

NELSON BOYS ARE GUILTY

Jury Finds That First Degree Murder Was Proved Against the Slayers of Krier.

Father of the Boys, Collapsed and Was Said to Have Poisoned Himself.

Sentence of All the Defendants Will Be Pronounced on Wednesday at Owatonna.

Special to The Journal.
Owatonna, Minn., June 20.—At 5 o'clock this morning the jury in the cases against Charles and Henry Nelson, jointly charged with the killing of Harry Krier on April 12, last, returned a verdict of guilty as charged in the indictment, or first degree murder.

The boys were brought into court at 6 o'clock and listened to the reading of the verdict. They showed little emotion at that time, but when ordered back to jail, broke down and cried bitterly.

At 10 o'clock this forenoon they were taken to Wascona for safe keeping, and will be brought back on Wednesday for sentence.

Young William Sutton, their associate in the crime, who pleaded guilty to second degree murder, will be sentenced at the same time.

The jury was charged at 5:30 o'clock last night, and spent the entire night on the case. It never at any time had a doubt of the guilt of the defendants, but desired to go over the evidence carefully and to have a free and full discussion of every phase of the case before it.

The verdict is approved here by almost everybody as a triumph for law and good order.

The courthouse was crowded at all stages of the trial, city and country people alike taking a great interest in the proceedings.

A. C. Nelson, father of the defendants, was found unconscious near the railroad tracks a few hours after his son had been adjudged guilty, and from this fact arose a report that he had taken poison and was dead. He was revived and is now apparently in his usual health.

The elder Nelson is about 54. He feels keenly the disgrace. Some time after hearing the verdict he started for home, but wandered away and soon collapsed.

Prior to the trial he mortgaged his place, consisting of ten acres, for \$1,000, to pay for the defense.

RELIANCE DOES NICELY

Walks Away From Constitution and Columbia at Start of To-day's Regatta.

New York, June 20.—The Reliance, Columbia and Constitution started to-day in a race over a triangular course of 11 1/2 miles to be sailed twice around in Long Island sound, off Centre Island.

The Reliance was a silver tankard offered by the Seawanhaka-Corinthian Yacht club. The heavy fog and rain which threatened to prevent the race cleared away by 11 o'clock, when a breeze came up from the north for the which soon attained a strength of 6 to 7 knots.

The yachts were timed across the starting line as follows:

Official—..... 12:30:36
Columbia..... 12:30:54
Reliance..... 12:30:54
Constitution..... 12:31:05

The Reliance came up very rapidly, blanketed the old cup defender and took the lead. The Columbia led headway thru this maneuver. The two older boats then began a luffing match to the first mark.

This gave the Reliance a chance to pull away from them rapidly and she gained over a minute on the reach of three miles to the first turn.

The boats luffed around the first mark and were timed as follows:

Official—..... 12:50:02
Reliance..... 12:50:02
Columbia..... 12:51:05
Constitution..... 12:51:25

STRIKE IS OFF

All Restaurants in Chicago Are Operating as Usual.

New York, June 20.—The strike of cooks and waiters has been declared off after lasting seventeen days.

Derby Day finds the hotel and restaurant service of Chicago in normal condition. The settlement is a compromise, and both parties appear satisfied. The strikers are to be returned to their positions, 75 per cent at once and the remainder within ten days. This will give the employers ten days to train for the new immigrants brought here to fill the places.

The other contested points—recognition of the union—was compromised by both parties conceding the right of freedom of employment.

All matters of wages, classifications, hours and conditions of labor are to be submitted to a joint conciliatory committee of three.

FORTIER VS. MARCONI

Former's Invention Catches the Messages of the Latter.

Special to The Journal.
Milwaukee, June 20.—Marconigrams can be run down and captured by any one who is equipped with the proper instruments, says Charles L. Fortier, who is an expert. Mr. Fortier has been experimenting with his invention and has been catching messages here and there here and there in Chicago by the Marconi system, all with instruments have not been "tuned" with those of the Marconi plant.

SENDS THE TROOPS

Three Companies Ordered to Dubuque by the Governor.

Des Moines, Iowa, June 20.—Governor Cummins, upon receipt of advices that a crisis was approaching in the street railway strike at Dubuque, issued orders this morning to mobilize three additional companies of militia at that point.

COLLISION KILLS FOUR.
Plattsburg, N. Y., June 20.—By a head-on collision of a light engine and a freight train early to-day on the Delaware and Hudson railroad near Whitehall, four trainmen including Henry Collins, engineer of the light engine, a fireman named Moore, a brakeman named Ryan and another trainman are reported killed.

COMMISSIONER IS DYING.
London, June 20.—Justice Arnott of the Canadian supreme court, one of the Alaskan boundary commissioners, is dying here of stomach trouble.

MEMORIAL FUND TO BE INCREASED

McKinley Monument Ass'n Will Raise \$150,000 for a Maintenance Fund.

Committee Now Has Half a Million, but Says That Is Not Enough.

New York Sun Special Service.
Cleveland, Ohio, June 20.—The officers and executive committee of the McKinley monument fund met here Monday to decide several important questions. They now have \$500,000, which is the sum they expect to pay for the monument. The grounds have already been bought and paid for. It is intended, however, to raise \$150,000 more to keep the monument in repair and pay for attendance. This is considered absolutely necessary, after studying the experience of the Lincoln memorial at Springfield, the Garfield memorial at Lake View cemetery, Cleveland; the Grant memorial at New York; the Washington memorial at Washington and other similar memorials. The public will be asked to continue subscriptions until \$150,000 more has been raised, which will be invested in government bonds and will produce \$5,000 or \$6,000 a year perpetually.

Form of Memorial.
The form of the memorial will be discussed. The site commends itself to any design. It was practically selected by McKinley himself, who, several years ago, suggested that a soldiers' memorial be erected there. It is called McKinley Hill and lies a mile or more northwest of Canton, at an elevation of between 300 and 400 feet, commanding a wide view, and a monument will be visible from every direction.

Twenty-one acres have already been purchased. Upon one side is the city park and waterworks reservoir, containing 150 acres, and the cemetery adjoins it on two sides, so that it is practically surrounded by public grounds. It offers great advantages for landscape gardening.

McKinley's body, now in the public vault of the cemetery, will be buried there under a guard of forty regular soldiers, maintained ever since the funeral.

TROUBLE FOR BURROWS

Michigan Senator Is Accused of Having Violated the Civil Service Law.

New York Sun Special Service.
Kalamazoo, Mich., June 20.—The statement is published here that complaint has been made to the civil service commission against Senator Burrows and Postmaster Colman of this city for violating the law relative to the appointment of postal employees.

Postmaster Colman was appointed with the understanding that Mrs. Arlitta Harris would be given a clerkship in the office but she failed in two attempts to pass the examination. She was placed on the list of employees in the postoffice at Monroe, Mich., which was unclassified at the time. She did not render any service at Monroe, but was listed on the list until Monroe was placed in the classified list which made her eligible in Kalamazoo.

To make room for her, Leonard W. Hopkins, a clerk, was "sent to Coventry" by the postmaster and his assistants and had to resign.

Mrs. Harris was then transferred from Monroe to Kalamazoo. Civil Service Commissioner Becker came here last summer to investigate Hopkins' grievance and advised him to drop the matter, but the methods by which Mrs. Harris secured the position did not leak out until today. Senator Burrows is in Washington and Postmaster Colman has been communicating with him by wire.

A TRUST BY THE BANKERS

Movement in Three States to Secure Exchange for Clearing All Papers.

Special to The Journal.
St. Louis, Mo., June 20.—At a unique bankers' conference the first steps were taken in the direction of the foundation of a bankers' trust.

The meeting was that of group 2 of the Iowa, State Bankers' association, in which the bankers of South Dakota, and western Nebraska and southwestern Minnesota were invited to participate. A. Shade of Rock Rapids is chairman, was appointed to bring about an agreement as to exchange charges.

The movement is against merchants who say their bills are not cleared. If successful, the bankers will charge exchange for clearing any and all papers.

A plan is to be devised and reported at the state bankers' convention, which meets in conjunction with the Illinois State association at Davenport, the Illinois bankers meeting at Davenport, and the business sessions being held in local.

LOCAL BANK REPORTS

Minneapolis Financial Institutions Make a Good Showing.

From The Journal Bureau, Room 45, Post Building, Washington, June 20.—The controller of the currency to-day gave out a abstract of reports on the condition of national banks in Minnesota on June 9.

Compared with returns of July 16, 1902, about a year ago, it shows that loans and deposits increased from \$18,520,024 to \$19,730,101. The cash reserve decreased from \$2,104,628 to \$2,056,425, and total resources increased from \$23,618,789 to \$23,686,526. Individual deposits increased from \$12,798,796 to \$12,990,101 and average reserve fell from 27.7 to 20.19.

The controller of the currency has extended the corporate existence of the First National bank of Stevens Point, Wis., to June 20, 1923.

STRICTER REGULATIONS

Canadian Authorities Are Weeding Out Undesirable Immigrants.

Special to The Journal.
Winnipeg, Man., June 20.—Dr. W. J. Fillee, chief government medical inspector of Atlantic ports, is here. He says Canada is now adopting the same strict regulations respecting undesirable immigrants as the United States and since the bureau has been established over 800 have been deported. European steamship agents are exercising as great care in the persons they send to Canada as to the United States.

ALL BUT ONE ARE NOW DEAD

McKinley, Pal of Hardee, Hunted by a Posse, Shot by a Rancher.

How the Coolness of Young Grace Darnell Saved the Life of Her Father.

Special to The Journal.
Helena, Mont., June 20.—With one exception, the Hardee gang of four, which effected the daring jail delivery at Glasgow June 6, have suffered violent deaths, James McKinley, the latest victim, having been shot down by John Darnell, who found the outlaw hiding in his outhouse. Only thru the bravery of his young daughter Grace was Darnell able to secure the "drop" on McKinley, and the girl is a heroine in the eyes of the people of Montana, her coolness and presence of mind stamping her as such.

The body of McKinley has just been brought to Glasgow and delivered to the coroner, who had but finished the burial services over the body of Jack Brown, the member of the gang who was lynched by infuriated citizens of Glasgow Thursday night.

Jett and White Are Now Confined in a Jail at Lexington, Kentucky.

Jackson, Ky., June 20.—Since the removal of Jett and White to Lexington and the prospect of another trial in another county beyond feudist influence, there is considerable talk here of prosecutions for perjury and bribery. It is claimed that witnesses, freed from fear of the Jackson feud leaders, will talk freely and that when they do prosecutions will follow.

It is said that a move is on foot to swear out warrants at once for the arrest of men in high places for bribery, perjury and "as accessory to the Marconi murder before the fact." One of these is expected to be served to-night. The statement by Judge Redwine that he will call a special term of court when he finishes his work in Irvine and Lee counties is taken as a conclusive step in this direction and especially since Judge Hargis refused to speak to Redwine before the former left with his brother for Cincinnati.

The foreman of the grand jury that indicted Jett and White has been threatened and soldiers were stationed around his house last night as well as around that of Haddock, who testified to seeing Tharp coming from the Ewen hotel just before the fire. Anxiety is felt for other witnesses and jurors and the provost marshal will have to hold Jackson under martial law.

Jury Stood 11 to 1.
But for one juror, Curtis Jett would have been convicted of the murder of J. B. Marconi. A majority of the jury also favored the conviction of Thomas White.

Both are now almost 100 miles from here, in jail at Lexington, and their next trial will be at Cynthia, over 100 miles from Jackson, away from the mountains and in the blue graded region under very different conditions from those existing in Breathitt county.

Governor Beckham is generally believed to have had something to do with the change of venue.

There is a feeling of relief here, but there is still great apprehension because it is believed that others have been "marked."

It is considered that Prosecutor Byrd is not safe here, and he went to Winchester last night. Mr. Bailey, the foreman of the grand jury which indicted Jett and White, has asked for military protection. He has received hints of trouble.

Jett Was Drunk.
Lexington, Ky., June 20.—When Jett and White arrived here last night, fully 500 were at the station and along the route to the jail. There was no demonstration. The prisoners were taken rapidly to the jail by the state guards and placed in separate steel cages. Jett had been exceedingly unruly and insulting all afternoon, evidently being under the influence of liquor. White also was exceedingly unruly.

DINES WITH TEDDY

President Entertains Our Own Tim Byrnes.

From The Journal Bureau, Room 45, Post Building, Washington, June 20.—T. E. Byrnes of Minnesota came over from New York yesterday evening purposely to dine with President Roosevelt, who extended the invitation earlier in the week while Mr. Byrnes was here on business. The visit lasted well into last night, and this afternoon Byrnes returns to New York, from which place he will go to Boston, and thence home next week. Last night's dinner was purely of a personal nature. A great many matters were discussed, but they came up as between two old friends.

Holland Follows Britain.
The Hague, June 20.—The Dutch representative at Belgrade has been instructed to assume the same attitude as Great Britain toward the provisional government of King Peter at present.

The United States Also.
Washington, June 20.—The United States government has adopted an attitude similar to that of England toward the new Serbian dynasty. It will be in no haste to recognize a government created by assassination in the absence of some exhibition of a disposition to punish the guilty. Therefore Mr. Jackson who, beside being minister to Serbia, is also United States minister to Servia, will not present his credentials to the government of King Peter at present.

Belgrade, June 20.—Queen Draga's sisters traveled second class on the train to Vienna. They say they are ruined. They received only \$400 for the journey, and do not expect to receive anything more. They intend to seek an audience of Emperor Francis Joseph.

All foreign newspapers are delayed in delivery to enable the authorities to deface the accounts and comments on the tragedy at the Konak.

Fearing the effect of the Austrian and Russian denunciations of the assassination, the conspirators have taken an oath not to divulge one another's names nor any particulars of the tragedy.

The Geneva correspondent of the Berlin Frankfurter Zeitung has interviewed King Peter on the Russian note calling for the punishment of the murderers. The new king said it should not be forgotten that the skupshchina had sanctioned the deed committed by the army.

A Vienna dispatch to the Berlin Boersener Courier gives an interview with Mme. Petrovitch, the late Queen Draga's sister, in which she asserts that the royal couple never intended to make the queen's brother heir to the Serbian throne.

The members of the Serbian deputation in Vienna protest that it is impossible to accede to the Russian demands, declaring that any attempt to punish the guilty officers would plunge Serbia into new trouble. One of the members, M. Savic, the editor of the leading Serbian paper confessed that he knew of the plot a long time previous.

Diplomats Embarrassed.
Members of the diplomatic body have been placed in an embarrassing position by an order of the provisional government to assign places to them at the railway station on the occasion of the reception of King Peter. The diplomats have made no reply pending instructions from their various governments to insure the continuance of the constitution after the violent coup d'etat of June 11. He was called to office, he said, practically by force.

He declared that the mutilated version of the Austrian emperor's telegram circulated in Belgrade in which the latter's terms of repression were slurred over was not the work of officials, but simply a newspaper translation, the harsh sections of the telegram being suppressed on the editor's own initiative.

Minister to Leave.
Great Britain has practically broken off diplomatic relations with Serbia. The British minister, Sir G. F. Bonham, will leave here Monday for England. The consul general of Great Britain, W. G. Thesiger, will have charge of British interests.

The new Serbian constitution was gazetted to-day, together with a decree abolishing the constitution of April 6, 1901, and all ordinances contravening the new constitution.

STATUE OF AN INDIAN

Peter White of Marquette Gives a Commission to Trentanove.

Special to The Journal.
Marquette, Mich., June 20.—Chevalier Trentanove, the Italian sculptor whose marble statue of Father Marquette stands in statutory hall of the national capitol at Washington and a bronze replica of which is erected on the lake shore at Marquette, has been given a commission by Peter White of this city for a bronze statue of Charles Kak-Baw-Gam, the Chippewa chief who was living on the site of the city of Marquette when the first white man came there and who died only a few months ago. The statue will be erected in Presque Isle park, where Kak-Baw-Gam lies buried.

NEW PLACE FOR HOFFMAN

Reputed Crown Prince a Member of Osteopathy School Faculty.

Special to The Journal.
Des Moines, Iowa, June 20.—Dr. Charles H. Hoffman, reputed heir to the Austrian throne, and who confesses that he is using an assumed name to please his family in Germany, has entered the faculty of the Still college of osteopathy of this city, with a salary of \$5,000 a year.

MAY INDICT THE FEUD LEADERS

Men Behind the Murder of J. B. Marconi Are Not Yet Out of the Woods.

It Is Possible That an Indictment May Be Found Against One of Them To-day.

Jett and White Are Now Confined in a Jail at Lexington, Kentucky.

Belgrade, June 20.—Queen Draga's sisters traveled second class on the train to Vienna. They say they are ruined. They received only \$400 for the journey, and do not expect to receive anything more. They intend to seek an audience of Emperor Francis Joseph.

CABAL HANDLED ALL PROMOTIONS

New and Highly Interesting Developments Made Public in P. O. Investigation.

Former Supt. Beavers at the Head of a Well Organized Promotion Syndicate.

Washington, June 20.—It is now officially admitted in postal circles that the much talked of "promotion syndicate" has actually been in operation for some seven years and has been able to dictate promotions from here in the New York and other large offices. The postal inspectors have secured absolute proof of the guilt of the members of the syndicate, but unfortunately, the cases so far completed are interfered with by the statute of limitations, since the offenses were committed, nearly five years ago. It is believed, however, that the syndicate has been in operation all along, and that cases falling within the statute will easily be established. Former Superintendent Beavers of the salary allowance department is said to have been the head of the syndicate.

Machen Had One, Too.
It is also said that a similar syndicate operated in the free delivery division under the direction of Former Superintendent Machen. Proof of this has been secured in a number of specific cases, and it is believed that the statute of limitations will not prevent prosecution of the officials. If it desired, however, to bring to justice, also, those outside of the department who have been concerned in the "grat," and the investigation will, therefore, continue until more recent cases are uncovered.

Hot for Rand.
Mr. Bristol's investigation of the conduct of H. H. Rand, Postmaster General Payne's confidential secretary, is proceeding vigorously. The new and serious charge is that the office was headquarters for the lobby for the Pullman Co. company, a notorious claim which has been before congress for many years.

6,000 KILLED

Moorish Rebels Reported to Have Killed Off the Whole of a Government Army.

Madrid, June 20.—According to a dispatch received here from Tangier, El Menetsli, the Moorish war minister, has lost 6,000 men in a battle fought with the rebels at Annabibina.

DUEL WITH SIX SHOOTERS

Arizona Cattlemen Get Into an Argument and Now One Will Die.

Holbrook, Ariz., June 20.—News has reached here of a desperate battle between cattlemen on the Apache Indian reservation, ten miles from Holbrook, in which Henry Barrett was killed and Prime Coleman was probably fatally wounded. Both are prominent cattlemen and have lived in Apache county many years.

Only meager reports are obtained, but it appears that the men became involved in a dispute over their respective grazing permits on the reservation, which are only issued at times and are of great value, only a limited number of cattle being allowed on the reservation.

A duel with six-shooters followed, in which Barrett received three wounds in the abdomen, from which he died within a few minutes after the shooting. Coleman was thereupon shot, and he was badly bruised about the head by blows from Barrett's six-shooter. Barrett is still alive, but there is little hope for his recovery.

TRIED TO KILL THE
