TO SELECT GOOD MEN

Grand Jurors Favored a Citizens' Commission to Indicate Proper City Candidates.

Commercial Club Members Favor the Idea, but the Club Can't Take Initiative.

While they question the advisability of the Commercial Club taking the initiative in any such movement, club members agree with the suggestion made at the recent session of the grand jury...

It was suggested to the last grand jury that it recommend such an organization, naming the Commercial Club as the proper body to take the initiative...

A. C. Paul, president of the Commercial Club, who voices the sentiment of several interviewed, is convinced that while it would be unwise for the club to take any such interest in politics as a body...

Santa's Busy Taking Orders.

Does it occur to you that those who give him their order first are surest to get what they want? Some things he won't be able to get for you at the last moment. So come right away and have the first and best choice.

Oh, dear, what shall I give? Why, bless you heart, that's an easy question when you are once inside our store. Start at the basement if you like. There are toys and games enough for more children than you ever saw. Shut your eyes and pick the first thing you come to. It will please any child.

Then look at the books. A good big part of them are for children, of course. There are the Henty books—fine reading for boys—besides Oliver Optic, Kellogg, "The Rover Boys" series, "The Story of the War with Spain," and books by Grinnell, Warman, Shinn, Forsyth and Hough; and plenty more. Books for girls, too. But the big folks have the best share. No out-of-date, unreadable books here. There's a good enough collection of good novels for any one to see.
