Whiskey and Beer Habit

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired. CURE GUARANTEED OR MONEY REFUNDED.

Mr. E. T. Sims, Brooklyn, N. Y., writes:
"Use my name as a twenty-year drunkard restored to manhood and health by four boxes of 'ORRINE.' It is a wonderful and marvelous cure for the drink habit."

Mrs. E. Wycliff, New York City, writes:
"ORRINE' cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of 'ORRINE.'

Mrs. W. L. D., Helena, Mont., writes: "I have walted one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him 'ORRINE.' He is now fully restored to health and has no desire for drink.'

Mr. U. L. R., Kansas City, Mo., writes:
"I am satisfied that drunkenness is a disease and the worst in the world. 'ORRINE,' in my opinion, will cure any case if taken as

With the Symptoms Below You Should Get My Book.

If you don't feel right, If you need more strength,

If you lack ambition.

If you can't do things like you used to,

If your nerve-your courage-is leaving you. If your confidence in yourself is less,

If you lack vigor or vitality,

If something is eating away your constitution,

Try Dr. Shoop's Restorative A Month At My Risk

Not a penny if it fails.

It is a two-cent stamp investment for you. With me it is a risk of \$5.50, the price of six bottles of Dr. Shoop's Restorative. I will ask the druggist near you to let you use the Restorative a month on trial. He will not complain, for I will tell him to bill the cost to me if

You send me no money.

it fails in your case.

You take no risk. Just take the Restorative a month, then decide for

If you say to the druggist, "It did not help me," that relieves you of all expense. But you won't say that,

You will be glad to say, like thousands have said and are saying. "It is the greatest remedy I ever used." James Knowles,

Wilmington, Delaware.

"Bright's Disease laid me on my back Oct. 12th, 1902. Water flowed out through my slippers through a thousand breaks in the skin. The tension from dropsy caused the skin to break everywhere. All physicians pronounced my case hopeless. Then I learned of Dr. Shoop's Restorative. After six bottles I began to feel better. The swelling began to subside. Fifteen bottles completely cured me. I have not been so well in twenty-five years. I am sixty-six years of sgc. I considered this medicine, coming into my hands, as a direct and overruling providence of that great God in whom I believe and place my trust. My physicians were astonished. My pen is ever ready to urge the use of Dr. Shoop's Restorative."

Physicians "shake their heads," when called to a case like Mr. Knowles'.

Anvil, Okla.

"I was suffering with nervous debility, biliousness and a run down constitution. Now permit me to tell you what I think of your Restorative. In my judgment it is worth its weight in gold. It has restored my health and I now feel as when I was in my 'teens, going to school, although I am now past my 66th birthday. I shall always keep a bottle of Dr. Shoop's Restorative in the house, as it has been worth many times the cost to me.

You may use this letter in any way you wish, as I feel it my duty to tell those similarly situated what it has done for me. May the blessing of the all-wise Creator always be with you."

"New York specialists pumped my stomach. Called It Acid Catarrh of the stomach. Treated me two years and falled.

I got six bottles of Dr. Shoop's Restorative at the Jacob Pharmacy, Atlanta. It was to cost me nothing if it falled. After four bottles, then came the change. After six bottles I was eating most anything I desired. I am now well. Dyspepsia Nervousness gone. Use my letter privately or publicly, for I feel that this is as little as I can do to show my gratitude for the results you have brought in my case,"

Mr. Renfroe used my Restorative because I took the risk. I make this same offer to you, just to get a trial. I take all the risk to show my faith. I know what Dr. Shoop's Restorative can and will do if you try it. special to The Journal.

Duluth, Minn., Dec. 5.—The winter schedule of the United States Steel corporation, so far as its western in-terests lie, is fully in force. A study of this policy indicates much as to the probable future course of the

the probable future course of the giant company.

Every ship of the Pittsburg Steamship fleet, belonging to the corporation, is laid up for winter. The number of these vessels is 113, of which 41 are barges and 72 steamships. Among these vessels are the largest and most powerful of all lake craft. The bests that formerly belonged to The boats that formerly belonged to the American Steel & Wire company are the largest of all the vessels and those that entered the Pittsburg fleet from the Rockefeller line are most powerful. Some of these latter were designed for pulling loads of 20,000 gross tons, aside from what they might carry in their own hulls. No great amount of repair work will be done on any of these ships this winter and the maintenance account for the season will be a small matter. Salaries of 2,700 men ceased when the ships went into winter quarters.

Its Roads. The Steel corporation's two Minneness early. During the season they moved to this port 10,435,000 gross tons of ore, for which they received in freights \$8,750,000.

During the winter they will haul to this city and between points on their lines not less than 300,000,000 feet of pine logs, for which they will receive from \$1 to \$2.50 per 1,000 feet. This, with their heavy passenger business, will give a large net return. They have cut their force far under half the summer schedule and will make but few betterments and improvements during the winter.

Mines and Explorations. At the mines, both in Minnesota and Michigan, there has been sharp curtailment. The corporation has ore enough on lower lake docks and at furnaces to keep its mills in operation till next September and there is no call for large operations at mines this

Most of the underground properties in which ore can be mined at small cost are active now, but they are on single shift and the wage account is much less than a year ago. Of course no such tonnage of ore is coming up as then, but it is not needed. mines are suffering no deterioration and maintenance is kept at the highest

pitch of efficiency.

The exploration of new properties has been generally stopped on all ranges. This is especially true of the Menominee range. Half a score of explorations continue on the Mesaba, and the corporation evidently stands ready to take up for exploration or ready to take up for exploration or purchase any proposition in ore that is tempting. This has been proved by several recent purchases, at a time when other buyers were afraid to touch anything.

The Steel corporation, while its ore reserves are many times those of any vestigating new districts that are reported from time to time, is buying ore when quantity and quality makes purchase advisable, and is strengthening itself steadily

Some Dividends May Be Passed.

The general opinion here among hose best qualified to judge is that Steel common dividends may be passed for some time to come, but that the corporation will earn more than its preferred dividends for an indefinite period. That the trust fully intends to operate continuously its mills is

very evident.

In its western operations the labor question has not affected it, except in he case of the steamship end. will be a renewal of trouble in this branch next month, but changes may be made before then that will smooth both sides.

CHINESE POSTAL METHODS

Carriers Require Tips to Insure Regular Delivery of Mail.

Washington, Dec. 5.—Americans in China want Postmaster General Payne to protest to the director of the Chinese posts re-garding the methods of the Chinese mall carriers who have "organized" in the manner of their brethren in other parts of the world. Every time they deliver a let-ter they demand a "tip." =

In Shanghai, which is one of the few places in the flowery kingdom where there is a system of mail delivery, its regularity fluctuates in a direct ratio with the regu-larity of the tip to the carrier.

When the tip falls to appear so does the mail. When the carrier is hauled over the coals for fallure to deliver a letter, he is genuinely concerned. He doesn't know how the letter went astray, but he will look for it. He is all smiles and apologies. It has been found that the small tip to aid his memory and improve his eyesight usually accomplishes wonders.

terrible disease.

SWANSON'S "5-DROP5" will cure Rheumatism in any of its forms or stages of development. Applied externally it affords instant relief from pain. Taken internally it rids the blood, tissues and joints of the uric acid and other poisonous matter, which are the causes of the disease. It never fails to cure Rheumatism, Sciatica or Lumbago. It has effected more cures of the above-named aliments than all other remedies combined. It has never failed to cure even the most obstinate case. "5-DROP5" cures these diseases by going directly to the seat of the trouble and removing the cause. This is the only correct method of treating these diseases, and the only one that gives instant relief and effects a permanent cure. Rheumatism is a blood disease, and to cure it, the blood must be cleansed of all its impurities. "5-DROP5" will do it.

Neuralgic pains cesse at once when "5-DROPS"

cleansed of all its impurities. "5-DROPS" will do it.

Neuraigic pains cease at once when "5-DROPS" is used. In neuraigis the nerves are inflamed, they throb and shoot from congestion and arrested circulation. "5-DROPS" hastens circulation, quiets the nerves and the pain stops. No other remedy in the world will stop neuraigic pains so quickly as "5-DROPS." It never falls to cure this most painful disease. No matter how severe the case may be, "5-DROPS" if used as directed will make a permanent cure. Kidney Trouble and Liver Complaint can be cured by "5-DROPS." It is the most effectual remedy ever discovered for these diseases. A single dose will give immediate results. It goes direct to the spot. It keeps the liver-cells properly at work. It restores the kidneys to their normal condition by removing the acids which are the cause of the trouble.

I want to talk to men who have pains and aches, who feel run down physically, who realize that the old "fire" and energy which was so evident in youth is absent nowmen who can't stand the amount of exertion they could years ago. I want you—if that means you—to see what I have done for others who were just as bad off. That's my introduction. If a friend in whom you had confidence presented some one to you and said, "Jack, here's Brown; he has made good with me, and I trust him," wouldn't you trust him, too?

Now, if you don't feel right, I can cure you with my Electric Belt. If you are all full of rheumatic pains, I can knock them out. I can pour oil into your joints and limber them up. I have often said that pain and electricity can't live in the same house, and I prove it every day. Foley, Minn., October 3, 1903: "I feel as I did 15 years ago.
