Conrad, Jr., Third cavalry; First Lieutenant Stanley Howland, Twenty-fourth infantry; First Lieutenant James J. Mayes, Twenty-fourth infantry; First Lieutenant Reinald E. McNally, Third cavalry; First Lieutenant Bony Galloway, Second Lieutenant E. Kearley Sterling, Third cavalry; Second Lieutenant William I. Henson, Twenty-fourth infantry; Second Lieutenant Thomas F. Bernard, Third cavalry; and First Lieutenant Edgar A. Conner, Third cavalry. Judge advocate.

IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicine, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert, Md. "At times I could not even walk across the room without gasping in my breath. I had attended me, said I had lung trouble, and that I would never get well again. At last I concluded to try Dr. Pierce's medicine. I took a bottle of Golden Medical Discovery, took it, and soon commenced to feel a little better, then you directed me to take both the Golden Medical Discovery and the Favorite Prescription, which I did. Altogether I have taken eighteen bottles of Golden Medical Discovery, twelve of the Favorite Prescription, and five vials of Pellets. I am now perfectly well, and do all my work without any pain whatever, and gain more weight than I did formerly."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to cover expense of mailing only. Address Dr. V. Pierce, Buffalo, N. Y.

HATS OF THE FALL

They Are Built on Rather More Conservative Lines Than Those of Last Spring.

The fall styles in hats are being shown at the leading retailers in the city. Makers of fashionable headwear for men are showing hats of more conservative lines than were worn last spring.

In stiff hats the Dunlap, Knox and Gordon shapes for fall are slightly higher in the crown with brims that indicate a desire to get away from the Panama effect that was prevalent in the spring. The shapes in stiff hats are made in different dimensions. The most popular will probably be a 5 1/2 deep crown, brim 3/4 with a fairly heavy curl not too close to the crown. Black is still the prevailing color in stiff hats, but dark browns are coming into favor again.

In soft hats the styles shown are principally modifications of the Panama craze that was rampant in the spring. The brim is not so pronounced and the crown is gracefully and easily. The pearl with a black band is the most modish color, though in soft hats one is given a greater variety of colors to choose from.

CHARGE OF MURDER

Against Patrick O'Kieffe, 31 W. Jacques Dies as Result of Fight.

Joseph W. Jacques, a machinist, residing at 855 Albenarle street, St. Paul, died yesterday of injuries received in a fight with Patrick J. O'Kieffe, night watchman at the Great Northern shops. O'Kieffe has been arrested on a charge of murder.

There had been trouble between the two men since the strike a few weeks ago and they had had several quarrels. Jacques went to his work Thursday evening as usual, but when he returned home Friday morning he was badly bruised. His mouth was badly swollen and one of his eyes was blackened. He told his wife that he had met O'Kieffe and that he had "got the worst of it." He then went to bed and a physician was summoned. It was found that the man had been choked and otherwise roughly handled. He died at noon, presumably from a clot of blood on the brain.

When the police started to find O'Kieffe, they learned that he had been at the municipal court yesterday morning, to swear out a warrant for Jacques, charging him with assault and battery. "He was arrested and will be held to answer to the charge of murder."

ARMED WITH CAMERAS

St. Paul Striking Waiters Get Pictures of Those Who Buy Non-Union Meats.

The rare phenomenon of candidates refusing to be photographed was witnessed yesterday in St. Paul before certain restaurants at which the waiters' strike is in progress. The sidewalk in front of each of these cafes was controlled by a camera guard, which "snapped" every person entering the door who suggested the intention of seeking a non-union meal. The cameras were directed by waiters filled with persons fearful lest some one might secure a portrait of their sacred persons, for every guilty man so kocked will be placed in the rogues' gallery of the labor unions.
