Over the Door-Mats.

There is one society whose members can be instantly detected, for they wear its badge publicly. It is the society of well-shod women who wear "Dorothy Dodd" Shoes.

The stylish woman is easily known by her shoes. When the fashion writers talk of "the Style of a 'Dorothy Dodd' Shoe" they mean it has the distinction which attaches to the leaders of society.

A woman may be on the outer door-mats of society, but if she wears stylish shoes her feet have entered the sacred portals at least. I need not claim that my shoes are stylish; every fashion writer in this country has claimed it for me.

Sincerely yours, Dorothy Dodd
