Clever Bank Robber Escapes From Rochester's Jail by Aid of an Accomplice.

Clamps Supporting the Lock on the Heavy Door Drilled Thru by the Prisoner.

Rochester, Minn., June 1.—(Toronto Jimmie) Allan James Johnson, the last of the Dover bank robbers, who was lodged in the Olmsted county jail last December to be tried at the coming term of court in June, escaped from the jail Saturday night and is at large.

An accomplice gained entrance thru the window, unbolted the cell door and, with the prisoner, drilled thru a large clamp supporting the lock on the heavy fall door, allowing the latter to open. The drills were found by Sheriff Vase yesterday morning. They had been sopped to deaden the sound.

Charles Reynolds, the burglar who robbed the Stewartville store a few weeks ago, also made his escape at the same time. The sheriff offers a reward of \$50 for the capture of the fugitive.

Toronto Jimmie is said to be one of the cleverest bank robbers in the United States and is the man who caused such sensation at Morris, Ill., prior to his being brought to Rochester.

Last fall they purchased about 200 head of cattle and sheep and they were fed last winter and the owners have just closed the sale to a Seattle firm, which will send meat to Alaska. The cattle fed on 25,000 bushels of barley raised on the farm and a net gain of \$18 a head was made on each animal. This is a revelation to the farmers on the advantage of converting grain into beef.

MAYVILLE'S MEMORIAL Patriotism of the People Stimulated by Appropriate Exercises.

MAYVILLE, N. D.—Memorial Day was celebrated by beautiful and patriotic exercises at the opera-house and cemetery. The day was sunny and warm and the crowd was so great that the hall was packed. Mayor Chandler S. Edwards presided. The invocation was made by Rev. Mr. McClelland of the Methodist church. The program consisted of music, military and wand drills by boys from the public schools, and an address by professor Vernon D. Reuter of the state university. The singing was under the direction of Miss Emma M. Davis of the normal school, who had trained a large chorus consisting of pupils and students from the city schools and the normal. When "The Star Spangled Banner" and "America" were sung the entire audience stood and joined in the singing. A quartet consisting of Miss Springer and Chiquist and Messrs Jones and Hans Springer sang two beautiful selections. The drills by the boys were very pretty.

The address by Professor Reuter was eloquent and inspiring and the close of the exercises in the opera-house a procession was formed, which proceeded to the cemetery, where the exercises were completed. The decorations of the graves.

Professor Clyde R. Travis of the state normal delivered the graduating address at Hoople.

WISCONSIN FIRE AND EXPLOSION

Total Loss to Racine Manufacturing and Business Plants of Over \$300,000.

Thousands Fled in Terror When Assailed by Flames Fed by Oil and Naphtha.

Racine, Wis., June 1.—For more than three hours the entire section of the city southwest from a point east of Mead street bridge was in danger of being wiped out by a fire, which started in the plant of the Racine Boat Manufacturing company. Some 15,000 persons were panic-stricken.

The losses are as follows: Racine Boat company, \$125,000; J. I. Case Threshing Machine company, \$150,000; Standard Oil company, \$25,000; John Roberts company, \$10,000, and J. I. Case Plow company, \$5,000, making a total loss of \$305,000.

A thirty mile gale was blowing. The fire jumped from the place where it started to the large three-story machinery shop and house for building the large steel yachts. Then the wind carried the flames to five large wooden sheds where the J. I. Case company, filled with traction engines and threshing machines, thence to the lumber yards and sheds of the boat company.

Just a short distance to the west was the Standard Oil company's plant and there was great danger of the large tanks of gasoline, kerosene oil, naphtha and lubricating oil exploding. The immense J. I. Case Plow company's buildings were also in danger. At this time the Standard Oil company plant and the roofs of the J. I. Case Plow company caught fire. The warning went out against explosion of oil and thousands of persons rushed back pell-mell. In one of the tanks of the oil company, 10,000 gallons of gasoline, in another 13,000 gallons of kerosene, in a third 5,000 gallons of naphtha and 2,000 gallons of lubricating oil.

Half an hour after the fire caught the explosion of the tanks in rapid succession. Flames shot 800 feet in the air and the heat was terrific, driving the firemen and crowds back. The boat company's plant was in ruins. The Standard Oil company plant and the oil plant, with dozens of lumber piles were burning fiercely.

F. Lee Norton, manager of the J. I. Case Threshing Machine company, said in the sheds burned there were 200 separators, about 100 engines, lumber and other goods. He estimated the loss at \$150,000, fully covered by insurance in possibly 100 different companies.

D. Heath of the Standard Oil company estimates the loss on his plant at \$25,000. The Racine Boat company's loss is partly covered by insurance.

MICHIGAN AS FROM THE DEAD

When Mitchell Returned to His Family at Marinette He Took a Fortune.

Reported to Be Dead by Denver Papers—Four Years Spent in a Hospital.

Special to The Journal. Menominee, Mich., June 1.—With the return of L. E. Mitchell, who was formerly a well known engineer in this district, and whose family resides at 1903 Sherman street, Marquette, there comes to light a story so strange that it would form an excellent basis for a romance.

Mr. Mitchell left Marquette eight years ago to try his luck at prospecting in the far west. He went to Colorado, where he worked for about a year. Then he was the victim of a railway accident. There was just about to be a collision, and he with several others jumped from the car windows. Mitchell struck on his head and was picked up unconscious and taken to a hospital in Denver. His skull was fractured, and brain injured. Altho his bodily strength returned, his brain remained weak and he was kept in the hospital the care of a physician for four years. His memory was a blank during this time, but under treatment it finally returned to him. He then immediately set out to earn money with which to return to his family.

At the time of the accident the Denver papers printed his name among the list of killed and one of these papers found its way to the family in Marquette, which mourned him as dead.

After regaining his mind fortune favored him and a year ago he discovered a silver mine which is very valuable and is being operated by a large force of men. Having become comparatively wealthy in a short time, he returned to his home town, where he was welcomed as one from the dead. He will move his family to Colorado to enjoy the fortune he has won.

HUTCHINSON, MINN.—Elaborate preparations are being made for the dairymen's picnic for this and adjoining counties. Governor Van Sant has promised to be present and Professor Haecker and other prominent dairymen will deliver addresses.

CARVER, MINN.—The river is still rising; the bottom lands are flooded, and it is feared that the food will be as high as in 1881. The ferry has stopped. The celery farms are covered with water.

CEDAR FALLS, IOWA—At a special meeting of the Waterloo Freebier, Charles Bath, of Oakley, was ordained as pastor of the church. Twenty-two was graduated from the high school.

"Could't Sleep From The Terrible Itching"

"First Night I Used Zema-Cura I Slept Well"

"I gratefully recommend your wonderful medicine, 'ZEMA-CURA.' For three months I suffered the most ACUTE annoyance with that dreadful disease, Eczema. Couldn't sleep from the terrible itching. Had about given up all hope of being cured, for this and adjoining counties. When in despair I bought a bottle of Zema-Cura. The first night after the first application I enjoyed a sound and refreshing sleep, the first restful sleep in three months. I bought three bottles in all and was entirely cured."

William Johnson Mfg. Co., Twenty-eighth and Railroad Sts., Pittsburg, Pa.

ZEMA-CURA IS A LIQUID, APPLIED EXTERNALLY. It has none of the disagreeable features of salve or ointment. It attacks the disease germs as soon as it is applied. The germs nearest the surface of the skin are destroyed instantly, but others burrow up from the flesh and make their presence known by itching. Then they in turn are destroyed by ZEMA-CURA, and the process is repeated until every trace of disease is driven from the system.

The first application of ZEMA-CURA brings relief to the sufferer. In a short time new skin begins to form, which is an indication that the germs are being driven out. Continue the use of ZEMA-CURA, to protect the new skin from a return of the disease, and an absolute cure is certain.

ZEMA-CURA is a SAFE REMEDY. Mothers use it on their babies without the slightest fear. ZEMA-CURA is a scientific prescription, and has been used with great success for years by eminent physicians in the treatment of skin diseases, and has cured thousands of cases of skin disease that specialists had pronounced hopeless.

FOUND INSTANT RELIEF in ZEMA-CURA. "For several years I have been afflicted with eczema and have tried many of the medicines on the market to effect a cure. I have also had the best attention given my case, both from local physicians as well as specialists, without direct result. I read of ZEMA-CURA and obtained a bottle, and though I have used but part of it conscientiously say that I have never received so much benefit from any preparation that I have used as I have from ZEMA-CURA, and I honestly feel assured that I am in possession of the medicine that is going to cure me. Judging from the good effects I have received in so short a time, I earnestly recommend any person so afflicted to give it a trial."—ST. CLAIR RUGGLES, 11 Blackwood street, Boston, Mass.

THERE IS NO SUBSTITUTE FOR ZEMA-CURA. No other remedy is even similar to it. Honest druggists will sell ZEMA-CURA to you without offering a substitute. If you have the slightest difficulty in procuring ZEMA-CURA, write direct to THE ZEMA-CURA CO., West 22d St., New York, and it will be shipped postpaid, on receipt of price, 50 cents and \$1.00 per bottle. Write to-day regarding your case and receive complete, careful advice FREE, from an eminent specialist on skin diseases. All communications are regarded as strictly confidential and read by no one but the ZEMA-CURA physicians.
