Some of the residents in the vicinity object to the vacation and Alderman Merrill has expressed his cause. Brother-in-Law of R. R. and A. T. Rand Expires in Italy.

FOR CHRISTMAS SHOPPING
Council Will See That City Employees Get Money.
The council will meet this evening to pass the pay rolls so that the various city employes can have some money to spend for Christmas. There is no other reason for the meeting as the regular session is due next Friday, only a week away.
It is expected that to-night's meeting will not last as long as the one of Dec. ago, which consumed just thirty-two minutes of valuable time. The passing of the pay roll and budget with the reading and reference of a few routine petitions, will complete the program.
The last meeting of the present council for the transaction of business will be held next Friday evening and one of the last acts of the council will be to open bids for printing the annual reports of the city officials.

JOHNSON'S STILL HUNT
Current of Sentiment Is Getting Away From Babcock.
Lawrence H. Johnson's campaign for speaker of the Minnesota house is approaching the time for caucus in splendid shape. The organization perfected last week is looking after every district, and although little noise is made, the still hunt campaign is making steady gains. Dr. The full import of Governor Van Sant's interview is now understood and it has started a current of sentiment against Babcock which the anti-administration forces have not been able to check.
The latest accession is a member from the first district who has been claimed by the Babcock forces, but who has notified the doctor that he will support Johnson.

'TURKS' ARE 'WAY UP

They Are Now Being Quoted at 17 Cents the Pound, Wholesale.

A Cold, Wet Spring Responsible for the Scarcity of the Birds.
Turkeys are quoted at \$340 a ton this morning. And are almost as scarce as the commodity handled by the coal trust. Early reports were to the effect that plenty of the national bird were in the country, but current receipts hardly carry out that view of the situation.
Minneapolis has a large number of firms who annually present each their employees with a 10-pounder, but they have been unable to make contracts this year. The number passed out gratuitously will fall far below that of 1901 years. Certainly the employe who receives a plump bird this year can feel reasonably sure of a fair stand-in with the powers above him.
The family man with from eight to a dozen children who will demand turkey meat according to ancient and modern usage will find it a little more difficult to secure an ample sized turkey. Commission men say that the wet, cold spring is responsible for the light crop, as the young birds are very sensitive to the cold, and a heavy dew being sufficient to drive a turkey under four weeks old into a decline that results fatally.

REQUISITION WAS HANDY
The Officer Didn't Make an Arrest, but Collected Bill.
Governor Van Sant has decided to investigate a case of alleged abuse of authority on the part of Chief of Police Henry M. Barnes, who was sent to Washington on Dec. 3, armed with requisition papers for the return of William F. Spaulding and his wife, "wanted" in Michigan. The officer, who had collected false pretences, but who returned a few days ago without his prisoners.
The Spauldings, it is alleged, sold a tract of land in Blue Earth county to which they had no title, for \$7,000, and then went west. It is said, too, that the chief of police located them, but "compromised" the case. Spaulding paying him \$640 in Michigan. Both the chief of police and the attorney who represents the purchaser, deny that Bowen was authorized to make any settlement. When he returned the chief explained that he had not brought back his prisoners because Mrs. Spaulding was seriously ill.

KICK ON COAL RATES
Litchfield Men Ask Railroad Commission for Relief.
Litchfield claims that the coal rates from the twin cities and Duluth are exorbitant. A delegation of merchants from the Meker county metropolis appeared before the railroad and warehouse commission and made a formal complaint, looking to official inquiry. The commission will investigate.
As a sample injustice the delegation cited the rate on coal from Superior, Minn., to Litchfield. The total rate is \$1.82 a ton. Of this \$1.50 is applied for the 75 mile haul over the Great Northern, from Minnesota Transfer to Litchfield. The charge for the other 400 miles is \$1.13.

MAYOR'S 'FREAK LETTERS

One Anonymous Correspondent Complains of a "Holey Fright" Who's a "Wild Cat."

A goodly percentage of the mayor's mail consists of crank and freak letters. Most of these are simply annoying. A few are amusing. The latest letter which Acting Mayor D. P. Jones has had to laugh over was from a correspondent who prefers female anonymity. It appears to be from a woman and seeks, among other things, to apprise his honor of the fact that a neighbor was not just what she ought to be. It is in no wise exaggerated. "Minneapolis—Mr. Jones
"Dear Sir—I am going to tell you about a neighbor who is a real wild cat. She is and shall be a wild cat. She abuses every one who goes there to Room her Name is and she has got another Woman Who lives there by the Name of Mrs. Mother. Is Irish and Scotch and some of them are regular wild cats. A Fresh Dude very Fresh indeed. Most of those Dudes Who lives in Hotels and Dude Women are Pretty mean without any Principle What Ever.
"I very truly yours I live next door to her."

MOTHER RECOVERS CHILDREN
Takes Five Little Ones From Home of Divorced Husband.
Mrs. Christine Hoffer, the divorced wife of Martin Hoffer, came from Turtle Lake, Wis., to Crystal Lake, near Robbinsdale, Hennepin county, and took her five children from the home of their father. She was overtaken near the Milwaukee depot in this city as she was on her way to meet the train to return to Turtle Lake and had her children with her. They were taken to the Central police station, where they spent the night.
It appears that Mr. and Mrs. Hoffer were divorced last September and the wife was given custody of the five children. They were to be placed in an institution for dependent children, and that he failed to comply with the order. Mr. Hoffer decided to secure possession of the children and went to Crystal Lake yesterday, and, waiting until Hoffer had started for Minneapolis with his wife, she stole into the house and getting the children returned to the city. As she was on her way to the depot last night Hoffer overtook her and demanded the children. She refused to give them up. Officer George Dahl took her and the children to the police station to await the decision of the courts in the matter.
