

THE LOST CAUSE

Thirteenth Annual Banquet of the Confederate Veteran Camp of New York.

Eulogies of President Lincoln, Gen. Robert E. Lee and Jefferson Davis.

New York, Jan. 27.—The thirteenth annual banquet of the Confederate Veteran camp of New York, held last night at the Waldorf-Astoria, was made memorable by eloquent eulogies of the great figures of the south and the north during the civil war, declared by men who themselves had fought in the armies opposing them.

General Robert E. Lee.

Charles Francis Adams, in responding to the toast on General Robert E. Lee, said: As an American, as an ex-soldier of the Union, as one who did his best in honest, even fight to destroy that fragment of the army of the confederacy to which he found himself opposed, I rejoice that no such hatred attaches to the name of Lee as that of Molay to the confederate. Reckless of life to attain the legitimate ends of war, he sought to mitigate its horrors. Opposed to him at Gettysburg, I have, forty years later, do him justice. No more creditable order ever issued from a commanding general than that formulated and largely by Robert E. Lee, as, at the close of June, 1863, he advanced on a war of invasion. No greater disgrace he then declared, "we will build the army and through it our whole people, than the perpetration of barbarous outrages upon the innocent and defenseless. Such proceedings not only disgrace the perpetrators and all connected with them, but are subversive of the ends of our movement. It must be remembered that we make war only on armed men."

Abraham Lincoln.

In response to the toast "To the Memory of Abraham Lincoln," Henry Watterston spoke in substance as follows: Jefferson Davis, from whom there never lived, in this or in any land, a nobler gentleman or knightly soldier—Jefferson Davis, who, whatever may be thought of his opinions and actions, said always what he meant and through it what he said—Jefferson Davis declared that next after the surrender of Appomattox, the murder of Abraham Lincoln made the darkest day in the calendar for the south and the people of the south. Why? Because Mr. Davis had come to a knowledge of the magnanimity of Mr. Lincoln's heart and the generosity of his intentions. If Lincoln had lived there would have been no era of reconstruction, with its restrictive and oppressive legislation. If Lincoln had lived there would have been no attempt to spur the steeds of vengeance. For Lincoln entertained, with respect to the rehabilitation of the Union, the single wish that the southern states—to use his homely phraseology—"should come back home and behave themselves," and, if he had lived he would have made this wish effectual, as he made everything effectual to which he seriously addressed himself. His was the genius of common sense.

When those are gone that fought the battle, and posterity comes to strike the final balance sheet, it will be shown that the makers of the constitution left the relation of the states to the federal government and of the federal government to the states open to a double construction. It will be told how the mistaken notion that slave labor was requisite to the profitable cultivation of sugar, rice and cotton raised a par-

Hon. J. C. Petersen, Low With Bright's Disease

DOCTORS TESTED HIS URINE AND PRONOUNCED IT BRIGHT'S DISEASE, BUT COULD NOT HELP HIM. WARNER'S SAFE CURE Completely Cured Him After Everything Else Had Failed.

Hon. J. C. Petersen.

gentleman I always enjoyed good health until five years ago when I began to notice repeated backache, which kept increasing. I had sharp stitches and my back felt lame and sore. I had my urine examined, the doctor found it highly colored, with considerable brick-dust, and pronounced it Bright's disease. I had little faith in his prescriptions and soon changed, taking some greatly advertised Kidney Cures but with unsatisfactory results until I used Warner's Safe Cure. Within ten days I felt greatly relieved, the pain gradually decreased and soon disappeared, the urine assumed a natural, healthy color, and within four months my health was fully and completely restored.

I have now enjoyed good health for over four years and endorse Warner's Safe Cure as the one infallible remedy for kidney trouble.

Write your name, Hon. J. C. Petersen, 722 Plymouth Avenue, Minneapolis, Minn.

"SAFE CURE" CURES BACKACHE.

If you have pains in the back, rheumatism, uric acid poison, rheumatic gout, diabetes, Bright's disease, inflammation of the bladder and urinary organs; scalding pains when you urinate, eczema, jaundice, swellings or torpid liver; a woman, bearing-down sensation, fainting spells, so-called female weakness, painful periods; these symptoms tell you that your kidneys have been diseased for a long time, for kidney diseases seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time—get a 50c bottle of Safe Cure at your druggists. It will relieve you at once and effect a permanent cure. It kills all disease germs.

Doctors prescribe and hospitals use "Safe Cure" exclusively in all cases of kidney or bladder trouble.

IF IN DOUBT MAKE THIS TEST: Let some morning urine stand for twenty-four hours in a glass or bottle. If then it is milky or cloudy or contains a reddish, brick dust sediment, or if particles or germs float in it, your kidneys are diseased.

ANALYSIS FREE.

If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease.

All letters from women, read and answered by a woman doctor. All correspondence in strictest confidence.

Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not congest, it is a most valuable and effective tonic; it is a stimulant to digestion and awakens the torpid liver. It repairs the tissues, soothes inflammation and irritation, stimulates the enfeebled organs and heals at the same time. It builds up the body, gives it strength and restores energy. You can buy Safe Cure at any drug store or direct, 70 Centa and \$1 a bottle.

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure.

WARNER'S SAFE FILLS move the bowels gently and aid a speedy cure.

THE HOMER BIRD STORY

A Series of Crimes That Will Now Cause His Execution in Alaska.

Washington, Jan. 27.—President Roosevelt had barely declared to the press the case of Homer Bird, who is under sentence of death in Alaska. The case of Homer Bird reads like a novel. Six years ago he was a well-to-do business man in New Orleans, with his beautiful and talented wife, several children and a happy home. Then he met the other woman, Naomi Strong. In 1897 Bird organized an expedition to Alaska, taking the woman with him, and also three men—Hurlin, Patterson and Sheffer. When the party had reached a point near the Slaughter house on the Yukon, Bird seized Naomi Strong, and she was the woman managed to escape and reported the facts. Bird was arrested, and at the trial the Strong woman testified against the man she had aided in running and, as a result of her testimony, Bird was convicted of murder and sentenced to be hanged. Then his wife, who had been basely deserted, took up her efforts to save his life. She came to Washington and all the authorities agreed that she who could do anything for her husband. An appeal was pending in the courts, however, and President McKinley would not act until the appeal had been disposed of.

The supreme court granted Bird a new trial. He was again put on trial and was once more convicted. Again there was an appeal on a writ of error, and a third trial was granted by the supreme court. Bird was convicted for the third time convicted of murder, and is now under sentence to suffer the death penalty March 12. He is in prison at Sitka.

A THREE-FOURTHS VOTE What the Mine Workers Will Require for a Strike.

Indianapolis, Jan. 27.—The United Mine Workers of America have decided that it would be impolitic at this time to take steps to raise a national defense fund by the national treasury. The convention received a report from its special committee appointed to draft an expression on "government by injunction." The committee reported that, while many judges hear and determine causes conscientiously, there are those who do not hesitate to stretch or even break the law to promote the interests of local citizens; that if a judge has the right to restrain one man, he has a right to restrain a million; and the power that can break the constitution to crush the employes of coal mines in one night, can destroy the lives of the people whenever it suits the purpose of that power to do so.

A change was made in the constitution by which it will require a three-fourths vote of the membership of the organization hereafter to order a strike. Heretofore two-fifths of the members could order a strike.

BESSYE IS SORRY The Girl Who Eloped With an Actor Wants a Divorce.

Chicago, Jan. 27.—Mrs. Bessye Toome Willard, who eloped a month ago with Joe F. Willard, known on the Chicago stage as a vaudeville comedian, spent last evening in consultation with her attorney, preparatory to suing for a divorce. She charges that her husband secured, by false pretenses, her consent to a wedding. Mrs. Willard is the daughter of Robert B. Toome, auditor of the Texas division of the Union Pacific railroad, and a niece of W. H. Newman, president of the New York Central Railroad. Until a month ago she lived in Marshall, Texas, in a home of luxury. Three months ago Willard went to Marshall with a company and played a short engagement. The two met, through a mutual friend, and Willard paid marked attention to Miss Toome. He pictured stage life as one continuous round of pleasure. It is said, and urged her to marry him, promising to make an actress of her. He told her, she says, that she was the only girl he had ever cared for, although she learned a few days after the marriage that he had been married and divorced from Miss Belle Alken of Menominee, Mich. This is one of Mrs. Willard's grounds for divorce. She is an Episcopalian, and the creed of her church forbids the marriage of divorced persons.

"BLOOD ATONEMENT" A Witness in the Wm. Hooper Young Case Threatened.

New York, Jan. 27.—One of the witnesses in the case of William Hooper Young, accused of murdering Mrs. Annie Fultzler, has called at the district attorney's office in reference to an anonymous letter he said he had received through the mails threatening him. The man was ushered into the office of Assistant District Attorney Clark, with whom he was closeted for some time. When he left the building he refused to tell his name or to give the contents of the letter. Mr. Clark also refused to divulge the witness' name, nor would he let a copy of the letter be given out. It is said that the letter threatens the witness with death if he testified at the trial. It was said to have contained excerpts from the "blood atonement" doctrine of the Mormon church. The witness was much excited over the affair and appeared to be in fear of bodily harm. As the letter has not been given out for publication, it is supposed that the district attorney's office has taken it seriously.
