W. E. Hale Tries to Reopen "Guaranty Loan Case.

W. E. Hale of Minneapelis to day filed in the United States supreme court a petition for the rengument in the case of Hale against Allison, involving he liability of non-resident stockholders in a falled corporation for an assessment levied according to state law. Mr. Hale is receiver for the stockholders of the Northwestern Guaranty Loan company, and is trying to collect assessments against Allison and others, who live in the east. The Pennsylvania courts, from which the present case came, denied his right to collect, and the supreme court sustained that decision a short ime ago. Mr. Hale contends that the court failed to interpret correctly a decision of he Minnesota courts on the same question, and asks for a reargument in order that he may show this.

Cohen Is Promptly Arraigned on He Signs a Written Promise to Steer Another Indictment Charging Compounding a Felony.

After being out forty-one hours, the jury failed to agree in the case against Joe Cohen, the Ames collector, and the jurors were discharged this morning.

Cohen was promptly arraigned before Judge Elliott on a new indictment similar to the old ones. It alleges the com-pounding of a crime by accepting \$15 from Marie Meyers in return for which police protection was to be extended to the woman's resort. The Meyers woman, Christopher Norbeck and Otto Wirtenson, were the witnesses named.

A plea of not guilty was entered and the trial was set for Feb. 18, at which time the case just completed is also booked

judgment against the directors of the association for \$161,309.54. That amount, it is declared, has been fraudulently diverted to their own use by the directors. The case grows out of the Tontine Sav-ings association scandal which was aired before Judge Elliott some time ago. George
Starving Swedes and Finns Exhaust-Flannery, as receiver for the defunct com-pany, is the plaintiff, and Sanford W. De-vore, Edward D. Ziesel, Norman A. prong, R. A. Sweet, Henry Moyer, Chester P. Crow and Eugene O. Edson, as di-

ectors, were named as defendants. The Tontine Savings association was, about a year ago, declared to be operat-ing fraudulently, its charter was revoked and Mr. Flannery appointed receiver. Upon looking into its affairs, Mr. Flannery found facts leading him to bring suit recover the amount mentioned, which it was alleged had been fraudulently diverted from the redemption fund to an expense fund for the private benefit of the officers and directors, who held practically all the capital stock.

Judge Elliott finds that the contention of plaintiff is true; that said money was wrongfully diverted and "that the plaintiff, as receiver of the Tontine Savings association, is entitled to have and re-cover from the defendants, Sanford W. Devore, Norman A. Sprong and Edward. D. Zlesel, and each of them, \$161,309.54, and from the defendant Henry W. Moyer, the sum of \$135,000, and from the defendant Eugene O. Fergus Falls had been in three contests before this winter, winning them all unanimously, while Perham, through deunanimously, while Perham, through defaults of those who should have contested with it, came in to the contest with less experience. In this contest Perham had the choice of location or of sides, and, preferring to debate at home, allowed Fergus Falls to have the choice of sides. Although Fergus in its debate with Crockston took the negative and with Crookston took the negative, and with Crookston took the negative, and showed that it would not be best to elect senators by a direct vote of the people, in the debate with Perham it took the affirmative and clearly demonstrated to the judges by a preponderance of argument that senators ought to be elected by a direct vote.

Action on Bonds.

The bill legalizing the issue of \$200,000 of school bonds in Minneapolis, which passed the senate Jan. 29, was indorsed by the house yestorday. All that it now needs to become effective is the signature of the governor.

A special meeting of the board of education will be held early next week, at which a resolution will be presented requesting the council to advertise for bids for the bonds. The board is in urgent need of the funds and it is thought advisable to get the bonds on the market at the earliest possible date. The law requires that the city shall advertise for bids for three weeks before the sale is made.

The premium realized on the last \$200,000 school bond sale was \$14.000. Members of the board believe that not less than \$15.000 premium will be offered this time.

As most of the \$200,000 wil be needed for the immediate construction of additions in overcrowded districts and for the construction of at least one new building in the Laurel avenue district; the board will probably ask the board of tax levy for a large enough appropriation next fall to permit of the erection of at least two new buildings.

appropriation bill were nonconcurred in and the bill was sent to conference. General debate on the anti-trust bill having closed yesterday, the bill was read for amendment under the five-minute Mr. Littlefield, in charge, offered an amendment to section 1 which was adopted, providing that suits for failure

to make returns under the bill could be brought wherever the defaulting corporation "has a place of business."

Mr. De Armond, (Mo.), offered the minority amendment providing that all corporations with a capital of \$100,000 or more, doing an interstate business "now or hereafter" organized, should make an-

nual returns.

The bill, he explained, required returns only from corporations "hereafter organ-ized," except where called for by the interstate commerce commission. He thought all corporations should be placed on an equal footing.

Mr. Overstreet, (rep., Ind.), speaking

for the majority, said that it desired to

"steer a middle course." The bill would compel future corporations to file returns, but lodged with the commission the dis cretion to call for reports from existing corporations.
