A beautiful monument has recently been placed on the family lot of Judge M. E. Koon. The work was done by the J. M. Sullivan Monument company of this city.

John T. Hart of "The Crystal," 21 Washington avenue N., who has been in his present location for seventeen years, is not the John Hart connected with Park theater.

The series of meetings which has been held at Fowler Methodist church thru the winter past will be continued another week. Twelve or more showed their interest by presenting themselves at the altar last evening.

Messrs. Belden & Hawley announce that they have entered into a co-partnership with Judge Robert Jamison under the firm name of Belden, Hawley & Jamison, for the practice of law at No. 53 Minnesota Loan and Trust building.

Evangelist Lidjquist from Omaha is conducting a series of revival services at the Swedish Free Mission church. Great interest was manifested at the meetings during the past week.

R. W. Aberley, pastor of the Portland Avenue Church of Christ (Disciples), will deliver a series of revival sermons at the Grand Avenue Church of Christ, Grand Avenue and Thirty-first street, this week, beginning to-night. To-night's topic is, "The Kingdom of Christ—Where Was It Set Up? How Do We Get Into It, and When?"

The week of prayer services at Trinity Methodist church were so well attended and so successful that they will be continued every night this week, except Saturday. To-night the Sunday school board will hold a meeting after the preaching services at the church.

Thomas Curtis, Thomas Donovan and Charles Smith, who the police think are making their living by their wits, were arraigned in police court this morning on a charge of vagrancy.

Donovan was given sixty days in the workhouse and Smith twenty days, while Curtis, who appears to be somewhat demented, will be sent back to his home in Kentucky.

TO GET NEWEST WRINKLES
Many Farmers Attend Winter Course at Agricultural School.

The opening of the farmer's Short Course at the state agricultural college to-morrow shows a greater attendance than ever before known at the St. Anthony Park institution and gives a further evidence of the popularity of the winter term, especially designed for "grown-ups."

The course, as explained in the college literature, consists of eight weeks of lectures and demonstrations for the special benefit of practical farmers who have no time, except in the winter months, to take advantage of the instruction offered by the state agricultural college.

Largely on this account many adults attend the school during the winter months, some of them to learn what their sons have already learned at the same school, others to learn as much about farming as their tenants may know.

There are now 516 students at the school, which is 7 per cent more than attended last year, and so crowded are the dormitories that the students are sleeping in a room, although a new dormitory was opened last week.

APOLLO CLUB CONCERT
Second of Series Will Be Feb. 3.—The Assisting Artists

The second concert in the Apollo club series at the state agricultural college will be held Feb. 3. The assisting artists will be Mrs. Alma Johnson Porteus, contralto, and Senor Pablo Casals, the Spanish violinist, who is making his first tour in the United States.

The piece de resistance of the program will be Brahms' Rhapsody for male chorus and contralto, an exquisite composition. The concert will serve to introduce to the associate members two pleasing soloists from among the active members.

JUMPED FROM FLYING TRAIN
Hadly Moran Escapes from Sheriff On Way to Red Wing.

Hadly Moran aged 14 years, who was being taken to the Red Wing training school by Sheriff J. W. Dreger, Saturday night, jumped from the train which was going at full speed about a mile beyond St. Paul, and was making his way in the seat by the sheriff and walked to the rear of the car seemingly to get a drink. Unnoticed by the sheriff he went to the rear platform and jumped off.

STATE EDITORS COMING
Their Annual Meeting Will Be Held Here Feb. 18 and 19.

The regular winter meeting of the Minnesota Editorial association will be held in this city Feb. 18-19. The editors, while here, will be the guests of the Commercial club, which will provide quarters for the meeting and entertain the editors and their wives.

The meeting will be devoted to the general discussion of such topics as are of particular interest to the country press. The matter of an editorial excursion to the world's fair will also be discussed. It has been decided to hold the banquet on the evening of Feb. 18. This will not be a "stag" affair, but a function to which the ladies will be as welcome as the men.

Dr. Gertrude Stanton, the lady oculist, at Dayton's. Eyes examined free. Difficult cases solicited.

MAN GOT HER MONEY
Stops Woman to Make an Inquiry Then Takes Her Purse.

A young woman who says her name is Lena Olson was the victim of a clever purse snatcher Saturday night. In front of the Hamphreys Arms, she was on her way home, when a young man asked her which way she should go to take a First Avenue car. She directed him and started on her way, when the man turned and grabbed her purse. The girl screamed and tried to hold on to her purse, but the thief wrenched it from her and ran down Fourth avenue S., pursued by several residents of the Hamphreys Arms.

PREPARING TO TAKE AN APPEAL

EDWARDS-WOOD CASE GOING TO SUPREME COURT.

The Vital Point Involved Is One of Keenest Interest to Grain Dealers, Especially at Duluth—Court Declined to Recognize Sale of Flax in Question to the Firm.

Freeman P. Lane, attorney for Edwards, Wood & Co., has returned from Duluth and is already preparing for the appeal in the case involving the return made to a consignee by the firm thru its Duluth office. The point on which the case turns is whether a general interest to grain dealers, especially at Duluth, as the firms there have made a general practice of selling returns in exactly the same manner which the Duluth municipal court has now held illegal. As brought out in the trial of the case last week, the firm's office at Duluth is a carload of flax. The day it was received the market was flat and the firm's agent, rather than carry it over, bought it for the firm High price for flax on that date was \$1.19, but in reporting back to the consignee the firm, on account of heavy demand on the car, allowed a price of \$1.19 1/2, which less the half-cent a bushel commission, gave him \$1.19, or the top of the market for his flax. On the sale of the car, the firm sold the carload in question on its own account.

In the trial the prosecution urged that the sale to the firm of Edwards, Wood & Co. was void and conviction was secured on the ground that the firm's agent had failed to report to Carlson, the sale of the carload. On the other hand the defense argued that it was the general custom for firms on the Duluth exchange to take over grain consigned to them that a proper return had been made to Carlson and that while the sale was not void, it might be voidable but only upon the motion of Carlson, who had no objection to the sale. The court, however, held that the consignee could not legally buy a shipment sent to them as consignee and consequently declined to consider the return made by Carlson at \$1.19 1/2. The sale by the firm at \$1.20 was considered by the agent of Edwards, Wood & Co. to be a separate transaction but the court ruled that this was the transaction which should have been reported to Carlson. The other hand the defense argued that it was the general custom for firms on the Duluth exchange to take over grain consigned to them that a proper return had been made to Carlson and that while the sale was not void, it might be voidable but only upon the motion of Carlson, who had no objection to the sale. Incidentally the case has raised the question as to why a general custom on the Duluth exchange should be open to challenge to continue till the railway and warehouse commission thought it necessary to pick out one firm and make an example of it by opening a prosecution against it.

AGRICULTURAL SOCIETY MEETING

IT WILL OPEN HERE TO-MORROW CONTINUING TILL THURSDAY.

Emphasis Laid on the Fact That Meetings Are Open to the Public—Some Features in Which All Will Be Interested—Prominent Speakers on the Program.

The annual meeting of the Minnesota Agricultural society will open to-morrow at the Nicollet hotel, and will continue till Thursday. The Minnesota Live Stock Breeders' association and the Minnesota Field and Crop Breeders' association will be present. The business meeting, with the president's address, reports of committees, and the election will be held Thursday, and Thursday afternoon there will be meetings of the various sections of the Live Stock association and the Farmers' club will be in session all day at the chapel of the agricultural school.

A feature will be the exhibit of seed of field crops, for which prizes will be awarded. The secretary of the Minnesota World's Fair commission, C. S. Mitchell, has asked for the best of these exhibits to send to St. Louis.

It is perhaps not generally understood that the meetings of the agricultural society are freely open to the public and the officers of the society cordially request a large attendance of Minneapolis people, both ladies and gentlemen, as it is their desire that their work shall be more generally understood.

On the program of the meeting will be of special interest to visitors, as for instance that of Wednesday afternoon, when James J. Hill makes an address, and that of Thursday morning, when M. O. Eldridge of the United States department of agriculture, Washington, speaks on good roads; and the Wednesday morning session when there will be an address by Colonel H. Brigham, assistant secretary of agriculture. The Wednesday evening meeting will be of special interest to the department of agriculture of the University of Minnesota which will be presented through stereopticon views and other talks closing with a short address by Colonel Brigham.

"INFLUENCES" THE UNIONS

A CLEVELAND CO. TRIES TO INTEREST LOCAL EMPLOYERS.

Offers to Eliminate the Agitator and the Organizer for the Employer—It Will Even Prevent Growth of Unions—Its Plans Do Not Meet with Favor in Minneapolis.

Circular letters recently received by local manufacturers and other employers of organized labor reveal the existence of an incorporated company, whose home is in Cleveland, Ohio, and whose business it is to bring about a condition in the local labor market which will be satisfactory to employers.

"The Corporations Auxiliary company" is the name under which the promoters of the infant industry are seeking business. Their circular letter, which explains itself, reads in part as follows:

"Our experience has convinced us that the best way to control labor organizations is to lead and not to force them. We are also convinced that the conservative element in all unions will control when properly led and officered, which we are prepared to do.

"We help eliminate the agitator and organizer quietly and with little or no friction, and, further, thru the employment of our system, you will know at all times who among your employees are loyal and can be depended upon.

"You will also be advised of any loss of time or material and furnished such other information as will assist you to increase the efficiency of your working force and promote economy of operation.

"In view of the rapid increase of socialism, which is the real mischief-making influence in the industrial world to-day, we would particularly call your attention to the educational feature of our work. Our representatives are educated along industrial lines for the express purpose of combating, by calm argument, the fallacies of socialism. In a number of instances our men are employed for no other purpose than to resist the spread of socialistic theories."

It is also stated in the letter, which is marked personal and confidential, that "whenever our system has been in operation for a reasonable length of time, considering the purpose to be accomplished, the result has been that union membership has not increased and our clients wished otherwise. In many cases union charters have been returned without publicity and a number of local unions have been disbanded."

So far these letters have received the attention of individual employers only. George K. Belden, secretary of the Employers' association, said: "The subject has never been presented to the association in any form, and probably never will be. The system or method suggested in the circular is being understood, and certainly not the sort which the Employers' association would care to adopt.

"In my belief, many employers do not know where they are going in the unions and how their employees feel toward them, thru information received from union men; but consideration of this proposition from Cleveland is a matter of individual choice. It is nothing which the association would consider."

"That the proposition submitted by the Cleveland company does not meet with a hearty response from local employers is indicated by the action of several recipients, who have turned the letter over to union men in their employ."

At the meeting of the joint twin city exhibit committee Saturday afternoon Professor Franklin McVey announced that he had secured valuable information to use in emphasizing the importance of the two cities. This will be arranged in statistical shape for exhibition in the twin city building at the St. Louis exposition.

Secretary J. A. Ridgway of the park board is anxious to get photographs taken in the parks, and asks to have samples left with him in the park board rooms, city hall. Those selected for the exhibit will be paid for. The street railway company is preparing a \$3,000 map of its system for exhibition. The cyclorama, with Mendota as point of view, will represent both cities. It will be painted by Mr. Davis of the Bijou theater with new light effects.
