DONALDSON'S GLASS BLOCK STORE

Beginning June 1, Minneapolis will be the mecca of the Northwest. Low rates and excursions will draw many, while the Great Labour Shows and Spectacles with their 200 performers, big parades, brilliant illuminations and the death defying cycle sensation of the age, "Loop the Loop," will draw others; but there is one class that deep down in their hearts will only offer them as excuses--the women folks will want to see the great stores that have made Minneapolis famous and we promise you we won't disappoint expectations.

With months of preparation the stores will be at their best with beautiful displays gathered from every quarter of the globe and bargains galore. Remember the dates, June 1 to 13. Inquire at your railroad station and get the special rates.
