### CURES CATARRH

"Hymel the Most Wonderful Cure for Catarrh Ever Discovered," Says Mayor Yard.

Do not try to cure catarrh by taking drugs into the stomach; it cannot be cured that way. The only way in which this too common disease can be cured is through a direct application that will kill the bacilli of catarrh and prevent their growth.

Hymel is the only known method of treatment that accomplishes this. It is the simplest, most pleasant, and the only absolute cure for catarrh that has ever been discovered.

Thousands of unsolicited testimonials have been received from the most prominent men and women in the country who have been cured by this remarkable remedy. Ministers, bankers, lawyers, even eminent physicians have sent strong testimonials as to the remarkable powers of Hymel to cure catarrh.

Former Mayor Emery M. Yard of Thonon, N. J., writes: "You have my permission to say that I believe 'Hymel' to be one of the most wonderful cures for catarrh and throat trouble that has ever been discovered. In my case the effect has been marvelous. I enclose you money order for two outfits for friends of mine to whom I have recommended 'Hymel' and who I am anxious shall have the benefit of this remarkable panacea."

The complete Hymel outfit costs but \$1.00, consisting of an inhaler, dropper and sufficient Hymel to last over a month. This will effect a cure in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use is necessary, and then extra outfits of Hymel (a month's treatment) can be obtained for 50c. It is not alone the best (it might be called the only) method of curing catarrh, but it is also the most economical.

Vogel Bros. Drug Company have so much confidence in the power of Hymel to cure catarrh, that they will for a limited time, sell this medicine under their personal guarantee to refund money if the purchaser can say that it did not help them.

## HEADS OFF TYRANNY

Senator Washburn Expresses Deep Gratification Over the Northern Securities Decision.

### He Believes It Puts an End to All Merger Schemes.

"Why, it's great that 's what it is!" To-wit, the recent anti-merger decision of the United States circuit court. "Yes," continued Former Senator W. D. Washburn this morning, smiling rosyly. "I haven't had anything please me so much in years. It's a very far-reaching decision, a decision that will be of incalculable benefit to the people of this state as well as from intolerable tyranny. What would be the result if the courts should support the merger plan? Simply this: that within a very few years the railroads in the United States would be under the control of two or three men. From their offices in Wall street these two or three men would dictate the price of railroad transportation and hence the price of grain, of merchandise, to every farmer, every business man throughout the country.

"The decision will be supported by the supreme court. I feel confident of that. The broad, logical, convincing attitude taken by the circuit court makes a reversal practically impossible. That's my opinion. I always did have confidence that the merger would be set aside. I'm not a lawyer, tho I studied law, but from considerations of common sense, of elementary justice, I felt certain that the supreme court, if not the circuit court, would brush aside the sophistry of the merger men. And now the decision of the circuit court has been made more emphatic, more thoroughgoing than I ever hoped for.

"It is not only a most welcome decision, but it practically puts an end to all the merger schemes. Consider what the object was. An evasion of the law, nothing else—an intentional, deliberate violation of the law. If there was any desire to comply with the law, any device, stipulated effort to beat the devil around a stump?

"The question is practically settled now, and the question of the future of the object will follow. The former owners of the various stocks have practically sold them to the Securities company. But it won't be possible for the mergerists to accomplish their purpose by any device. Trustees would never serve the purpose. If trustees took the place of a 'holding company,' competition would be destroyed just the same. No, the circuit court's decision is too comprehensive to be evaded. The court ruled against the object of the merger, and any other plan for accomplishing that object would evidently be an equal violation of the law."

### BY NOTED ILLUSTRATORS

An Interesting Collection of Original Drawings on Exhibition at the Library.

All lovers of fine illustrations—and what reader of modern books is not—are deeply in the debt of the Minneapolis Society of Fine Arts for the opportunity of seeing the work of their favorite illustrators. An exhibition of 100 works by the leading American illustrators was opened Saturday afternoon at the public library gallery. The collection will remain on exhibition thru April 19, the hours being 9 a. m. to 5 p. m.

Familiarity with the subjects and the characteristics of the various artists' styles makes one feel at home in this collection, but the interest to the ordinary student of art is increased by the opportunity of studying the drawings thru reproductions. The method and the medium are so prominent in the originals and these are of great interest to the student in search of practical hints for future use. The effects also are quite different and often quite as strong pictorially as paintings produced with only that end in view. While pencil, pen and ink, crayon, wash, and water colors have been employed in large measure, especially in the monochrome and others in color. While color does not predominate, the exhibition cannot correctly be called a black and white one.

There is fully as much range in subject and treatment as in color and medium. There is architecture, translated thru the poetic personification of Jules Guerin in exquisite detail, as in the drawing by L. Blumenschein, to illustrate Dr. Charles Eastman's "Indian Boyhood," now being published serially in The Journal Junior; finely decorated covers by Albert Sterner and Frank Leyendecker; romantic pastorals by F. C. Yohn to illustrate "Audrey"; smart society folk by A. E. Wenzel; and the "Mystic" by Wright, Charles Dana Gibson, W. L. Jacobs, Harrison Fischer, T. de Thulstrup, and others; just comfortable ordinary American folk scenes by Henry Hildt, Georges Wright, Charles M. Relyea, Granville Smith, R. B. Birch and E. M. Ashe; a great series of magnificent marine subjects by Henry Bayliss; and a retrospective gallery by Fletcher C. Ransom, Frederick Hildebrand, Arthur Hening and Louis Loeb. Other important works do not fall into any of these classes.

One of the great paintings of the collection is a black and white by Howard Pyle, "The Burning Ship," full of majestic and solemn beauty, the heave of the long waves giving an oppressive sense of power. "The Coronation," by William Hatherell, is an able piece of work in color. Mr. Koehler has lent an Abbey drawing, "Puzzling," that adds a new feature to the military drawings of R. F. Zogbaum in their stern realism, so well with the Reuterthal marines. Florence Sovell Shinn's expert hand is seen in the drawing of the spasm, which usually yields so readily to the simple treatment. Mr. Higbee has swallowed eleven spoonfuls of water and breathed deeply, in addition to taking all kinds of medicine calculated to quiet the muscular action of his diaphragm, but all to no avail. The physicians believe that a slight abatement of the attack has already set in and that Mr. Higbee will convalesce within a few days. The patient is weak from lack of sleep and proper nourishment which the hiccoughs have prevented.

### SHARP EYE FOR SPARKS

Detective Howard Earns Soubrquet of "Diamond Sleuth" by Recovering Stolen Gems.

Detective James Howard of the local police department is rapidly earning the sobriquet of the "diamond sleuth." This is owing to the fact that during the past two weeks he has succeeded in recovering over \$1,200 worth of diamonds which were stolen by three different persons from as many places in the city. His success of great interest to the police, the compliments of Chief Conroy, who feels proud of the record.

Howard began his work of recovering diamonds about two weeks ago, when he succeeded in recovering a pair of diamonds, which had been disposed of in St. Paul. These diamonds were valued at several hundred dollars.

Chief of Police Conroy reported that on Saturday and Howard was detailed to investigate. Yesterday he secured the diamonds, as well as the thief, but was obliged to release the captive, as the owner of the stones refused to prosecute.

### PATRIOTIC EDUCATION

Special Effort Being Put Forth by Jacob Laus for G. A. R.

Jacob Laus, special aide of the G. A. R. for the department of Minnesota, is making a vigorous effort to further patriotic education among the children of the schools. His effort is especially in the following directions:

First—The flying of the flag over every school-house in your department.

Second—Daily salute to the flag.

Third—Legislative action in the interest of patriotism.

Fourth—The school authorities in the floating of flags over schoolhouses, and the adoption of a "Manual of Patriotism."

Fifth—Special patriotic exercises by schools in recognition of all national holidays.

Sixth—Co-operation of school children at Memorial Day observances.

Seventh—Co-operation with the Women's Relief Corps, G. A. R., in the observance of Veterans, Sons of Veterans, and Daughters of the American Revolution, and in carrying forward these patriotic purposes.

To assist him in his efforts Mr. Laus has made a special appeal to the press of the state, urging their co-operation in acquainting the public with the results desired.

### MEMORIAL DAY PLANS

Prospects Are that This Year's Observance Will Be Unusually Elaborate.

Memorial Day plans under the supervision of the various G. A. R. committees are rapidly nearing completion, and from the present outlook it appears that the demonstration will probably be the largest and most imposing ever held in this city. The committees met Saturday evening at the headquarters in the Lumber Exchange and the reports all showed progress.

Captain Kelly of Bryant post was elected chief marshal and will announce his aides very shortly. He will have charge of everything connected with the parade. The parade for the speech-making has not yet been determined upon, although the Swedish Tabernacle has been suggested and will probably be selected. It is understood that General John C. Black will probably be the speaker of the day.

### WILL JOIN THE REDMEN

Distinguished Citizens of the State Will Be Initiated To-morrow Evening.

Several distinguished public men are to be initiated into the Improved Order of Red Men to-morrow evening by Kon-hio lodge, No. 45, of this city. In the band will be Governor S. Van Sant, Justice L. A. Collins of the supreme court, Speaker L. W. Babcock, ex-Speaker A. N. Dare, ex-Speaker Mike J. Dowling, Public Examiner Samuel T. Johnson, Chief of Police Ed J. Conroy, Chief Clerk of the House Julius Schmah, Assistant Attorney General Charles W. Somerby and ninety-one other prominent people.

The members of the lodge have made most extensive preparations for this event and will make it a red letter day in Redmen's history. The St. Paul delegation will arrive in two special cars and will be received by a committee consisting of Mayor J. C. Haynes, General Sherman Smith, John O'Donnell, and Fred M. Powers. After the initiation there will be a banquet at the Nicollet house across the way.

## SERVICES OF EASTER

Churches Throuthout the City Observe the Day—Elaborate Music and Decorations.

### Sermons on the Great Theme of the Season Preached From All the Pulpits.

The choir which prevented the usual display of Easter bonnets yesterday, the true significance of Easter was appreciated by thousands of worshippers at Minneapolis churches. Elaborate services with inspiring sermons and music were the order of the day in all churches, and in the Episcopal and Catholic churches the musical effects were heightened by the presence of vested choirs. Their notes and altars were beautifully decorated with flowers appropriate to the season.

The soloists, assisted by a large chorus, and a male choir of twenty voices was the feature at the Church of the Immaculate Conception.

The soloists, assisted by a large chorus, at St. Charles church, were Misses Beard, Ford and Morrill and Messrs. Anderson and Cole.

At St. Lawrence's church Mrs. W. C. Tubbs sang: "I Will Extol Thee, O Lord," and "Veni Creator Spiritus" sung by Samuel Baldwin and Elizabeth Hawley.

Fine musical programs were given also at Holy Rosary church, at St. Stephen's and at the Church of the Holy Spirit. The services at the different Episcopal churches were equally impressive, particularly at St. Mark's, Gethsemane, Holy Trinity and St. Paul's. The boy chorists at each of these churches had been carefully prepared for the day and their singing of sacred selections was thoroughly appreciated by the large congregations which heard their services at St. Mark's were made doubly impressive by the farewell sermon of Rev. T. W. MacLean.

An immense audience attended the special services at Wesley church, the large auditorium being taxed to its utmost capacity. The members of the choir were Mrs. W. M. Mackay, Louise Mackay, Leslie, J. Austin Williams, Mrs. Patricia DeWitt, and J. R. Kerr, assisted by C. M. Lane, H. A. Stuart, Mrs. W. Marshall, Mrs. M. L. McIntyre, Craig Walslow, violinist, and William Rhye Herbert, organist and director.

A rare musical program was given at the morning and evening services at Westminster Presbyterian church. The regular choir, consisting of Miss Williams, Mrs. Porteous, Mr. Morris and Mr. Madras, was assisted by Miss Bugbee, Mesdames Wymond, MacLair, Warnock, Phillips, and Messrs. Sanborn, Brimmer, Malcolm, Carpenter, Lugsdin and Loye. H. S. Woodruff was organist and director.

The choir sang the "Jubilante Amen" instead of "The Resurrection" which Mr. Madras was to have given.

The decorations of Westminster church, also those of St. Mark's, Church of the Redeemer and Lyndale Congregational, which were all very beautiful, were arranged by Samuel Atlee, decorator, with Mesdames M. M. Mackay, Louise Mackay, Leslie, J. Austin Williams, Mrs. Patricia DeWitt, and J. R. Kerr, assisted by C. M. Lane, H. A. Stuart, Mrs. W. Marshall, Mrs. M. L. McIntyre, Craig Walslow, violinist, and William Rhye Herbert, organist and director.

### HIS PASTORATE CLOSED

Rev. Thomas M. MacLean Withdraws as Pastor of St. Mark's.

The Easter celebration in St. Mark's church was almost wholly of a musical character. There led to three services beginning with holy communion at 7 a. m. and the principal service at 10:30 a. m. and the children's service or Sunday school festival at 7:30 p. m.

Two very pleasing incidents marked the close of Rev. Thomas M. MacLean's pastorate at St. Mark's. The first was the presentation of a beautiful and costly surplice to Rev. Dr. MacLean, and worn by him for the first time at these Easter services. The surplice was entirely handmade and of the finest handkerchief linen. It is hemstitched and bears a handsome embroidered cross. This beautiful vestment was the loving work and parting gift of the children of the church and their friends. Mrs. MacLean was also kindly remembered, and received a handsome pearl and diamond pendant brooch, with chain, as a token of high esteem and affection. From her old friends and co-workers in St. Mark's.

Easter services at Wesley church will go down in the history of the organization as one of the remarkable services, in that thirty-seven of the members of the membership of the church. Desire to gain access to the church for the Easter services was so great that at 10:10 the auditorium of the school room was full and persons were being turned away.

Knights Templars Easter. Zion commandery, Darius commandery Minneapolis, Minnesota, and commandery yesterday afternoon attended a union service of Knights Templars at Wesley M. E. church. This service was conducted, according to the ritual of the commandery, by Sir Knight Richard Brown and Rev. James S. Montgomery. In a sermon upon "Obligations of the Risen Life," Sir Knight James S. Montgomery urged Templars to side in the suppression of municipal vices. The Masonic quartet sang.

### MUSICIANS' CONVENTION

That of the State Association Will Be Held Here May 6 to 8—Large Reception Planned.

Secretary W. G. Nye of the public affairs committee of the Commercial club announces that the next gathering will be the State Music Teachers' association, May 6-8. The invitation was given a year ago at the instance of Mr. Nye's committee. The Boston vocal orchestra will attend. On the Thursday evening of the convention a reception for out of town members will be given in the Commercial club room, under the auspices of the Ladies' Thursday musicale.

### LEAD DOLLAR MINT

Discovered in Possession of Mandan, N. D., Men—They Are Held to Federal Grand Jury.

Captain J. W. Lawrence of the United States secret service returned Saturday from Mandan, N. D., where he investigated the case of J. J. Locke and John Burklander, charged with making lead dollars. After spending several days in looking up evidence against the men, the prisoners were given a preliminary hearing and were held to the grand jury.

The men were arrested by the sheriff of the county, who, while executing a search warrant for stolen property, found a complete counterfeiters' plant in their room. At first they denied their guilt, but it is claimed that Burklander made a full confession to Captain Lawrence before the officer left Mandan.

## DAVID BISPHAM ARRIVES

Talks of Grand Opera in New York—Will Sing To-night.

David Bispham arrived from Chicago this morning for his song recital to-night in the Teachers' club course and is at the West. As there is much interest in the change of management of the Metropolitan Grand Opera company of New York, of which he is a member and much speculation rife as to its influence, Mr. Bispham was asked about the prospects for next year under Mr. Conried's management.

"I think," Mr. Bispham said, "that no radical changes are contemplated. Many of the present artists have been re-engaged or will be. Madame Sembrich has already completed her arrangements with the management. Altho Mr. Conried wishes and expects to have Madame Nordica that matter is not yet settled for the company next year and is obliged to be in New York all of the season as I have this, but if I can arrange to do some work in the opera and have time for some recital tours I shall probably do so. Now, if Mr. Conried should decide to give 'Parfala' and I should be asked to take a part in the production, I should undoubtedly feel that I wanted to do it."

Mr. Bispham could give no definite information as to the prospect for "Parfala" further than that Mr. Conried was considering it and that it was quite certain that it would have to be in opposition to the wishes of Frau Wagner, dramatic artist, and I should be asked to take a part in the production, for he feels that there are two sides to the question.

We Are Abnormally Energetic. The American people are in more danger from being energetic than they are from laziness. Nervousness and needless hurry are supposed to be a characteristic of Americans, at least foreigners claim so, and there is certainly considerable truth in the claim. We need to tone ourselves down with golden grain belt beer. It is a delicious tonic, quiets the nerves and makes one take things easily and without fuss. It's pure and delicious and should be in every home.
