**EXTRAVAGANZA AT THE DEWEY.**  
 Next week a pretty and pleasing extravaganza will be put on at the Dewey theater under the title of "Moonlight Madia." The entertainment is in two acts, with a charming story running all through. There is just enough plot, containing a circus queen, to hold together the many songs and dances which make the real attractiveness of the piece. There are musical numbers that route enthusiasm and comedy that convulses with hearty laughter.

**Mother's Girl.**

There exists often a very beautiful companionship between the mother and her daughter. The intimacy is frank, free and sympathetic. But some day the mother feels as if something had chilled this intimacy. The child is silent and sad, and seems to shun her mother instead of seeking her.

This change very often occurs when the young girl is crossing the border line of womanhood. She is morbid, nervous, fearful, as she enters upon this new experience.

The use of Dr. Pierce's Favorite Prescription at such a time will do more than restore the normal balance of mind and body. It will establish the womanly function upon a basis of sound health, as well as improve the appetite, nourish the nerves, and promote the general physical health.

"Two years ago my daughter's health began to fail," writes Mrs. Dan Hall, of Broadhead, Green Co. Wis. "Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout, weighed 170—the picture of good health, until about the age of fourteen; then in six months she was so run down her weight was but 120. I felt I could not give her up, so I bought the only child I had, and I must say, Doctor, that only for your 'Favorite Prescription' my daughter would have been in her grave today. When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she completely recovered. Since then she is as well as can be."

The Common Sense Medical Adviser, 1005 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address, Dr. R. V. Pierce, Buffalo, N. Y.

 Jingo and Riprap Blood Combined in O. B. Clark's Newest Canine Aristocrat.

O. B. Clark of this city has purchased a very finely bred pointer pup, which he expects to cause a sensation in the field trials next fall. The dog is five months old, and was sired by Lad of Jingo, whose sire was the great Champion Jingo and whose dam was Dot's pearl, by Riprap, out of Pearl's Dot.

The dam of Mr. Clark's dog was Margaret, by Young Riprap, out of Topsy Strideway. Thus Mr. Clark's purchase combines the blood of the Jingos and the Ripraps, two of the most famous families of pointers in the country.

Mr. Clark has decided to register his dog as Clark's Jingo.

I saw a shirtwaist once. It was white—not a dull gray white, but snowy white. It was soft where it should be soft and stiff where it should be stiff. It was perfect. I said "Who did it?" She said, "Hilda, our girl." "How long did it take?" "A Jiffy." "Did she do the starching?" "Yes." "Then" said I, "if it was washed in a jiffy to a snowy white and starched in a jiffy, stiff and prim, you had better use BOREAX in the cleansing water and BOREAX in the starch, and your shirtwaist will last nearly forever, and I am proud to recognize you on the street." She said, "Thanks."
