## SHOOT WITH WISCONSIN

Minnesota Artillerymen Who Contest With Badger Experts at Camp Douglas To-day.

An artillery team has been chosen to represent the National Guard of Minnesota in the interstate contest that will begin to-day at Camp Douglas, Wis. The seven men and two alternates were chosen after a contest at Lakeview Aug. 4. These cannoners will be—  
Major George C. Lambert, First Artillery, team captain.  
Captain Carl C. Bennett, Battery B.  
Sergeant Thomas J. Wilson, Battery A.  
Captain Henry Larson, Battery A.  
Sergeant F. C. White, Battery B.  
Sergeant Harry Nelson, Battery B.  
Corporal Herbert C. Blaisdell, Battery B.  
The alternates will be Sergeant Henry M. Dorseifer, Battery A, and Sergeant R. E. Barnard, Battery B.

## AGED WOMAN WOUNDED.

Mrs. Barbara Mrozczek, 70 years of age, lies at her home, 1025 Minnesota street, St. Paul, severely injured as the result of a quarrel with Albert Blauke, a neighbor. The woman's skull is fractured, her arm is broken and her breast badly bruised. It is thought she cannot recover and Blauke has been arrested.

## Asthma and Hay Fever Cured

The truly marvelous cures of Asthma, which are being effected by Dr. Schiffmann's Asthma Cure certainly call for notice.

Rev. G. L. Taylor, of Washburn, Ill., says: "Some 7 years ago my wife used several packages of your Asthma Cure which resulted in a permanent cure."  
A Hay Fever sufferer writes: "I have been a sufferer from Hay Fever for over 20 years, and it seemed harder every year. The first night I used your Asthma Cure I was greatly relieved. It cured my cough after using a few times. I shall recommend it to all sufferers of Hay Fever." Mrs. Martha Simerson, Laingsburg, Mich.  
Sold by all druggists at 50c and \$1.00. Send 2c stamp to Dr. R. Schiffmann, Box 895, St. Paul, Minn., for a free trial package.

# THE CITY

## TOWN TALK

Every teamster can have a pair of fly blankets for 75 cents a pair by calling at Journal subscription counter.  
If you want to see a street fair in full swing visit Anoka Sept. 10, 11 and 12. She'll be a hummer. Reduced rates on all roads.

Herman Lodge No. 18, K. of P., will confer the rank of page on a class of candidates this evening at the lodge hall in Masonic Temple.  
Metropolitan Lodge 121 rder of Columbian Knights will hold a special meeting Monday at 8 p. m. at W. H. Deedy's office, 435 Temple Court, to arrange for the funeral of Frank J. Beon.

Dr. Henry C. Aldrich went to Chicago Saturday evening, where he will be Professor E. H. Pratt's chief assistant in a course of clinical instruction in surgery. He will also attend the sessions of the American Association of Oriental Surgery, of which society he is president.

Kate Krapp, a Finn woman employed in Pichette's restaurant, early Sunday morning, successfully resisted the attempts of highwaymen to rob her of her week's earnings. She was returning home from work and as she approached the bridge over the railroad tracks near Third street and Fifth avenue N., was attacked by a highwayman who demanded her money. She called for help and the man attempted to choke her. She battled with him until the approach of several pedestrians frightened the man away.

## THE WEATHER

### The Predictions

Upper Michigan—Showers this afternoon and possibly to-night; cooler to-night; Tuesday fair, with cooler in eastern portion; high westerly winds, diminishing. Minnesota—Fair to-night; Tuesday, cooler to-night, with possibly light frost in northwestern portion; northwest winds. Wisconsin—Fair and cooler to-night except possibly showers in the eastern portion; Tuesday, fair, with cooler in southeastern portion; brisk to high westerly winds, diminishing. Iowa—Fair to-night and Tuesday, preceded by showers in southeast portion this afternoon; cooler to-night and in southeast portion Tuesday; south to west winds. North Dakota and South Dakota—Fair to-night and Tuesday; cooler to-night, with possibly light frosts; northwest winds. Montana—Fair to-night and Tuesday; possibly light frosts to-night; cooler in eastern and southern portions to-night; northwest winds.

## SPIRITUALISTS ADJOURN

State Convention Work is Completed—Funds Raised for Advancing the Work.

The State Spiritualists' association re-elected its officers as follows: J. S. Maxwell, Minneapolis, president; C. D. Pruden, St. Paul, vice president; Mrs. M. K. Calmus, Minneapolis, secretary; D. E. Griffith, Minneapolis, treasurer.

The board of trustees will be composed of J. P. Whitwell, St. Paul; J. R. Foster, Minneapolis; E. Skoag, Minneapolis; Mrs. Edna Whitney, Savage, Osseo; P. J. Sampson, Minneapolis.  
The meetings yesterday were attended by large numbers. The afternoon program was opened by G. W. Kates and remarks were made by C. Edwards, J. R. Whitwell, Edward Simonton. The address was by Mrs. Kates and the tests were made by Miss Alice Wickerstrom and Mrs. J. M. Sauer. Miss Julia Obrecht and a quartet furnished the music.

In the evening Mrs. J. P. Whitwell delivered the invocation and Mr. Kates gave the address. The tests were conducted by Mrs. Kates and Mrs. Edna Whitney. C. D. Pruden of St. Paul, made a plea for more funds to carry on the state work and subscriptions for over \$500 were soon secured.

## UNIVERSALISM GROWING

Sermon by Rev. Dr. M. D. Shutter—He Says Faith of John Murray is Spreading.

Rev. Dr. Marion D. Shutter resumed his pulpit addresses yesterday morning with an exposition of the principles of universalism. Dr. Shutter cited articles in denominational and other religious papers showing the tendency of the times toward the faith held by John Murray. Among other things Dr. Shutter said:  
"Every advance in religious thought is toward our standard. It is an age of questions, and longing for something more than the apparent materialism. It is an age of the people, when tyrants on earth or in heaven are no longer tolerated."  
"Our work has not yet been accomplished."  
"When the love of God is not only written across the creed, but when that single sentence, 'God is Love,' shall have become the creed itself—the one all-sufficient and all-embracing creed of Christendom; when our conceptions of the future shall have been turned from darkness into day and all the midnight superstitions that have vexed the human race shall have vanished like clouds that melt before the sun, when the doctrine of human brotherhood shall have banished all distinctions of race and color and class shall have spoked every cannon and broken every sword; when the principle of the worth of man shall have been enthroned in the world of commercialism and industry; then will the mission of the Universalist church be accomplished—for then will Universalism have dropped the 'ism' because it will have become universal."

## Knox Hats—Hanan Shoes.

The Plymouth Clothing House alone.

## ALFRED SETHAL

The Man Who Was Drowned in Shady Oak Lake Near Hopkins—Had Been Ill.

The body of the man who was drowned in Shady Oak lake near Hopkins, was identified as Alfred Sethal, who was employed on the Garfield farm near Hopkins. The man was suffering from typhoid fever and it is thought that he drowned himself while delirious. He was 30 years of age and had no relatives in this country.

## Cheap Excursion to Des Moines.

Only \$4.00 for round trip over Minneapolis & St. Louis railroad, leaving Minneapolis 8:25 p. m. Sept. 14, good to return to September 20th.

## Carey Roofing better than metal or pitch and gravel. W. S. Nott Co. Tel. 378.

# SCHOOLS ARE FULL

Attendance on Opening Day Shows a Big Increase Over Last Year's Enrollment.

Twelve Hundred Pupils Appear Today at the Central High School Alone.

To-day begins the school year for 1903, and the reports of principals go to show that the population of Minneapolis is not on the decrease.  
"Full to overflowing," said Principal Greer of the Central High school.  
"One hundred new families have moved into this school district alone, which gives us more than a hundred over last year's enrollment. There are no vacancies in the teaching force. We couldn't stand for that with 1,200 for our first day's attendance."  
In the Madison school there are six new teachers and sixty new pupils. There will be half as many more coming through the week, said Miss S. J. Lewis, principal of the school. "As usual, the lake children are late, and most of them won't be in for a week or more. Our sixty new comers are chiefly outsiders, and many of them are beginners in the primary grades."

## Keep Children in School.

To get organized as quickly as possible and to keep the children in school from the start, is the watchword of to-day, which sees the beginning of another school year. Fewer entertainments, less traveling of pupils, closer investigation into cases of pupils who leave school, teachers' reading associations, and the recording of all visits made by principals in their respective buildings, head the list of changes scheduled for the next nine months.  
"We are not going to be less strenuous, but we are going to be quieter," said Superintendent C. M. Jordan in outlining the work of the coming year. "The Drawing Teachers' association and the N. E. A. convention kept us all on the main line, and we are going to try to avoid this season by giving fewer entertainments. Another thing we are going to dispense with, is the transferring of pupils from one school building to another. Heretofore this practice has caused much annoyance on account of the failure of the transferred pupils to report to the new principal; sometimes the principals have even lost entire classes of pupils. This year, if there is any transferring done, unless a report is handed in within three days after the pupil's removal, the transfer officer will be sent after him. Along the same line will be the investigations to be made into the cases of pupils leaving school before the close of the school year. We shall spend more time in this work than ever before and shall make greater efforts to secure the pupils' attendance."  
"Regarding the work among the teachers themselves, a feature of this year's program will be the organization of reading clubs. Teachers already read a good deal, but we desire reading along professional lines, and that can be best secured by co-operation among the teachers for reading associations."

## Will Record All Visits.

"At the principals' meeting last Saturday the chief innovation decided upon was the future recording of all visits made by principals in their respective buildings. This, however, must not be taken as a reflection upon the inspiring done by principals in previous years. It is a policy deemed advisable so that in case any complaint arises on either over-inspection or lack of inspection, the record is there to show. Further, the record is a principal in charge of an eighteen-room building has more time than one presiding over a twenty-room building, and her work of inspection should be just 10 per cent more thorough."  
"This industrial work," concluded Dr. Jordan, "is not going to be carried to the point of a fad; we shall get it noted at its doses. Secretary Bandal, it will be carried on much the same as last year."

## Keiser-Barathea Cravatings

Are not satin or twill, but a peculiar weave of silk, rayon or any other material. See them at The "Plymouth."

## NAVY WANTS MORE MEN

Recruiting Station Will Be Open for Next Two Weeks in the Federal Buildings.

A naval recruiting station was opened on the fourth floor of the federal building this morning. In charge of the station will be Lieutenant J. P. J. Ryan, U. S. N., assisted by Post Assistant Surgeon F. L. Benton, and Chief Clerk John Collins. Chief Machinist Walter Scott, Electrician John B. McIntyre, Yeoman H. R. Burke, Hospital Apprentice R. H. Minard, Hospital Steward W. G. Carpenter, and other physical examinations will be made by Benton, Minard and Gardner.  
The navy wants landmen, seamen, coal passers, firemen, all sorts of skilled mechanics and bakers especially.  
The pay is as follows: Machinists, \$45 to \$70; electricians, \$30 to \$60; blacksmiths, \$35; boiler-makers, \$35; carpenters, \$3 to \$50; yeomen or typewriters, \$30 to \$60; painters, \$30; cooks, \$25 to \$35; bakers, \$35.  
At present the navy believes that it offers unequal advantages to prospective sailors. A great many new ships will require an increase in the force and advance of petty officers. Every enlisted man has opportunity to become a warrant officer at from \$1,400 to \$1,800 a year.  
The term of enlistment is four years, apprentices during minority. Mechanics are enlisted 21 to 35 years of age, apprentices between 15 and 17, landsmen 18 to 25.  
Lieutenant Ryan was with Schley on the Brooklyn off Santiago and was Gardner a few inches of Ellis who was killed. He was injured by flying fragments from Ellis' skull.  
Collins is a survivor of the Huron wreck off Hatteras in 1877. He escaped on a spar. Thirty-four were saved.

## 800 Line Hunting Grounds

Are justly famous, game very plentiful this year and the new hunting book tells you where to find it. Get one at the ticket office, 119 Third street S.

## Odd Fellows Excursion to Des Moines

Only \$4.00 for round trip tickets good returning to Sept. 20th, over the Minneapolis & St. Louis railroad.

# MAKES A COMPLAINT

Beltrami County Thinks It Did Not Receive Just Recognition at the Fair.

What J. L. Reynolds, Manager of the County's Exhibit, Has to Say of Outcome.

Beltrami county's exhibit was marked less than 70 per cent by the judges and consequently does not share in the pro rata distribution of the fund appropriated for county exhibits. After traveling 250 miles and arranging for the exhibit in a building booth, J. L. Reynolds, manager of the exhibit is somewhat dissatisfied with the result.  
Last year Beltrami county was marked 70 per cent and shared in the money distribution, and we were content although we ranked only eleventh," he remarked.  
"This year we come down with a greater variety of products and make a much prettier display and are outclassed entirely."  
"Of course, Beltrami county can not compare with Houston, Wabasha and other southern counties in the variety of fruits, but to my mind fruits should not be placed on an equal footing with grains and other farm products. Whether Minnesota will ever be a fruit state is a question still to be decided. It does not begin to produce enough fruits for home consumption alone. No objection can be made against the state's doing everything to encourage horticulture, but the purely agricultural counties should not be discriminated against."  
"The judges were kind enough to mark Beltrami county 55 for design and taste of fruit, but the next highest county, if it was the best why could not the mark have been 100. Of course the design may not have been perfect, but the 100 mark could as well have been given to 100 to Houston county for the 'greatest number of varieties' or 100 to Olmsted for native grasses. It will not be contended that Houston had a complete exhibit, but that Olmsted had every known variety of native grasses. Beltrami county offers a great many advantages over any of the southern counties for the purpose of getting the highest premiums. This may be all legitimate enough, and I don't say that it is not, but I do maintain that if the state wishes to encourage the raising of the individual exhibits the rules governing the distribution of the awards should provide that each county making a commendable display should share in a distribution of the prizes. When the fair is held in Beltrami, Pine and Itasca counties, and yet they are cut out of any share in the rewards."

# REAR END COLLISION

Street Cars in St. Paul Collide and Several Are Injured—One May Die.

Trolley Slipped the Wire and Front Car Was Not Seen by Approaching Motorman.

In a rear end collision on the Fort Snelling street car line at 9 o'clock last night twelve persons were seriously injured, while ten others received painful cuts and bruises. Motorman John F. Doty, in charge of the rear car, was most seriously injured and his injuries may prove fatal.  
The accident occurred at West Seventh street and Hamline avenue. An open car, pulling a trailer, was bowling along toward St. Paul at the rate of twenty miles an hour. Closely following this was a large vestibuled car of the interurban type. Just as the car in front reached Hamline avenue the trolley slipped off the wire. The conductor was near the front of the car collecting fares and Motorman Peet sat the brakes on the car and brought it to a standstill.  
Motorman Doty, in charge of the car following did not see the car stop, and before he knew what had happened saw the car standing on the track a few feet ahead of him. He threw his weight upon the brake but could not stop the car until it crashed into the trailer with terrific force.  
Luckily the trailer was not heavily loaded, as it was badly wrecked by the collision. The motorman of the forward car was severely bruised, while most of the passengers escaped injury.  
The force of the collision threw Motorman Doty of the rear car, through the glass in the front of the car, and he was unconscious. The passengers who were standing in the aisle of the car and the many who were sitting in seats were thrown into the front of the car. Many of them were injured by pieces of broken glass.  
Following is the list of injured:  
John F. Doty, motorman, 788 Atlanta street, neck fractured and above rate Aug. 29 to Sept. 7, good returning Sept. 13th. Particulars at 600 Nicollet Avenue.  
William Brown, 377 Sixth avenue, abrasion of left side.  
Toronto and Return, \$26.00  
See Chicago. The North-Western Line will sell tickets at above rate Aug. 29 to Sept. 7th, good returning Sept. 13th. Particulars at 600 Nicollet Avenue.

Motorman Doty, in charge of the car following did not see the car stop, and before he knew what had happened saw the car standing on the track a few feet ahead of him. He threw his weight upon the brake but could not stop the car until it crashed into the trailer with terrific force.

Luckily the trailer was not heavily loaded, as it was badly wrecked by the collision. The motorman of the forward car was severely bruised, while most of the passengers escaped injury.

The force of the collision threw Motorman Doty of the rear car, through the glass in the front of the car, and he was unconscious. The passengers who were standing in the aisle of the car and the many who were sitting in seats were thrown into the front of the car. Many of them were injured by pieces of broken glass.

Following is the list of injured:  
John F. Doty, motorman, 788 Atlanta street, neck fractured and above rate Aug. 29 to Sept. 7, good returning Sept. 13th. Particulars at 600 Nicollet Avenue.  
William Brown, 377 Sixth avenue, abrasion of left side.  
Toronto and Return, \$26.00  
See Chicago. The North-Western Line will sell tickets at above rate Aug. 29 to Sept. 7th, good returning Sept. 13th. Particulars at 600 Nicollet Avenue.

In a rear end collision on the Fort Snelling street car line at 9 o'clock last night twelve persons were seriously injured, while ten others received painful cuts and bruises. Motorman John F. Doty, in charge of the rear car, was most seriously injured and his injuries may prove fatal.

The accident occurred at West Seventh street and Hamline avenue. An open car, pulling a trailer, was bowling along toward St. Paul at the rate of twenty miles an hour. Closely following this was a large vestibuled car of the interurban type. Just as the car in front reached Hamline avenue the trolley slipped off the wire. The conductor was near the front of the car collecting fares and Motorman Peet sat the brakes on the car and brought it to a standstill.

Motorman Doty, in charge of the car following did not see the car stop, and before he knew what had happened saw the car standing on the track a few feet ahead of him. He threw his weight upon the brake but could not stop the car until it crashed into the trailer with terrific force.
