

MINNEAPOLIS DRY GOODS CO. MINNEAPOLIS DRY GOODS CO.

News for Late Buyers of Undermuslins.

The vast scope of the Muslin Underwear Sale has been a wonder to all visitors. Yet we intended the display to be even larger and richer. One manufacturer was so slow in his deliveries that his goods arrived just in time to be noted in this advertisement. We were very much disappointed, because his line is exceptionally good. Late purchasers, however, will profit by the delay. The showing is now better than at any time since the sale began, but the new goods cannot go in at the close prices intended. They will be marked even closer, so that whoever comes now will find many lower prices as well as a better assortment. A few of the new things:

Silverware
About half price is all you need pay on the following: Quadruple and Triple plated Forks, Table Spoons and Dessert Spoons, Butter Knives and fancy pieces; some 1847 goods in the lot. The goods are first class and there are real savings amounting to about half the former prices.

Jacket Prices Cut Down
Two classes of goods have had their prices cut down till there is very little left. These are Ladies' Short Jackets and Children's Long and Short Coats. We do not mark up goods before marking them down. Our regular selling prices have been marked down once before the present sale; then, for this end-all sale, we cut those reduced prices in two. In some cases you may pay about 1/3 our original price, and the chances are that even the original price was far below the accepted value. Think what such a sale means to your pocketbook. Think especially of the children.
Moreover, there is not a Ladies' Coat, or Suit, or Fur Coat or Fur Scarf in the house that has not submitted to very large reductions of price. Maybe you had stopped thinking of such things for this winter, but our new quotations will set you thinking again if you investigate them.
