

CITY NEWS.

WEATHER NOW AND THEN

Minimum Temperature To-day 22 Degrees; a Year Ago 27 Degrees.

Bookbinders Still Out—The difficulties between the Typothetae and the bookbinders which culminated in a strike Saturday morning have not been overcome to-day and there is promise of more trouble to come.

Big Building Permit—The Cream of Wheat company has taken out a permit for its \$150,000 brick warehouse and office building to cover the foundation already completed at 19-25 Fifth street N. Harry W. Jones is architect and J. L. Robinson, contractor.

Paving Sixth Avenue N.—Encouraged by the favorable turn in the weather, City Engineer Linker decided to-day to make a start at paving Sixth avenue N. Thirtieth avenue N. was completed Saturday morning, and Assistant Engineer Dutto immediately hustled the men over to Sixth avenue N. With good weather the paving may be finished from Oak Lake avenue to Bassett place by the end of next week.

Dr. Montgomery's Lecture—Reserved seat tickets for Dr. J. S. Montgomery's lecture at Wesley church on Thanksgiving night were placed on sale this morning at 2 o'clock and before noon fully one-fifth of the lot had been taken. That is a good indication of the popularity of this favorite Minneapolis preacher. His subject for this lecture is Norway and Sweden, under the title "Land of the Midnight Sun," and will be illustrated with highly colored pictures, which Dr. Montgomery personally collected during his travels last summer.

NECROLOGICAL

MRS. WILLIAM RICKSIEK.—Funeral from the residence, 323 Aldrich avenue, to-morrow at 2 p. m. Interment at Crystal Lake cemetery.

DEAD MEN WARN LIVING

Hospital Reports Prove That Dyspepsia Is the Forerunner of Consumption.

Post mortem statistics of the big New York hospitals show that many cases of consumption are due to uninterrupted progress of dyspepsia.

Especially is this true in cases where the victim was predisposed to tuberculosis. Therefore the person who allows dyspeptic conditions to progress unchecked is contributing toward the development of the most fatal disease known to mankind.

Dyspepsia wears out the body and the brain—makes the victim thin, haggard and sorrowful. The stomach, unable to digest food, cannot supply nourishment. When other diseases come, they enter unresisted.

HAD GIVEN UP ALL HOPE.

"I suffered from dyspepsia and indigestion for several years and my doctor told me I could hold nothing on my stomach, and immediately after eating even the lightest foods would be taken with a violent fit of vomiting. I tried a great many remedies, but nothing helped me until I procured the Rexall Dyspepsia Tablets, when I obtained instant relief. I am now able to eat hearty foods and I gladly recommend the Rexall Tablets to anyone suffering from D. P. Farness, 280 Howard St., Detroit, Mich."

Don't take any chances. Cure your dyspepsia at once. Rexall Dyspepsia Tablets will do it. Buy at your druggist's and we guarantee them to restore health, strength and a good digestion. Price 25 cents. Only at our store or by mail.

HE FEARED HANGING

St. Paul Prisoner Who Couldn't Understand English Thought He Was Sentenced to Death.

He Tried to Jump From the Court-room Window and Nearly Succeeded.

Clements Mathews, living at 125 North Washington street, St. Paul, made a sensational dash for liberty from the St. Paul municipal court-room just after the adjournment this morning.

The room was almost empty. Mathews was arrested for striking his wife on the forehead with a hammer, and owing to his imperfect knowledge of English he thought his wife was dead and that he was about to be hanged.

He ran to a window, and, before anyone noticed him, had it up and was halfway out. Officers seized him in time, but could not pull him back. Another went outside and pushed Mathews in. He was shouting at the top of his voice and in a high state of excitement until it was explained that he was in no danger of immediate execution. He was taken to the county jail, securely handcuffed.

COMPLAINTS TO BE HEARD

Calhoun Residents Will Discuss Water Level with Council Committee.

Residents in the Lake Calhoun district interested in the movement to prevent the park board from drawing water out of the lake will meet to-morrow at 2 p. m. in the city hall, with the special committee of the council to which their protest was referred. It is not known that the city council can interfere with the park board, but the aldermen are willing to listen to the grievances of the interested persons and if there is any occasion for their alarm, the council will lend moral support if nothing else.

The park board wants to draw off only six inches of water in order to protect Dean boulevard and driveways along Lake of the Isles which were flooded by the high water.

ADOLF LINDAHL'S POVERTY

City Departments and Humane Society Inquiring Into Its Causes.

The police department, the poor department and the Humane Society are investigating the case of the Adolf Lindahl family at Twelfth avenue S. and Thirty-eighth street, of which complaints have been made. According to the investigations made by Superintendent Barton of the poor department, Lindahl is a big, strong man fully able to maintain his family in comfort.

Whenever the poor department has made inquiry the conditions have been most deplorable. The children are usually only about half clad and the family is nearly always without fuel. Last winter the house in which they lived did not have a stove, and the window openings being covered with carpet or filled with rags.

NEW CHARTER TURNED IN

It Will Be Transmitted to the City Council Next Friday Even-

The charter prepared by the third charter commission will be transmitted to the city council next Friday evening by Acting Mayor D. P. Jones, who received it Saturday from Vice Mayor James Gray of the charter commission. It bears the names of fourteen commissioners, the only commissioner not signing being Martin P. McHale, who believes that a charter which does not provide for special elections is of very little consequence.

It will be for the council to determine whether there is any objection to the charter submitted at a special election or to be voted upon at the regular election in November. The council is scarcely any longer than that the council will order a special election.

SEARS BROUGHT BACK

Deputy Sheriff Langum Brings Alleged Swindler from Cincinnati.

Deputy Sheriff Otto Langum this morning returned from Cincinnati, Ohio, bringing Harry S. Sears, wanted for grand larceny in the second degree, and Howard H. Sears, his brother. A case of confused identity is responsible for the sheriff's bringing both brothers.

Harry Sears is accused of passing worthless drafts upon Minneapolis houses. He says, however, that the draft for \$50, upon which the indictment is based, was drawn on his father's house in Wisconsin; that he has been in the habit of drawing similar drafts and that thru some misunderstanding this one was not honored.

PASTORS HOLD MEETINGS

Former Mayor Gray Addresses the Methodist Ministers.

Former Mayor James Gray addressed the local Methodist pastors this morning at the Hennepin Avenue M. E. church, upon "Problems of Municipal Government." He pointed out the practical difficulties in the way of carrying out principles. Dr. Robert Forbes, of the church extension society, told of its work and aims.

Rev. Charles H. Crawford, superintendent of the Minnesota Anti-Saloon League, at the weekly meeting of Congregational ministers, in Plymouth church to-day told of the league's plans for suppressing intemperance.

The Presbyterian pastors will not meet this week. The Baptist pastors gathered to-day at the First church, St. Paul.

THE UNIVERSITY

GET-READY MEETING

Last "U" Mass Meeting of Football Season Will Be Held To-morrow Morning.

Small, but Noisy Body of "U" Students Will Witness Game Thursday.

Great preparations are being made for the final mass meeting of the year which is to be held directly after chapel exercises to-morrow. President Northrop has promised his assistance in making the meeting a success, and to this end has invited "Ralph Connor," the author of "The Sky Pilot," who is now in the city, to address the students.

Because Madison tickets are not good for return after Thursday evening, the board of students who will go to Madison is much smaller than was originally expected, less than 800 having yet arranged to go. The delegation which goes to-day, however, will not be lacking in enthusiasm, and three megaphone brigades will be formed. The cheering will be confined to two or three of the most popular yells and in order to make it more effective the rosters will be seated in "close formation." Several thousand dodgers bearing appropriate phrases will be taken along to be distributed among the cardinal hosts at the game. The board of athletic control has arranged to transport the university band of 45 pieces to the game, and in case of a victory for the gofers, the band may be taken to Milwaukee to "cut loose" there in the evening.

BIG CURLING MEET HERE

Will Be Held in January—Local Committee Makes Plans for the Event.

Plans for the international bonspiel to be held in Minneapolis probably the last week in January, are being shaped. Of the local committee are John Ribbeldaffer, W. O. Timmerman, John McCulloch and A. E. Holbrook. The Minneapolis Curling club's quarters are too small to meet the demands of the curlers, and a plan to move the building several feet and to add six rinks is being discussed, also to enter new rinks with a tent covering have been suggested.

This year the curlers will gather in Minneapolis for the first time, in response to invitations from the local club and the Commercial club. The international event attracts large representations from big and small towns in the northwest. Rinks from Minneapolis, St. Paul, Milwaukee, the Soo, Winnipeg, Duluth and from many towns in Michigan, Wisconsin, Minnesota, North Dakota, Manitoba and the Canadian provinces will participate.

ONLY ONE BID

Contractors Slow in Making Offers on Harriet Pavilion.

A special meeting of the park board will be held this evening to consider bids for the construction of the pavilion at Lake Harriet. Only one bid has been received, and the time for their reception is supposed to have expired last Wednesday. If the failure of local contractors to bid is due to a misunderstanding, the board will receive should there be any chance of getting a lower offer.

The report of the commission to condemn and remove the obnoxious pavilions on the "midway" will be received and probably confirmed.

Another attempt will probably be made to elect a park commissioner to fill the vacancy caused by the resignation of J. W. Raymond. Ten votes are required to elect, and at the last ballot C. M. Loring had nine.

WHO REPLACES GLASS?

It Must Be Done Soon to Keep the City Offices Habitable.

Inasmuch as the city is in possession of the city hall simply as a lessee, it is believed that the courthouse and city hall commission ought to replace the glass ruined by the Paulie fire last Friday night. The city is not required by the lease to carry any insurance not to make repairs necessitated by causes over which it had no control.

The situation is rather serious, for a strong westerly wind would probably blow in the glass, which is cracked and soiled to an incredible extent. Then several offices must close or the windows be boarded up and the lights turned on.

BIG SCHOOL ENROLLMENT

It is Growing Faster Than the School Capacity.

Over six hundred pupils were added to the public school enrollment in November. Without the North High school and the Margaret Fuller school the total number of admissions for the month was 601.

This increase has made it impossible for the school authorities to hold sessions for the pupils who have only had single sessions and there are still 592 children who go to school only half a day.

"EVERYMAN" AT THE "U"

The Dramatic Club Succeeds in Perfecting Its Arrangements.

The presentation of "Everyman," the medieval morality play, which has had such a successful run in the east, by the University Dramatic club, is now assured as the Metropolitan management has been unable to book the road company now presenting it.

The play will probably be given in March in the armory, which is admirably suited for such a production.

GAMBLING HOUSE RAID

Crap and Card Tables Seized at a Downtown Resort.

Pursuant to Chief of Police Conroy's recent anti-gambling order, Officers Myron Johnson and Emmet Goff last night arrested William Garrity for keeping a gambling resort at 208 Nicollet avenue. A crap table and several card tables were taken from the place and if Garrity is convicted they will be destroyed. He pleaded not guilty in police court this morning and his case was continued until Wednesday.

POISON DOING ITS WORK.

Mrs. Mary Kovarik, who took a dose of carbolic acid Friday afternoon after giving some to her two small children, is very low at the St. Paul city hospital. She is not expected to recover. The infant child, who was taken by the Caesar-sean operation, died in twenty-four hours.

LAW TOO SWEEPING

Ruling Under Statute That Garnishments Will Lie in Actions in Tort.

Judge Harrison's Decision on Point in Case of W. W. Brown vs. J. C. Sodini.

Under a ruling made this morning by Judge Harrison of the district court a garnishment will lie in any case brought for the recovery of money, whether founded on a contract or a tort.

Under this ruling the property of any individual or corporation may be seized by any irresponsible creditor who wishes to begin a damage action for whatever fabulous amount he may see fit. Under the statute a release from garnishment may be secured only by furnishing a bond for twice the amount of the damages asked in the complaint. In this way, properties of big concerns may be placed at the mercy of conscienceless individuals and the law may be used as a blackmailing process without limit.

Heretofore it has been the practice to allow garnishments only in cases founded on contracts, express or implied. This excludes all the long list of actions sounding in tort, such as personal injury and like actions.

The decision in the case of W. W. Brown against J. C. Sodini, brought to recover \$20,000 damages on the ground of an alleged conspiracy between the defendant, "Coffee John" Fitchette, and former Mayor Ames, to close the Standard Variety store, is a landmark. Big concerns may be placed at the mercy of irresponsible creditors.

The court, in a memorandum, says: "By the amendment of the law, it is now the intent of the legislature to extend the proceedings of garnishment to all cases for the recovery of money, without distinction as to whether the action was one sounding in tort or upon contract. It is undoubtedly true that in this respect our legislature has gone further than any other state in the Union. In the case of Owens, supra, the supreme court said: 'No state, however, has gone so far as to extend the writ to actions for debt, or at most, to actions for contract, Minnesota has overstepped the bounds of precedent if not indeed, of prudence, and allows it to issue upon the proper showing, in all cases for the recovery of money, without making a distinction between actions in tort and those arising out of contract.'

PLEAS ARE MADE

Five Newly Indicted Prisoners Arraigned Before Judge Simpson.

Bert Henracks, indicted for assault in the second degree, alleged to have been committed with a razor upon Charles Layman, was arraigned before Judge Simpson this morning. The defendant pleaded not guilty, his bail was fixed at \$750 and his trial set for Nov. 27.

Ray Hichler and George Connors were arraigned on the charge of receiving stolen property from John Doe, who is said to have purloined clothes worth \$120 from the clothing store of Hoff. Both pleaded not guilty and their trials were set for Nov. 27.

Patric Elger, indicted before and released, was arraigned on the charge of two indictments charging forgery in the second degree. One bill alleged that Elger had forged the signature of a spurious check drawn in the name of the Kuntz Oil company. Elger pleaded not guilty and his trial was set for Nov. 27.

Amanda Barnett, a woman past middle age, pleaded not guilty to an indictment charging the theft of \$77 from Mary McConvey, her employer. She pleaded not guilty and her trial was set for Nov. 27.

FOR BROWN OR JOHNSTON?

The Grand Jury Returns One Most Volunuous Indictment.

One indictment was returned by the grand jury this morning after which an adjournment was taken to Tuesday, Dec. 1. The true bill is known to be that of John Johnston, the fact that much time has been given by the inquisitors in inquiring into the affairs of the last board of charities and corrections is common talk that "some member or employee thereof is the person indicted. It is believed that W. H. Johnson and C. H. Brown, who had charge of the poor department under the last regime, have been the main objects of investigation.

Carlson's Creditors' Petition.

Local wholesalers have filed in the United States district court a petition asking that Jonas Carlson, executor of 226 Twentieth avenue N. be adjudged a bankrupt. The petition alleges that Carlson has tried to conceal his property, to the disadvantage of his creditors. The claims of the petitioners are small.

STROMBOLI IS ACTIVE.

Naples, Nov. 23.—Telegrams from Catania report that a series of loud explosions and the throwing out of incendiary bombs show that the activity of Stromboli is increasing. The dense smoke and clouds which have been seen prevent exact observation of the phenomena.

Special Train to Madison—Account Wisconsin-Minnesota Game—Round Trip Rate.

Special train for Madison will leave Minneapolis via the North-Western line, at 9 p. m., Nov. 25, arrive Madison 7 a. m., the 26th, and returning special train will leave Madison from C. M. & St. P. depot 9 p. m., Nov. 26, arrive Minneapolis early Friday morning. This train will consist of Pullman sleepers and coaches and every convenience will be provided. Sleeping accommodations will be arranged upon application 600 Nicollet avenue, Minneapolis.

STATE CAPITOL. BIT OF MINNESOTA FOREST

Game Exhibit at St. Louis Will Be Shown in Its Natural Surroundings.

A natural scene in the big woods of Minnesota will be the state's exhibit in the game and fish building at the St. Louis exposition. A large corner of the building will be given over to it, and behind a railing will be a patch of forest trees and ground covered with moss, and among the trees will be fine stuffed specimens of moose, deer, wolves, bears and other game in realistic poses.

The general nature of this exhibit was determined on at a meeting this morning in the offices of the state game and fish commission, at which the commission was represented by Sam Fullerton, its executive agent, and Captain William Bird of Fairmont. The Minnesota managers were represented by Theo. L. Hayes, their secretary, and C. S. Mitchell, manager of the exhibits. Minnesota has been allowed liberal space for a game and fish display, and the managers for this state will try to get it arranged so as to give a natural forest setting to this game display. At one side of the scene will be a lake border, and in this pool the exhibitors will keep the surplus fish for their exhibit. The different Minnesota species of game fish will be shown in glass tanks in the aquarium section.

LAND SOLD WELL

Tracts Long Rejected Bring Good Prices at State Sales.

State Auditor Iverson is back at his desk after a week of successful land sales. He was able to dispose of over 16,000 acres at an average price of \$7.50, adding \$120,000 to the state fund. Fifteen per cent, of \$18,000, had to be paid down. A sale will be held to-morrow at Princeton, which will wind up the year's sales.

The results in the six counties where sales were held last week are shown in Mr. Iverson's tabulated statement, as follows:

County	No. Acres	Av. Price
Otter Tail	1,000	\$8.80
Becker	2,400	7.40
Wadena	350	8.20
Crow Wing	4,600	6.25
Morrison	2,900	6.75
Stearns	1,800	7.50

"All of this land," said Mr. Iverson to-day, "had been offered at previous sales, but no one had been willing to bid the appraised price. Local competition sold it this time, and I made no effort to force sales. Wherever desired I sold out forties separate."

New Incorporations.

The W. A. Barnes company of Minneapolis filed articles of incorporation to-day and will engage in the real estate business, with \$10,000 capital. W. A. Barnes, H. I. Barnes and H. M. Benner are the incorporators. W. A. Barnes is president and treasurer. Alex. J. Barnes, vice president, and H. I. Barnes, secretary.

Daniel Aberle & Sons, St. Paul Liquor Dealers, have incorporated, with \$80,000 capital.

Those that were not bid for this year will find a ready sale soon.

One man in Becker county bought three forties some years ago at \$5 an acre. He would not buy the other forty. This year he wanted it, but had to pay \$14 an acre to get it. "The people of these counties are very glad to have this land sold. It will not lie idle now, but will be on the tax rolls, and will help to pay the heavy expenses of road building and other work which falls on the pioneers of those northern counties."

ERNST IS ARRAIGNED

Pleaded Not guilty to Three Indictments—Bail \$7,000.

Casper Ernst was arraigned on three indictments before Judge Orr in the district court at St. Paul this morning, and pleaded not guilty to each. He was charged in one with forgery and in two with grand larceny. Stan J. Donnelly was his attorney. Bail was fixed at \$7,000, which Ernst was unable to furnish.

Beautiful Art Specialties.

One of the most beautiful displays of art specialties ever brought to Minneapolis will be on exhibition to-morrow and Wednesday only, at Froeman's shop, 7 Sixth street S. There are exquisite novelties in the collection most suitable for the holiday season. Among the specialties are boxes of gloves, handkerchiefs, jewels, photographs, frames, desk sets, portfolios, pillows, pin cushions, work bags, and the very latest creations in tapestry and ribbon work.
