

OLD AND NEW WAY

Hymel the Latest Scientific Discovery for the Cure of Catarh.

The discovery of Hymel has wrought a wonderful change in the treatment of catarh.

Prior to three years ago the medicines ordinarily employed in the cure of this disease were nauseating drugs and worthless tonics.

With Hymel you take into the air passages of the throat and head a balsamic air that goes to the minutest cells, effectually killing all germs and microbes of catarh.

A complete outfit costs but \$1.00, and includes an inhaler, dropper and sufficient Hymel for several weeks' treatment.

Perhaps the strongest evidence that can be given to doubters, is the fact that Voegel Bros., corner Hennepin and Washington avenues, have so much faith in Hymel that they send every package under a positive guarantee to refund the money if it does not cure.

Now is the time to begin the use of Hymel.

PEONAGE AND FRAUD

Louisiana Planters Indicted by the Federal Grand Jury.

New Orleans, Nov. 23.—Seven indictments for peonage have been found by the United States grand jury.

Land frauds under the homestead act have been investigated with the result that 229 persons have been indicted by the grand jury, which declares that an organized system of plundering the public domain has existed for several years and thousands of acres of the best pine lands in Louisiana have been stolen.

Was in Torture all the Time.

Had Pains in His Back.

Dr. Fenner, Fredonia, N. Y. Dear Sir:—Some six months ago a friend recommended to me your justly celebrated Kidney and Backache Cure. I was at that time suffering intensely from pains in my back. My work daily aggravated the complaint and I was in torture all the time. After taking two bottles of your medicine I was relieved and two more completely cured me. I feel like a new man now, thanks to your Remedy, and unhesitatingly recommend it to those suffering as I was. Sincerely yours, Howard Sproule, 797 Agate St., St. Paul, Minn.

HIDES FOR MOUNTING

Buenther, Bemidji Taxidermist, Wins His Case Against the State Game Commission.

Fullerton and His Deputies Had No Warrant in Law for Their Procedure.

Special to The Journal.

Bemidji, Minn., Nov. 23.—Judge W. S. McClenahan of the district court in handing down his decision in the case of Henry Buenther, the Bemidji taxidermist, against the game and fish commissioner, Sam Fullerton, J. P. Whitney and J. P. Saunders, orders that the plaintiff have judgment against the defendants for his costs and disbursements.

It is further ordered that the defendants be forever restrained from seizing any of the heads or hides in the possession of the plaintiff for the purpose of being mounted or tanned or made into articles of ornament, and from in any manner interfering with the plaintiff in the conduct or prosecution of his business as taxidermist and seizing or interfering with any of the game heads in the possession of plaintiff or harrassing and annoying him in the conduct of his business.

It is further stated in the decision that the case of Linden vs. McCormick control this case insofar as the plaintiff's title to the heads, hides, etc., involved therein is concerned, that he acquired them in the open season and in good faith is established and there is nothing in the record to show that the plaintiff was ever disposed to violate or evade the law in any particular or to justify the defendants in believing or suspecting that he was so disposed; in fact, an inference to the contrary is irresistible.

As conclusions of law the court finds that the threatening attitude of the defendants toward the plaintiff and his business as a taxidermist, mounting game heads and hides in all mentioned acts against the plaintiff, such as seizing game heads and hides in his possession, and forcing him to prevent the plaintiff from having in his possession for the purpose of mounting game heads and hides and preventing him from shipping heads or hides to their owners, and that the demand made by the game commission's agent upon Buenther to pay \$1 for each moose and deer head found in his control in December, 1902, and if not paid to seize and carry away such heads, was unreasonable.

The action started over the seizing by an agent of the commission of mounted heads shipped by Buenther in a formal way. Mr. Howe was lawfully killed and the heads lawfully shipped. He appealed to the attorney general who immediately ordered the heads released. It is alleged that agent Fullerton thereupon did all he could to annoy the taxidermist. On Dec. 1, 1902, Fullerton directed an agent to visit Buenther's place of business and demanded that Buenther pay him \$1 for each moose and deer head then found in his possession. Buenther refused and subsequently brought an action against the commission and Fullerton.

FALSEHOODS—ALL OF 'EM

Revenue Collector Sammis Thus Characterizes the Charges of His Old Deputy.

(For earlier story see page Thirteen of this issue.)

Sioux City, Iowa, Nov. 23.—J. U. Sammis of Le Mars, internal revenue collector, enters an unqualified denial of the charges preferred against him by Milton Howe of Dubuque, a former deputy. Howe accused Sammis of retaining him to pay \$200 of his salary to E. P. Sammis, another deputy, and also with equalizing the salaries of other deputies contrary to law.

Mr. Sammis says: "The so-called charges of Mr. Howe are a tissue of falsehoods, misrepresentations and deceit. I shall make a complete answer in a formal way. Mr. Howe was relieved of his duties because I was dissatisfied with his work and because I thought I could find some one who could better perform the duties of his position. In this I was not disappointed. He evidently seeks revenge and to accomplish it is willing to confer himself."

"He remained as my deputy thirteen months. On the day the office was turned over to me I notified him that it was my intention to make my brother, E. P. Sammis, chief deputy, and therefore finally dispensed with Mr. Howe's services. I gave him thirty days notice that he might find other work."

"The statutory penalty for the offense of which Mr. Sammis is accused is \$1000 and two years' imprisonment and two years' imprisonment."

ST. PAUL MEN WIN RELAY

Good Time Is Made in Race Between Twin City Y. M. C. A. Teams.

The relay race between teams representing the Minneapolis and St. Paul Y. M. C. A.'s Saturday was won by the St. Paul men. The race was from the association building here to the St. Paul building, and the runners carried a letter from Mayor J. C. Haynes to Mayor Smith of St. Paul. Each man ran a distance of about two miles.

The race was close, and at no time until the finish was the result certain. Williams of Minneapolis, on the first relay, gained two blocks on Taylor of St. Paul, and things looked dark for the saintly city team. On the next relay, however, Barton of St. Paul made up nearly all of the distance, and finished only eight yards behind Dickinson of Minneapolis. Ellison of Minneapolis, however, again made up the distance, and at the end of the third relay, he was two blocks ahead of Hansen of St. Paul.

On the fourth relay Crooks of St. Paul, with a magnificent spurt, really won the day for his team. He not only made up his handicap of two blocks, but finished three blocks ahead of the ancient one to whom the St. Paul, while Hicks had the last relay for Minneapolis. Hicks gained about a block, but was still two blocks behind Gaskel at the finish. The times were, respectively, 1 hour 3 minutes and 1 hour 6 minutes.

RIOT AT FOOTBALL GAME

Free-for-all Fight Follows Contest at Washington—Bricks and Clubs Are Used.

Washington, Nov. 23.—The annual game between Washington and Jefferson and West Virginia university here Saturday afternoon was forfeited to the Morgantown institution by a score of 5 to 0. Each team had secured one touchdown and failed at goal, and West Virginia was about to gain when Referee W. K. Brainard gave the contest to the visitors on account of alleged delaying tactics on the part of Washington and Jefferson. Following the game disgraceful scenes were enacted by players, students of both institutions and townspeople, and the police were called to the rescue. Heads were broken, bricks and clubs hurled thru the air

COULDN'T FOOL HIM

Doctor Was Firm and Was Right. Many doctors forbid their patients to drink coffee but the patient still drink it on the sly and thus spoil all the doctor's efforts and keep them selves sick. Sometimes the doctor makes sure that the patient is not drinking coffee and there was a case of that kind in St. Paul—where a business man said: "After a very severe illness last winter which almost caused my death the doctor said Postum Food Food was the only thing that I could drink and he just made me quit coffee and drink Postum. My illness was caused by indigestion from the use of tea and coffee. "The state of my stomach was so bad that it became terribly inflamed and finally resulted in a rupture. I had not drank Postum very long before my stomach was well and strong and I have now been using Postum for almost a year. When I got up from bed after my illness I weighed 98 pounds and now my weight is 120. "There is no doubt that Postum was the reason for this wonderful improvement and I shall never go back to tea or coffee but shall always stick to the food drink that brought me back to health and strength." Name given by Postum Co., Battle Creek, Mich.
