HOSPITAL NOT A DRUG STORE

EXPERIENCE IN FORMER DOES NOT HELP APPLICANTS.

John M. Princel Falls in his Attempt to Compel the State Board of Pharmacy to Examine Him—Judge Pond's Decision of Keen Interest to Druggists.

Judge C. M. Pond to-day filed an order vacating the writ of alternative mandamus secured by John M. Princel to compel the state board of pharmacy to give him the state board examination.

The relator contended that the board should be compelled to give him the examination as he had served his necessary four years' apprenticeship to the drug business, partly as a clerk and partly in connection with the department of the St. Paul city hospital.

Judge Pond's exposition of the law in this case is of widespread interest. He held that the relator will mark an epoch in the strictness with which candidates' qualifications are scanned. In concluding his opinion he said:

"First—That section 1 of chapter 104 being imperative and unqualified in its terms, the words 'person' used therein should, in all fairness of construction, under sections 255, 257, 254 and 6842 aforesaid, be construed to mean a municipal corporation as well as a private person, and that as the drug department in the St. Paul city hospital is under the charge or control of a registered pharmacist, but was managed and controlled entirely by the relator himself, it should be held that his conduct therein was in direct violation of section 1, and hence that the time he so employed therein should not be computed as a part of the time he was required under section 4 of chapter 24 aforesaid, to have 'practical experience in drug stores.' In order to entitle him to take the examination provided for under said section.

Second—That the relator has not, under the proof, shown himself to have had 'practical experience in compounding drugs,' whether in a retail drug store in the period of four years immediately preceding his application to the respondents for examination under section 2 of chapter 24. While the evidence shows that he began working in a drug store at Taylor Falls some time in the year 1899, as a janitor and clerk about the store, the record is silent as to just when during his period of employment there he began compounding drugs and thereby began to have 'practical experience in compounding drugs.' It is upon him that the relator shows that he had actually had four years' 'practical experience in compounding drugs.'

Third—To constitute 'practical experience in drug stores,' within the meaning of section 2 aforesaid, the applicant must have been engaged during that time to a greater or less extent in the business of compounding drugs on prescriptions written by medical practitioners for their patients, whether in or out of hospital, and which are subject to medical practice. Moreover, practical experience under this section must be held to mean actual experience in compounding drugs and of the particular kind of experience which in a drug store such as defined and was intended under said section.

Fourth—The words 'drug stores,' as used in section 2 aforesaid, must be held to mean drug stores which are open to and open to public patronage and to the medical profession generally, and where the prescriptions of medical practitioners are filled, and where the relator is a registered pharmacist. The words 'drug stores' must be held to mean their ordinary and popular sense, and hence, that the drug department of the St. Paul city hospital was not a drug store within the meaning of this section.

HUGE CUSPIDOR ON HENNEPIN

A large, artistic sign in front of C. E. Raney's "Up-to-Date" Cigar Store, at 254 Hennepin, over a huge red cuspidor, reads thus:

"THE ROYAL FAMILY"

Subject of Sermon at the Grand Avenue Church of Christ This Evening.

Rev. C. B. Osgood will fill his own pulpit to-night in the series of revival meetings being held at the Grand Avenue Church of Christ, Disciples, Grand avenue and Thirty-first street, and his subject will be "The Royal Family." Mr. Osgood has had flattering success in the fourteen months of his pastorate of the church, and ninety conversions have been secured as a result of his labors. Geniality and good will mark his work.

Rev. W. Aberley of the Portland Avenue Church of Christ, the principal speaker, and last night spoke upon the theme, "The Kingdom of Christ; When Was It Set Up? How Do We Get Into It, and Where is the Kingdom?" The kingdom of Christ transcended all other forms of government, that its king was divine rather than human, and that its progress toward universal sway was practically unimpeded. The kingdom was set up on the day of Pentecost. Three centuries of bloodshed and martyrdom signaled its growth until the proudest of emperors cried in remorseful surrender, "The Galilean has conquered."

BIRDY AND TABBY THE WHOLE THING

STATE POULTRY ASS'N EXHIBIT OPENS HERE TO-MORROW.

Every Inch of Space in the Old City Hall Has Been Taken, the Entries Numbering 3,028—Rooms Once Occupied by City Statesmen Now Devoted to High-Bred Cacklers.

To-morrow the liveliest and noisiest place in the city will be the old city hall, which is being filled up rapidly to-day with a temporary and excited population of chickens, turkeys, ducks, geese, pigeons and cats. The eighteenth annual exhibition of the Minnesota State Poultry association is plainly marked for prosperity and success, for the 3,028 entries for the exhibit crowd the building more than the whole machinery of the city government ever did. Every room of the building is occupied and exhibits had to be refused for lack of space.

The list of prizes is a long and tempting one and these, with the high rating attached to the winning of an award in this exhibition, accounts for the splendid showing made in the entry lists. The prizes include ribbons and cash offered by the association in every class, twenty silver cups for many of the leading classes and special prizes offered by poultry clubs, poultry journals and individuals. The cat department is especially favored by the association, in cups and in articles of value.

The exhibition is highly specialized, each class having its own special room. The popular Yankee fowl, the Plymouth Rock, being the largest class, will hold forth in the old council chamber. Next in favor is another Yankee breed, the white Leghorn, of

Plan That Works a Change in A. Le Doux's Habits.

One of the best examples of the power of the new year to develop resolution on the part of the erring is being exhibited at the West hotel.

Albert Le Doux, cashier, is ordinarily one of the mildest mannered of men, but occasionally, either thru the effect of association or because uncommonly irritated by insistent demands of patrons who seek financial accommodations which the hotel cannot give, he has been prone to discard simple, unadorned English and drop into a most picturesque tongue.

Bob Van is why there is posted upon Mr. Le Doux has taken a more solemn view of things, and with the assistance of his fellow desk men proposes to do better. It is why there is posted upon all who run may read the following declaration:

CRACKERJACKS INDEED

Bob Manchester's Burlesques Make Good at the Dewey.

Bob Manchester's Crackerjacks at the Dewey theater this week present a performance which is enjoyable from start to finish. The star of the burlesque is Bob Van in the first sketch, makes a great hit. The scenery and light effects also are good.

The olio contains four specialties of real merit. The Green sisters sing some catchy songs and Ed Howard and Frank North render some very clever parodies and also win applause by their brilliant parodies. The Jacksons have an entertaining turn which includes slack-wire walking, bag punching, and a laughable burlesque boxing turn. The Wandoodle quartet of colored comedians, are clever both as singers and as comedians. In this they differ from the average comedy four.

WANTS ATTORNEY DISBARRED

Leland, a Convict, Makes Charges Against F. P. Lane.

A convict now doing time in the state's prison at Stillwater is seeking to besmirch the reputation of Freeman P. Lane, a prominent Minneapolis attorney, by making application to the supreme court for Mr. Lane's disbarment.

The convict in the case is Edward Leland, otherwise Lemoth, who is serving ten years' holding up a man named Gus Anderson in Loring Park. His application for the attorney's disbarment is signed by Lane's wife, who gave the attorney \$450 in return for which the attorney was to secure for him a commutation of sentence.

Mr. Lane admits having received \$450 from Leland, but says that it was for defending the convict at the time he came up for trial on the charge of bribing the penitentiary guards and attempting to escape. Lane says he had nothing to do with Leland prior to that and had no understanding, or even conference, with him relative to a commutation of sentence.

Regardless of the court's position toward the attorney or his standing at the bar, the supreme court, under the rules, must take cognizance of the matter. He has therefore named L. E. Stetter of Minneapolis as referee to take testimony in the case. He will report to the court March 1.

WOMEN WILL ENTERTAIN

Women's Union Label League Arranges Ambitious Program.

One of the most ambitious entertainment programs being confined to any local union center is being planned by the Minneapolis Women's Union Label league for Feb. 9. The affair will be given in the Fourth Ward Republican wing, and will be of a social and an educational nature. C. F. Celly, the general organizer of the American Federation of Labor, will give the address of the evening. His subject will be the union label. Stereoscopic illustrations will be shown. There will also be a vaudeville program under the direction of William Shannon, a member of the Millers' union.

A CONTINUAL DRAG.

The Exact Term.

Only those who have experienced the pain and suffering incident to Piles or Hemorrhoids can know what a drag and handicap this complaint is; how even the mildest forms hinder the patient from putting forth his or her best efforts, while those afflicted with bleeding and protruding piles realize all the tortures of the Inquisition.

It may surprise the reader to know that there is a sure, permanent cure for this disease, as the following testimony from Mr. E. A. Leonard, an American resident in the City of Mexico, will show:

"For twenty years I suffered with piles, sometimes being confined to my bed for days at a time. The relief received from doctors both in the United States and Mexico was temporary, and more frequently I received no effect. It was a continual drag. I was fit for nothing. I finally tried Pyramid Pile Cure; first application was magical; I did not believe it was awake next morning; I experienced a relief that I had not known for twenty years. One box cured me; but not believing myself cured, I bought two more, but they are still in my trunk. I first used the remedy in July, 1902; have had no occasion to use it since. The world should know of Pyramid Pile Cure. I have no words to express its merits."

Pyramid Pile Cure is in the form of a suppository, which is admitted by all physicians to be the best preparation for treating piles; it comes in direct contact with the painful tumors and does its work quickly and painlessly. It is sold by druggists generally; if not obtainable, mail order. There is no other remedy "just as good."

Write Pyramid Drug Co., Marshall, Mich., for their little book on the cause and cure of piles, which is sent free for the asking.
