## O'BRIEN OUTPOINTS RYAN

### PHILADELPHIA MAN HAS THE BETTER OF SIX ROUND GO WITH CRAZY CHAMPION.

threw a sponge full of water on him. Philadelphia, Jan. 28.—Jack O'Brien and Tommy Ryan fought one of the fastest six-round bouts ever seen in this city last night, and the Philadelphia man had a slight advantage. O'Brien clearly outpointed Ryan in the first four rounds and in the fifth dropped him with a hard blow to the jaw. Ryan took the count of eight and came up groggy. He saved himself by clinching until he had regained his bearings. A moment later Ryan drove a vicious left to O'Brien's stomach which sent the Philadelphia man to his knees. Ryan seemed to regain his wind as the round progressed and landed repeatedly on O'Brien's stomach with vicious lefts. It was only the gong that saved O'Brien from being knocked out. In the sixth round honors were about even, both men having received punishment. When the gong sounded, ending the fight both men were in very bad shape. Near the close of the fifth round, while O'Brien was on the floor, one of his seconds Many persons were of the opinion that

## DR. FED HIMSELF

### Found the Food that Saved His Life.

A good old family physician with a life time experience in saving people finally found himself sick unto death. Medicine failed and—let him tell his own story. "For the first time in my life of 61 years I am impelled to publicly testify to the value of a largely advertised article and I certainly would not pen these lines except that, what seems to me a direct act of Providence, saved my life and I am impressed that it is a bounden duty to make it known. "For three years I kept falling with stomach and liver disorders until I was reduced to 75 lbs. from my normal weight. When I got too low to treat myself, 3 of my associate physicians advised me to 'put my house in order' for I would be quickly going the way of all mankind. Just about that time I was put on a diet of Grape-Nuts predigest food. Curiously enough I quickly began to build me up, appetite returned and in 15 days I gained 6 lbs. That started my return to health and really saved my life. "A physician is naturally prejudiced against writing such a letter, but in this case I am willing to declare it from the house-tops that the multiplied thousands who are now suffering as I did can find relief and health as easily and promptly by Grape-Nuts. If they only knew what to do. Sincerely and Fraternally yours, Name of this prominent physician furnished by Postum Co., Battle Creek, Mich. Look in each package for a copy of the famous little book, "The Road to Wellville."

this ended the fight, but the referee said an end to it. The men agreed to meet in a six-round bout for a \$5,000 purse, split equally, and under the laws governing boxing in Philadelphia no decision could be given. Both were weighed in at 6 o'clock. The beam was placed at 155 pounds, but neither man budged it. Both men were in the pink of condition. In O'Brien's corner were Kid McCoy, Joe Hagen and Billy McLarney, while Hugo Kelly, "Spike Sullivan," Frank Barney and R. Ferry attended to Ryan. Lew Durlacher was the timekeeper. It was 10:25 when Referee Crowhurst called the men to the center of the ring for instructions.

Champion Heavyweight James J. Jeffries has distinguished himself by stopping a runaway team in Central Park, N. Y., and saving from probable serious injury the man and wife who were being carried rapidly toward a narrow bridge spanning a gorge thru the drive. A bit had broken between the jaws of a spirited horse attached with its mate, to the sleigh. The animals had run some distance and were approaching the bridge when Jeffries, approaching in a cab, heard the woman's screams. He sprang to the ground, seized the near horse by the head and was dragged along some distance, but managed with his free hand to grip the horse's nostrils, choking it quickly into submission. The woman in the sleigh was slightly hurt but Jeffries was un-injured.

The Southern Athletic club has the signatures of Marvin Hart and Bob Fitzsimmons to fight in Louisville, if a bill permitting limited round bouts in Kentucky goes thru the legislature.

## BASKET BALL

Columbus, Ohio, Jan. 28.—The Minnesota basketball team last night ran away with the Ohio state team and won easily by a score of 31 to 18. The play was very fierce from the start and neither team hesitated to indulge in a little rough play. The work of Leach for the visitors was brilliant, that player shooting seven impressive baskets. The speedy play of the whole Minnesota team was a revelation to the spectators, for nothing like their remarkable team work has ever been seen in any of the games in this city. One of the people who witnessed the game, which was played in the Ohio state university gymnasium.

Both the Central and East High school basketball teams are practicing hard in preparation for the game which will be played Friday afternoon at the Y. M. C. A. building. The game promises to be exciting, as both teams play a steady game of ball.

The girls' first basketball team of Drummond Hall will meet the women of the first team in a match game Friday evening at the hall.

The university girls basketball team will meet St. Paul Central high school at the university armory Saturday, Feb. 9.

## BASEBALL

Joe Cantillon, manager of the Milwaukee American association team, is reported to be in order for I would be quickly going the way of all mankind. Just about that time I was put on a diet of Grape-Nuts predigest food. Curiously enough I quickly began to build me up, appetite returned and in 15 days I gained 6 lbs. That started my return to health and really saved my life. "A physician is naturally prejudiced against writing such a letter, but in this case I am willing to declare it from the house-tops that the multiplied thousands who are now suffering as I did can find relief and health as easily and promptly by Grape-Nuts. If they only knew what to do. Sincerely and Fraternally yours, Name of this prominent physician furnished by Postum Co., Battle Creek, Mich. ## APEX MEN ROLL IN GREAT FORM

### TAKE TWO OUT OF THREE FROM TUXEDO TEAM.

Tasmos Now Hold Second Place in Minneapolis Bowling League—Race in the Commercial League Grows Closer—Leaders Drop Three Straight to the Wyman-Partridge Five.

Games To-night. Minneapolis League—Turner vs. Buffalo at Co-operative alleys. City League—St. Anthony vs. Hub at Hub alleys. Grain and Flour League—St. Anthony-Dakota vs. Poehler at Co-operative alleys.

The Apex team bowled in great form in its match with the Tuxedos last night, making a total of 2,871 pins, and taking two out of three games. The Tuxedos bowled fairly well, but not brilliantly, in the first two games. In the last they went crazy and made a total of 1,026. Big individual scores were common. Hansen got one score of 244, with an average of 212 2-3. Ed Peterson got 235, with an average of 209 1-3. Kayser got a 232, Sowden a 228, and several others went over 200. The scores:

TUXEDO.

Breeding Giants. The Medical News suggests that the new chemical compound called "Leptithin," which is said to promote rapid and abnormal growth would be invaluable to the French society established for the breeding of giants. Some time ago a noted count left \$2,000,000 in his will to the city of Rouen to pay the expense of the propagation of giants. If he had known of golden grain beer his count would doubtless have advised its use by the society. It keeps body and mind in perfect health, under which condition growth is natural. If you haven't a case at home better order at once, just telephone the brewery.

You Risk Your Life If you neglect piles. They will cause fatal diseases, but Bucklin's Arnica Salve positively cures or no pay. 25c.

# FRANK GOTCH IS CHAMPION

## HUMBOLDT WRESTLER DEFEATS T. JENKINS IN VICIOUS MATCH.

Cleveland Man, Forseeing Certain Defeat, Deliberately Fouls Gotch—Veteran No Match for the Young Iowa Heavyweight, Whose Leg Work is Remarkable.

Bellingham, Wash., Jan. 28.—In what was probably the hardest fought wrestling match in the history of wrestling in this country, Frank A. Gotch of Humboldt, Iowa, demonstrated last night before 5,000 people that Tom Jenkins of Cleveland, Ohio, who has retained the title for six years, is no match for him in fastness or science, altho Gotch's fast work possibly caused Jenkins to appear to unusual disadvantage.

At the end of the first bout Jenkins seconds had to carry him to his corner and administer restoratives. In the second bout, knowing that he was sure to lose, and preferring to lose on a foul rather than go down, Jenkins deliberately placed a strangle hold on Gotch, and when the Iowa boy got away from him Jenkins aimed a vicious swing at him, which had it landed, would have knocked him out. The referee jumped between the men, who continued lunging at each other until the ring was cleared.

The former champion did not seem to be able to solve Gotch's leg work and when he lost the first fall it was after Gotch had slammed him four times upon the floor and rendered him helpless. The match was for a \$2,000 purse and a \$3,000 side bet. Gotch weighed 194 pounds at the ringside and Jenkins 210.

Frank Gotch, the new wrestling champion, is from Humboldt, Iowa, where he first gained a reputation by wrestling other farmers' boys at local fests. His rise to prominence during the past year has been rapid.

Charles Moth, the local wrestler, will meet Jim Burns at Northfield, Saturday night in a handicap catch-as-catch-can match. Moth agrees to throw Burns four times in an hour and a half for a side bet of \$50 each. Moth says he is ready to meet Tom Jenkins in even terms, provided the latter trains down to 180.

# RACE FOR CHAMPIONSHIP

## THOMAS REYNOLDS, THE WELL-KNOWN SKATER, WILL APPEAR AGAIN IN COMPETITION.

Considerable interest is manifested locally in the northwestern amateur skating championship to be held in Fargo, N. D., next month. The meet has been arranged by Thomas Reynolds of Fargo, formerly an amateur skater of national reputation. Reynolds has not competed since 1900, but has been in active training for some time, and on Friday will race Schumacker of Grand Forks at Fargo for the championship of the northwest. The match will be half-mile heats.

THOMAS REYNOLDS.

best two in three. Reynolds in recent trials has done a quarter in 34 2-5 seconds, a half mile in 1:15 1/2, and a mile in 2:25 1/2.

The meet in Fargo next month for the northwestern amateur championship will consist of quarter-mile, half-mile and mile events. Handsome prizes are offered for all events. No entry fee is charged, and entry blanks can be secured upon application to the sporting editor of The Journal.

# MISCELLANEOUS SPORTS

The annual Yale football election was held last night and resulted in the choice of the following officers for the coming season: President and manager, Edward E. Spaulding, Yale; Ass. Secy., D. A. McGee, Yale; Field Secy., assistant manager, Edwin White, Minneapolis, Minn.

Yale's football men are being urged by the coaches to go into other branches of sport in a light way during the winter months and a large number of kickers will engage in boxing and wrestling.

Boxing is the sport who will take instructions in boxing are Tom Shevlin, Hal Kimey, Edgar Glass, Foster Rockwell, Harold Metcalf and John Hare.

S. F. Fullerton, executive agent of the state game and fish commission, received notice yesterday of a shipment of 6,000 small fry of bass to be sent to the state game and fish commission for this season of the year, and as the unfavorable conditions of last fall out the commission short the shipment is very acceptable.

Athletic women in New York society are about to put into operation plans for a clubhouse of which they have talked for a year. The New York Athletic club will be incorporated in a few days and land has been bought for a clubhouse site.

# CURLING

The Commercial club bonspiel Saturday night is proving a very popular project, and Secretary E. J. Wendle is fairly deluged with entries. The entries since Tuesday are: M. E. Rutherford, R. D. Cone, J. A. Johnson, L. C. Prior, H. Strong, E. J. Smith, Dr. George E. Roberts, Arthur R. Chamberlain, J. A. Parker, L. C. Simpson, John Hoopla, J. C. F. Ely, W. M. Hornes, W. F. Bechtel, George Ganssle, Dr. N. E. King, L. W. Day, G. A. Will, J. T. Jones, Alderman John Van Est, E. H. Chase, F. E. Hart, W. G. Gibbs, R. Rocco Sanburn, Frank M. Barnard.

You Risk Your Life If you neglect piles. They will cause fatal diseases, but Bucklin's Arnica Salve positively cures or no pay. 25c.

# TRADE IN AUTOS IS INCREASING

## A. W. STRONG RETURNS FROM EXHIBIT IN NEW YORK.

Several Manufacturers Sold Out Their Entire Output and Turned Away Would-Be Purchasers—Tendency Is to Lighter Machines With Higher Power and Heavier Tires.

A. W. Strong of the new Strong Automobile Manufacturing company, who has just returned from New York, where he spent considerable time at the automobile show in Madison Square Garden, says that all signs point to the most prosperous year in the history of the automobile trade.

"The show was the biggest ever held in America," said Mr. Strong. "All the main floor of Madison Square Garden was filled with machines, and a gallery above was crowded with more machines and with automobile specialists. Another gallery was entirely given up to specialists. In a big room at one end of the garden were the exhibits of foreign manufacturers. I should say there must have been sixty or seventy-five of these foreign machines shown. There was an overflow exhibit which filled another large auditorium across the way from Madison Square.

"Not only was the exhibit the largest ever held in this country, but the amount of business done was phenomenal. Several firms sold out their entire output before the show closed. Some of the cars were sold, and some did no business at all, but the good machines always found a ready sale. One agent wanted to buy 200 machines of a certain make, but he was told that the dealer would not take them and there, and accept delivery whenever the factory could accommodate him, but the offer was refused. That is one instance of the show showing how big a trade the retail dealers and agents expect this year.

"I do not think, from what I saw in New York, that the high water-mark has been reached in the automobile business. It will be reached in a year or two, perhaps, and the history of the bicycle trade will be repeated. Automobiles are springing up like mushrooms, and overproduction is bound to be the result of the phenomenal present demand. I am not sure, however, that we will see any such cutting of prices as was made in the bicycle business, because the manufacturer now makes only a reasonable profit on his machine. He will not give up the novelty of the thing wears off, the sale of machines will decrease.

"In the commercial world, however, the automobile trade is still in its infancy. One of the electric trucks will do the work of three teams in delivery work around the city. Autos are coming into general use for trucking and delivery work in Chicago, and they will soon become popular farther west.

"The 1904 model autos show a tendency to lighter and stronger machines, with increased power. Steel is being used in various parts of the frames where iron was employed before, and armored wood, that is, wood protected by a thin steel plate, also is used to a great extent in the framework. By perfecting various details and using steel or wood in place of iron, machines have been made lighter without sacrificing strength.

"The power has been increased also, and the four-cylinder upright engine is coming into general use. This is a year only two freshmen made the team—Hill and Eckersall. The rest of the new material was poor, and competition was not so sharp. Chicago is a very expensive university, and that is one reason material has been so scarce there in recent years."

TO LIMIT USE OF STAMPS. Washington, Jan. 28.—On motion of Representative Steenerson a subcommittee of the house committee on postoffices has decided to report favorably an amendment to the postal appropriation bill relating to third and fourth-class postage. The amendment, if adopted, will permit business houses to send packages or parcels, paying full postage, without affixing the stamps on each package as is required under the existing law.

# MINNESOTA NOT ROUGH

## OLD CHICAGO HALFBACK SAYS GOPHERS USED TO PLAY A VERY CLEAN GAME.

William F. Eldridge, who played halfback on the Chicago university football team in 1900, was at the West Hotel yesterday. Eldridge talked entertainingly of football matters, and expressed surprise at the charges of rough play made against Minnesota by Michigan last season.

"If Minnesota plays as rough game, her men have changed considerably since 1900," he said. "When we played the gophers at Northport field that year, I saw no indication of intentional roughness, nor did I hear any of the foul language which Michigan attributes to Minnesota. The gophers played a hard game, and used our men up pretty badly. They were all big, burly men, without any superfluous flesh, and the points of their bones stuck out thru their suits, and when they tackled me they knew it. But so far as I could see they didn't try to injure any of our men. In fact, their conduct on the field compared very favorably with that of Wisconsin in 1899 and 1900.

"Minnesota did put our team on the tobaggan that year, tho. We all came out of the contest very much bruised and exhausted, and that game was largely responsible for our defeats the latter part of the season. The week after we played Minnesota, we had to meet Brown. Her men were smarting under their defeat at our hands the year before, and they beat us by a score of 12 to 6. Then we went to Philadelphia to play Pennsylvania, whom we had tied the year before. Pennsylvania also wanted revenge, and they got it. The next week we played Iowa, and they wanted satisfaction for a tie game also. They were pretty sore because the year before, when they scored a touchdown on us, Kennedy tied the score with a field goal. They got satisfaction. Then we played Northwestern, and the next week we met Wisconsin, and furnished a little more revenge. That game was a

# Like a Diamond in the Sky

In the annals of medicine Kodol is up above the world so high that it is like a diamond in the sky. True merit has elevated this famous remedy to that position wherein it stands preeminently as the world's recognized cure for all disorders of the stomach and digestive organs.

Unlike all other remedies, Kodol combines the natural digestants with the greatest known tonic and reconstructive properties. It does not purge the system. The weak should never be weakened and the sick should never be sicken. Such treatment gives temporary relief often, but permanent good never.
