

MOROS ARE THIEVES

Sultan a Man Without Power and Chiefs Peaceful While They Can Steal and Enslave.

Movable Property Is Always on the Move Without the Direction of the Owner.

Washington, Nov. 26.—In his letter to Colonel Clarence Edwards, chief of the insular bureau of the war department, Colonel H. L. Scott, governor of the Moro group of the Philippine islands, explains the conditions of the campaign now in progress there.

"I find that the condition is one of peace so long as the big Moro chiefs are allowed to have their own way unreservedly—to rob and to steal and to enslave. The sultan is a man of no power of his own and must depend on his chiefs, who may or may not do what he wishes. They are all surrounded by gangs of ruffians who do no useful work, but who live their lives by robbing and by firing both sides in a case, irrespective of who may be guilty, the full amount of the ability to pay."

"If the victim refuses to pay, he is enslaved. No peace or order can be maintained in these islands so long as these conditions exist. Movable property is always on the move without the desire of the owner. Men say they will not work and accumulate property which they will not be permitted to enjoy, and there are constant murders and enslavements going on."

"No one is allowed to go beyond the outpost here without an armed guard, and it is even advisable to go about the streets here armed on account of Juramentados, one of whom got thru the gate past a sentinel about four days ago, with his arms, ran thru the barracks yard, slashed a soldier across the back and fell dead on the main plaza and in front of the commissary office, shot five times by a fusillade from our soldiers, who killed also a trumpeter who was getting ready for guard."

"This makes the sixth or seventh Juramentado who has appeared since last spring. The engineer was chopped up last spring by one of them after he had seven Colt's 38 balls in him—he chopped off a leg and an arm each at one stroke of his barong. All during the spring the barongs have practically been in a state of siege. When Captain Eitings' troop went out, they surrounded it, brandishing their barongs and spears, and he had to come back because his orders were by no means to have a conflict."

"You will see by this way peace has been kept heretofore and at what sacrifice. Now the Moro province contemplates changes, among others the abolishment of slavery, a very sore point with them. It contemplates trials of offenders in district courts, and these things will surely bring on conflicts."

ASSAULT AND ROBBERY

In a Boston Brokerage House During Business Hours. Boston, Nov. 26.—Miss Lillian Goff, 23 years of age, a stenographer, was brutally assaulted in the office of the Boston Note Brokerage company by a man who entered the room, struck her on the head and arms with a heavy iron drill and escaped. She had to be taken to a hospital.

It was at first thought that the assault followed a quarrel about terms of a loan, but later, when an investigation disclosed the fact that \$400 was missing from the office safe, robbery was pronounced as the motive. After regaining consciousness at the hospital, Miss Goff gave the police the name of her assailant, and they are now searching for him. She has visited the office frequently on business.

PEACE PROSPECTS GOOD.

Tokio, Nov. 26.—Baron Katsura, the Japanese minister of foreign affairs, has issued a statement saying that he can guarantee an amicable settlement of the matters in dispute between Japan and Russia. Negotiations are proceeding satisfactorily, but it may be weeks before they are concluded.

RAVAGES OF TIME

They Have Pity on No Man. How fast time flies before us! We are here to-day and there to-morrow. The days speed by the years come and go. There is no halting, no waiting by the wayside. If we accomplish our life's desire we must be up and doing. Success waits not for listless or excused. Time is money, and it is the great part of every man's stock in trade. If you are tired out, run down, nervous, fagged, discouraged, time hangs heavy on your hands. The days are long and tedious, the nights seem ages. The joy of living is gone and your faith in the "great beyond" is shaky and discouraging.

"What's the matter? You are simply out of order. You are worn out, wobbly; it needs attention. That's all. You've overworked it; possibly abused, mistreated or neglected it. The attention you and your machine need is a tonic—a tonic that really tones and makes you feel the old-time vigor and health. The tonic you need is Walter's Peptonized Food—made from pure pepsin and rare old port. The very suggestion ought to brace you some. A bottle of it will work wonders for your tired old machine. Get back into your life and enjoy it. No need to have nervousness, biliousness, sleeplessness, nervousness, loss of appetite. Get a bottle of this Peptonized Food. It's worth a trial, isn't it? You will swear by it once you've tried it."

Two sizes, 50 cents and \$1.00. For sale by Voegel Bros. Drug company, corner Washington and Hennepin avenues.

MINNEAPOLIS RATS DYING BY THOUSANDS.

Since the introduction of Stearns' Electric Rat and Roach Paste in this city, thousands of rats and mice have been killed by its use. It is sure death to rats, mice, water bugs, cockroaches, etc. It clears the house of rats and mice, driving them out doors to die. Druggists and grocers generally have this excellent article in stock. It is easy to use and can always be relied upon. If you cannot get the Paste from your dealer, order direct of the Stearns' Electric Paste Co., Chicago, Ill., and on receipt of price they will forward it by express prepaid. Size, 25c; large size, eight times the quantity, \$1.00.

Cured at your home.

BLACKHEADS pimples, eruptions, large pores and all other disorders affecting the skin and complexion. Full information and book free. Call or write personally to John E. Woodbury, 113 State St., Chicago.

BELL WILL FIGHT IT OUT

If Every Able-Bodied Man in Colorado Is Needed to Restore Peace.

Cripple Creek, Col., Nov. 26.—Threatening letters have been received by Governor Peabody and Adjutant General Bell. One of the writers said to General Bell:

"You will be popped over if you ever come to Cripple Creek."

Another letter warns the officials of the existence of a plot to blow up the wing of the capitol where the government and adjutant general's offices are located.

Three more companies of the Colorado national guard from Tamarack, Colo., have been ordered to Camp Goldenfeld to-day, and the guards at various strategic points in the district are being strengthened. Particular attention is being given to the outposts. Colonel W. A. Hone said to-day that he believed the conditions were more dangerous now than at any time since the striking letters were received. Joseph Virgil, a union miner, who had been hired to say that he knew some facts about the Vindicator explosion, has been arrested and held in the bull pen, but separated from the other prisoners.

General Bell has given out the following letter for publication: "We will fight it out in Colorado if it takes every able-bodied man in the state and some who are disabled to see that order is maintained against socialism, anarchy and Moyerism and wiped off the earth, and there is not a grass spot left to assassinate, dynamite, molest, arrest, disassemble or in any manner interfere with the commercial conditions and the peace of illustrious Colorado."

"UNCLE JOE" AND THE DEMS

The Opposition Highly Pleased With the Speaker.

Washington, Nov. 26.—"We have been treated with greater kindness and impartiality than we expected," said Mr. Williams, the democratic house leader, yesterday, "than by any speaker I have ever known, and I think he will continue in that line."

The speaker had been going over the list of democratic committee appointments recommended by the minority leader and approved practically every one. This is the first time a speaker has ever accorded the minority leader the right of making committee recommendations, and the democrats are highly pleased. The republican list has already been decided upon.

After the committees are announced the first work will be, in all probability, the disposition of one or two election cases. The first will be the Conall-Howell contest from the Seranton (Pa.) district.

The Kahn-Livernash contest from San Francisco will also be disposed of at an early date. The first business to be taken up by the committee will be the impeachment of the memorial of Newlin, the Philadelphia attorney, praying for the impeachment of Judge Kirkpatrick of the district court of St. Louis, charged with corrupt decisions in favor of the asphalt trust. There will also be placed before the same committee a memorial asking for the impeachment of a federal judge in Florida. The case has been pending for more than a year.

AFRICAN EXPLORATIONS

Undertaken for the Louisiana Purchase Exposition to Secure Specimens.

New York, Nov. 26.—Under the direction of the department of anthropology of the Louisiana purchase exposition, Samuel H. Verner, African explorer and writer, sailed yesterday on the Teutonic for South Africa to gather specimens of scientific interest. He was accompanied by two negroes, one a native African, and will first visit the capital of Ndombe, paramount chiefdom of the Lunda tribes, and thence will proceed farther into the interior of the country about the Congo-Zambesi headlands. The ultimate destination of the expedition is unknown. It is reported that the Great Lunda plateau, fifteen hundred miles from the west coast.

RESTORED, BUT SUSPENDED

For Making Charges Against Postmaster Which Were Substantiated.

New York Sun Special Service. St. Louis, Nov. 26.—The discharges of Andrew McGraw, clerk in the St. Louis postoffice, and Miss Anna Dreyer, clerk in the postoffice, were illegal and the civil service commission has ordered their technical reinstatement. Formal charges were not submitted to them but will be made out by Postmaster Payne and Secretary Shaw. Meanwhile the two employees may be temporarily suspended. Miss Dreyer and Mr. McGraw were discharged ostensibly for conspiracy, they having brought charges against Postmaster Baumhoff, which were found true and resulted in Baumhoff's removal by the president last week.

BELLE BURNED TO DEATH

Mrs. Brackin, Most Beautiful American, is Cremated.

Murfreesboro, Tenn., Nov. 26.—Mrs. Silas Brackin, who as Miss Belle Gregory was, a few years ago, pronounced the most beautiful woman in America, was burned to death here yesterday. The Brackin residence was being remodeled, the family occupying a cottage near by. Workmen discovered the flames, but were unsuccessful in their attempts to extinguish them, and Mrs. Brackin was cremated before she could be rescued. It is thought her clothing caught fire from an open grate. Several years ago a New York newspaper, as the result of a contest, pronounced her the most beautiful woman in America.

CUTTING ITS FORCES

Rock Island Putting in Phones and Reducing Staff of Operators.

Chicago, Nov. 26.—Telephones are to supersede telegraph instruments at several of the smaller Rock Island stations in Iowa. Cheaper men will be placed in charge of the stations to replace operators. A similar retrenchment was made by the Rock Island a short time ago in doing away with the night operators at the smaller stations in Iowa. The forces in the company's shops have also been materially reduced.

A Wonderful Change.

Weak, sickly invalids are soon changed by Electric Bitters. Into healthy men and women. They cure or no pay. 50c.

BIG U. P. FIGURES

Earnings of Harriman Road for Year Ending June 30. New York, Nov. 26.—The annual report of the Union Pacific for the fiscal year ended June 30, 1913, issued to-day shows gross earnings of \$51,075,189, an increase of \$5,754,909; operating expenses, \$27,747,219, increase \$3,187,990; net earnings, \$23,327,970, increase \$2,566,919; net surplus after deducting betterments and dividends, \$4,943,474, an increase of \$327,524. The estimate for the replacement of the property damaged by floods amounts to about \$5,000,000.

ELECTRICITY FOR STEAM

Former Superseding Letter on New York Central. New York, Nov. 26.—According to plans now under consideration the New York Central is to be equipped with an electric system which will definitely establish the theory that steam is not a power for railroads has been superseded. Between fifteen and twenty million dollars in contracts has been placed. Virtually all the traction power for the New York Central is to be generated within a radius of fifty miles from Forty-second street will be hauled by electricity.

STRENUOUS POLITICS

Chicago, Nov. 26.—Revolvers were drawn in a rough and tumble fight and a score of policemen were called to quell a disturbance at the election by the Fifth Ward Republican club last night. No one was seriously injured.
