IS A DISEASE!

"Will-Power" Will Not Cure It.

Drink is the greatest curse of mankind. Many a young man of greatest promise has found the dishonored grave of a drunkard instead of an honorable place in society.

Physicians have long recognized that continued indulgence in alcoholic stimulants causes the stomach and digestive organs to become diseased. In the vast majority of cases, therefore, habitual drunkenness is a physical disease, and no amount of mental resolve or "faith cure" will cure it.

"ORRINE" WILL POSITIVELY AND PERMANENTLY CURE THE DRINK HABIT. We guarantee this and will refund the money should the remedy fail. But it never does fail!

"ORRINE" is tasteless, odorless and coloriess, and can be given without the patient's knowledge in tea, coffee, water or milk. It tones up the diseased stomach and gives a hearty appetite and good digestion.

Members of the W. C. T. U., clergymen, physicians and public men all over the land endorse this wonderful remedy.

Rev. Thos. O. Easton, D.D., 627 E. Capitol St., Washington, D. C., writes: "I can safely affirm, from cases under my personal observation, that ORRINE is a marvelous and permanent remedy for chronic inebriates."
