

Kidney Disease Causes One-third of All Deaths

Statisticians Tell Us That One-third of All Deaths Are Due to Uremic Poison, One-third to Oedema of the Lungs, and the Balance Principally to Pneumonia, Bronchitis and Heart Failure, but the Real Disease Which Creates Practically All Havoc and Causes Nearly All the Deaths is Bright's Disease. Consumption, Pneumonia, Typhoid Fever, Appendicitis and Heart Failure Are Physical and Organic Troubles, Justly and Rightly to be Dreaded, but the Annual Mortality of All These Together Does Not Equal That of Kidney Disease.

WARNER'S SAFE CURE CURES ALL KIDNEY TROUBLES

Thousands of Men and Women Have Kidney Disease and Do Not Know It.

Honorable James Howard, Financial Secretary Royal Templars, State of Illinois, Who Was Given Up by Doctors as Incurable, Was Completely Cured of Diabetes by "Safe Cure."

HON. JAMES HOWARD.

Dear Sir: I suffered greatly for seven years with diabetes, was unable to attend to my business or enjoy life, and felt that I had one foot in the grave. I had spent my money with doctors and given up hope, when my attention was called to Warner's Safe Diabetes Cure. I did not fail in anything, but on the urgent request of my wife I bought a bottle and began to take it. I was surprised to find that about two days after I felt much better and my general health seemed to improve. The diaphanous which I had been troubled with disappeared quickly, and in three months and a half I was restored to perfect health. I would have been in my grave to-day had it not been for Warner's Safe Cure, and I am certainly very grateful. Yours most respectfully, (Signed), JAMES HOWARD, 222 South Evera St., Chicago, Ill.

Hon. J. C. Petersen, Low with Bright's Disease.

Doctors tested his Urine and Pronounced It Bright's Disease, but could not Help Him. WARNER'S SAFE CURE completely cured him after everything else had failed. Gentlemen: I always enjoyed good health until five years ago, when I began to notice certain kidney troubles, which kept increasing. I had sharp stitches and my back felt lame and sore. I had my urine examined; the doctor found it highly colored, with considerable brick dust, and pronounced it Bright's disease. I had little faith in his prescriptions, and soon changed, taking some greatly advertised kidney cures, but these would be less bad after-effects, as quinine does not remove the disease germs from the system like Warner's Safe Cure. I have now enjoyed good health for over four years and endorse Warner's Safe Cure as the one infallible remedy for kidney disease. Hon. J. C. PETERSEN, 722 Plymouth Avenue, Minneapolis, Minn.

Test Your Kidneys.

Let some morning urine stand for twenty-four hours in a glass or bottle. If then it is milky or cloudy, or contains a reddish, brick dust sediment, or if particles or germs float about in it, your kidneys are diseased.

ANALYSIS FREE.

If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease.

All letters from women read and answered by a woman doctor. All correspondence in strictest confidence.

Doctors Gave Him Up.

Dear Sir: I feel it your duty to thank you. Eighteen years ago I was given up by doctors from kidney complaint, and for two years was very low. The doctors had given me up unless I went through an operation. At that time I heard of Warner's Safe Cure and immediately stopped all doctors and commenced using your remedy. For the last fifteen years have enjoyed perfect health. I advise it to all sick people I come in contact with, and with a great many it has effected a cure. Very respectfully, JOHN W. FELTZER, Deshman, Ind., Dec. 14, 1902.

Perfectly Cured.

CHATTANOOGA, TENN.—I have used Warner's Safe Cure for chills caused by malarial acid poison in my system, and I have been perfectly cured. It has done for me what I have never known any other medicine to do. It cures people the south who suffer much from malaria, which always affects the kidneys, and the only man who would prescribe Warner's Safe Cure instead of quinine for malarial acid poison, was Warner's Safe Cure. I have never known any other medicine to do it. I am now perfectly well. MISS JOSEPHINE LANE, 152 Shawmut Avenue, Boston, Mass.

In view of these facts and of the great importance to the human family, we deem it our duty, regardless of the medical authorities, to sound a timely note of warning to every one that great care should be taken to see that their kidneys are healthy and able to perform their work. If you have pain in the back, rheumatism, uric acid poison, rheumatic gout, diabetes, bright disease, inflammation of the bladder and urinary organs, scalding pains when you urinate, eczema, jaundice, swellings or torpid liver; if a woman, bearing-down sensation, fainting spells, so-called female weakness, painful periods; these symptoms tell you that your kidneys have been diseased for a long time. Kidney diseases seldom put out such symptoms as the victim requires until they have been working several months. It will relieve you at once and effect a permanent cure. It kills all disease germs.

Miss Josephine Lane, a Society Leader of Boston, After Five Years' Suffering from Backache and Kidney Trouble, Was Restored to Health by "Warner's Safe Cure."

MISS JOSEPHINE LANE.

"I suffered for over five years with malaria and kidney trouble—my whole system was impregnated with the poison. It affected my general health, robbing me of energy and vitality, causing general weakness. The digestive organs were also impaired, so my food seemed tasteless and like lead in my stomach. I passed a dreary existence, and my naturally happy disposition was changed into one of constant irritation and nervous inconsistencies. Warner's Safe Cure was the only remedy ever found which helped me. I began taking it in March, and before the warm weather came I was completely cured; felt like a new woman, full of life and vigor, and my health has been perfect. I have a keen appetite and enjoy my meals; digestion is perfect. All my aches and pains have left me. I have gained nine pounds in weight and I feel in harmony with all the world because I am now perfectly well. MISS JOSEPHINE LANE, 152 Shawmut Avenue, Boston, Mass.

You can buy "Safe Cure" at any drug store or direct, 50 CENTS AND \$1 A BOTTLE.

Be sure you get "Warner's Safe Cure"—take no other.

Could Not Sleep,

"Safe Cure" Cured Him

Dear Sir: I received yours of the 3d inst. I got your trial bottle of Warner's Safe Cure and used it. Since I had had two large and two small bottles, which I can gladly say have cured me of kidney trouble, for which I had to be up from two to three times at night; now I can rest without getting up, and back and I have no more pain, and am sure that it was through your Warner's Safe Cure that I now enjoy good health. You are at liberty to use the above statement, and return hearty thanks to you. (Signed) J. F. SAUNDERS, Lark Beach, Cal., Dec. 11, 1902.

Refuse Substitutes

and Imitations.

There is no kidney cure "just as good" as Warner's, in fact the vast majority of kidney cures contain dangerous drugs.

Beware of so-called kidney remedies which are full of sediment and of bad odor; they are harmful.

Mr. Michel Blandypos, Secretary Marlow Club, New Orleans Who Suffered From Inflammation of the Bladder, Was Cured Permanently by "Safe Cure."

MR. MICHEL BLANDYPOS.

Gentlemen: It affords me the greatest pleasure to testify to the merits of Warner's Safe Cure, as I consider it the sole means of restoring me to health. I suffered for nearly three years with inflammation of the bladder, causing me severe pains, also the most terrible headaches, and at times I was unable to attend to my regular duties. I doctored without receiving any benefit and felt very discouraged, when a club friend advised me to try Warner's Safe Cure. It seemed as if there was not a sound organ in my body when I began using it, but I gradually improved, and felt much encouraged. It took seven months to fully restore me to health, but during that time I used no medicine but the Safe Cure, and therefore know that I owe my recovery and good health to it, and am pleased to endorse it, and am pleased to endorse it, and am pleased to endorse it. MICHEL BLANDYPOS, 1927 Marais St., New Orleans, La., Dec. 8, 1902, Secretary "The Marlow Club."

First Man to Scale Wall of Peking.

Mr. James A. Galt, of the Fourteenth U. S. Infantry, Which Was the First to Scale the Wall of Peking, and Plant the Stars and Stripes on Chinese Possessions, Contracted Inflammation of the Kidneys and Was Cured by WARNER'S SAFE CURE. Mr. Galt's Father was also Cured of Gall Stones by "Safe Cure."

Warner's Safe Cure Co., Rochester, N. Y.: Exposure during the war settled in my kidneys and bladder, causing severe inflammation and serious pains in passing urine. At the time of my discharge I was simply unfit for duty and unable to work. My father has been cured of gall-stones through the use of Warner's Safe Cure, and so he advised me to take it. I used it faithfully for three weeks before I found relief, but it seemed like a godsend to me. I had endured suffering so long. I kept up the treatment for four months and was then completely cured. This is over eighteen months ago, but I am pleased to state that I have had no relapse since, but an excellent recovery. JAMES A. GALT, City Hotel, St. Paul, Minn. Secretary to Colonel Duggart, 14th U. S. Infantry, Regulars. President St. Paul Ski Club, St. Paul, Minn., Nov. 14, 1902.

CHAPTER XXIX.

The Police Are at Fault.

Ambler Jevons read the letter, then handed it to me without comment. It was written upon the note paper I knew so well, stamped with the neat address, "Neneford" in black, but it bore no date. "What I read was as follows: 'The police are at fault. Only those of your words when you followed me into the train at Huntingdon last night, I am in no fear of any catastrophe; therefore I might assist at the moment of an attempt to obtain money from me. If you presume to address me again I shall have no other course than to acquaint the police. Yours truly, 'Mary Courtenay.' 'Ah!' I exclaimed. 'Then he warned her, and she misunderstood his intention. I wish to see the letter from which you are taking the letter from my hand. This was written probably only a few days before her death. That man,' and he glanced at the prostrate woman, 'is the only one who could give us the clue to unravel the mystery.' 'But the dead man's lips had closed, and his secret was his forever. Only those letters remained to connect him with the river tragedy, or rather to show that he had communicated with the unfortunate Mrs. Courtenay.' 'In company we walked to Leman Street police station, one of the chief centers of the Metropolitan police in the East End, and there, in an upper office, Ambler and I had a long consultation with the sergeant of the criminal investigation department on duty. 'I described the appearance of the body, and which the detective carefully noted before going forth to make his own examination. My address was given, and then shortly after midnight I drove back westward through the city with Ambler at my side. He spoke little, and when in Oxford

ASKING QUESTIONS.

An Inquiry Changed a Man's Whole Life.

When you get a man to recognize that his bad feelings come from improper food and that he can get well by using Scientific Food, the battle is half won. One of New York's business men says: "I was troubled for a long time with indigestion, headache, and stomach trouble, and had taken various medicines but with no good results. I concluded to see how a change of food would affect me. I never cared particularly for cereals of any kind, but ate meat and pastry continually and drank coffee. I was told to try Grape-Nuts. I was highly spoken of and decided to give them a trial. To say I was surprised at the result would not begin to do justice to my feelings. My headaches left me; my brain became clearer and active; my attacks of indigestion grew fewer and fewer until they ceased entirely, and when I once went home tired, fagged out, and indisposed to any exertion whatever, I now found a different state of affairs. My color was good, my muscles strong and firm and fully equal to anything I asked of them. Instead of soft and flabby, I live two miles from my business and walk it daily back and forth, if the weather permits. I am 55 years old and feel as well and strong as when I was 30, and can ride 70 miles a day on a bicycle without feeling any bad results." Name given by Postum Co., Battle Creek, Mich.

SPoke TO COMRADES

Address of Department Commander Perry Starkweather at the G. A. R. State Encampment.

Review of the Year's Work and Praise for the Benefits of the Order.

(Proceedings of the day in state G. A. R. encampment will be found elsewhere in this issue.) Perry Starkweather, commander of the Department of Minnesota, Grand Army of the Republic, at the thirty-seventh encampment, began to-day, delivered an address, which he followed by a report of the year's work, the truth of the prophecy has been conclusively proven. For the first time in many years the Grand Army of the Republic has had a more active service, you did no more, my comrades than I expected of you, for you but did your whole duty, kindly, cheerfully and quickly. You have had to skirmish some and taken some prisoners, but by sheer force of will, then I guess you have foraged a little, too, but as that was just baked with coffee and fried cakes and was procured in the good old way, by the Relief Corps and the Ladies' circles, why I guess it will be overlooked. "To-day I am glad to tell you that we might be well the Grand Army would hold a sort of open house. These days are the 4th of January, April, July and October. These days the veterans make out their papers for pensions, and if the commander would open their halls, have a notary present to attend to the legal technicalities and where it was practicable a mid-day lunch, business and pleasure might be happily combined. Finances. "To the best of my knowledge this is the only department in the national body that pays mileage of representatives to its annual encampment. Last year there was paid out over four hundred and fifty dollars for this purpose. I would recommend, as various of my predecessors have done, that some plan be made which will not injure the life of posts which need this assistance, but still permit a reduction of this expense. Field Work. "The field work of the department has been conducted along somewhat different lines than those heretofore followed. My ill-health during many months made it necessary to do much of my personal work with the pen. I have sent out some three thousand five hundred letters from my office. With returning health it has been a great pleasure to make such visits and always effective field work done by Assistant Adjutant Orton S. Clark cannot be too highly commended. In this, as in all things he has been my right hand—sometimes both hands. In nothing is the department of Minnesota so fortunate as in the person of its assistant adjutant general. Most valuable assistance has also been given by our Senior Vice Commander Mahan of St. Paul, who has not only gladly acceded to every request for his services but whose effort has been put forth to build up the order and in all things advance its interests. Prompt Payment of Claim.

The Surety Fund Life Co., City, March 11, 1903.—Gentlemen: I desire to acknowledge receipt of \$1,000 in full payment of policy held by my husband, Charles A. Douciss, terminus, with pleasure sleeping, payment of this policy, as it was but yesterday the proofs of death were presented to you. "Who is this Mary Courtenay, who writes to him from Neneford?" inquired the coroner of the inspector. "Well, sir," the latter responded, "the writer herself is dead. She was found drowned in a few hours after her home under suspicious circumstances. Then the reporters commenced to awake to the fact that something extraordinary was underlying the inquiry. "Ah!" remarked the coroner, one of the most acute officials of his class. "Then in face of this her letter seems to be more than curious. For aught we know the tragedy at Neneford may have been willful murder, and we have now the suicide of the assassin." "That, sir, is the police theory," replied the inspector. "Police theory be hanged!" ejaculated Ambler, almost loud enough to be heard. "The police know nothing of the case and will never learn anything. If the jury are content to accept the police report, and brand poor Lane as a murderer, then must be allowed to do so." I knew Jevons held coroner's juries in the most supreme contempt; sometimes rather unreasonably, so I thought. "Well," the coroner said, "this is certainly remarkable evidence," and he turned the dead woman's letter over in his hands. "It is quite plain that the deceased approached the lady ostensibly to give her warning of some danger, but really to blackmail her. For what reason does not at present appear. He may have feared her threat to give information to the police; hence his crime and subsequent suicide."

combined with the ingredients used in the best for a crime he could not possibly have committed. They've got hold of the wrong end of the stick, as usual. Why don't they give a verdict of suicide and have done with it? We can afford to waste a whole day explaining theories to a set of uneducated gentlemen of the White-chapel road. The English law is ridiculous where coroner's juries are concerned. The coroner heard his whelping and looked toward us severely. "We have not had sufficient time to investigate the facts of the case connected with Mrs. Courtenay's mysterious death," the inspector went on. "You will probably recollect, sir, a mystery down at Kew some little time ago. It was fully reported in the papers, and created a considerable sensation—an old gentleman was murdered under remarkable circumstances. Well, sir, the gentleman in question was Mrs. Courtenay's husband. The coroner sat back in his chair and stared at the officer who had spoken, while in the court a great sensation was caused. Mention of the Kew mystery brought its details vividly back to the minds of everyone. Yes, after all, the death of that poor costermonger, Lanky Lane, was of greater public interest than the representatives of the press anticipated. "Are you quite certain of this?" the coroner queried. "Yes, sir, I am here by direction of

THE PINKHAM CURES

ATTRACTING GREAT ATTENTION AMONG THINKING WOMEN.

Mrs. Frances Stafford, of 243 E. 114th St., N.Y. City, adds her testimony to the hundreds of thousands on Mrs. Pinkham's files.

When Lydia E. Pinkham's Remedies were first introduced skeptics all over the country frowned upon their curative claims, but as year after year has rolled by and the little group of women who had been cured by the new discovery has since grown into a vast army of hundreds of thousands, doubts and skepticisms have been swept away as by a mighty flood, until to-day the great good that Lydia E. Pinkham's Vegetable Compound and her other medicines are doing among the women of America is attracting the attention of many of our leading scientists, physicians and thinking people. Merit alone could win such fame; wise, therefore, is the woman who for a cure relies upon Lydia E. Pinkham's Vegetable Compound.

"Loving Memorial Day as we do, it is to be regretted that more accurate data is not kept regarding its observance. The idea of the entire day being devoted to the memory of those who have given us the lesson of the American soldier of devotion to duty and love of country is being impressed upon our children's minds, and it cannot but be a strong factor in the moulding of national character. Referring to the national encampment at Washington, Commander Starkweather spoke in high praise of the appearance of the Minnesota contingent in the great parade. Everywhere, he said, he had heard of the devotion of the commander-in-chief, Judge Eli Torrance. The advantages of the district encampments were strongly emphasized. Of legislation which honors us by being our state home, that measures directly affecting the soldiers of this state be submitted to the Grand Army in encampment assembly.
