

Minnetonka---the Ideal Summer Resort.

Lake Minnetonka Real Estate

There is and has been for the past six months an unprecedented demand for Minnetonka cottages, lake shore and fruit farms, and there is to-day no safe investment than this property, as the supply of available and desirable property hardly equals the demand, as people who now own have purchased for a permanent home, and that is not for sale. We have, however, a list of some of the choicest lake shore, village property and acres, both on Minnetonka and surrounding lakes. We have recently gotten out a very complete map of Minnetonka and adjacent lakes at considerable expense to ourselves for free distribution and would be pleased to give or mail you one on application. You will never buy Minnetonka property as cheap again as you can buy now.

APGAR & KORTHOFF
Minneapolis and Excelsior.

THE LAKE AMONG LAKES.

Minnetonka Justly Entitled to Its Fame As a Summer Resort.

Minnetonka easily ranks as a gem among the lakes of the country. A more ideal spot for an ideal summer resort does not exist. Since the days of the early pioneers this lake has been renowned for its beauty. It possesses to a marked degree the characteristic irregularity of outline which constitutes the chief sources of beauty in the wonderful lakes of Minnesota. The voyager upon the waters is bewildered by the multitude of channels and inlets, the unexpected opening of new vistas of blue, dancing water. The extreme eastern and western points of Minnetonka are scarcely a dozen miles apart, but the shore line measures fully 115 miles. There are countless bays and arms, and innumerable islands. In making the tour of the lake the steamer usually follows a course, which, touching only the principal landings, is at least forty miles long. There is a perfect village of cottages, hotels and clubs around the lake, and a more ideal place for a summer home or a summer outing cannot be found. This season Minnetonka is more popular than ever. The splendid train service to all parts of the lake makes it possible for business men to go to and from the city with as much ease as if they were living in their city homes. There is no need of sportsman going on 100-mile fishing trips when Minnetonka is but eighteen miles away. The fishing here is splendid the year around, and bass, pickerel, pike and crappies are found in abundance. There are hundreds of boats of all kinds on the lake and the drives are unsurpassed. Minnetonka is a favorite picnic and excursion point in this section of the state, for the facilities offered are just the kind to make a day's outing perfect. There are splendid opportunities for boating, bathing and fishing. If one cares for concerts and dancing he can find them; if he longs for a quiet, shady nook "far from the maddening crowd," his wish can be gratified. The hotels, for the most part, are reasonable in their charges, accommodating and well kept. The person who has once enjoyed the pleasures to be found at Minnetonka invariably goes again and "keeps it up."

NOTICE

We now, for the first time, offer acre tracts to suit on ROBINSON'S BAY, with best bathing beach on the lake, also adjoining the noted Gibson tract and close to station on the Milwaukee; also similar tracts on BROWN'S BAY, just platted as NORTH SHORE COTTAGE ACRES, near Orono station, containing from one to five acres each and each with two or three hundred feet of lake front; also various acre tracts and cottage lots at MAPLEWOOD, the superb, on account of its rare old woods and variety of fine lake views. Finally, our last word to the reader is, go to COTTAGEWOOD and see Schomberg's attractive new hotel, Kee-way-din, just risen from the ashes of the old clubhouse. There's new life in Cottagewood. Four cottages already built there this season and more to follow. We offer five excellent lots there with water front and covered with forest trees. Prices on all above very reasonable and payments easy.
