A BUSY NIGHT FOR BURGLARS

TWO RAIDS MADE ON DOWN TOWN STORES.

Skeleton Key Experts Gain Entrance to a Jewelry Store and Secure Goods Well Worth Carrying Away

Hennepin Tailoring Company Robbed of \$250 in Goods.

Skeleton key experts entered the jewelry store of Sven Swanson, 120 Third street S., some time last night and took a considerable amount of jewelry that had not been placed in the safe for the night.

The thieves evidently entered the front door, for there were wet tracks leading from the entrance to the show cases. They took their time in searching the store for what valuables were exposed, and when they left they locked the door after them.

The total value of the articles can not be ascertained until the stock is well gone over. When Mr. Swanson entered the store this morning his attention was first called to the robbery by an empty tray in which he had placed twenty pairs of opera glasses last night.

The thieves also carried three dozen pairs of ordinary spectacles, several necklaces, rings and bracelets.

The detectives are working on the case but have no clue to the identity of the men. Mr. Swanson carried burglary insurance on his stock, which will nearly cover the loss.

Hennepin Tailoring Co. Loses. Burglars visited the Hennepin Tailoring company's establishment at 605 Hennepin avenue last night and stole goods worth about \$250.

The thieves visited the Great Western Cycle company's store Monday night, for the style of work was the same. They broke a glass in the rear door, reached thru the opening and loosened the fastenings, which gave them entrance to the building.

They searched the place and took a furnished overcoat, valued at \$135; a cloth overcoat, valued at \$25, and suitings worth \$150.

The police have absolutely no clue to work upon. There are many suspicious characters in the city.

TYPEWRITER EXAMS. Uncle Sam Looking for Competent Stenographers for Places in the Civil Service.

Examinations for candidates that expect to become typewriters and stenographers in the civil service of this nation will be held at the federal building Jan. 5.

The age limit for service in the United States is 18 years or over; for service in the Philippines, where conditions are more trying, candidates must be not less than 18 years old and not more than 40.

The salary to be paid will range from \$340 to \$1,200 a year in the United States, and from \$1,200 to \$1,400 a year in the Philippines.

Competitors should apply for the necessary blanks, and for further information, to the United States civil service commission, Washington, D. C., or to the secretary of the local board of civil service examiners, room 2, federal building, Minneapolis.

LUCE CHOSEN CAPTAIN. In the Election of Company B, First Minnesota National Guard.

Some spirited electioneering resulted last night in the election of Second Lieutenant E. D. Luce to fill the vacancy recently created by the advancement of Captain E. B. Rowley, Company B, First regiment national guard, to the rank of major.

The Enlistment of Luce, 34; First Lieutenant E. I. Pratt, 22. First Duty Sergeant Percy McClay was advanced to the second lieutenantcy over the other candidates.

Private Adams was also a candidate for this place. Captain Luce has been in the service about five years, but has had a commission but a few weeks. Second Lieutenant McClay served thru the Philippine campaign. The election was carried on in the best of spirit.

ST. PAUL VS. DENVER. Places Have Chance to Become Northern Division Headquarters, U. S. A.

St. Paul, now the headquarters of the military department of Dakota, will probably be made the headquarters of the "northern division" when the war department arranges the new military districts. This northern division will be composed of the present Dakota and Colorado departments.

The northern division headquarters may possibly be fixed at Denver, now headquarters for the Colorado department, but also St. Paul is rather too close to the divisional headquarters that are to be located in Chicago, Denver has the advantage of being a considerably larger city than St. Paul from the military hub at Washington.

SANCTIONED BY BISHOP. Presence of Non-Spiscopalian Ministers at Episcopal Church Opening.

The sanction of Bishop Edsall is said to have been given to the presence of non-Episcopalian clergymen at the opening, two weeks ago, of the new St. John's Episcopal church, St. Paul. Rev. C. Herbert Shutt, rector of St. Peter's Episcopal church, Fourth and Maple streets, St. Paul, protested in his sermon last Sunday against "the invasion of non-Episcopalian churches and the affiliation of Episcopal ministers with those of the non-Episcopalian churches when the fundamental principles of the Catholic faith are at stake."

Mr. Shutt said he "would fight with all his might and manhood for the virtues of the Catholic church."

MINISTER ON MARGINS. An Address by Rev. Arthur T. Fowler Before the Credit Men's Association.

The regular monthly meeting and banquet of the Minneapolis Credit Men's association at the Nicolet hotel last night was made memorable by an address on "Dealing in Margins," by Rev. Arthur T. Fowler of Calvary Baptist church.

The speaker drew a parallel between the man who does business on margins and the man whose character is his capital.

Want ads are the recognized channel for supplying want. Journal want ads have earned for themselves the reputation of getting there—1 cent a word, not less than 20 cents, cheap, enough.

ARTHUR ROGERS' CHANGE

HE WILL RETIRE FROM THE C. A. SMITH LUMBER COMPANY TO MANAGE HIS OWN LINE OF YARDS.

Arthur R. Rogers, vice president of the C. A. Smith Lumber company, will retire from that concern in a few days and give his entire attention to the business of the Rogers Lumber company, of which he is president.

Mr. Rogers has been associated with C. A. Smith for seventeen years, but a year ago disposed of his stock in the C. A. Smith Lumber company. Mr. Smith at the same time turned over his interest in the retail yards to Mr. Rogers. Edgar Bassett, who quiet will come to Minneapolis, and after Jan. 1 will be with the C. A. Smith Lumber company as sales manager. He has been sales manager for the Clouet Lumber company for several years.

JOHN SPENCER BASSETT. Persecuted for Sentiments Complimentary to Booker T. Washington.

Professor John Spencer Bassett is a member of the faculty of Trinity college at Durham, N. C. In the October issue of the South Atlantic Quarterly, published by Mr. Rogers, Professor Bassett gives his views on race equality. In this connection he said: "Booker T. Washington is a great and good man, a Christian statesman, and like him in all the best of the best men, save Lee, born in the south in

More fish have been discovered on the So line. The Soo has always been known among anglers as the piscatorial route. The General Passenger Agent W. R. Calloway of the Soo has never been a bit backward about advertising the advantages to the fisher of selecting angling points on his line of road. He is about to announce the opening of twenty miles of road which make accessible fishing spots in which there is every fresh water fish known to fame can be found.

This is the new extension from Birchwood to Reserve postoffice on the border of the Court Oreilles Indian reservation in Wisconsin, on the south side of Lake Court Oreilles, a great fishing place. All along the extension are to be found black bass, pike, trout and in the lake muskellonge abound.

Sixteen miles of iron have been laid across the entire extension will be open to traffic about Jan. 1. This line passes thru Edgewater, one of the finest summer resorts in the state, at the foot of Chief Lake. The first eight miles of the road lies along the west line of the lake.

Christmas Neckwear. The Plymouth. Nothing more acceptable for a man. 50c to \$2.50.

ELECTROCUTED WATER. Johnson's Germ Paralyzer Will Have a Thoro Test.

Joseph Johnson's invention for destroying bacteria in the water by electricity looks very good to the members of the council committees on waterworks and health and they will recommend that an experiment be made to demonstrate its adaptability to the city reservoirs.

Professor George D. Shepardson of the state university, who was present at the meeting of the joint committees yesterday afternoon stated that the invention was undoubtedly a valuable one and he believed that it would be of use in Minneapolis.

It will probably cost about \$10,000 to conduct the experiments on a large scale. Patti Souvenirs—Free.

We still have a number of the Adeline Patti souvenirs which we are giving out absolutely free of charge except where ordered by mail, and their two cents will be returned by postage. The souvenir contains a beautiful half-tone of Patti, 9x12 inches, and a fac simile of a letter written by her with monogram, etc. also pictures taken at the ages of 11, 16, 22, and one as she appears to-day; also interior view of her castle in Wales, and a complete review of her romantic career. In addition to this, the souvenir contains a beautiful half-tone of one hundred of the world's greatest musical artists.

These souvenirs are given out purely for advertising purposes, and there is absolutely no charge or obligation of any kind on the part of people applying for them. W. W. Kimball Co., C. A. Elmendorf, manager, 727 Nicollet Avenue.

Dr. Shoop's Rheumatic Cure. Costs Nothing if it Fails. Any honest person who suffers from Rheumatism is welcome to this offer. For years I searched everywhere to find a specific for Rheumatism. For nearly twenty years I worked in this line. At last, in Germany, my search was rewarded. I found a costly chemical that did not disappoint me as other Rheumatic prescriptions had disappointed physicians everywhere. I do not mean that Dr. Shoop's Rheumatic Cure can turn bony joints into flesh again. That is impossible. But it will drive from the blood the poison that causes pain and swelling, and that is the end of Rheumatism. I know this so well that I will furnish for a full month my Rheumatic Cure on trial. I cannot cure all cases within a month. It would be unreasonable to expect that. But most cases will yield within thirty days. This trial treatment will convince you that Dr. Shoop's Rheumatic Cure is a power against Rheumatism—a potent force against disease that is irresistible.

MUST FIND A CONTRACTOR. BONDSMEN OF THE LATE C. B. DICKENS MUST FIND A MAN TO CARRY MAILS. William H. Eustis and Mart Whitcomb, bondsmen of the late C. B. Dickens, have a vexatious piece of business on their hands. Mr. Dickens, who died Monday, was the holder of the government contract for carrying mails in Minneapolis. His wagon, the postal authorities failed to find at any depot and substations, under a contract awarded last summer. Four years was the duration of the contract, and it has three years and a half to run. Under the government regulations, the bondsmen are responsible for the fulfillment of the contract. Having once accepted Dickens' contract and bonds, the postal authorities take no more concern for the next four years. It is up to the bondsmen to sublet the contract to some one they can trust to carry it out, and since the death of Mr. Dickens they have had the matter under careful consideration. The handsome new outfit of wagons now in service belonged to Mr. Dickens, and will be for sale to the man who takes on the contract. Mr. Eustis had deferred his southern trip till this week on account of other business matters, and now does not expect to get away until after the holidays.

NOW AN INJUNCTION. St. Paul Citizens Will Intervene in Gas Franchise Matter. Suit will be brought by the West Side Improvement association to enjoin the city council of St. Paul from awarding a twenty-five year franchise to the St. Paul Gas Light company. The present franchise does not expire until Jan. 1, 1907, and it is argued that if the present council can anticipate and forestall the duties of coming councils it can extend the franchise for an indefinite period.

Constipation. Its Cause and Cure. Cathartics and Purgatives Soon Lose Their Effect and Do More Harm Than Good. Nature has provided only one way to get food into the system. The necessity of getting rid of the waste products—poisons if they remain—is emphasized by the fact that she has provided four ways to get rid of them.

Any remedy which shocks the system into activity is dangerous. Do not expect immediate perceptible effects from Iron-Ox Tablets. They produce a natural, regular building up of all the bodily functions. This takes a little time, but success is absolutely certain.

Do not confound Iron-Ox Tablets with liquid preparations which are simply drugged alcohol, and which create a habit which is nothing more or less than alcoholism. Iron-Ox Tablets build up the system slowly; they do not create a habit.

Fifty Iron-Ox Tablets in an attractive aluminum case, 25 cents at drug stores, or from The Iron-Ox Remedy Co., Detroit, Mich., U. S. A. Lyman-Elbel Drug Co., Minneapolis, Minn., northwestern distributors.
