H. E. HUSKINS, 34 South Sixth St.

Y. W. C. A. WORK AT THE UNIVERSITY

THE RECOGNITION SERVICE FOR A HUNDRED NEW MEMBERS WAS HELD TO-DAY—THE ASSOCIATION WILL ISSUE ITS ANNUAL CALENDAR IN DECEMBER.

The recognition service for the University Y. W. C. A. was held this afternoon in the association rooms and over a hundred members were received. The short but impressive service was followed by a spread. The long tables were arranged through the room and prettily decked with fall flowers and a brief program of toasts added to the pleasure of the afternoon. The affair was from 12 until 2 o'clock in order that the members might attend the football game, for the Y. W. C. A. girls support the college sports, football especially, most loyally.

The Y. W. C. A. is one of the influences for good in the university. Many a freshman has first realized the joys of college through its gatherings for a prominent factor of the association is its social life. On the first Saturday of the college year a reception is given to the new students and the following Saturday the Y. W. C. A. and Y. M. C. A. unite in a joint reception to all of the students at the armory. President and Mrs. Northrop receive the guests, who usually number over 1,000. Then there is a Christmas party with a tree laden with pretty things for the association room, a Valentine of Martha Washington party and any number of other parties which are ordinary days, with the twilight musicales as special treats.

There are two important spreads, the one in the beginning of the year to the members and the other in the middle of the year to the senior girls which is given in May. Last year the senior spread had to be given in the armory as the association room was not large enough. The seniors were present in the Y. W. C. A. building and the armory rang with wit and merriment.

The association will issue a calendar this year, as it has done for the past two years. The design and subject are a carefully prepared program and the members declare the calendar will be the prettiest yet printed. Mrs. J. B. Gillilan, Mrs. James Paige and Miss Hillman form the committee in charge of it and it will be ready in early in the calendar does much toward increasing the revenues of the association. It costs about \$1,100 to maintain the association each year and the sum is raised from dues, subscriptions from alumnae and friends and from the sales of the calendar.

The association was organized only eleven years ago and it is not more than five years that it became necessary to engage a general secretary. During these five years the membership has increased seven fold. Miss Ada Hillman, the general secretary, is a graduate of the university and a member of the Alpha chapter of the Phi Kappa Phi. She is deeply interested in her work and though she lives on the west side she has taken a room at 219 Twelfth street SE, where she is at home Friday and Monday evenings to the girls and on Tuesday and Wednesday to chat of university and personal matters. Monday afternoons Miss Hillman calls on the girls in their homes, and Monday mornings they bring their mending for "a sew and a chat" together in her cosy room.

The association has the following officers, who act with Miss Hillman: President, Miss Celia Wood; vice president, Miss Gertrude Ballar; secretary, Mrs. McKean; medical vice president, Mrs. Mary Longbrake; secretary, Miss Maude Fletcher; treasurer, Mrs. Mmes. Frank H. Cooper, Norman Wilde, Cyrus Northrop, Albert B. White, James Paige, Mattilda J. Wilkin, H. M. Lyon and William Love with the president and treasurer.

The room occupied by the association in the library building is one of the pleasant places on the campus. Furnished in rest-room with a table and chairs, a reading room, and with its pretty pictures and adornments, it furnishes a most attractive nook for a tired student to snatch a few moments' rest or for a social gossip or a quiet study. Many of the furnishings were gifts from friends, and just at present the friends are aiding the members to buy a much needed piano for the room. The work of the association has largely centered in the past year in the larger place will soon be required.

A new feature this year is the series of committee teas. Over one-half the members of the association are on a committee of one kind or another, and the committees range from twenty to thirty in membership. Each in turn has a social on Saturday afternoon in which a spread is a prominent feature and at which the members are responded to with suggestions on the work from the different members. Already the membership, Bible study and finance committees have been entertained. The Bible study group invited all of the students of Bible study to be present at its social, and when the finance committee was entertained Mr. and Mrs. Sidney Phelps were present and spoke of the importance of the finance committee to the association.

Devotional Bible study in the vital life of the association, and courses are prepared and classes held at the students' off hours. The 100 students in the classes are divided into nine groups. Miss Hillman, the secretary teaches two of the groups and members of the association the other seven. Devotional services are held Wednesday noon and Friday after chapel hours in the association rooms, and are conducted by the girls. There is an occasional talk by a member of the faculty or his wife, or a distinguished visitor in the city. One or twice a month a topic is on missions and some missionary is present to give the subject a live interest. Miss Anna Stone and Miss Ingram were recent visitors and told the girls something of China and the work of the Y. M. C. A. Join the girls in Bible study. Two of these classes are held in the boarding-houses, and one of the ladies meets with her young people.

During the year the girls look forward to the summer conference at Lake Geneva, when representatives from the different colleges and associations throughout the country join in a ten-day study and camp. This year the university association made an exhibition of printing, its calendar, notices, invitations and posters, which are planned by the printing committee, of which Miss Ethel Works is chairman, and it was considered the best at the conference. The national secretary of student work sent for it to take east to show the girls of Smith, Wellesley and other colleges what was being done in the west. Another outing that the girls enjoy is the state convention, which will be held early in the month, this time at Northfield.

The work of the association really begins in the summer, when a handbook is sent to each prospective freshman and scores of letters of inquiry are answered. Through registration week new students are made welcome and homes for them are found from the list of boarding places kept at the association rooms. Girls who need work are helped to earn their way through college and women who want assistance in the housework or need some one to stay in the house with the sleeping children in the evening when they want to go out send to the association, and some girl has the opportunity of making a neat fee.

There are over 300 girls belonging to the association, and when each bears in mind the aim of the organization, "to deepen spiritual thought, to vivify the university woman with a semblance of home, to bring her friendship, assistance and sociability by stimulating student fellowship, to give her personal help when necessary, thus developing in her Christ's ideal of culture in womanhood," it follows that the influence of the Y. W. C. A. will reach beyond the campus and even the homes.

ABSORBING PROBLEM

Of the Present Day.

The absorbing problem of to-day is, how to expend one's income so as to attain the best results; that is, get full value for one's money.

It may truthfully be said that this has been, and is always will be, an absorbing problem to those with limited means; but the fact remains that, with the price of living necessities constantly rising, one must husband one's resources more carefully than ever before if he would live within his income. In saying that prices are rising, we except one article which has come to occupy a prominent place in the family medicine chest, and this is the specific for piles or hemorrhoids known as Pyramid Pile Cure; this remedy is still sold by druggists at the old price of fifty cents, and one dollar, and these prices will remain unchanged. Those to whom this preparation has brought relief and a cure after years of suffering do not need to be told of its merits; others are advised that it is the greatest boon ever discovered to all those afflicted with any form of piles, it is in suppository form, is easily supplied, reaches the seat of the complaint and gives immediate relief and a lasting cure.

The reader may have tried salves, ointments and lotions without benefit, and feeling that his money has been wasted, resolve to suffer on rather than experiment farther. The reason for this failure of these treatments is, that they do not reach the seat of the trouble, and hence do not remove the cause, as does Pyramid Pile Cure. A little book describing piles, their causes and cure, is published by the Pyramid Drug Co., Marshall, Mich., and any one may procure a copy by sending name and address to above firm. As this remedy is sold by druggists at the old price of fifty cents, and one dollar, it may interest the reader to know that its sales now exceed those of all other pile remedies combined.

MARRIED AND FORGIVEN

Parental Blessing by Wire Changes Elopers' Plans.

Forgiveness by wire did not satisfy Mrs. Joseph J. Cleveland at St. Paul last night. Mrs. Cleveland is only 17, and she ran away from her home at Oak Park, Ill., last Tuesday, with Mr. Joseph J. Cleveland, aged 16. The maternal pardon was conveyed to the bride yesterday by an unromantic messenger. He did not tremble as he came down the stage, to-wit, the hall of a St. Paul hotel. In the presence of Mrs. Cleveland he did not open wide his arms. His voice broke not, nor did his eyes stream with tears, when he exclaimed: "Say, Miss, you'll have to sign for that!"

The whole scene fell so flat that the disgraced bride announced that "she was going right back home." Besides, "she hadn't seen dear mama for three days!"

There will, however, be sufficient tears, and the most joyous grief, when little Mrs. Cleveland, formerly Miss Grace Carr, arrives to-day at the residence of her father, Robert Carr, at Oak Park.

Monday afternoon Miss Grace, the only daughter of prominent Oak Parkers, broke two pens in prolonged composition within her own room. Soon afterwards she started down town "to do some shopping" and left protruberant from a volume of Bertha Clay's, an olive tinted note explaining that she "could no longer endure her good and loving mama" and that said mama "would never, never hear from Grace again."

And when Miss Carr reached Milwaukee Tuesday evening with her Joseph J.

High Grade Clothing at Moderate Prices.

Great Sale Men's Sample Suits and Overcoats—That stylish new suit your friend is wearing was not made at the custom tailor's as you doubtless thought but was one of the sample suits on sale in our clothing section. Every one is mistaken who hasn't been let into the secret. The maker of these suits and overcoats used them as samples and after they had been shown to the buyers for the leading exclusive clothing houses and their orders were placed they were of no further use so we bought the lot at a little more than a third under regular value.

The suits are in plain blue, plain blacks and mixtures, hand made button holes, merchant tailor shape keeping hair cloth and interlining. The Overcoats are in plain black and oxford gray mixtures with full backs and broad military shoulders. These are \$12 to \$15 Suits and Overcoats. **\$9.75** We offer at, choice.....

(In Our Great Large Basement.)

of Land Commissioner Cleveland of the North-Western road—she telegraphed her distasteful parent, "I am going to stay to-night with the 's', mentioning friends. The next morning Grace and Joseph were wedded, and the bride's first act was to telegraph to Oak Park, "Joe has married me." Yesterday Mr. and Mrs. Cleveland arrived in St. Paul, and Mrs. Cleveland telegraphed a third time: "I'm going west with Joe."

Before the determined woman had one more chance to burn her ships behind her the wire returned its prepaid blessing. "And then I told Mr. Cleveland," related the blonde bride in short skirts, "that we'd have to go back—we couldn't keep dear mama any longer in suspense."

WAITRESSES' UNION

It Threatens to Strike for Better Conditions.

Chicago, Oct. 31.—Waitresses in the downtown restaurants want better conditions and threaten to strike if their demands are refused. They get no tips and say that wages vary from \$8 to \$9 a week for thirteen hours' work are inadequate.

Last night more than 400 of the waitresses met and decided to file their demands to-day, giving their employers until Monday to return an answer.

There are more than 1,200 waitresses in the union. They ask for ten hours a day, the same wage scale, but double pay for all overtime. The girls who hold "dinner places" get \$5.50 a week for a five-hour day. They want \$4.50 a week and a working "day" of three hours.

Are you looking for a home? Watch for the bargains in real estate that will appear in the classified columns of the Saturday night issue.
