

TORTURED BOY UNTIL HE DIED

And for His Crime Andreas Dippold Escapes With an Eight-Year Sentence.

Dead Boy's Brother Told Story of Monster's Cruelty on the Stand.

New York Sun Special Service. Baireuth, Oct. 10.—Andreas Dippold, a teacher, has been found guilty here on a charge of manslaughter for having caused the death by ill treatment of a boy who had been entrusted to his care.

Robert Koch, president of the Deutsche bank, placed the boy in the hands of Dippold during the summer while Koch and his wife were in Paris. Dippold treated the boy with the greatest brutality, tying him by their hands and feet in bed at night and otherwise mistreating him. The elder boy ultimately died from his misdeeds.

The mildness of the sentence, which apparently was the heaviest that could be demanded, excited the spectators to fury. Men among the crowd rose from their seats and threatened the prisoner. Intense indignation had been excited by the testimony of the surviving brother, who had been besides flogging them mercilessly on every part of their bodies. Dippold kicked them and trampled on them when he called them.

When asked why he did not complain the boy said Dippold told him and his brother that their parents thought it good for them to be thrashed as often as possible.

The Water Torture.

The little boy, whose name is Joachim, told the story of the death of his brother. He said the monster was flogged with unusual severity until he was so weak he begged to be allowed to remain in bed. Dippold dragged him out and kicked him, then he led him to the bathroom, where he held him under a douche until the boy fainted.

When he awoke Dippold ordered him to perform gymnastic exercises. Heinz was too weak, whereupon Dippold compelled Joachim to beat his brother's hand with a stick until he fainted again and Dippold then carried him to bed and went out for a walk.

Joachim crept to the bedside and asked his brother why he was breathing so hard, and received no answer. Then in great fear he ran after Dippold and told him Heinz was dying.

Dippold replied he was only pretending, but returned to the house and poured water in Heinz's mouth to revive him. This was of no avail, so Dippold then placed his handkerchief over the boy's mouth to deaden all sound.

The parents, who were present, covered their faces and sobbed. They seemed to have accepted Dippold's assertion that the boy was addicted to vicious practices and assented to his cruel hints.

TUNNEL CAVES IN

One Man Is Buried Alive—His Fellow Workmen Rescued After Hard Struggle.

New York, Oct. 10.—Twelve men had a desperate fight for life to-day in the Pennsylvania railroad tunnel now being dug under the Hudson river.

They were working in the Hoboken end when without warning the water and loose earth began to rush through the shield, and in a few moments 200 feet of mud had covered the men.

Connell was buried alive under the river bottom. Two other laborers were taken out unconscious.

The big tunnel which is to cross under the Hudson to New York is already advanced 700 feet and work is being pushed with night and day shifts.

The prevailing air pressure at the time was only twice the normal. The only thing to be done to stop the cave-in and save the lives of twelve men was to instantly increase the pressure to hold back the mud. Forty pounds was thrown in immediately and the men struggling in the rapidly rising mud and water.

McCConnell could not get away. The others were dragged to safety but two fainted under the strain and were carried out only in time to save their lives.

REPLEVINS HIS GIFTS

Girl Married Another and Had to Return Jewelry to Her Jilted Lover.

New York Sun Special Service. Hope, Ark., Oct. 10.—There was a most remarkable replevin case here to-day.

On Sept. 29, M. City of Ozan and Grace Kirkland of Prescott were married. Among the presents was a diamond ring valued at about \$200.

When he learned that she had married another man he determined to recover the jewelry. When Mr. and Mrs. City reached Hope, en route to Ozan, a writ was served upon her and the coveted baubles were surrendered.

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also.

Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

"It has been a long time since we have been without Hood's Sarsaparilla. My father thinks he could not do without it. He has been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field." Miss Ada Doty, Sidney, Iowa.

Hood's Sarsaparilla and Pills. Remove the cause of rheumatism—no outward application can "take them."

MUST CONSIDER UNITED STATES

Mr. Ritchie Declares Britain Cannot Eliminate Us From Her Reckoning.

Adds That We Would Retaliate Should She Erect a Tariff Barrier.

London, Oct. 10.—Mr. Ritchie, member of parliament for Croydon, and until recently chancellor of the exchequer, delivered a speech last evening on free trade and the reasons for his resignation, before an audience of 4,000 persons, at Croydon town hall.

Large liberal element was present. The reception of Mr. Ritchie was decidedly not harmonious, consisting of cheers, hoots and counter cheers for Joseph Chamberlain.

Mr. Ritchie said that if any one expected to hear a denunciation on his part of his late cabinet colleague he was happy to disappoint them. He believed that Mr. Balfour and Mr. Chamberlain were actuated by the highest motives. Mr. Chamberlain's administration of the colonial office had been the most successful of the present generation.

The speaker, later, precipitated a scene of disorder by declaring that Mr. Chamberlain had been inconsistent because he upheld free trade while president of the colonial secretary.

Mr. Ritchie said that as chancellor of the exchequer he could not consent to a fiscal revolution and also to overturning of the policy of his conservative predecessors on the strength of the arguments of Mr. Chamberlain, whose strong point always was his ability to present any scheme he championed in the most favorable light.

Must Consider United States. Mr. Ritchie strongly attacked the Chamberlain policy and declared that it would raise the cost of everything. He aroused the greatest opposition from the audience by his references to the United States.

"The country must guard against giving the United States any cause for resentment against this country which she might use as a pretext for attacking the Canadians, were allowed to send their wheat into England at two or three shillings a quarter less than the market price in America would certainly punish Canada."

This statement was met with cries of "No, they exclude us now, and should do so," and "Rubbish" and "nonsense." The general disturbance was such that Mr. Ritchie had to appeal for order.

Stillwater Safe Blown. Hooley's Total Loss Cannot Be Told. Special to The Journal.

Stillwater, Minn., Oct. 10.—Burglars blew the safe in the meat market of Dennis J. Hooley last night. The sum of \$170 had been placed in the leaves of a ledger, and it is not known whether this was taken, as the burglar closed the safe and so far efforts to open it have been a failure.

The cash drawer was robbed of \$95. The police have no clue.

The stage of the St. Croix is the highest of the season, 14.2 feet above low water mark. It had been expected it would begin to show a decline to-day.

Fred Engelhart, across the river in Wisconsin, lost three cattle by poison. A neighbor confessed that he spread Paris green in the pasture and paid for the stock. There will be no prosecution.

The J. W. Van Sant and bowboat took out logs and lumber to-day for Muscatine.

RUSSIA PREPARED

Will Fight Rather Than Withdraw from Manchuria.

Berlin, Oct. 10.—The Cologne Gazette to-day publishes a despatch from St. Petersburg as follows:

Russia is not disinclined to accept the modus vivendi in the Korean question; but if the modus vivendi is brought into the controversy by Japan, Russia would rather that the dispute come to war than yield her claims. A sign that Russia is preparing for the worst is that the officers of the armies who were preparing to go to Port Arthur have been requested to depart before the end of the month.

The accommodation are not yet completed. Japan has brought together masses of troops for purposes other than mere maneuvering.

At Stamford, England, recently a suit of clothes which belonged to Daniel Lambert, the celebrated giant, was offered at auction. Lambert was the most corpulent man of his generation and weighed upward of 700 pounds. General Tom Thumb once walked thru the arms of his coat. The bidding reached \$375, the highest bid was withdrawn.

STUDENTS ARE ARRESTED

Ann Arbor Police Prove Too Much for the Little Michigan Boys.

New York Sun Special Service. Ann Arbor, Mich., Oct. 10.—The freshmen-sophomore rush last night resulted in a student battle with the police and the arrest of half a dozen boys of the University of Michigan.

The students stoned the police after their own fight was over and then stoned the jail.

Many individual encounters between the classes took place and many freshmen and sophomores had to climb trees and tuff bottom in the Egyptian lotus tanks in the botanical garden. Probable serious trouble would have taken place, however, if the "freshman laws" had not undertaken to build a fire on the asphalt pavement at the northwest corner of the campus.

The police tried to make them desist, when stones were thrown and the officers arrested a student. Someone hit Patrolman Isbell on the head, inflicting a bad scalp wound, but he held his prisoner and took him to jail.

Other students tried to rescue the prisoner and the police locked up five of them.

STATE CAPITOL.

PARDONS WANTED

Calendar of Thirty-two Applicants for Monday's Meeting of the State Board of Pardons.

The board of pardons will meet Monday afternoon. Thirty-two cases are on the calendar, of which eight are old applications. These include the cases of Horace C. Galehugh and Norman W. King, from Hennepin, and the cases of William Vine, forgery, and William Early, grand larceny, from Hennepin; David Leydler, grand larceny; John Dahlgren, burglary; Joe Frater, Erick Rosk and Louis P. Hagan, Other cases on the calendar are:

Continued—Thomas R. Senter, William Fitzsimmons and George Blair. New Cases—Randez Abrahamson, Samuel Lenox, Walter Nelson, Otto von Maasner, Ralph Hall, Joseph Landry, Mabel North, George H. Davis, Albert Thompson, Adelbert Lawton, Charles Morgan, Morris J. O'Brien, George Williamson, Andrew A. Ryan, J. H. Van Neger, John Freid, J. C. Frye, Ole Severson and Ole Nilson.

MAKES A FAIR OFFER

Glenwood Only Wants \$2,000 for Fish Hatchery Site.

Glenwood will furnish a site for the second fish hatchery at a cost not to exceed \$2,000. This assurance was given by the city of Glenwood to-day for a delegation, consisting of Frank M. Eddy, C. P. Reeves and T. T. Ostlund. The price of the land wanted has been \$10,000, and a lot on the lake front owned by the city will be donated.

WONT POLLUTE RIVER

Septic Tank Will Care for Sewerage from Anoka Asylum.

James A. Martin and O. B. Gould of the board of control, visited the Anoka asylum yesterday with Dr. H. M. Bracken, secretary of the state board of health, and Professor J. J. Blather, its consulting engineer. Professor Blather recommends a septic tank system to dispose of the sewage and this will be adopted if there is sufficient drainage from the site proposed for the tank.

Will Lecture in Oregon.

Dairy Commissioner McConnell has been invited by J. W. Bailey, the Oregon dairy commissioner, to deliver a series of talks to Oregon dairymen next January and February, and Mr. Bailey has already made announcements to that effect. Mr. McConnell is "head of the industry" in the greatest dairy state of the union.

CHAMPION STEER ROPER

Jennings, a Rancher, Breaks a World Record at Bridger, Mont.

Special to The Journal. Red Lodge, Mont., Oct. 10.—F. D. Jennings, a rancher living near Bridger, has the distinction of having broken the world's record for roping and tying a steer. The steer six feet tall, Jennings roped by the name of "Shorty." His roping was his remarkable feat at the Bridger race meeting and street fair, now in progress. He roped the steer and tied it in just forty seconds. The best previous record is said to have been forty-six seconds.

FAVOR BIBLE SCHOOL

Presbyterian Synod Takes Steps Toward Its Establishment at Macalester College.

Relations Between the Church and the State "U" to Be Inquired Into.

The Presbyterian synod of Minnesota favors the establishment of a Bible training school for lay workers and Sunday school teachers in connection with Macalester college. In the face of stubborn opposition the main recommendations of the committee on Bible training school were adopted at this morning's session in St. Paul.

The report was presented by Rev. D. D. McKay, and was debated for over an hour. A substitute presented by Rev. Mr. Robertson referring the subject to another committee of one from each presbytery, to report next year, was voted down.

The report provides for fifteen directors to serve for three-year terms, and to be named by a committee at synod meeting. It is to confer with the faculty of Macalester and decide as to the feasibility of the project.

Other business of the synod was rejected, on the ground that that question should be left to the management of the college.

SYNOD'S COMMITTEES

They Were Selected Yesterday—John Willis Baer on Smoot.

Standing committees were selected yesterday by the synod. The committees are: Bills and Overtures—Rev. A. H. Carter, Rev. G. C. Pollock, D. D.; Elder John Narver, D. D.; Rev. R. B. Abbott, D. D.; Elder Thomas H. Dickson.

Judicial Business—Rev. A. B. Marshall, D. D.; Rev. R. B. Abbott, D. D.; Elder Thomas H. Dickson.

Minutes General Assembly—Rev. J. C. Robinson, Rev. H. A. Noyes, Elder H. A. Campbell.

Correspondence—Rev. William A. Kirkwood, D. D.; Rev. R. N. Adams, D. D.; Elder H. L. Woods.

Evangelical Services—Rev. J. M. Fulton, D. D.; Elder T. D. Simonton, Elder J. M. Hartman.

Leave of Absence—Rev. S. A. Jamieson, Rev. Herbert McHenry, Elder Thomas Blair.

John Willis Baer, assistant secretary of the home mission board, formerly international secretary of the Christian Endeavor world's union, addressed the synod last night on home missions.

Mr. Baer does not believe that immigration should be restricted and said that no better field for a church was offered than Castle Garden, or other ports of entry. He favored the entry of Chinamen, also, saying that forty-five of them in one mission are peers for faithfulness of any other subjects of the Presbyterian church.

Speaking of Reed Smoot's case, Mr. Baer said it is not surprising that menaces the country in Mormonism. They need to be educated. One man called me narrow because I was not present at his denunciation of this man Smoot, but he could not combat my argument against the church that he represents.

"Reed Smoot, I tell you, is second in line to the present head of the Mormon church. Mormonism is a menace to the religion of Jesus Christ. Where you send out two missionaries, the Mormon church sends out four."

He cordially, their efforts to please; but it is all a hind. That is why I show them this monster that is gnawing at the very vitals of this country. You have enough woman's clubs. Give the men a chance."

The Women's Synodical Home Missionary society met yesterday. Mrs. E. S. Pomeroy presiding.

A GUARANTEED CURE FOR PILES. Leitch, Blind, Bleeding or Protruding Piles. Just forty seconds. The best previous record is said to have been forty-six seconds.

WOMEN PRAISE PE-RU-NA.

For Diseases Peculiar to Their Sex There is no Medicine That Gives Such Universally Good Results.

The Actress and the Housewife Rely Upon Pe-ru-na.

Miss Zelma Rawlston, 8 W. 29th St., New York City, writes: "For over a year I have used Peruna, and find it all you claim for it. I shall take great pleasure in recommending it to my professional friends."—Zelma Rawlston.

Peruna seems so admirably adapted to catarrhal troubles of women that it rarely fails to instantly relieve and promptly cure. No sooner does a woman begin to take Peruna than she feels that a cure is in sight. Sometimes it is necessary to take it for weeks and even months, but the good effect becomes apparent at once and gradually continues until a cure is perfected.

Noted Women Who Use Pe-ru-na.

- Belva Lockwood, Washington, D. C. Mrs. Lucie Clark, Farmington, Utah, Vice President Utah State Council of Women. Mrs. Verona E. Roach, wife of late Senator Roach, of Larimore, N. D. Mrs. General James Longstreet, of Washington, D. C. Mrs. Griddle, mother of Captain Griddle of the U. S. Cruiser Olympia. Mrs. H. A. S. Marsh, President Woman's Benevolent Ass'n, No. 237 Jackson Park Terrace, Chicago, Ill. Mrs. Robb-Maher, attorney at law, of Kansas City, Kansas. Mrs. Colonel Hamilton, of Columbus, Ohio. Mrs. Theophil Schmitt, wife of the ex-Secretary of the German Consulate, of Chicago, Ill. Mrs. Colonel E. J. Gresham, Treasurer Daughters of the Confederacy and President Village Improvement Society, Herndon, Va. Mrs. F. E. Warren, wife of ex-Governor and now United States Senator F. E. Warren of Wyoming.

Mrs. Mary Herweck, 96 Hastings Street, St. Louis, Mo., writes:

"I am glad to testify to the beneficial results of Peruna. After the birth of my last child I felt weak and disabled. I tried several physicians with little relief, while Peruna gave me the greatest possible benefit. It seemed to build up my entire body, drive out pain and to vitalize me through and through. I am now in splendid health, regular, with the best appetite in the world and in the full enjoyment of life. Work seems easy and nothing troubles or worries me as it did when I was in poor health. I shall use my influence with my friends who are sick to use Peruna as I know I do them a favor. It is the best medicine I know of to cure the ills of women."—Mrs. Mary Herweck.

PELVIC catarrh is a phase coined by Dr. Hartman, covering all that large class of diseases that used to be known as female weakness. The lower portion of the abdomen is called by anatomists the pelvis. The organs contained in this portion of the body are known as the pelvic organs. There are several of them, very delicate and very subject to catarrh. Few women escape entirely catarrh of these organs. While each case presents some minor difference as to details, they are all in reality alike. Pelvic catarrh, therefore, is a generic term that covers all cases of catarrh of the pelvic organs. There is no cure equal in promptness and permanency to a short course of Peruna. Peruna does not relieve these cases by temporarily mitigating some symptom, but by a removal of the cause. Many a woman can testify that a local treatment does not permanently cure. A large multitude of women are constantly going from doctor to doctor, and the local treatment with little or no result. In Peruna these women find a prompt and permanent cure. Thousands upon thousands of testimonials to this effect are received by Dr. Hartman every year. The good that Peruna has accomplished in this class of cases can scarcely be over-estimated. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

TRIAL NEARS ITS CLOSE

Tillman Case Has Reached the "Character" Stage—Will Go to Jury Next Week.

Lexington, S. C., Oct. 10.—When the trial of James S. Tillman was resumed to-day, character witnesses were placed on the stand by the state.

Argument by counsel ensued over the proposed introduction of certain records of the Columbia Street Railroad Agency, by which A. H. Flowers, a witness for the defense, was employed as a conductor, the court ruling that they were admissible.

By agreement of counsel the fact of Mr. Gonzales' defective eyesight was admitted, the rendering unnecessary the introduction of further witnesses on the part of the state.

BOUQUET FOR CARMODY

Member of Governor's Staff Makes a Hit in Washington.

Washington, Oct. 10.—The Washington Post in its account of the reception to the Ancient and Honorable Artillery company of London, has this to say of Colonel Francis Joseph Carmody, of Governor Van Sant's staff, who appeared in the uniform of that office:

"Let the church continue its opposition to paganism and atheism," was the tenor of Senator Dolliver's remarks, by which he was understood to refer to any other church or creed."

DOLLIVER'S REBUKE

Iowa Senator Deprecates a War on Church Creeds.

Special to The Journal. Sioux City, Iowa, Oct. 10.—The ministers of the Northwestern Iowa Methodist conference, who preached opposition to the Roman Catholic church, received a severe rebuke from Senator J. P. Dolliver in the lay election, conducted by the church at Fort Dodge man was a delegate.

NORTHWEST PATENTS

Washington, D. C., Oct. 10.—(Special to The Journal) The following patents were issued this week to Minnesota and Dakota inventors, as reported by Williamson & Marchant, 925-933 Guaranty building, Minneapolis, Minn.: R. W. Cavanaugh, St. Paul, smoke preventer furnace; Jacob Dahl, Bohnsack Twp., N. D., cylinder tooth for threshing machines; John Dendendorfer, Grand Forks, N. D., flax carrier; Louise Dunn, St. Paul, track laying indicator; R. Evans and L. E. Fraser, Mitchell, S. D., saw-filing device; N. Grandchamp and L. A. Schleich, Frazee, Minn., belt holder; Hans L. Moebeck, Ulen, Minn., grain loader for cars; Isaac K. Storms, Duluth, bob sleigh; S. W. Van Nostrom, Minneapolis, attachment for theater seats; R. H. Young, Minneapolis, ink stand.

MICHIGAN WAS BEST

Her State Troops Carry Off the Honors.

West Point, Ky., Oct. 10.—Thousands of men in khaki and blue with the October sun shining athwart company alignments with arms at port passed in front of Major General Bates and his staff in the presence of a large crowd yesterday.

The alignments were excellent. The Michigan brigade making perhaps the best showing, with Indiana a close second.

THE PRISONER

Who escapes from jail is by no means free. He is under the ban of the law and punishment is written over against his name. Soon or late he will be caught again.

Dr. Pierce's Golden Medical Discovery cures dyspepsia in the same condition as the escaped prisoner. Soon or late they will go back to the old condition and pay an added penalty for temporary escape.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and organs of digestion in the same condition as the escaped prisoner. Soon or late they will go back to the old condition and pay an added penalty for temporary escape.

"For about two years I suffered from a very obstinate case of dyspepsia," writes K. E. Seabrook, of 11 East Ave., Toronto, Ontario. "I tried a great number of remedies without success. Finally I found that I was so far gone that I could not bear any solid food on my stomach for a long time; felt melancholy and depressed. One day I bought a bottle of Dr. Pierce's Golden Medical Discovery. After a week's treatment I had derived so much benefit that I could not follow my occupation. I have taken several bottles and an convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets stimulate the liver.

Dr. Pierce's Pleasant Pellets stimulate the liver.

Dr. Pierce's Pleasant Pellets stimulate the liver.
