GOVERNOR STONE OF PENNSYLVANIA TAKES RADICAL ACTION TO PROTECT ALL MEN WHO DESIRE TO WORK IN THE COLLIERIES—ONE SOLDIER IS PROVIDED FOR EACH TWO MEN AT WORK.

Harrisburg, Pa., Oct. 7.—Governor Stone late last night ordered the entire division of the national guard of Pennsylvania to be put in the anthracite coal fields. The order calling out the guard is as follows:

Headquarters National Guard, Adjutant General's Office, Harrisburg, Pa., Oct. 6.—In certain portions of the counties of Luzerne, Schuylkill, Carbon, Lackawanna, Susquehanna, Berks and Columbia counties and riots frequently occur and mob law reigns. Men who desire to work have been beaten and driven away from their families' homes. Railroad trains have been delayed, stores and the tracks torn up. The civil authorities are unable to maintain order and have called upon the governor and commander-in-chief of the national guard for troops. The situation grows more serious each day. The territory involved is so extensive that the troops now on duty are insufficient to prevent all disorder. The present call of the entire division of the national guard of Pennsylvania is necessary in these counties to maintain the public peace.

The major general commanding will place the entire division on duty, distributing them in such localities as will render them most effective for preserving the public peace. As tumults, riots, mobs and disorder usually occur when men attempt to do their duty, the major general will see that all the men who desire to work and their families, have ample military protection. He will protect all their property from unlawful interference, and will arrest all persons engaging in acts of violence and intimidation and hold them under guard until they are released from the public peace. Also that threats, intimidations, assaults and all acts of violence, and the carrying of arms, shall be prohibited. This order will be observed on all occasions and throughout the several counties, and no interference will be permitted with officers and men in the discharge of their duties under this order. The dignity and authority of the law must be maintained, and heretofore all lawlessness within her borders be asserted. By order of William A. Stone, governor and commander-in-chief.

—Thomas J. Stewart, Adjutant General.

The troops now in the field are the Fourth, Eighth, Ninth, Twelfth and Thirteenth regiments of the Third brigade and the Governor's troop, Sheridan troop and Second Philadelphia city troop. The brigades which will be sent to reinforce those now on duty are the First regiment, Second regiment, Third regiment, Sixth regiment, Battery A, First troop Philadelphia cavalry, the Pennsylvania militia regiments, Fifth regiment, Tenth regiment, Fourteenth regiment, Sixteenth regiment, Eighteenth regiment and Battery B, who constitute the Second brigade. It is asserted that thousands of miners who are anxious to work will go back to the mines now that they have been assured of protection.

A citizen of the Hazleton region who is familiar with the output of the mines, in conversation to-night, said that one good month at the mines would result in the death and place in the market of sufficient to meet the immediate demands. With the whole division of the national guard in the field, there will be twenty-three soldiers for each of the mining operations, and a little more than one for every two men at work about the mines.

MR. MITCHELL'S STATEMENT.

He Asks for Law and Order and Calls Meetings for Wednesday.

Wilkesbarre, Pa., Oct. 7.—President Mitchell returned last night from Philadelphia, where he had an important conference with Carroll L. Wright, commissioner of labor, who bore a proposition from President Roosevelt. What its nature was Mr. Mitchell declined to make public, but late last night, before he left for Buffalo to meet a committee of manufacturers, he gave out the following statement:

—Wilkesbarre, Pa., Oct. 6.—To District Secretaries and all Mine Workers in the Anthracite Field.

You have, no doubt, read in the daily papers the proceedings of the conference at the White House last Friday. Myself and our officers proposed an immediate resumption of work if the operators would agree with us to refer the questions at issue in the strike to the decision of the president of the United States and a tribunal made up of him. You have noted the reply of the president of the coal-mining industry, in which they responded to our overtures by denouncing your union, its members and officers in the most vehement and malicious manner possible. They also declared that a large majority of the strikers would return to work if given suitable protection, and they demanded that the president send United States troops to the coal fields.

In order to demonstrate to the people of our country that the statements of the operators are unfounded, and that the mine workers are law-abiding citizens, we have decided to hold in each mining town at 2 o'clock Wednesday afternoon, Oct. 8, a mass meeting to be held in each mining town at 2 o'clock Wednesday afternoon, Oct. 8. We know that the mine workers are not restrained from going to work by fear of bodily injury, and if this is the sentiment prevailing at the meetings, resolutions should be adopted, and that they should be strictly enforced.

Great care should be exercised that those on strike do not permit themselves to be provoked by the coal and iron police by strikers by denouncing, and the services of members of the union be tendered to the local authorities to preserve law and order.

It is the duty of the head of every household to provide against the health-peril peculiar to summer. Prompness in the treatment of these maladies would often prevent serious illness, perhaps death.—MUNYON.
