

# Piano Bargains

We offer in the following list an assortment of second hand and slightly used instruments, every one of which is a genuine bargain. This list comprises but a few samples from a large accumulation of instruments taken in exchange for new pianos. During the summer season our factory department has been busy renovating these pianos, and every one is in excellent condition, many of them in all essentials equal to new. In our descriptions we have been conservative, and every instrument in this list will be found in every way as represented, if not better. \$4.00 must be added to the prices on this list for square pianos which are to be shipped out of the city. This additional \$4.00 is to cover the expense of box.

## LOSSES ON CROPS

Excessive Moisture in South Dakota Is Fast Making the Situation Critical.

Nothing Can Be Done in the Fields—More Rain Falls in North Dakota.

Special to The Journal. 28.—The past three days have been most disastrous ones for South Dakota. It has rained almost continually and over two inches of water fell in the past forty-eight hours. The steady, soaking precipitation is well calculated to play havoc with small grain which has already suffered materially from too much rain and has become seriously damaged. Unless the present weather changes to permanently dry conditions the splendid crops of wheat, oats and barley that were harvested, but are still in the field, are now being threatened, will be completely ruined. The corn crop also is in a critical condition. About two weeks of good ripening weather is needed to save the crop, while every day of rain which retards its maturity hastens it to the point of destruction by frost.

If the weather turns favorable within a few days for rain and so for two weeks this state will produce the heaviest corn crop it has ever had.

**RAINS ALL THE TIME**  
All Harvesting and Threshing Is Stopped in Many Sections.

Special to The Journal. 28.—An inch and a quarter of rain fell yesterday over the Devils Lake region, making a total of over three inches in August. The French claim that the heaviest rain has been at a standstill for several days.

St. Vincent, Minn., Aug. 28.—Rain set in during the night and is falling steadily all day. No. 10, threshing has been stopped and grain is in bad shape.

**DRIZZLING AT MORRIS.**  
Morris, Minn., Aug. 28.—A drizzling rain prevailed here all day yesterday and all this morning. Stacking and threshing have been abandoned.

**POWERS PLEADS FOR LIFE**  
Kentuckian Addresses the Jury in His Own Behalf.

Georgetown, Ky., Aug. 28.—Caleb Powers resumed the argument in his own defense before the jury this morning. He will be followed this afternoon by State's Attorney Franklin. Powers declared that the jury that the star witness of the commonwealth, Wharton Golden, was swearing to keep out of the penitentiary and that Henry Youtsey was swearing to get out of that institution.

He denied that he had any connection with Youtsey and pointed out that the money showed he had not known Youtsey thirty days before the shooting. He made a strong point of the fact that the testimony showed no personal communication with Youtsey until the day before the shooting.

**POPE'S RELATIVE RESIGNS**  
Leaves American Parish to Return Home to Venice.

Baltimore, Aug. 28.—The Rev. Don Luigi Sartoris, pastor of St. Joseph's Roman Catholic church, Midland, Md., and a relative of the pope, has sent his resignation to Cardinal Gibbons and will retire from active work in the ministry.

Father Sartoris' family name is Sarto. He is a native of Venice and wishes to spend the remainder of his life at his boyhood home. He is now 60 years old.

**GEMS LOST AND FOUND**  
Mrs. Alger Has a Scare, but Recovers Her Jewels.

Winsted, Conn., Aug. 28.—While returning from a church concert at Norfolk, the wife of Colonel Frederick M. Alger, of Detroit, lost a pearl and diamond necklace valued at \$5,000.

The interior of the church and the grounds outside were searched without success. Just as the police were about to be notified the missing necklace was returned. It had been found hanging upon the lace skirt of a New York woman. Apparently it had fallen from its owner's neck and had caught in the fabric of the dress.

**TO BOND OR NOT TO**  
Proposed Expenditure of \$100,000 at Houghton.

Special to The Journal. 28.—Whether to vote to bond the village of Houghton for \$100,000 for an improved waterworks system is the absorbing topic. The special election to be held Aug. 31 has brought the question to a focus, but Houghtonites seem divided.

Should the money be voted the bonded indebtedness of Houghton will be more than \$125,000, which some business men argue is too heavy a load for so small a town. The improvements will give Houghton a supply of pure spring water and adequate fire protection, without which the people will have to struggle along under heavy insurance rates.

## YIELDS IN SOUTH DAKOTA

Reports From the Machines—Corn Must Have Three Weeks of Good Weather.

Special to The Journal. 28.—Threshing through the state is in fair progress, and reports from different localities give a varying crop. Machines are ready everywhere but frequent rains interfere with the work.

Corn is in the best of condition, some almost out of danger. The general opinion is that if the frost holds off till September 15 to 20 corn will be safe. It will be a very large yield if not injured. In regard to small grains the following outlines are made:

Elkton—One field of barley threshed 17 bushels an acre. Two others near by went 45. Westing Springs—Wheat, in yielding about 15 bushels an acre; oats and speltz 20 each. Speltz is becoming a standard crop in some sections.

Carthage—Wheat has averaged about 18 bushels an acre, grades No. 1 and weighs 58 pounds to the bushel.

Canton—Wheat has gone 30 bushels an acre; oats varies from 15 to 50; barley, 30. Clark—Barley yields about 40 bushels an acre, this being an average for the county. Wheat is turning out well.

Madison—Barley runs from 30 to 40 bushels an acre. Oats and wheat are averaging with the rest of the state.

Flandreau—Oats are yielding 10 bushels an acre.

Alexandria—Oats, 60 bushels an acre; wheat, 30 bushels an acre.

Yankton—Wheat will average 14 to 20 an acre; oats, 70.

Platte—Wheat, 15 to 25 an acre; speltz, 20; oats, 50; barley, 20.

Platte—Wheat varying from 25 to 30 an acre. Winter wheat was raised in this vicinity and yielded 35 bushels an acre.

Chamberlain—Wheat is turning out from 40 to 60. Oats and wheat are the way from 40 to 60.

Geddes—Wheat runs from 15 to 30 bushels an acre; oats, 40; speltz, 40.

Parker—Wheat, 15 to 25 an acre; speltz, 20; oats, 50; barley, 20.

Armour—Wheat yields from 18 to 25 an acre; oats, 60; barley, 40.

Grand—Wheat yields from 18 to 25 an acre, grading out into No. 1 and No. 2.

Highmore—Wheat, 20; oats, 70; barley, 40.

Woonsocket—Wheat is yielding from 13 to 22; barley, 40 to 45; oats, 45 to 70.

Salem—McCook county will average: Wheat, 18 or 20; oats, 70; barley, 60; speltz, 45 to 50. Wheat to far brought in grades No. 2 and No. 3.

Summit—Wheat will yield from 12 to 40 bushels, but most of it will have to go for feed. Wheat is a great deal of fruit.

Doland—Wheat will average about 26 bushels an acre. Other small grains are fine. Some wheat is being raised in this vicinity and will not average over 10 bushels an acre, the poorest crop for years; oats will yield 35 to 40.

Gary—Wheat is the best for years. Oats will be 40 to 60 bushels an acre.

Ethan—Wheat, 17 to 25; oats, 55 to 65; barley, 60 to 70.

Spink county has by far the best crop ever raised in its history.

**GRAINS IN WESTERN CANADA**  
Estimated Average Yield of Wheat Is 18.3 Bushels.

Winnipeg, Man., Aug. 28.—The Northwest Grain Dealers' association issued its annual crop report, showing its findings on the yield of all grains in the west.

The report, in full, is as follows: Wheat area under cultivation, 2,123,663 acres; estimated yield, 57,163,032 bushels; average an acre 18.3 bushels. Oats area under cultivation, 1,101,333 acres; estimated yield, 41,921 bushels; average an acre, 36.7 bushels. Barley area under cultivation, 381,135 acres; estimated yield, 19,900,461 bushels; average an acre, 28.5 bushels. Flax area under cultivation, 1,000,000 acres; estimated yield, 743,348 bushels; average an acre, 11.5 bushels.

**SIGNS OF CLEARING WEATHER.**  
Special to The Journal. 28.—It has been raining steadily since early last evening, but no breaking away. There will be no more rain for several days. The rain has covered the entire Northwest.

**'IT'S YOUR FAULT, GOOD-BY'**  
A Chicago Man Takes Poison Because His Divorced Wife Had Remarried.

Chicago, Aug. 28.—Facing his divorced wife, who had married again two days after the decree was entered two weeks ago, Herbert R. Shaffer last night lifted a vial of poison and said to her: "It's your fault, mine's good-bye."

Shaffer tossed the acid down his throat, then staggered toward his former wife, at the same time threatening her life. The woman ran screaming from the room, calling to her husband to come to her rescue.

Before Shaffer had taken dozen steps he fell. Ten minutes later he was dead.

**MERRYMAKERS DROWNED**  
Carriage Goes Over Bank and Into a Stream.

Pittsburg, Aug. 28.—While a party of young people were driving home from a social gathering near Evergreen borough, north of Allegheny, early to-day, their vehicle was precipitated over a high embankment into Girty's run and three were drowned. Two others narrowly escaped a similar fate.

The dead are: Myrtle Scott, aged 20; Nannie Scott, sister, aged 18; and Annie Clifford, a cousin, aged about 20.

Chan-Tin-Sin of San Francisco, who returned to China with his family, was one of San Francisco's interesting characters. He landed before the dawn of the exclusion act, a big, rawboned, coolie. He leaves now with his white wife and half-caste boy, with \$1,000,000 in American gold and securities. He has been a miner, cook, gambler and merchant, and was successful in everything he undertook.

## CULLOM'S SIZE UP

If Johnson Wins in Ohio He Will Be Formidable; Towne Is Not Available.

Financial Legislation, Says the Senator, May Be Expected at the Extra Session.

Special to The Journal. 28.—When in Omaha today, Senator Cullom of Illinois, speaking of possible democratic presidential candidates, said:

"If Johnson wins in Ohio, it may cause a political revolution; but I don't think he will win. As for Towne, he is not available, since he has gone in for speculation and such. But the democrats of the east are talking Cleveland at a great rate. If they find there is any hope of electing a democrat, they will unite on some strong man, not necessarily Cleveland. If they see there is no hope, they won't care who is nominated."

"There will undoubtedly be an extra session of congress, since the Cuban treaty cannot take effect until ratified by that body. I believe the president could make an effective treaty without the approval of congress, but many of my friends thought otherwise, and provisions were introduced into the treaty making it ineffective until congress approves it."

"Yes, we will have the Panama canal; congress will, I believe, ratify the treaty in some way. I think the matter will be amicably arranged and we will control the strip, too. There will be some financial legislation at the extra session, but it will not be the Aldrich or Fowler bills. The senate subcommittee will probably report some bill of its own which may embody some features of both the Aldrich and Fowler bills."

Seattle, Wash., Aug. 28.—H. W. Haynie and Grace Haynie, his wife, have been arrested and Haynie has confessed to three highway robberies. The police believe that he and his wife have been working together, the latter in men's clothing. In such guise she might answer the description of a short man with a tall man who have been doing much robbing here lately.

The couple hired a lively buggy drawn by a spotted horse. They would then drive to a secluded place, where the woman, according to Haynie's confession, would remain in the buggy while he went two or three blocks away to await a victim.

## IN MEN'S CLOTHING

Grace Haynie, a Young Bride, Aided Her Husband in Many Highway Robberies.

He Has Confessed to Three—She Was Once Identified With Portland Society.

Special to The Journal. 28.—H. W. Haynie and Grace Haynie, his wife, have been arrested and Haynie has confessed to three highway robberies. It was thru the spotted horse that detectives traced the pair. The Haynies are young, both wear good clothes, and the wife is handsome. She was formerly a Seattle high school girl and has been married to Haynie not more than five months.

Portland, Ore., Aug. 28.—Haynie was brought up at Forest Grove and attended the Pacific university at that place, putting in two years as a medical student. He was married last March to Miss Grace Walton, a pretty young stenographer of this city, who was prominent in society. At the time of her marriage last year she was a candidate for queen, missing the election by only a few votes.

The police of Portland believe the pair planned and executed the bold street-car hold-ups that startled residents a few weeks ago.

**PORTRAIT OF TEDDY**  
German Court Painter Turns Out One for the Kaiser.

Berlin, Aug. 28.—Emperor William met Hans Fechner, the court portrait painter, some days ago, and asked him to make a lithograph drawing of President Roosevelt. Fechner's lithograph of the emperor having been most widely circulated in Germany.
