

DID STEEL TRUST CAUSE THE WRECK

Consolidated Lake Superior Stockholders Seek Nigger in the Woodpile.

A Plan for Reorganization Is Suggested and May Be Carried Thru.

Chicago, Sept. 22.—A special dispatch from New York to the Tribune says: Has the United States Steel corporation, by clever manipulation, accomplished the destruction of the steel trust?

The properties and assets of this \$117,000,000 corporation whose object was to develop the Sault Ste. Marie section, its water power, its mineral deposits, and its host of kindred industries, are to be sold under the hands of the steel trust.

Many Investors Hard Hit. Greater than the disaster which has overcome the 3,500 employees of the company by the shutting down of its many industries pending attempts to settle its financial liabilities.

Efforts to Raise Money Fail. Since disaster first threatened the Consolidated the efforts of many of the most able financiers in this city have been devoted to an attempt to get it on its feet again, but all in vain.

Will Steel Corporation Buy? It is said that at the auction sale the United States Steel corporation will be on hand with the millions necessary to secure the property and with so little opposition that the trust will be certain of a bargain and will probably be stronger than ever.

What the Victor Gains. The immediate advantage of the securing of the Consolidated by the trust would be the gaining of control of the Canadian markets. Just at present the Grand Trunk and Canadian Pacific are heavy buyers of steel rails.

Sale Is Announced. The formal circular of Speyer & Co., announcing the sale, was given out this morning. The trust has acquired the subsidiary companies held by the Consolidated Lake Superior company, with various notes made by the subsidiary companies in the American mills.

MAY REORGANIZE Project Is On Foot to Save the Company. Philadelphia, Sept. 23.—John S. Freeman, counsel in this city for the Consolidated Lake Superior company, to-day made the following statement:

It was learned to-day that the plan provides for a company capitalized at \$10,000,000. There is a fund in which a majority of the stockholders will, I believe, unite to save the property and I think a proposition looking to the reorganization of the company is satisfactory to the interests they represent.

CLERQUE'S WORD FOR IT The Captain of Industry Says Plants Will Stand and Debts Be Paid. Ottawa, Ont., Sept. 23.—F. H. Clergue, the promoter of the Soo industries, is being going to straighten matters out was true, he replied:

A SUICIDE AT LARIMORE. Larimore, N. D., Sept. 22.—W. J. Murtin, of the firm of Knapp, Murtin & Co., committed suicide last night by shooting himself in the head at his home in Larimore, Canada. No cause has been assigned, and the act was committed in his room where he was found by Mrs. Keenan.

BLEW THE SAFE BUT GOT NOTHING

Robbers Hold Up a Burlington Train but Find the Express Safe Empty.

St. Joseph, Mo., Sept. 23.—Four masked men held up west-bound Burlington & Missouri River train, No. 41, five miles from St. Joseph.

The safe of the express car was dynamited and the car wrecked. Officials say the safe contained but little money. The men escaped in the darkness with horses. A posse is in pursuit of the bandits. Not a single shot was fired. The train was stopped by a red light. The engine and express car were uncoupled and taken half a mile farther on. The train was in charge of Conductor Harvey, who hurried to the city and gave the alarm. The officers lost no time in making the start.

ANOTHER CARDINAL

Gibbons, Just Returned Home From Europe, Says America Is to Have One.

New York, Sept. 23.—Cardinal Gibbons, who returned from Europe yesterday, asked about the possibility of another American cardinal being appointed, answered:

There will be another cardinal. It would not surprise me to see the number of American cardinals augmented in the near future. But there is absolutely no truth in the cable statement that the pope proposes to create a patriarchate for the occasion.

Concerning the probable relations between the pope and the Italian government, Cardinal Gibbons said: "The pope, as patriarch of Venice, was on friendly terms with the king, but what a man does when he is more private in the ranks, so to speak, and when he is elevated to power and responsibility, is wholly different things."

WANTED TO SEE THE PRESIDENT

But Secret Service Officers Sent Samuel Swenyon Back to New York.

Oyster Bay, N. Y., Sept. 23.—A suspicious character giving his name as Samuel Swenyon was held up by the secret service officers at Sagamore Hill late yesterday afternoon, while trying to see the president.

Swenyon told the officer that he was a Swede and had come from New York to see the president at Sagamore Hill, having read about the president's summer home in the newspapers. His only object in coming, he said, was to see Sagamore Hill and the president. After examining him thoroughly the officers were convinced that he was not an anarchist, but that he was not a Swede. He readily accepted the officers' decision and bought his own ticket to New York.

WOMAN AT THE BOTTOM OF IT

Prominent Society Woman Said to Have Driven John D. Kilpatrick to Suicide.

New York, Sept. 23.—"I send you here with \$300. This is positively the last money I will send you. I will not let you blackmail me any longer."

This, together with torn fragments of a check, is said to be the text of a letter which has been placed together from bits discovered in the apartment where John D. Kilpatrick, wealthy son of the late David Kilpatrick of Beatrice, Neb., was found Monday shot through the head.

J. E. Lambie, stepfather of the dead man, declared that sensational developments may grow out of the affair. He is quoted as saying: "We know the woman to whom the letter was addressed. She is a young married woman who had begun to look like one of murder, but it is now thought the first theory—suicide, is correct, and that Kilpatrick killed himself to escape his tormentor."

CURTIS JETT MUST HANG

Jury Remains Out Two Hours and Then Returns a Verdict of Guilty.

Cynthiana, Ky., Sept. 23.—After a trial lasting four days, the jury in the case of Curtis Jett charged with the murder of Tom Marshall Thomas Cookrell at Jackson

On July 21, 1901, he returned a verdict of guilty and fixed the punishment at death. When the jury entered the courtroom, Jett's mother had gone away, thinking no verdict would be reached, and the verdict of death coming about two hours after the jury was out was a surprise to every one in the courtroom.

MURDER MYSTERY

Man and Woman, Well Dressed, Found Dead in Fashionable Chicago District.

Chicago, Sept. 23.—The bodies of a well-dressed woman about 20 years old, and a man, apparently 30, were found in a vacant lot in a fashionable residence portion of the South Side early to-day.

A revolver clutched in the dead man's hand, a bullet from which had passed through the woman's lung, and two bullet wounds in the man's neck, lead the police to believe it a case of murder and suicide.

Chicago, Sept. 23.—Mosquitoes in dense swarms, bred by the recent heavy rains in the Chicago parks, have swept down upon the north shore towns. For the last three days every suburb from Lake Forest to Evanston and even the northern portion of Chicago, as far south as Edgewater and Lake View, is suffering.

THEY FAVOR RECIPROCITY

Continued from First Page.

for timber in one form or another as she is dependent on us for cotton. "The time is fast coming when we shall need of Canada's mineral resources and possibly her farm products. On her side she stands in need of many natural products her cold fields cannot raise, and Canadian consumers at an exorbitant price. Canada is a new country and will for decades be chiefly occupied and absorbed in agriculture, lumbering, mining and fishing. She will produce great surpluses of these natural products and will have to seek markets abroad for them.

Canada Wants Reciprocity.

"The Canadians buy our goods because they need them for their necessities, like us to reciprocate and buy more of theirs. If we don't reciprocate, they will do their best to reduce their imports from us by other means. They think it is for us to take the initiative in establishing fair trade between the two countries. It is not for us to take the initiative in interfering with it. The best customer we have in the world, her views are entitled to respectful consideration. Every man, woman and child in Canada represents an annual purchase of \$20 worth of natural resources. Surely this is a patronage worthy of courteous treatment.

"God as the Canadian trade is now, it is not greater in its possibilities, like whether we maintain our present share remains to be seen. In the last five years Canada has enjoyed wonderful prosperity and has witnessed her amazing development of her resources.

"Last year the land department of the Canadian Pacific railway sold more than 2,419,000 acres of land and the total sales by other corporations and individuals were much more, while homesteaders took \$20,000,000 worth of land.

AMERICA'S PART.

"Are we Americans going to share as much as we should in this development of our own continent by our own people and money? This is a question to which we can give only part of the answer. A more liberal, a more statesmanlike policy in the past would have given us commercial union with Canada by this time. Trade would, as it should, be as free between the provinces and territories on the one hand and the states and territories on the other as it is between the units of the two groups."

"As the best means of getting reciprocity, Mr. Knapp urged the creation of active organizations in all the states, especially interested.

"At the close of Mr. Knapp's address the following resolutions offered by R. C. Staver of Chicago were adopted: "Resolved, That in view of the demand for growing foreign trade and the strengthening tendency of nations to meet our high tariffs with equally high ones on their part, the time has come when the United States should enter upon a policy of reciprocity in customs duties, granting favors in our country to all nations that do or shall give us reasonable access to their markets."

DAVID T. WATSON BEGINS STATEMENT

GRISIS NEAR AT HAND

Bulgaria and Turkey Will Decide for War or Peace Within a Day.

Sofia, Bulgaria, Sept. 23.—Within twenty-four hours the question of peace or war probably will be settled, according to authorities here. Premier Petoff has had an interview with Allierux Bey, at which the whole situation in Macedonia was discussed. As a result of this conference a much better feeling prevails, and confident hopes are expressed that a satisfactory adjustment will be reached. This view is strengthened by a report from Constantinople that the council of ministers, after some days' discussion, is within measurable distance of an agreement on the chief points at issue.

The premier complained to the Turkish diplomatic agent of the situation created by the arrival at Burgas of thousands of destitute and starving refugees from the district of Loengrad. After a discussion an understanding was reached that Turkey should guarantee the safe protection of the refugees and take steps to relocate them in their homes.

For the time being the efforts of the Macedonian revolutionists are directed chiefly to clearing certain parts of the district of the women and children. These noncombatants are escorted across the frontiers of Montenegro, Bosnia, Serbia, Bulgaria and Greece, and are being beriber from thirty to fifty. The object of this move is, first, to place the women and children beyond the reach of the Turkish second army, and secondly, to reduce the male population of Macedonia into an unhampered fighting force. The refugees are received into their homes, relatives and friends. It is reported from the Bulgarian frontier that the Ottoman troops have succeeded in scattering some of the fleeing people, killing and capturing others, who are consigned to a worse fate.

Supplies of rifles, ammunition and other war material are ceaselessly smuggled into Macedonia. This is a comparatively easy operation, since the adjoining population is largely of the same race and language. These stores are deposited in cellars, in the hollow spaces of altars in churches, farm buildings and mountain caves.

A BAD WEATHER RECITAL

Weather Department Men Describe the Crop Conditions in North Dakota.

Special to The Journal. Bismarck, N. D., Sept. 23.—The fore part of the week was unfavorable for all farm work. The previous week ended with a severe rain and snow storm, and the grain is very damp and moldy. A more light snow storm and light to heavy showers of rain followed until the latter part of the week, when the weather cleared and became pleasant. The ground is still and much higher temperature. Killing frosts and freezes occurred in all parts of the state during the middle of the week, and all vegetation that was not fully matured, except in some places in the western and northern parts, where it was protected by snow, greatly retarded by the wet weather, and but little was done the past week, although most of the machines started the latter part, but most of the grain is yet damp and moldy. It is so wet that it is almost impossible to move a heavy load upon it. From all reports received it would seem that about one-third of the grain has been threshed, but it is probable that more than two-thirds of the wheat still remains unthreshed, as most of the rye, barley and oats have access to their markets.

Heavy

Dull Feeling After Dinner. Tortures of Death From Headache.

Dr. Miles' Anti-Pain Pills

Relieve and Cure. "Nearly every day I suffered from severe attacks of headache. They used to come with a heavy, dull feeling soon after dinner. During these spells my head felt as though there was a tight bandage around it, my temples throbbing, I became dizzy, and I suffered almost the tortures of death. For two years past I have been taking Dr. Miles' Anti-Pain Pills, and have found sure and immediate relief always. By taking one in time the headache is prevented every time."

"Dr. Miles' Anti-Pain Pills are all right. I can recommend them very highly to anyone who needs a remedy for headache, neuralgia, or pain of any kind. My health is not very good and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from them as I used to. They never fail to give relief in a few minutes, and if taken promptly upon the approach of a headache will prevent an attack from coming on."

"Dr. Miles' Pain Pills grow in favor with me every day, for, when I use them, I use them sick headache once a week, sure, can say that I do not have it any more at all. I never had a headache cure me. I had a headache before."—CLAUDE TUCKER, Wallace, N. Y.
