"RED CAN LAW"

Grand Totals 1997 1291 78.4

Everything is Ready for its Enforcement at Winona.

WINONA, MINN.—Fenton G. Warner, state oil inspector, is visiting several points in southeastern Minnesota in his official capacity. He found things in his department here moving along nicely and everything ready to commence the enforcement to-day of the red can law as applied to illuminants. He left here this morning for Rochester, and from there will go to Stewart-ville.

Rochester, and from there will go to Stewartvillle.

During a severe thunder storm yesterday afternoon, lightning struck a large tree in front of the
residence of Mrs. H. Olson, shattering it into a
thousand pieces and scaring the residents in the
house, who fortunately escaped without even a
shock. The rainfall was heavy, but reports
from the country are to the effect that crops
were scarcely injured at all.

A large party of Winona Knights of Pythias
went to Rochester last evening to attend a gathering of Knights from southeastern Minnesota.
There was third degree work. Among those
present were James Robertson, grand chancellor,
and F. E. Wheaton, grand keeper of records and
seals, Minneapolis.

A New Discovery.

Since the days of "ye olden times" it as been known and conceded by most everyone that camphor is one of nature's greatest remedial products. An all-wise reator has decreed to man many hatural products, many of which in their natural state and others, when properly treated in a scientific manner, form the safeguards of health and hap piness. We all remember the many ilments for which our grandmothers and mothers used the contents of the old camphor bottle. Hardly a day assed that it was not brought into use for some ailment, pain or ache.

Recently a prominent chemist has succeeded in combining with refined camphor, certain remarkable soothing and healing oils and antiseptic drugs, so as to form the most perfect and reliable relieving and healing agent for all ex-ternal pain that has ever been discover-ed. This new discovery is called Paracamph. It is readily conceded by all those who have used same that its power of instant relief and cure of external pain is marvelous. This valuable remedy is being used very extensively throughout the United States for the treatment of Skin diseases, Eczema, Pimples, Ringworm, Tetter, Psoriasis, Blackheads and all Eruptions of the

PARACAMPH being a most reliable anti-septic, kills the germs that cause these troublesome ailments, at the same time removing the inflammation and quickly healing the affected parts.

FARIBAULT, MINN.—Mrs. Emelie Baumgarten has let the contract for the erection of a modern brick block at First arenue and Third street. The building will be 23x68 feet and will be used for a bakery and confectionery store.—Andrew Manning, while stringing electric wires from a pole, narrowly escaped decapitation. The end of the wire on the ground had formed a loop and encircled Manning about the neck. A passing engine struck the wire, which jerked him up the pole several feet, causing severe bruises about the head and shoulders.

Two years ago there was one cabin near the largest spring; now there are thirteen beautiful buildings, and as many more could be rented. This is without doubt the most picturesque spot on the three Birch lakes. No better fishing can be found in any part of the state, and these things, added to the medicinal properties of the spring water, are attracting people from abroad.

JORDAN, MINN.—A summer training school for teachers and students of Scott and adjoining counties will be held in Jordan for four weeks, commencing Monday, July 6. The school is to be under the direction of the superintendent of schools, H. J. Fitzpatrick, of Scott county, and the conductor will be Professor Freeman, of Spring Valley. The assistants will be Superintendent Kuntz, of Owatonna, and Miss E. Sullivan, of Minneapolis.

RED LAKE FALLS, MINN .- The 11-year-old son of James Gray was drowned in the Clearwater. He was playing on some logs and fell in. His body was recovered in a short time, but all attempts to revive him were unavailing.—A drive of 23.000,000 feet of logs is held here by low water, and unless heavy rains come will not be moved this summer. The logs are the property of the Crookston and Grand Forks Lumber company.

WINNIBAGO CITY, MINN.—The state summer training school for Faribault county is in session in this place with an attendance of about fifty teachers. The following are the instructors: Messrs. Gilman, of Winnibago; Franklin, of Faribault; Barnes, of Lake Crystal; Unler, of St. Peter, and Misses O'Laughlin and Mulqueen.

BLUE EARTH, MINN. Judge Quinn sentenced Bert Ronk to twenty years in the penitentiary. This was the limit allowed by the verdict of manslaughter in the first degree. Ronk took his sentence without showing any feeling. A stay of execution until July 21 was granted to allow the defense to file a bill of exceptions and prepare to argue a motion for a new trial.

MONTICELLO, MINN.—As the east bound passenger train stopped for dinner here yesterday Carrle Nation, who was a passenger, setzed the opportunity to make one of her characteristic addresses to the crowd. Discovering a young man somewhat intoxicated, she gave him a good shaking by the collar, as well as plenty of advice.

LUVERNE, MINN.—A large barn belonging to Casper Tambert was struck by lightning and burned. Eleven head of horses were either killed by the lightning or burned.

TWO ARE MISSING Bodies of Mulholland and Mrs. Kinley Probably in the Yellowstone.

Probably in the Yellowstone.

LIVINGSTON, MONT.—Dan Mulholland, a stone mason employed on the stone arch now being constructed at Gardiner, is reported missing, and it is believed he fell into the Yellowstone river while fishing Sunday afternoon. At the point where he went fishing the river is very rapid and it is thought he slipped on the rocks and was swept away by the swift current.

The searching party which has been looking for Mrs. Kinley, who mysteriously disappeared from the La Duke hot springs last Sunday morning, report that no trace of her can be found. Parties have been searching along the Yellowstone river below La Duke hot springs ever since the woman was reported missing. Circumstances point to suicide by jumping into the river, and there is little doubt in the minds of those who have been at work on the case but that the remains will be found later farther down the river.

ginia City.

ANACONDA, MONT.—Mrs. Maria Bridget Lynch, one of the old-timers of the city and a one of the ploueers of the state, died yesterday afternoon after an illness of long duration, at the ago of 76 years. She came to Montana in 1863, crossing the plains with several hundred other settlers during the time that the Indian troubles were so bad.

After about a year on the plains, she arrived in Virginia City, to find that her husband had been murdered by the redskins while on his way to meet her.

It is said upon good authority that Mrs. Lynch was the first white woman who ever set foot in Virginia City, and that the miners there were so clated over her coming that they treated her and her young baby with all the respect they could show her.

GOVERNOR IN CAMP

White of North Dakota Commanded the Second Battalion During the Dress Parade.

Company M Carried Off the Honors in Field Day Sports at Chautauqua Park.

Special to The Journal.

Devils Lake, N. D., July 1.—The First regiment has settled down to routine and is enjoying camp life immensely. There is no more picturesque spot in North Dakota than Rock Island. Camp Lawton overlooks the lake at one of the most beautiful spots on the shore line. Nature is resplendent in her midsummer garb, the weather could not be better and the regiment's tour will go on record as one of the pleasantest as well as one of the best ever held. Routine is more vigorous than last year, but there is ample time for the boys to enjoy themselves.

Target practice began yesterday morning. Colonel Truemann is the range officer and Companies H and K went on the range yesterday. The distances are 200, 300 and 500 yards, but neither company finished for the reason that the target was disabled before the practice could be completed. Impromptu Field Day.

Fire Chief Johnson of Superior Charges with Incompetency.

Each for Taking it.

VERMILLION. S. D.—A bottle of beer is sometimes a pretty expensive luxury, and two young men of this city have found this to be a fact. Clyde Kephart and Bert Hover took a fact. Clyde Kephart and Bert Hover took a bottle from a case of beer while hauling it from the station to St. Joseph's academy. Complaint was made to Agent Barnett, who had the draymen arrested. They admitted guilt and were fined \$10 each by Judge J. A. Copeland. State's Attorney Tilton insisted on knowing where the beer was going, hence the sisters of the convent were called as witnesses.

Aleck Resburg was drowned in the Red river, a little trout stream entering the St. Louis river opposite New Duluth. He was a farmer on the Wisconsin side of the river and was "batching" it in a cabin up the river. He was subject to fits, and it is supposed that he fell in while having an attack. He had a bank account of about \$590 in Duluth, and H. E. Tickner of this city will act as administrator.

Sheriff Sommer lost his mandamus suit to have salary allowed him. He was working under a \$1,500 salary, but in August the county board fixed the salary at \$2,500 without fees, while under the old salary Sommer had fees outside the county. He preferred the \$1,500 and fees and mandamused the county to pay him on that basis, but Judge Smith decided against him.

DEADWOOD, S. D.—According to the returns of the Lawrence county assessors, the assessed valuation of the county for 1903 is in round numbers \$10,000,000, as against \$6,600,000 for 1902. The valuation of the city of Deadwood is \$1,500,000. The Lead books are not yet in, but it is estimated that the valuation there is not less than \$2,000,000.

Under an order of the county commissioners all valuations have been raised 50 per cent over last year, this being done at the direction of the state board of equalization, from which complaint has been made that valuations in Lawrence county have heretofore been too low. It is expected that there will be a reduction in the levy this year, and that taxpayers will not have to pay any more than in previous years.

Disorder During the Strike.

DUBUQUE, IOWA.—There will be a general shaking up of the police department as a result of charges preferred by several speakers against policemen at the mass meeting of citizens Monday night for the purpose of forming a peace alliance, which will endeavor to effect a settlement of all strikes that may hereafter arise. It was charged that certain policemen aided the rioters in their work of destruction during the recent traction strike, and the mayor and chief of police were severely criticized for keeping such men on the force.

Judge Husted bitterly denounced Chief of Police Morgan, declaring that any person of the least intelligence should know that he is not capable of managing a police department and also verbally castigating Mayor Berg for not demanding Morgans' resignation.

The Doctor Writes of Counterfeiters.

CHAS. H. FLETCHER, New York City.

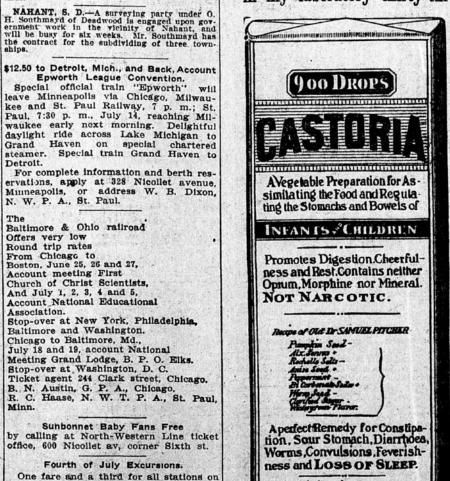

Hyannis, Mass., May 12, 1900.

Dear Mr. Fletcher:-I wish to congratulate you on your numerous victories over counterfeiters and imitators of Castoria, and trust the time is not far distant when these inferior and dangerous mixtures will be entirely suppressed.

You are right when you say in your advertisements that it is "Experience against Experiment."

I feel it to be an outrage, and an imposition upon the parents of little children that my name should be associated with imitations of Castoria, dangerous to the health and life of these little ones who too often fight their battles for life in vain.

Let me again commend you for the high standard you have maintained In the preparation of my prescription, and I confidently believe it is due to this scrupulous integrity you are indebted for the wonderful sale of Castoria to-day, and the steady growth it has had since I gave you the details of its manufacture in my laboratory thirty-three years ago.
