The Duffy Malt Whiskey Company will pay \$500 for the detection and conviction of any person or persons offering for sale Duffy's Pure Malt Whiskey which is not the genuine; or a so-called malt whiskey in a bottle similar to the Duffy Malt Whiskey bottle, with a label on it similar in style and appearance to the Daffy Malt Whiskey label, and a strap over the cork similar to that on the Duffy Malt Whiskey bottle, representing it to be Duffy's Pure Malt Whiskey. This company will also give \$500 reward for the detection and conviction of any person found refilling the Duffy Malt Whiskey bottles.

Of course, when a remedy has been before the public so long, has been prescribed, used and recommended by the best doctors, and in all the prominent hospitals throughout the world, and has carried the blessing of health to so many thousands of homes, as Duffy's Pure Malt Whiskey has, imitations are bound to arise. But they can imitate the bottle and label only; no one can imitate the goods.

Duffy's Pure Malt Whiskey formula was discovered fifty years ago by one of the great-

est chemists the world has ever known. It is a secret formula, and while it has cured millions of people during the last half century, the secret has never been discovered. Dr. William Hooker Vail, one of the leading physicians and surgeons of St. Louis, Mo., writes enthusiastic-

ally about what Duffy's Pure Malt Whiskey has done for himself personally and his patients. Gentlemen:-Duffy's Pure Malt Whiskey was introduced to me through a consumptive patient whom I was treating. I called on her one afternoon after an absence of about two months and remarked that

she was so much improved. I inquired after medicaments, etc., and she stated that she had been using nothing but good food and plenty of Duffy's Pure Malt Whiskey. Her improvement was so marked that I went directly and purchased it for several other patients suffering similarly, and in a short time they all expressed decided improvement, and from personal observation and physical examination there was great improvement in the lung tissue. Two who had Laryngeal Consumption (consumption of the throat) are now entirely well. I am employing it extensively now in my practice, in La Grippe, Pneumonia, Bronchitis, Anaemia (Inanition or Marasmus), starvation from lack of assimilation of food, etc.; always in convalescents.

Its agreeableness to the taste and stomach of all people and condition makes it almost a panacea for all diseases. Yours very respectfully, WILLIAM HOOKER VAIL, M. D.

Thousands of letters are received daily from grateful men and women in all walks of life, who have been cured of consumption, grip, coughs, colds, dyspepsia and general debility, and from old people who say their lives have been prolonged many years beyond the three-score-and-ten, by the use of Duffy's Pure Malt Whiskey as their only medicine. CAUTION— When you ask for Duffy's Pure Mait Whiskey be sure you get the genuine. Unscrupulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations, and so-called Mait Whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure mait whiskey which contains medicinal, health-giving qualities. Duffy's Pure Mait Whiskey is seld only in bottles—our own special shaped bottle, like the picture. Never in the flasks or in bulk. Lock for the trademark, "The Old Chemist," on the label The genuine is sold by druggists and grocers, or direct, \$1.00 a bot-
