

CITY NEWS.

WEATHER NOW AND THEN Maximum Temperature To-day 78 Degrees; a Year Ago 82 Degrees.

The Mayor Will Rest—Mayor J. C. Haynes will take a two weeks' vacation beginning to-night, when he will leave for his old home near Troy, N. Y.

The Body Identified—A mistaken identification of the body of Charles Burkhardt, who died suddenly at 138 Western avenue, April 2, resulted in the body's being sent to the university medical school. It has now been identified and turned over to the family.

Seeks Missing Brother—Information as to the whereabouts of Kendall, Wis., is sought by his sister-in-law, Miss Hofer, who has addressed an inquiry to Postmaster W. D. Hale, Burkhardt, writes Miss Hofer. He is five feet, six inches in height, weighs 130 pounds, and has a sandy mustache. He also has a wife and baby. "I was told," adds Miss Hofer, in a postscript, "that he went off with a girl."

THE JOURNAL'S SWEET PEA SHOW.

All amateur flower growers are invited to take part in the open competition afforded by "The Journal's Sweet Pea Show" to be held on the second floor of the Dayton Building, 710 Nicollet avenue, Aug. 5, 6 and 7. The show is open to all the leading florists and seedsmen of the city for \$3.64 to be given as premiums in the various classes of exhibits, such as dahlias, nasturtiums (tall and dwarf), carnations, marigolds, verbena, gladioli, dianthus (Chinese pink), and general garden flowers. All vases or receptacles for flowers will be furnished by the management and no collection of flowers will be too modest to receive consideration.

The object of this show is to promote the growing of flowers in the home and to assist the Minneapolis Outing association in a noble work. The beauty of the exhibits as an attraction will be supplemented during the three days with music by The Journal Newsboys' Band and refreshments will be served by the Christiana Club, 1000 Hennepin, and the Park Avenue Congregational church. Entries are free and entry blanks should be filled out and forwarded as soon as possible, to L. Fathay, manager of the Journal Sweet Pea show. All entries must be in by 10 a. m., Monday, Aug. 3.

DAILY CANVASS No. 297

The Minneapolis Journal, out of 6,365 residences canvassed, had 5,148 subscribers; the Evening Tribune 1,331, the Morning Tribune 784.

The Minneapolis Journal in 84 apartment and flat buildings canvassed had 1,263 subscribers—the Evening Tribune 189 and the Morning Tribune 180.

To-day's Canvass.

Table with 2 columns: Emerald Av., University Av., Bedford Av., Clarence Av. and corresponding residence counts for 5 residences, 3 Journals, 0 E. Trib., 0 M. Trib., 5 residences, 4 Journals, 1 E. Trib., 0 M. Trib.

NECROLOGICAL

ROY EDWARDS PAGE, aged 15 years, died yesterday at the home of his parents, Mr. and Mrs. Albert A. Page, 1310 Twenty-first avenue N. He had been ill fifteen months with tuberculosis and suffered about ten weeks ago from a fatal quest of health in the west. The funeral was held from the residence at 2 p. m. to-day, the interment being at Lakewood.

CHARLES F. PETERS died of consumption yesterday at his residence, 2728 Cedar avenue. He was born in St. Paul in 1853 and came to Minneapolis in 1868. He was at one time a member of the firm of C. C. F. Peters, art dealers.

ROY GRAYS MEALY, aged 24, son of J. L. Mealey, died yesterday at Bemidji, Minn. Funeral notice later.

Broken rings in \$3 and \$3.98 Oxford now being cleared at \$1.98. Nickel Plate clearance sale.

SHE SUES HEALTH OFFICER

James Judge's Widow Thinks Her Husband's Death Due to Officer's Neglect.

Anne Judge, whose husband, James Judge, recently died at the city isolation hospital, will sue City Health Commissioner Pearl M. Hall and the National Surety company of New York, which Dr. Hall is bonded for, \$5,000 damages. Judge Simpson this morning granted plaintiff's application to sue. The application was accompanied by an affidavit of George S. Grimes, plaintiff's attorney, charging that the escape of Judge from the city hospital while delirious and his subsequent death were due to Dr. Hall's neglect.

Dayton's (formerly Goodfellow's) Great Expansion Sale and Midsummer Silk clearing sale begins Monday. See Saturday night Journal for particulars.

GOOD ADVICE.

Constipation clouds more lives than almost any other disease. One of the greatest orators once gave this most important advice: "Keep your bowels open and your head cool, and any manly person will agree that keeping the bowels open and clear is absolutely essential to good health. Don't take pills and harsh purgatives that irritate and aggravate the trouble, but try Chase's Constipation Tablets. They will cure you to stay cured. These tablets are put up in neat watch-shaped boxes which just fit the vest pocket. Price twenty-five cents. Sold by druggists under a positive guarantee to give satisfaction or money refunded. Nothing else like them.

FOR SALE IN MINNEAPOLIS

Wainhold, E. H., 6th and Nicollet. Benjamin Lutz, Nicollet and 31st. C. H. C. B., 6th and Nicollet. Hermann, A. B., 24th and 4th. C. H. C. B., 6th and Nicollet. Churchhill's Nicollet House Block. Donaldson's Glass Block. Powers Mercantile Company.

If your druggist won't supply you write to the above or The Chase Manufacturing Co., Newburgh, N. Y.

TO DIVERT GRAIN

Southwestern Grain Rates Still More Favorable to Chicago Area Promised.

Local Grain Interests Are Deeply Concerned in the Threatened Change.

Another campaign on grain rates seems imminent. This time it is a threatened rate which will practically bar southwestern grain from Minneapolis markets and local milling interests and the Chamber of Commerce are deeply interested. This morning word was received that the railroads would soon announce a new tariff from Sioux City, Omaha and other southwestern points to give Minneapolis the Chicago rate instead of the Mississippi river rate on grain from Nebraska.

This will make a difference of about three cents from Omaha and will virtually close the Minneapolis market to the southwestern territory. A delegation of influential grain shippers of Nebraska will go to Chicago to protest against this new rate, which will force them to sell in either Chicago or Minneapolis.

WHY SUCH A HURRY?

Lumbermen Amazed at Government's Plan for Cutting Minnesota Reservation Pine.

Say It Means an Earlier Finish to the Lumber Industry Here.

First to be held up as reckless demerit of forest lands and then to be forced to denude them hastily under an order of the department of the interior is a paradoxical state of affairs which is worrying Minneapolis lumbermen.

Only the timber on half of the reservation and take five years' time for the work, is the counter suggestion made by the lumbermen.

Thomas Shevlin thinks the law under which the Leech Lake reservation timber is to be sold is the best ever made for the purpose but he does not think the time provision is at all the proper thing.

It was intimated among the saw mill men to-day that the order would never be promulgated until the lumbering matter would be taken to President Roosevelt, who is a lover of forests.

Beside the depression of the market for lumber, the fire hazard resulting from the burning of such a tremendous amount of debris at one time. As for the cutting of the land open under the present law, this is no argument with the lumbermen, who do not believe that any homesteader will want the land from the government.

J. R. Farr, United States superintendent of logging, who is in Minneapolis to-day, agrees that it would be advisable to extend the time limit. He said: "My attention has been called to the prospect of the land open under the present law, this is no argument with the lumbermen, who do not believe that any homesteader will want the land from the government."

DR. LARES STANDS PAT Says He Won't Move His Penates From Maple Plain.

"When I leave Maple Plain," said Dr. B. V. Lare, to-day, there are several of these people who are trying to drive me out of town who will go, too. I will not leave home until I have a gang to drive me away. They may think they can bluff me, but they will regret it if they attempt to carry out their threats."

A MAID'S HEROISM

Delays Authors' Study Club Meeting, but Gives Occasion for Many Oh's and Ah's.

Lakeside Incident Which Was Almost as Bloody as a Shakespearean Tragedy.

"The Literature of the Times of Queen Elizabeth" was the topic to be discussed this afternoon by the Authors' Study Club at the summer home of G. H. Fleming, Lakeside, Lake Minnetonka. A thesis full of dashes had been prepared by one member of the club on the "Shakespearean style" and the debutante member was going to read an original sonnet in the Elizabethan style, and Elizabethan styles of dress were to be worn to give the proper "atmosphere."

Those "Scurrilous Circulars." The delegates were not thru with Mr. Fralley, however, and before adjournment...

Mr. Fralley's Views. L. H. Fralley then spoke on behalf of "The Food Profession." He said that 75 per cent of the people were dependent upon manufactured food products.

Supervision of Extracts. Secretary Allen read a paper on "The Manufacture of Flavoring Extracts," by Dr. V. C. Price of Chicago, who was not able to be present.

Label Preserved Foods but Don't Prohibit the Preservatives. Dr. H. W. Wiley of Washington, chief of the United States bureau of chemistry, delivered his address last evening before the delegates to the National Association of Dairy and Food Commissioners.

FOOD INDUSTRIES Their Regulation Discussed by R. M. Allen of Kentucky. The first paper on the program to-day was by R. M. Allen, secretary of the food division of the industry association.

DR. WILEY ON PRESERVATIVES Label Preserved Foods but Don't Prohibit the Preservatives. Dr. H. W. Wiley of Washington, chief of the United States bureau of chemistry, delivered his address last evening before the delegates to the National Association of Dairy and Food Commissioners.

STRONG ON GINGER

The Dairy and Food Convention Enlivened by a Passage at Arms.

Several Commissioners Object to Remarks by a Food Company's Representative.

Manufacturers of food products clashed with the food commissioners in their convention at St. Paul to-day. The large majority of the delegates are representatives of the convention, and the program was largely given over to them to-day. They locked horns with the officials on two subjects, a national food law and the use of preservatives.

Both points were brought out by Camden in a paper by L. M. Fralley of the Food Commission. As far as the national food law was concerned, Mr. Fralley referred to the state commissioners, but to the department of agriculture, which has the enforcement of a national law.

Those "Scurrilous Circulars." The delegates were not thru with Mr. Fralley, however, and before adjournment...

to the American authorities, and subsequent senate and house committees who have taken testimony on the proposed national food law have agreed that the use of all antiseptics that can not be determined by taste and smell, be declared with a plain label. As the question now stands, it seems that we can not change the position of antiseptics that the use of the antiseptics to be permitted should be restricted to the minimum, and in all cases the kind of antiseptics be plainly labeled on the package.

previous experiments than from his own recent work, were as follows: "Foods can be preserved for a reasonable length of time in most circumstances without resorting to any chemical preservative or added preservative of any kind. Simple sterilization, which can be applied to most foods, is the most effective and the least objectionable of all forms of food preservation. There may be occasions of emergency or exigency in which the use of a chemical preservative is rendered imperative. The short period over which such an emergency would extend would not seriously endanger the health of the consumer were he to eat food for a brief period containing any one of the principal preservatives in common use."
