

NO HOPE FOR CANAL TREATY

This Is the Day Set for Adjournment of the Colombian Congress.

Minister Beupre Cables That Canal Matter Probably Will Be Postponed Indefinitely

New York Sun Special Service.
Washington, Oct. 31.—The Colombian congress will adjourn sine die today and the final action on the canal matter is likely to be a vote on Senator Orange's motion to postpone the whole affair indefinitely. United States Minister Beupre at Bogota cables the following under yesterday's date:
"The report of the committee was discussed in the senate Oct. 27. Senator Carroll opposed the proposed law of organization, regarding it as unconstitutional on the ground that any action which the present government might take would be subject to the approval of the next and of future congresses. He denounced the treaty itself and the selfish motives of the United States in desiring such a treaty. Senator Groot defended the treaty. Senator Ospina advocated the proposed law providing for a removal of the negotiations for a canal treaty."
Senator Orange, after pointing out the faultiness of the proposed law, which was only the treaty with modifications which the United States has already declared to be non-acceptable, proposed an indefinite postponement of the whole affair on the ground that there was no time for its proper discussion by the senate.
The majority of the senate appeared to agree to this view but the closure of the debate by the president of the senate and the taking of a vote on Senator Orange's motion which may come up for action to-morrow, on which date the senate will adjourn finally.

EMPLOYEES DANCE IN PLATT'S HONOR

United States Express Company's Men Celebrate the Wedding of Their Chief.

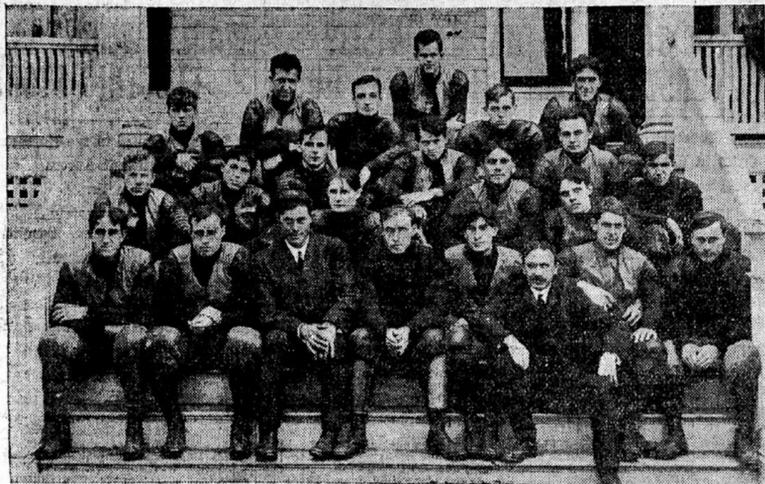

They Dance, Wine and Dine, All at New York Senator's Expense.

New York Sun Special Service.
Chicago, Oct. 31.—With feasting and merriment, 1,000 employees of the United States Express company in Chicago held a jubilee last night in honor of the recent marriage of Senator Thomas C. Platt. Senator Platt is the president of the company.
Grand, lavish and hilarious was the wedding feast in which the employees of the United States Express participated. There was stult in nothing in the way of merry-making from the grand ball that formed the climax of the jubilee down to the boxes of Havana cigars that graced the banquet table.
The expense of the affair is said to have been upwards of \$2,000, all of which was sent on from New York that joy and happiness might reign supreme in the hearts of the United States Express company family as it reigned supreme in the bosom of the senatorial head of the concern.
The celebration of last night in Chicago was not the only jubilee in honor of the senator's marriage. All over the country, wherever any large number of employees were gathered, the jubilee was being celebrated at the same time. For these, also, it is said, Senator Platt opened his purse strings and with a liberal hand dispensed cheer and gaiety among his workmen.

MICHIGAN TEAM AT 'TONKA

Incidents of a Restful Day Spent by the Michigan Football Team at the Minnetonka Club House Yesterday

—Photograph by Journal Staff Photographer.

The first and second elevens with Coach Yost and Trainer Fitzpatrick at the club house. In the front row, beginning at the left are: Eyles, Curtis, Yost, Maddox, Ferson, Fitzpatrick, Schulte, Goings and H. Weeks. The three next above them are Edmonds, Hammond and Barnet. The other five are Norcross, Gregory, Redden (captain), Gerald and Longman. The blow is at the top of the stairs.

NORCROSS (holding the ball) and HAMMOND (standing up) posed on the Yacht Club Grounds.

MINISTRY IS BADLY DIVIDED

The Czar Favors Peace but His Advisers Urge Him on to War.

Danish Critics Declare that Nicholas Has Shown Himself Weak and Vacillating.

New York Sun Special Service.
Copenhagen, Oct. 31.—It is reported in Danish court circles that a condition bordering on chaos prevails in high imperial quarters at St. Petersburg. The czar is described as floundering in the mire of conflicting ministerial advice and as having gone to Germany in search of stable convictions as to his duty in the far eastern crisis. It is stated that his majesty's pacific idealism has clashed with the practical plans of the war party, with which the advantage rests temporarily.
Nicholas' weakness in the presence of divided counsels of his advisers is said to be painful. Von Plehve urges arguments to the effect that only an aggressive policy can save Russia in the far east from inundation by the yellow men. M. Witte, head of the imperial council, and General Kuropatkin, minister of war, exercises almost as much pressure in the opposition, affirming that Von Plehve's views are distorted and erroneous and that Japan will be only too happy to keep the peace unless Russia is to fight with what regards as Russia's headlong preparations for war.
Apparently nobody ventures to predict the East Side's policy in this confusion, but the opinion is expressed that the rulers of France and Germany are likely to send the czar and Count Lambsdorf back to St. Petersburg with extremely sober views as to the advisability of lightly entering upon war in eastern Asia.

BLIND-FOLD.

Blindfold and she loses all confidence in herself. Her step is shaky, hesitating and uncertain. Her hands are raised to ward the imaginary blows which threaten her. What a sick woman seeks the means of health she is often like a woman blindfold. She has no confidence. She cannot tell what her effort will bring. She turns now to this side and then to the other in uncertainty and doubt.
The sick woman who uses Dr. Pierce's Favorite Prescription may do so with absolute confidence. It invites open-eyed investigation. There need be no hesitation in following the hundreds of thousands of women who have found a perfect cure for womanly ills in the use of this medicine.
"Favorite Prescription" cures irregularity and dries weakening drains. It heals inflammation and ulceration, and cures female weakness.
"With a heart full of gratitude to you for sending out over the land your wonderful medicine I send these few lines, hoping that some eyes in faring women will try Dr. Pierce's medicine." writes Mrs. Cora I. Cook of Greenport, N. Y. "I suffered severely from female weakness and had to be in bed a great deal of the time. I was unable to get up and when I was able to be around again and do my work with but little pain. Can now eat anything and it is all due to your medicine. I have taken seven bottles of Dr. Pierce's Favorite Prescription, and one of his Compound Extract of Sarsaparilla. Feeling better every day. My husband says I look like a new woman."
Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

SHOOT HIMSELF BEFORE A MIRROR

Bank President and Leading Citizen of the Creek Nation Dies a Suicide.

New York Sun Special Service.
Oklahoma City, Okla., Oct. 31.—W. J. Burnett, president of the Farmers and Citizens' bank of Sapulpa, stood before a mirror in his room at the Grand Avenue hotel this morning and shot himself in the head, falling on his bed dead. Brains and blood were scattered over the room.
A note left by him requested that the odd Pellets be sent to his mother. Telegrams in his pocket showed that he had been called on for heavy margins in cotton and stock deals and a hypodermic of morphine had been administered on his body showed he was a victim of the morphia habit.
The deceased was a leading citizen of the Creek nation and owned a cotton gin, lumber yard and large interests besides his bank. The body was shipped to Sapulpa to be interred.

PARRY IS PRESIDENT

Arch Enemy of Labor Unions Is Chosen Head of Citizen's Industrial Association.

Chicago, Oct. 31.—With the election of D. M. Parry of Indianapolis as its president, the formation of the Citizens' Industrial Association of America was completed last night. The organization is national in scope and includes representative manufacturers, tradesmen, other employers of labor, local general organizations and citizens' alliances, having among other things as its object the dealing with the labor problem in all its phases.
Delegates from fifty-seven cities from San Francisco to New York, including several in Canada, were present at the convention and at the concluding session all details of the plan of carrying on and extending the work of the organization were completed.
Other officers were elected as follows: J. C. Craig of Denver, head of the Colorado State and Denver Citizens' alliance, first vice president; E. M. McCleary of the National Electrical Contractors' association, Detroit, second vice president; J. T. Hollis of the Maytag Co., third vice president; A. Rosencranz of the Citizens' alliance, Evansville, Ind., treasurer.
The secretary and executive committee of fifteen members, of which the president, the three vice presidents and the treasurer shall be members, is sent to America by the German national and his newly wedded wife occupied seats at the Bijou on this occasion, witnessing a production of "Her Marriage Vow."

WORK IS SCARCE IN WINDY CITY

Big Increase of Wages Demanded by Unions Results in Many Lockouts.

New York Sun Special Service.
Chicago, Oct. 31.—Organized labor in Chicago is beginning to feel the reactionary effect of the economic increase in wages it had gained during the last year. So heavy has this additional expense proved to the big firms that they have been forced to lay off 12,000 men and are preparing to drop 7,000 more.
Labor leaders of the city are thoroughly alarmed. Many of the unions have spent their surplus funds in organizing and have no money for out-of-work benefits. Their officers fear that when this becomes known many of the workers will withdraw and accept work wherever it is to be obtained.
Reports of the discharge of employees reach the headquarters of the Chicago Federation of Labor every day. The most serious was the announcement that the International Harvester company would reorganize its plants and by centralization drop 7,000 men and women from its pay rolls.
Coupled with this news came a rumor yesterday that the Pullman company was contemplating laying off men, and that the members of the various metal trade associations are ready to take similar action. Still all this, be done Chicago will have more idle men than at any time since 1893.

THOUGHT ITS BUCK'S BODY

Later Dispatches, However, Indicate that San Antonio Suicide Is Some One Else.

San Antonio, Tex., Oct. 31.—The dead body of a man who had committed suicide by carbolic acid poisoning was found in the bushes in the outskirts of the city, and by means of a description, a photograph and marks on the body, has been identified by officers as Alfred Buck, who is wanted in Mapleton, Minn., for embezzling \$17,000 from the Mapleton State bank of that place.
Buck appeared in San Antonio on Oct. 20, registering as George M. Hall of Clinton, Mo.
Makato, Minn., Oct. 31.—A late message from San Antonio, Tex., says it is probable that the man who was last seen at Seattle a week ago yesterday.

MELLEN, R. R. PREX

He is President of the New York, New Haven & Hartford.
New York, Oct. 31.—Charles S. Mellen was today elected president of the New York, New Haven & Hartford R. R. company, by the directors of that road.
Other officers elected were: William D. Bishop, vice president of the board; William D. Bishop, Jr., secretary; Augustus S. May, treasurer. John M. Hall was appointed general counsel of the company.
Mr. Mellen has reappointed John G. Parker, resident secretary of the company.

MITCHELL ILL

Famous Labor Leader May Have to Be Operated Upon for Appendicitis.

New York Sun Special Service.
Scranton, Pa., Oct. 31.—John Mitchell, president of the United Mine Workers of America, is either suffering from appendicitis or is at least threatened with the disease. At present the doctors in attendance have not decided which and have consequently postponed their decision as to the necessity of an operation.

An Ancient Foe

To health and happiness is Scrofula as ugly as ever since time immemorial. It causes bunions in the neck, distends the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.
"A bunch appeared on the left side of my neck. It caused great pain, was heavy and became a running sore. I went into a general decline. I was persuaded to try Hood's Sarsaparilla, and when I had taken six bottles my neck was healed, and I have never had any trouble of the kind since." Mrs. K. T. Snyder, Troy, Ohio.

BODY OF CAPTAIN VOROUS

Third to Be Taken from the Wreck of the Fish Creek by the Hackley.
Special to The Journal.
Menominee, Mich., Oct. 31.—The body of Captain Joseph Vorous of Fish Creek, who went down at his post with the steamer Hackley several weeks ago near Green Island, was recovered last night and brought to this city, preparatory to taking it back to Fish Creek for burial. This is the third body recovered and the search still continues.

Hood's Sarsaparilla and Pills

will rid you of it, radically and permanently, as they have rid thousands.

MISSING MAN FINALLY FOUND

Young Millionaire Reported Lost in West Virginia Is on His Honeymoon.

New York Sun Special Service.
Atlanta, Ga., Oct. 31.—Telegrams received at the police barracks assert that young E. L. Wentz, the missing Philadelphia millionaire, has been located at Teococ, Ga. Developments make it almost certain that Wentz and his bride have been in Atlanta. David G. Phillips, treasurer of the Bijou theatrical company, says that Wednesday night two tickets which had been reserved for E. L. Wentz were used at the playhouse.
Phillips knew nothing of the hunt for the missing millionaire at the time and did not take particular notice of the persons to whom the tickets were delivered. It is possible that the millionaire and his newly wedded wife occupied seats at the Bijou on this occasion, witnessing a production of "Her Marriage Vow."

MEN DISGUSTED AT STRIKE ORDER

Iron Workers Are Growing Very Tired of the Convicted Grafters, Sammy Parks.

New York Sun Special Service.
New York, Oct. 31.—The calling of a national strike of structural ironworkers by the international and local committees of the union caused a big turmoil today. Numbers of the men gathered around the Ashland house, the headquarters of President Buchanan, and some of them were not slow in stating that the strike would be a fiasco and would break up the international union.
Men who had stood by Parks were cursing him to-day, after the verdict of the jury convicting him of extortion was made known, and were saying that they were fools to allow their families to suffer in order to satisfy the ambition of a criminal.
At the Townsend building where the employees' association meets, it was stated that the strike order was a bluff and could end in nothing but a miserable fiasco. Few new contracts were being undertaken in the present disturbed state of the trade, it was said, and about 500 draughtsmen had been discharged by architects and builders.
They Won't Strike.
Pittsburg, Pa., Oct. 31.—The structural ironworkers of Pittsburg will not join the strike ordered in the east. Local No. 3 of this city has separate relations with local firms and the officials have opposed the strike action repeatedly. The eastern strike will cause some structural steel mills to close down if it continues for any length of time.

MAN AND WIFE BOTH WIN SUIT

Both Charged Unfaithfulness and the Jury Grants Each a Divorce Decree.

New York Sun Special Service.
Savannah, Ga., Oct. 31.—A quotation from the scriptures read by Judge Pope Barrow of the superior court in instructing a jury to believe to have induced its decision to grant a divorce to each party in the case of Minnie L. Kersh vs. B. O. Kersh, Judge Barrow, taking up a Bible, read from the eighth chapter of St. John the story of the woman taken in adultery.
"Now, Moses, in the law, commanded us that such should be stoned, but what saith thou?"
"This, he said, tempting him that they might have to accuse him. But Jesus stooped down, and with his finger wrote on the ground, as though he heard them not."
"So when they continued asking him he lifted up himself and said unto them, He that is without sin among you, let him first cast a stone at her."
The judge quoted this chapter to show the jurors that the party who brings an accusation against another must come into court with a clear conscience. Judge Barrow then went on to charge the jurors, instructing them to find for both parties.
After being out a few minutes the jury rendered a verdict granting a divorce to both parties. Each side had brought charges of unfaithfulness.

BOOTH-TUCKER FUNERAL

Dead Salvationist Will Be Buried in Woodlawn Cemetery, New York City.

New York Sun Special Service.
New York, Oct. 31.—The program for the funeral of Mrs. Emma Booth-Tucker, in Carnegie Hall, Sunday, includes the singing of hymns, tributes by officers of the Salvation Army, "A Sister's Tribute" by Miss Eva Booth, commander of the forces in Canada, congregational prayers and a benediction.
The body will be buried in Woodlawn cemetery on Monday. It will lie in state at the army headquarters in Fourteenth street, on Sunday evening. Miss Helen Gould sent a telegram to Commander Booth-Tucker to-day. It read: "I am grieved to learn of your wife's death. You have my deepest sympathy."

FATAL TORNADO

Storm Strikes Hydro, Oklahoma Territory, and Three Are Dead, Many Injured.

Oklahoma City, Okla., Oct. 31.—A tornado last night demolished most of the houses at Hydro near here, killing three persons and fatally injuring several others.
Hydro is a town of about 100 inhabitants, in Caddo county, thirty-seven miles northwest from Anadarko, and is off the railroad.
LIGHTS FOR BREAKWATERS.
Ames, Iowa, Oct. 31.—The light-house board has begun work toward replacing the gas lights on Portage lake breakwaters.

COMMITTEE IS AT WORK

Mr. Hill Elected President of the Board of Arbitration—Plans Outlined.

Butte, Mont., Oct. 31.—Indications are that the war between the copper interests in Montana soon will end as a result of the work of the committee selected a few days ago.
At the first session of the board of arbitration James J. Hill was elected president and the plan outlined.
The members of the committee were the guests of Senator Clark at lunch and dinner. Later in the evening F. Augustus Heinze called at Senator Clark's house by invitation and met the members of the committee.
Senator Clark would say nothing beyond the fact that the committee had organized by electing Mr. Hill as chairman. The situation had been discussed informally and the committee wanted to have a talk with Mr. Heinze to see what could be done in arranging for the arbitration of the copper interests. Governor Toole has decided to call an extra session of the legislature.

TWO YEARS IN AMERICA

German Student Sent by His Government to Study Agricultural Conditions.

Ames, Iowa, Oct. 31.—Alfred Lehrenkrauf of Hohenheim, Germany, reached Ames this morning to spend the month studying Iowa corn and stock raising interests and methods of instructional and experimental work at the Iowa agricultural college.
He is a German student of agriculture, is a graduate of the leading agricultural institution of Germany, and will spend a month each with Ohio, Kentucky, Indiana, Illinois, Iowa, Kansas, Nebraska, Colorado, Texas, Louisiana, California, Wisconsin, and Michigan colleges.
He will also study wheat districts of Minnesota and Dakota and fruit interests of Florida and the coffee industry in Jamaica. He will visit the St. Louis fair and spend a month working under the general direction of the United States department of agriculture.

NORTHWEST PATENTS

Washington, D. C., Oct. 31.—(Special.) The following patents were issued this week to Minnesota and Dakota inventors, as reported by Williamson & Merchant, Patent Attorneys, 325-328 Grand street, Minneapolis, Minn.: Paul Brown, Dayton, S. D., bag-holder; Owen E. Casey, Nashua, Minn., wagon; A. A. Lux, St. Paul, Minn., guard for razors; H. J. Maurer, St. Paul, Minn., razor; S. D. McKay, Minneapolis, attachment for blue flame oil stoves; L. H. Redetzke, Echo, Minn., power transmitting mechanism; F. J. Schultz, Pratt, Minn., draft equalizer; Ernest Watson, Brainerd, Minn., locomotive engineer's alarm; C. P. Wheeler, Minneapolis, means for securing castors to furniture; George Rupley, Duluth, Minn., vending machine.

WINKEL SENTENCED TO LIFE IMPRISONMENT FOR KILLING JAMES CAMPBELL.

Winona, Minn., Oct. 31.—Max Winkel was found guilty of murder in the first degree for killing James Campbell last May. This was his morning sentence by Judge Fruit to the state's prison for life. The jury took two ballots in reaching its decision and was out only thirty-five minutes.

CANVASS SHOWS GAINS FOR LOW

The New York World's Figures Give Him, by Inference, 15,725 in Manhattan.

However, Show McClellan Lead of 3,000.

New York Sun Special Service.
New York, Oct. 31.—The World this morning contains the returns of its political canvass up to date. It says Saturday's work will complete its poll of almost one-third of the registered voters of Greater New York. The canvass up to date shows that McClellan's lead over Low in the whole city has been again reduced, and that it is without any evidence of a gain.
The poll has now reached a grand total of 127,428 registered voters. In the entire vote canvassed McClellan has 65,263 and Low 49,165 which gives McClellan a lead of 3,098.
But in yesterday's canvass of 9,520 votes in Manhattan, Brooklyn and Queens, Low led McClellan by 260. Besides the drift strongly favored him.
The explanation of this drift to Low is to be largely found in Brooklyn, where Hugh McLaughlin and Edward M. Sheppard are waging a democratic campaign against Taylor.

COLOR LINE IN THE FAMILY

Negress Gives Birth to Quadruplets—Two White Boys and Two Black Girls.

Oswego, N. Y., Oct. 31.—Dinah Washington, colored, living on the Bay Ridge road in the town of Sterling, seven miles outside the city, has just given birth to two boys and two girls. Dr. Cooley of Hannibal Center, who attended the mother at the farm of Norma Deane, says that the two boys are white, while the girls have every appearance of being full-blooded negroes. Dr. Cooley says that in one of the most remarkable cases on record. The boy babies are much lighter than the girls, and the hair on their heads, while dark, is long and silky, without any evidence of the crinkly which characterizes the negro. On the contrary, the bodies of the girl babies are growing gradually darker and the hair on their little heads curls tight to the scalp. The combined weight of the babies was 19 pounds and 5 ounces. They are perfectly healthy and in the best of spirits. They have every appearance of being strong and healthy.

DR. HUNT THROWN DOWN

Mancheater, Ky., Oct. 31.—Judge H. C. Faulkner last night granted a permanent injunction restraining the election clerks of the eleventh congressional district from placing the name of Dr. Godfrey Hunter on the official republican ticket and ruling in favor of the Democrats. An appeal will be heard at Bowling Green Monday by Judge Settle. The election for a successor to the late Congressman Doreing takes place Nov. 10.

CUT IT OUT

Quit White Bread and Coffee and Get Well.

A tale that sounds like magic, yet is but a simple case of the proper food can do in the place of improper food:
"A lady of Quincy, Ill., says: 'It has been a long time since I have gone through what I did and be all well to-day. I was most of my life troubled with a weak stomach and severe headaches, and as I grew older I slowly developed a chronic condition treated me five years for dyspepsia without any help, and I went to another physician, who said I had a tumor, and he advised a trip to the mountains to bear even the loosest clothing and could scarcely lift my head, finally becoming entirely bedridden.'
"Then I changed to another doctor, who said I had chronic catarrh of the stomach, and advised a change of climate, telling me I would get well if I would winter in California. He might as well have advised a trip to the moon in my case. Then I tried a change of diet. It seemed I could not live on chackers and tea, nor could I find anything else to agree with me, and it began to look as though I was doomed to die. So I made up my mind to eat everything that I craved and determined to live through such a winter in the thought of not starving to death."
"Now that I look back at it, I don't see how it is possible for a human being to live through such a winter as I did. Of course my stomach grew worse and my head grew worse. I had all my hair cut off, but it did not help me, and when one of my headaches was on I was really and truly crazy and did not even recognize my husband. The doctor would give me morphine tablets to stop my crying."
"Then a friend who knew what she was talking about advised me to give up white bread and tea and coffee and try the predigested food Grape-Nuts and Postum Coffee in place of bread and coffee." Name given by results. The improvement began immediately. I had fallen from 125 pounds to 93 pounds in my sickness, and with my hair cut off and gray, too, I was a fright."
"In a few days after I started Grape-Nuts I could eat a little beef and crackers without the least discomfort. Full distress in my stomach soon ceased. Then my headaches began to grow less frequent and the sick dizzy spells have gone from me altogether and I have reached and passed my former weight and am now comparatively well and strong."
"I have had a very good cup of coffee now, for I am certain that coffee and the white bread and biscuits caused all my trouble. As soon as my body got the proper food it did not take it long to put me right both in body and mind. All the credit is due to Grape-Nuts and Postum in place of white bread and coffee." Name given by Postum Co., Battle Creek, Mich.
"There's a reason."
"Look in early package for a copy of the famous little book, 'The Road to Wellville.'"

FAMILY HELD FOR MURDER

Mrs. Bechtel, Her Sons and Daughters Accused of Complicity in Girl's Death.

Allentown, Pa., Oct. 31.—The coroner's inquest in the case of Mabel Bechtel, whose body was found in an area way outside her home on Tuesday morning last, was concluded last evening with a verdict by the jury that the young woman's death was due to a fractured skull from a blow inflicted by her father, or some person unknown to the jury.
Mrs. Bechtel and the members of her family and Alois Eckstein, the girl's lover, were called before the jury, but on the advice of their attorneys they declined to answer questions, on the ground that they might incriminate themselves. The text of the verdict is as follows:
"We believe that Mabel Bechtel came to her death at 827 Cedar street (her home) between Sunday evening, Oct. 25, and Tuesday morning, Oct. 27, and that death was due to a fractured skull from a blow inflicted by some person in the house unknown to the jury. We believe that the inmates of the house, Mrs. Catherine Bechtel, Myrtle Bechtel, Charles Bechtel, and Alois Eckstein, are accessories after the fact of the crime."
Warrants of arrest were served upon Mrs. Bechtel and the members of her family and Eckstein last evening. They were taken before Mayor Lewis who accepted bail for Mrs. Bechtel in \$1,000; Myrtle Bechtel in \$400, and Eckstein in \$500. John and Charles Bechtel were committed to jail.

IOWA STOCKMAN FAILS

Sanders of Creston, Goes Into Voluntary Bankruptcy.

Creston, Iowa, Oct. 31.—M. C. Sanders, one of the best known stock raisers and shippers in this state, has filed a petition in voluntary bankruptcy. Liabilities \$43,337. Assets, 260 acres of mortgaged land and other real estate valued at \$4,800.

WINKEL SENTENCED TO LIFE IMPRISONMENT FOR KILLING JAMES CAMPBELL.

Winona, Minn., Oct. 31.—Max Winkel was found guilty of murder in the first degree for killing James Campbell last May. This was his morning sentence by Judge Fruit to the state's prison for life. The jury took two ballots in reaching its decision and was out only thirty-five minutes.

DR. LE BARON R. BRIGGS, DEAN OF THE FACULTY OF ARTS AND SCIENCES OF HARVARD UNIVERSITY, HAS BEEN CHOSEN PRESIDENT OF BOSTON COLLEGE FOR WOMEN, SUCCEEDING MRS. LILLIAN GIBBS, WHO SIGNED RECENTLY.

Dr. Briggs is the man recently named by President Eliot of Harvard as "patient, tender, candid, just and cheerful, because convinced of the overwhelming preponderance of good in the student body."

BRONCHIAL TROUBLES are often permanently cured by Pile's Cure for Consumption.
