White & Mac Naught, Jewelers.

407 NICOLLET AVENUE.

VENEER.

Factory shoes formerly lacked finish. Now they lack almost everything but finish. Fit, and wear, are matters of expensive materials, and of well paid skill in the making.

Regal shoes are made from Regal tanned leathers, and are sold only to wearers, direct by the Makers, through 45 Regal stores.

This fact would, if necessary, take the place of a conscience, because it makes the Manufacturer directly responsible to the Consumer for Wear and Comfort.

The "Window of the Sole" on each shoe proves before purchase that every Regal sole is a genuine Oak sole

Eight widths and 18 half sizes—making 144 fittings in each style. Mail Orders promptly filled.

SPORTS

MAKES 18 STRIKES

Ward Warren's Performance at Deschler Bowling Alleys Yesterday Is a Sensation.

Rolls 254 in One Game and 298 in Second, Tying Northwestern Record.

There will probably be a scramble among the Minneapolis League bowling clubs for the services of Ward Warren, if that young man continues to show such form as he has displayed during the last fortnight. Scores of 200 to 250 have been the regular thing with him, but yesterday he made a really sensational record. These were the features of his performance at the Deschler alleys.

A score of 254 in his first game. A score of 298 in his second game. Eighteen consecutive strikes in the two games.

Warren's score of 298 ties the northwestern record, made recently by Apoll of the Tuxedo club. His record of eighteen consecutive strikes establishes a new northwestern record.

Warren rolled in good form during the first five innings of his first game yesterday, but beginning with the sixth frame he "went crazy," and struck out the game with seven perfect balls.

Strikes after strike followed in the second game, until when the eleventh frame went down. It appeared a cinch that he would make a perfect score. His hand slipped on the twelfth frame, however, and he left two pins standing, but finished with the most sensational performance seen on a Minneapolis alley since the history of bowling began.

Three Milwaukee teams, one from La Crosse and one from Oshkosh, comprising about thirty-five of Wisconsin's best bowlers will represent that state in the championship tournament of the American Bowling Congress at Indianapolis in February. The Milwaukee bowlers will make a strong bid for the 1904 tournament of the A. B. C.

President Moll of the state association says that at least twenty Wisconsin cities will be represented in the state championship at Milwaukee the week of February 16. Favorable reports have been received from La Crosse, Madison, Oshkosh, Appleton, Green Bay, Viruqua, Beloit, Rhineland, Eau Claire, Janesville, Waukegan, Columbus, Portage, Sheboygan, Racine, Kenosha, Sparta and Tomah. The pony state tournament will be bowled at the Calumet club in Milwaukee the week of January 12.

BASEBALL

A rumor reached Milwaukee this morning that George Tebeau had gone to Detroit to try and arrange for the American Association entering that city, the Paul Bunyan team transferred. Magistrate Havenor of Milwaukee would neither affirm nor deny the report.

John T. Brush, president of the New York club, was not visibly surprised when he saw A. H. Soden's suggestion, that the National and American Leagues be consolidated into one twelve-league organization, with Ban Johnson as president.

"I have always favored a twelve-club league," said he, "and I regard it as a matter of course which baseball can be conducted without loss to its promoters or discord. I am heartily in favor of the consolidation of interests in those cities where two clubs are now located, and the formation of one national league of twelve clubs."

"What of the proposal to elect Ban Johnson president of the twelve-club league?" was asked of Brush.

"If there is a combination of the present, conflicting interests and those interests desired Ban Johnson for president, I certainly would not oppose his election."

IN THE PRIZE RING

While all the arrangements are progressing for the McGovern-Coburn fight in Detroit, it is said that Governor Bliss is preparing to take a hand and will at the last moment try to squelch the fight.

HOCKEY

The South Side high school hockey club has organized for the season with Sweeney Bay as manager and Justin Cooper captain. Among the candidates for positions on the team are Cooper, Bang, Ostrand, Hughes, Johnson, Myrick and Green.

DR. WILLIAMS AGAIN

Board of Control Votes to Re-engage Athletic Director at Increase of Salary.

No Opposition Appears—Manager Luby Also Re-elected—Football and Baseball M's Awarded.

Dr. Henry L. Williams will continue as football coach at the University of Minnesota under the same salary, unless he himself severs his connection with the varsity.

As predicted in yesterday's Journal, the board of athletic control yesterday afternoon decided to retain Dr. Williams. A committee was appointed to draw up a contract at a salary of \$3,000 a year, an increase of \$500 over Dr. Williams' present salary. The contract will not terminate at the end of any fixed period, but at the discretion of the board or Dr. Williams himself.

The rumored opposition to the reappointment of Dr. Williams was not in evidence, and the vote to retain the coach was unanimous. Members of the board said after the meeting that no other man had been considered. According to the new contract, however, the coach will have no part in the business management of college athletics.

M. J. Luby was re-elected graduate manager of athletics. His present contract expires Feb. 1 and a new one will be drawn before that time.

The board granted the petition of the University Hockey association not to oppose the flooding of Northrop field this winter. The only thing necessary now is a decision as to whether the field is the consent of the regents. The board of regents does not meet again before April, but the individual consent of the members will be secured if possible, and a rink built and located.

The board granted "M's" as follows: For Baseball—Shea, Rogers, Jordan, Varco, Leach and Cameron. For Football—The members of the first team—Gray, Van der Valkenburg, Knowlton, Israfiloff, Bachard, Smith, Harris, Warren, Ljggett, Strathern, Flynn, Thorpe, Davies, Rogers, Downing and Bodeman.

The election of members for the board of control will occur Jan. 31. Smith and Reed are the only members of the present board who will hold over.

SCOTCH CURLERS COMING

Royal Caledonian Spielers Will Visit St. Paul and Duluth During the Winter.

The Royal Caledonian curlers will arrive at New York the second week in February. Six rinks, numbering twenty-four men, left Liverpool yesterday. They will sail for Halifax, play there, and then go to Montreal, Quebec, Sherbrooke, Ottawa and Toronto. They will also visit St. Paul, Duluth, Milwaukee and Chicago, and then return to New York. Their stay in America is limited to six weeks.

This curling foray is unique in the history of the sport. There have been international matches before but never any between the eastern and western hemisphere. The Scottish rinks will be made up of curlers picked from clubs all over Scotland. They will be somewhat handicapped in that they are not allowed to play in the covered rinks, especially in the winter part of the country. In Scotland all games are in the open.

In New York the games will take place on Cortlandt lake, Westchester county, or in the covered rink in Hoboken. Great preparations are being made to give the bonnie Scots a warm welcome.

YACHTING

The London Yachting Yacht prints the following interview with Sir Thomas Lipton regarding his new challenge for the America's cup.

"I am confident that we have at last got the boat we have been aiming at. Everybody who has been watching the looker-on, but very much more dangerous to the players; and in proportion as sheer strength has been made the basis of play, the players have been taught to do very brutal things. Indeed, I am afraid that in some instances they were instructed to do brutal things, so as to put their opponents out of the game."

"I look upon all this merely as a phase, though a very demoralizing phase, in the development of the game. I believe that by the pressure of opinion and authority a change of rules and change of spirit can be brought about, and I believe that this conservative method of amelioration will be much better than any drastic regulation, abolishing a sport which, with proper control, leads to very admirable results in the training of the men who engage in it."

HANDBALL

Fast play marked yesterday's games in the handball tournament at Dr. Cook's institute. Points and rebounds were made in their match, the score in each contest being 11 to 2. The match will be finished to-day.

Klein and Eshbar and Decker and Decker were the former winning 11-5. This match will also be finished to-day. A scratch man, took the long end of the series with Decker, 11-5. Chute beat Maul by 11-10, 11-9, and Williams beat Decker by 11-2, 11-7.

The feature of this afternoon's play will be the series between Sport Leary and Wallace. Leary has a handicap of one point. Both are excellent players and a close match is expected.

CURLING

The crack Dunbar and Lorimer curling rinks of St. Paul engaged yesterday at the Flour City club house last evening. Harry Dunbar defeated Lorimer by a score of 14 to 10. The ice was sticky, but the playing above the average.

St. Paul—McLeod, McCarty, Danell, skip—14. Minneapolis—Lorimer, Greenleaf, skip—10. Minneapolis—Punkey, Riheladter, skip—5. Minneapolis—Lorimer, skip—13.

"PROS" TO PLAY FOOTBALL

Series of Games Will Take Place in New York—Varsity Stars in Lineup.

Professional football in Madison Square Garden, New York, will be played on the evenings of Dec. 29 and 30 and Jan. 2. The Syracuse team has been especially organized, contains some of the best ex-college football players in the country, and an effort will be made to attract Harold Weeks, the famous Columbia halfback, to become a member.

The New Yorks will meet the crack Syracuse eleven on the opening night. The Syracuse team has been especially organized, contains some of the best ex-college football players in the country, and an effort will be made to attract Harold Weeks, the famous Columbia halfback, to become a member.

The floor of the garden will be covered with soft loam, which will be rolled hard, and the regulation gridiron will be laid out. The goal posts will be directly in front of the two main entrances, while the side lines will be within a few feet of the arena boxes. In order to give the players plenty of room on the field, the floor is to be covered with the floor. The Orange A. C. and two other teams will take part in the tournament.

Jeremiah Quinn, member of the Milwaukee board of education, scholar and philosopher, has taken up the cudgel against the game of football, and believes he may be able to convince the board that the sport should be forbidden in the public schools.

School Director Wooden, who is defending the game with the A. C. U., that its annual meeting shall occur in October each year. It is also proposed that this association shall meet in the city of New York, and that it shall hold the annual speed and figure skating championships, and with the main object "the encouragement, advancement and improvement of skating and kindred sports among amateurs."

The number of candidates for the team of three representatives which is to be sent abroad by the Automobile club of America to compete for the International cup next year was increased to five yesterday by an application from Percy Owen of New York.

Those who have now filed applications and posted the necessary \$600 forfeit money are: Alexander Wilton, Cleveland; H. S. Harkness, New York; L. J. Moore, Cleveland; C. W. Matheson, Grand Rapids, and Percy Owen, New York.

The champion hackney stallion, Britbhorpe Playmate, which won the first prize in the Madison Square horse show this fall, has been bought by Henry Wick, formerly president of the National Steel company, from Robert Keith of Manchester, Ont. The price is said to have been about \$10,000.

SUGAR FACTORY IN IDAHO

Plans Consummated for One at Blackfoot. Special to The Journal.

Blackfoot, Idaho, Dec. 19.—Soren Hanson, a beet sugar factory promoter of Utah has made final arrangements for the erection of a large sugar factory near this city. Five thousand acres have been contracted for the culture of beets and one of the finest plants in the United States will be constructed. Leases will be taken on lands in the Snake river valley and beet raising will be conducted on an gigantic scale.

Agents will be sent into Utah, Oregon, Washington, Montana, Nebraska and other beet growing states to solicit all the beets obtainable for the new plant. Work on the factory will be commenced at once; bids are being asked for the furnishing of the necessary material.

MISCELLANEOUS SPORTS

Thirteen game cocks are to take part in the biggest cocking main that has been pulled off in the middle west in several years. The rights will take place in Chicago between Christmas and New Year's between Wisconsin and Michigan birds. The main is to be for \$2,500 a side and \$100 on the result of each separate fight, which will there are to be about twenty. Dudley Pierce of Appleton, one of the best known fowling clubs in the middle west, is the owner of some of the best cocks that ever did battle, has entered four or five of his best gamesters, and he will be on the spot ready to back his birds against all comers.

The Century Road Club of America has elected the following officers for the ensuing year: President, H. A. Ludlum, New York; first vice president, Dr. C. D. Peck, Sandusky, Ohio; second vice president, J. M. Miller, Chicago, Ill.; secretary, C. E. Nylander, New York; treasurer, R. C. Williams.

The vote was taken by mail and the above ticket was the only one nominated until the New York division demanded an individual ballot. The ticket went through overwhelmingly.

It is announced on behalf of the Amateur Skating Association of the United States that a meeting will be held on Jan. 16 at the skating club of Brooklyn to ratify a constitution and by-laws adopted by the organization, a copy of which has been mailed to every athletic club in the locality.

It is also proposed that this association shall meet in the city of New York, and that it shall hold the annual speed and figure skating championships, and with the main object "the encouragement, advancement and improvement of skating and kindred sports among amateurs."

The number of candidates for the team of three representatives which is to be sent abroad by the Automobile club of America to compete for the International cup next year was increased to five yesterday by an application from Percy Owen of New York.
