Annual Clearance Sale of Furs.

The Plymouth Fur Mfg. Section. Begins with Meeting at Plymouth Church To-night.

SALVATION ARMY CONGRESS

The lecture at Plymouth church to-night by Colonel Mrs. Higgins of New York on "The Life and Work of the Late Consul Emma Booth-Tucker," will begin a five days' session of the annual northwestern congress of the Salvation Army. The regular Thursday night meeting at the headquarters hall will be given up for the big gathering at Wesley church when the sixty visiting officers and members of the local corps will march from the hall to Nicollet to the church. The leaving address will be made by Lieutenant Colonel Charles Miles from South Africa.

Two St. Ry. Ordinances

Passed by St. Paul Aldermen—They Were Not Important.

In spite of an agreement to let all street car legislation wait for the common bill, several members of the St. Paul board of aldermen led an insurrection last evening and succeeded in passing two ordinances, one ordering the extension of the Round street line for four blocks and the construction of a line on Randolph street out to Escalade avenue. There were marked evidences of disapproval from many of the aldermen and for a time it looked as if there would be a general raid on the street railway company, but after Aldermen Egan, R. Rohlfen had been placed the others were restrained from pressing their matters.

Press Club Candidates

Nominating Committee Names Men to Be Voted for Saturday.

The election of officers of the Press club of Minneapolis will take place at a banquet to be held at the International cafe, 27 Fifth street S., next Saturday at 6 p. m. The nominating committee has named the following candidates:

President—A. C. Brokaw, Tribune, and Harry G. Davis, Journal.
Recording Secretary—John Burgess, News; Platt B. Walker, Jr., Lumberman.
Recording Secretary—Hector A. McLean, Times; Guy S. Canfield, Pioneer Press.
Corresponding Secretary—Charles McBurney, Progress; Clifford Johnson, Journal; E. Young, News; Carl Wallace, Pioneer Press.

Linden Hills Campaign

Improvement Association Will Begin It Early and Push Hard.

At a meeting at Berry's hall this evening the Linden Hills improvement association will open its 1904 campaign. A number of important matters to be taken up, including the school building, enlargement, assessment valuations, fire protection, the extension of the street to the park, a bridge at Forty-third street and a scheme for a general cleaning up of streets and vacant lots. This association is one of the most active and aggressive in the city.

Jewels in Woodpile

George J. Sherer Recovers Valuables Which Disappeared.

George J. Sherer, 2710 Oakland avenue, has recovered a lot of the jewelry that he lost Dec. 1. The jewels disappeared on that date in a very peculiar manner. Mrs. Sherer was showing them to some friends who were in her house and put them back in their accustomed place. The next morning she had occasion to look for them and they were gone. Detectives could get no clue on the case and finally gave it up.

More Cold Due

Mercury Expected to Sag Still Farther by To-morrow.

Minneapolis and vicinity is about due for a bit of frosty weather, according to the statements of Section Director T. S. Outram of the weather bureau. He expresses a belief that by morning the thermometer will have registered at least 10 degrees below zero.

Constipation Can Be Cured.

Good Health Is Utterly Impossible Unless the Waste Products of the Body Are Got Rid of—A Safe, Natural Remedy Is to Be Had from Any Druggist.

Iron-Ox Tablets not only relieve, but permanently cure constipation. They do it, not by violent purgative and cathartic action, but by so toning up the stomach and bowels that they perform their natural functions without the aid of harmful drugs.

Remember, Iron-Ox Tablets are not purgative or cathartic in their effect; they are tonic-laxative; they cure by building up the entire system. Purgatives and cathartics give only temporary relief by violent and injurious action—they do far more harm than good.

Iron-Ox Tablets are concentrated nerve food—they abound in brain-making elements—they do not produce a temporary exhilaration, followed by a weakening reaction, as do liquid tonics composed of drugged alcohol which leads to the drink habit.

Anything which shocks the system into activity is dangerous. Do not expect immediate perceptible effects from Iron-Ox Tablets. They produce a natural, regular building up of all the functions. This takes a little time, but a successful result is absolutely certain.

Fifty Iron-Ox Tablets in an attractive aluminum pocket-case, 25 cents at druggists, or from the Iron-Ox Remedy Co., Detroit, Mich.
Lyman-Eliel Drug Co., Minneapolis, Minn., northwestern distributor.

DIPLOMA WEEK IN THE SCHOOLS

EIGHTH AND HIGH SCHOOL GRADUATION EXERCISES.

High school Diplomas Will Be Given in the Evenings—Eighth Grade "Grads" Will Get Theirs To-morrow—Exercises to Be Held in Four Districts.

With graduation exercises for every eighth grade school in the city, and for each high school, there is considerable excitement in educational circles this week, and the boys and girls who are entitled to consider themselves as students at the high schools and those who have earned the high school diplomas have acquired added dignity.

The East High school will graduate a class of twenty-two this evening, and to-morrow evening the North High school young people will be given their diplomas. An equally interesting ceremony will take place Friday evening at the South High school, and the graduation exercises where the students from the Central High school will assemble.

The graduation exercises will take place to-morrow evening at 7:30 o'clock in the North High school; the east district at 10:30 a. m. in the East High school; the south district in the South High school; and the graduation and the central district in Plymouth church at 2:30 p. m.

The Programs.

The programs will be as follows:

Central District.
Vocal solo, "Cragg Walton" (a) "My Mother Bids Me Welcome" (b) "Daisies" (C. B. Hawley). Eleanor Nesbitt, Margaret Gilmore, accompaniment, Mrs. Stanley R. Roberts; song by "America"; presentation of diplomas, Dr. C. M. Jordan.

South District.
Grand march, "Thank You We All Owe God" (M. Rinkard), graduates; invocation, Rev. G. T. McMillin; piano solo, "Faded Caprice" (S. B. Mills), Sara E. Smith; vocal solo, "From a Far Country," Rosa Rosenfeld, Jackson Schmidt; recitation, "The Name of Old Glory" (James Whitcomb Riley), Alvina Dehaveling; recitation, "The Name of 'Merchant of Venice,'" Ben Shallett, William Kerwin, Eugene Meyer, Esther Krosinsky, Blaine; chorus, "The Star," Logan; recitation, selection from Theodore Roosevelt, "The Rough Riders," Huxman; Logan; address and presentation of diplomas by Superintendent Jordan; chorus, "America," schools and audience.

Garfield Class Day

The graduating class of the Garfield school gave its class day program this afternoon and the schoolroom was elaborately decorated in the class colors, lavender and purple, and the class flower, violet. The program opened with a violin duet by Charles Elsler and Blaine and the singing of "The Star" by the graduates. Ethel Holmberg gave the class history. Amanda Breece, the prophecy, and Kimball Moore, the will, Bessie Godek, May, and Ethel Hughes, the instrumental number was given by Blaine Wasmuth, Warren Johnson, Charles E. Wright, and Marguerite Jenne. Laura Heiler, Fred Lussier and William Krafoe furnished a selection. The class song, and a song to the Board of Education, "The Features." A reading from the trial scene of "The Merchant of Venice" was well given by Alfred Dent as the Duke, Joseph E. Wright as Antonio, Lundquist, Solanio; Marcus Giersten, Shylock; Robert Gram, Bassanio; Roswell Fox, Gratiano; Edward Sullivan, clerk; and the graduates, Ethel Hughes, Portia. Franley Balce presented the memorial, a handsome mission clock, which was accepted by Harry Hildebrandt. The principal, Miss Youngs, the principal, spoke a few words of commendation to the class, which numbers thirty-nine. The program was completed by the class in the class colors with the numeral on the cover.

Blaine School Program

The twenty-one members of the A eighth grade of the Blaine school gave their last program this morning. Ben Shallot and Willie Kerker had written the class song to the music of "Die Wacht am Rhein" and questions cleverly portrayed the characteristics of the members had been arranged by Frieda Yost and Laura Neumann. Irene Hughes read the prophecy. The class colors of the school are scarlet and white and the flower, carnations, and it has been the custom of the graduates to wear them at the last program. This morning the members of the B eighth grade presented the graduates, thru George Corp.

The Blaine school program was a basket as a pleasant surprise. The class memorial was a book case, which was presented by Laura Neumann and received by Judge Barlow. The Blaine school is probably the only one in the city which boasts a circulating library of 400 volumes, and the book case completed the furnishing. Hazel Nolan and Ethel Hoff contributed a piano duet and there was other music. The name of Max Shallett was mentioned in connection with the list of graduates when it was published.

Harrison School

The graduating class of the Harrison school numbered forty-six and its exercises were held yesterday. Fred B. Wright presented the class memorial, a handsome picture, which was accepted by Mrs. E. H. Wright. There were piano and mandolin numbers, songs and a talk by Rev. Mr. Hart of the Western Avenue M. E. church. Misses Minnie Martensen and Hazel Smith contributed some admirable recitations.

Thieves with Nerve

Caught in Burglary, They Say They're Looking for Rooms.

Two burglars entered two South Minneapolis homes yesterday in daylight and carried off valuable articles. The first was reported by the home of Mrs. Sophie G. Johnson, 1600 Fifth street S., while every one was away and ransacked the rooms. Mrs. Johnson returned while they were working and took some jewelry to her questions, they said they were looking for furnished rooms. While they were talking she saw two of her rings in the hands of one of the men, but was too frightened to speak of it.

The robbers also entered the rooms of a Mrs. Asplund on the ground floor of the same building and took some jewelry. Late in the day the same men entered the home of M. F. Brennan, 139 W. Seventh street, and took \$25 in cash. The police have a good description of the men and hope to capture them.

Mr. Mike Fassbinder, the popular cutter, eight years with J. T. Thompson, is now with the Palace Clothing House custom tailoring department.

ASBURY'S STAFF NOT TO RESIGN

EVEN THO DR. DUNSMOOR RESIGNS AS MEDICAL DIRECTOR.

The Official Board in Charge of the Hospital Meets to Approve Some Changes Which Will Work for Harmony and Efficiency.

At the regular meeting of the Asbury hospital board of directors, at the home of Mrs. Sarah H. Knight, 803 Fourth avenue S., it was promised that for the second time the resignation of Dr. F. A. Dunsmoor, as medical director, would be accepted, and also that the threatened exodus of the medical staff would not take place in consequence.

Assurances were received from members of the hospital staff this morning that, while they had accorded Dr. Dunsmoor the compliment of re-electing him after he had once resigned because of disagreement with the superintendent, they would consent to remain even if he ceased to be connected with the institution.

A decided change in the program of conducting the institution was also promised—a change which would take from the medical director much of the power and prerogatives which he now has. Mrs. Knight, as superintendent of and chief donor to the institution, will, if the promised program is carried out, be much better satisfied with the manner in which the hospital is conducted.

Before the meeting was called to order a prominent member of the church said:

"The medical staff has been considerable discussion relating to the future welfare of the hospital. Mrs. Knight, the superintendent, is in favor of a deaconess line, and Methodism in its entirety is in sympathy with this plan of a hospital.

"The medical staff, composed of numerous members of the Asbury hospital, has not been opposed in any way to this, but has given it favor and support. One of the questions at hand to-day is as to how it is to be handled? "Heretofore the medical director has been rather self-appointed, or, rather, not appointed by the state. It has been thought by many directors that this should not be, but that the medical director should be recommended by the board of directors.

"This, to the fair-minded, seems only just, and it is also thought that the medical director is to be held in every way to be in harmony with the spirit of the institution, which is embodied in the superintendent, Mrs. Knight."

DOWNY BEAT THE DRUM

VETERAN PROFESSOR OF THE "U" ONCE A DRUMMER BOY ENTERTAINS RAWLINS POST.

Swift flowed the blood of the veterans of Rawlins post, G. A. R., again last evening, as there has been its wont since the medical director of the city, has been marching to battle. The cause was nothing more nor less than the rattling music of a snare drum, which was gathered by a young boy, that veteran was Professor John F. Downey, now a staid and dignified professor of the state university.

Professor Downey, at the gathering, made the boast that he could still pound music out of a drum as he did in war times, and said if they would produce a snare drum, he would demonstrate, as clearly as he ever did a professor in a gymnasium, that he had not forgotten how to handle the drumsticks in a way to quicken the pulse. The applause received from the members of the post and the staff was proof that the professor had "made good."

SHE WAS TOO PLUMP

Langdon Says His Marriage Bureau Bargain Didn't Suit.

Matrimonial bureaus and matrimonial advertisements in general figured extensively in the case of Arthur Langdon, a restaurant man, who was arrested for a fine N. who was in police court this morning upon a criminal charge preferred by Miss Mary Webster, 815 Second street N. E. Mr. Langdon had inserted an advertisement for a wife which Langdon had inserted in a daily paper and that he took her on trial, as a domestic, to marry her later. He refused to comply with his part of the contract and as no settlement could be effected, an arrest followed.

Langdon took the stand in his own behalf and denied the woman's testimony in full, except that he admitted that he had met the woman thru a marriage bureau. The court, in the absence of evidence, ordered him held to the grand jury.

"I never promised to marry her," protested Langdon. "The first time I saw her I said that I would not marry her, as she was too stout, but I told her that she could work for me if she wanted to. She came and staid two days and then went away."

DINNER FOR DR. HOSMER

A Testimonial Event Is Being Arranged

The completion of Dr. J. K. Hosmer's long term as librarian of the public library will be marked by a large dinner given by his friends among the public men of the city, who take the means of expressing their honor and esteem. The dinner will be given Friday evening, Jan. 29 at Hotel Nicollet, and an attendance of about 200 is expected. The day will be Dr. Hosmer's 70th birthday and the day he designated for his resignation to take effect. The dinner will be presided over by Dr. W. W. Tolwack.

The library board is planning some kind of a social gathering at the library building in Dr. Hosmer's honor and the club women will take charge of the entertainment, giving their appreciation of his co-operation in all of their study work.

COMBINATION "STENOGRS"

The Government Seeks Those Who Know Something of Chemistry.

Secretary M. Wanvig of the civil service board of examiners announces an examination for stenographers and typewriters on Feb. 2. The Department of Agriculture at Washington is in need of stenographers with a knowledge of chemistry and such a knowledge is a requirement for those who will take charge of the examination. The examination is open to both males and females, with an age limit of 18 years or over.

NEW ENGLAND FURNITURE & CARPET COMPANY

NEW BUILDING OUTLINED

MANUFACTURERS CONFER WITH STATE FAIR BOARD IN REGARD TO THE STRUCTURE THEY'RE TO HAVE.

E. W. Randall was re-elected secretary and J. J. Wilcox, Northfield, treasurer of the state fair board yesterday at a meeting held in St. Paul. The old standing committees will remain.

President Cosgrove appointed superintendents of divisions as follows: Horses—J. C. Currier, St. Paul. Cattle—W. M. Liggett, St. Anthony Park. Sheep—J. C. Mills, Preston. Swine—Charles Kenning, Osceola. Poultry—Leslie Parlin, St. Paul. Dairy Produce—A. W. Trow, Glenville. Horticulture and Floriculture—A. W. Latham, Minneapolis. Building—H. Honey, Aply and Sugar—N. S. Gordon, Crookston.

Vegetables, Grain and Farm Produce—N. S. Gordon, Crookston. Amusements—William E. Lee, Long Prairie. Amusements—Chester R. Smith, St. Paul. Games—R. H. Cosgrove, Le Sueur. Police—J. M. Underwood, Lake City. Forage—W. M. Liggett, St. Anthony Park; assistant superintendent, E. H. Ray.

Privileges—L. D. Laird, Austin. Grounds—E. W. Randall, Hamline.

The principal change in this list is the addition of the farmers' institute department—which has been virtually out of the work of the fair for many years—and the creation of a manufacturers' division, which Mr. Lee is made superintendent.

Manufacturing Building.

A committee from the Manufacturers' association appeared before the board in connection with the erection of a manufacturers' building at the fair grounds. The state has appropriated \$30,000 for this purpose. The committee stated that it was desirous of co-operating with the board in the erection of a building which would be a modern, fireproof structure, one that would fulfill the needs and come within the appropriation. The structure will be of brick. Iron will be used where possible, instead of wood. Plans for such a building were offered for inspection by Lamoureux & Jones of Minneapolis. The board expects to receive their plans from twin city architects.

It was decided to print both the premium list and official program this year, instead of the former contracts for the work. Last year's program netted \$1,400.

COMPLAIN OF CEMENT

Architects Will Discuss Native Article at Next Meeting.

The inferiority of much native cement sold in the twin cities will probably be discussed at the next meeting of the Minneapolis Association of Architects. The Railway companies that bought large quantities of native cement during the last year or two have used it. It is said, with the result of constructing bridges and culverts. The first heavy storm disintegrated work which should have needed no repairs for many years. Reports from the city officials in Minneapolis will show, it is said, that 80 per cent of the cement contracted for last year failed to stand tests and was rejected. The cement thus proved unfit for the foundations of sidewalks was subsequently sold to building contractors, "and walls made with mortar containing such cement as that," said one of the engineers, "are positively dangerous."

TROLLEY TO SOUTH ST. PAUL

It Will Be Pushed as Soon as Details Are Settled.

As soon as negotiations between the city of South St. Paul and the Twin City Rapid Transit company have been closed work will begin on an extension of the Concord avenue line to South St. Paul. The fare will be 5 cents, and after five years transfers will be granted. The city council wishes to impose a gross earnings tax on the proposed trolley line, but the company prefers a real property tax. This matter and several others are still unsettled, but no hitch is expected.

SHE FADES AWAY

"Zamba" Is Attracting Much Attention at Donaldson's Glass Block.

Have you seen "Zamba" fade away? If you haven't you should visit the second floor at the Glass Block and see one of the most interesting illustrations of the century. "Zamba" is advertising a famous "make" of corsets, but the fact makes the illusion none the less interesting.

A large, gilt framed picture of a beautiful woman in evening costume, and draped in red, is placed at the end of a draped arch—as you gaze the picture fades away before your eyes, disclosing the same woman with her fiery gown and in an entirely different style of dress.

BUY SCRANTON COAL

IT IS THE BEST.

North Western Fuel Co.
W. H. RENDELL, City Agent. 304 Nicollet Avenue.
