FLOUR CITY IN 1905

Local Christian Endeavorers Seek International Y. P. S. C. E. Convention for That Year.

Conference Supper at Westminster Church Last Evening—Interview by Mr. Baer.

Parting is such sweet sorrow that Christian Endeavorers of Minneapolis would break ties with World's Secretary John Willis Baer annually. Last night's farewell meeting with Mr. Baer was rather a beginning than an end. He left words with the local union which will burn enthusiasm into their hearts.

The announcement by President Burton D. Thompson that the advisory committee had decided to invite the next international convention to Minneapolis was received with great enthusiasm. Secretary Baer said that he understood that the invitation was backed by various organizations of the city and that he would carry it to Boston. He said Minnesota generally got what she wanted and it might be considered that right then that the convention would come to Minneapolis in 1905.

Three hundred and fifty sat down to the conference supper last evening in Westminster church as guests of the Westminster societies. With Mr. Baer sat State President W. H. Medlar, State Secretary C. M. Norton, City President B. D. Thompson, City Secretary Hattie A. Hodges, Miss Baxter, Dr. and Mrs. J. E. Bushnell, Rev. Alex. Patterson and Rev. Dr. S. D. Hittinspiller. The state convention committee of fourteen from St. Paul was present.

Cup for Mr. Baer. Following the supper came the general rally in the auditorium at which Mr. Baer was the principal speaker. Burton D. Thompson, president of the Minneapolis union, presented to Mr. Baer a silver loving cup as a remembrance of the occasion.

Mr. Baer said this morning, before leaving for his former home in Rochester: "I greatly appreciate the greetings extended by my old friends, and am glad that my last visit has been such a pleasant one for me. I believe the coming years of Christian Endeavor are to be full of splendid service and am thankful for the privilege of the past twelve years. I always felt more at home in Minneapolis than most any where else, and it has warmed the cockles of my heart to have presented to me by the Endeavorers a silver loving cup. I shall always cherish the memories with which it is filled.

"From here I go to-day to my old home in Rochester, and shall remain there Sunday. Monday I will be in the city as general secretary of the convention of 1905 in this city, and I tell you now I shall support the invitation and urge Minneapolis' claim and cheer her in my new office in the Madison rooms in New York, ready for my new field of service.

"Yes, I turn to it with genuine enthusiasm, believing it to be my life work, and while I shall keep in close touch with the Christian Endeavor, my time, very naturally, now will be given almost wholly to the Presbyterian church in the United States. We have not forgotten the way you took care of us in 1891, and Minneapolis' praises are sung north, east, south and west."

From here I go to-day to my old home in Rochester, and shall remain there Sunday. Monday I will be in the city as general secretary of the convention of 1905 in this city, and I tell you now I shall support the invitation and urge Minneapolis' claim and cheer her in my new office in the Madison rooms in New York, ready for my new field of service.

WILL BURN SOFT COAL

How the Board of Control Has Solved the Winter's Heating Problem.

The coal problem has been solved by the state board of control. When the anthracite dealers had quoted prices which were not satisfactory the board experimented with bituminous coals and coke at the various state institutions. They were found satisfactory and instead of purchasing 1,000 tons of hard coal the board will get along with a corresponding amount of soft coal and coke.

It was decided by the council last evening that the executive offices should be transferred Oct. 11 from the old city hall to the new building.

FROM SOO TO ST. IGNACE

Long Postponed Line Will Be Completed in a Year—Is Extension of Pennsylvania.

Chicago, Sept. 13.—Arrangements are said to have been completed to push the long postponed line from Sault Ste. Marie to St. Ignace to speedy completion. The new line is in reality an extension of the Grand Rapids & Indiana, which is controlled by the Pennsylvania. Work is to be started at once with a view to having trains in operation by this time next year.

The new route is almost an air line to St. Ignace. The right of way for grounds and entrance into St. Ignace has already been secured and the right of way for the Soo end of the line has been purchased.

A transfer boat of huge proportions and built on the most modern principles capable of keeping free a passage through ice in the river will be installed as soon as the road is completed. It will land at the slip below the power house of the Soo, and take cars from the Algonquin central to the Pennsylvania. The new road will make the Pennsylvania a strong competitor for general freight business north of the straits.

Milwaukee R. R. Finances. The annual report of the Milwaukee road shows that the recent increase in the dividend rate was justified by the increase of 7.65 per cent in the gross earnings. Exactly the same rate of increase was reported in the gross expenses. But the freight tonnage increased 9.6 per cent and the passenger receipts 12.34 per cent.

An item of note in the report is that of \$2,475,000 for betterments and renewals. The net earnings increased 7.11 per cent, the gross income 8.81 per cent. An increase of \$4,886,100 in the stock issues was partly for conversion of bonds and partly for the conversion of bonds. The funded debt was decreased \$2,145,000.

After paying additional dividends to the amount of \$1,216,889, a surplus was left of \$2,342,287. Earnings for the total stock were at the rate of 9.23 per cent, the rate last year being 8.15 per cent. The mileage of the system is now 6,347 miles, an increase of 184 miles. The capitalization per mile is \$84,777, of which \$18,898 represents bonds and \$15,879 stocks.

Machinists Get Advance. The Milwaukee road has granted the recent request of its machinists for an increase in wages and has advanced their rate of pay 22 cents a day, making the average rate by the hour 29 cents. The request for the advance was received two weeks ago and was granted yesterday.

BENEDICTINES BUY LAND

Purchase 100,000 Acres in the Saskatchewan Valley for a Religious Settlement. The Catholic Order of St. Benedict completed plans yesterday at St. Paul for the largest religious settlement yet established in Canada. The order has bought from the Saskatchewan Land company 100,000 acres of land on the Humboldt Plains, east of Rosthern, in the famous wheat-raising valley of the Saskatchewan river. The order was represented by Rev. Peter Engel, head of the Benedictines in the northwest, and by Rev. Herman Bergman, both of Stearns county. They were aided by John Hoeschen of Melrose, Minn.; Morit Hoeschen of Freeport, Minn., and H. J. Hascamp of St. Cloud.

The colony will include at least 3,000 German settlers. As soon as a portion of them have arrived they will begin work early next year upon Benedictine schools and churches. A convent will be erected and a college.

"Emaniculate your liver," exclaimed Dr. Dick: "Red Heaven splits bring freedom from disease."

Special Notice to G. A. R. The Chicago, Milwaukee & St. Paul Ry. has been selected by the Commander-in-Chief to carry the official party to the Washington Encampment in October. The Official National Headquarters Train will leave Minneapolis at 7:00 p. m. and St. Paul at 7:30 p. m. Saturday evening, Oct. 4th, reaching Washington via the Pennsylvania Line 9:00 Monday morning.

The rate from the Twin Cities to Washington and return via this most attractive route will be \$23.90. Comrades and others wishing full particulars will please communicate with W. B. Dixon, Northwestern Passenger Agent, St. Paul, Minn.

MISS KATE RYAN MARRIED

Daughter of Dennis Ryan, St. Paul, Elopes With P. L. Lynwood, an Actor.

Ottawa, Ont., Sept. 13.—Miss Kate Ryan, the daughter of Dennis Ryan, the St. Paul capitalist, and Percival L. Lynwood, an actor, whose home is in Atlanta, Ga., were married at Vankleek Hill, a small town thirty miles from Ottawa, Ont., the other day. As Mr. Ryan refused his consent to the marriage, the couple decided to elope. They first went to a priest, but as the bridegroom had not the necessary dispensation, he refused to perform the ceremony and a Protestant minister was visited who read the service without asking any questions.

The bride is a graduate of a convent in Ottawa and is a talented violinist. She first met Mr. Lynwood at an amateur performance which was given for the benefit of the Ottawa hospital last June. Mr. Lynwood and his bride have disappeared and their whereabouts are not known.
