

How to Enjoy Breakfast

"Just a roll and coffee is all I ever eat for breakfast." How often you hear this statement, especially among women. Some men, too, talk the same way. What's the trouble? Breakfast should be one of the best meals of the day. It is needed to get up steam for the body and nerve for the daily toll. When a person doesn't enjoy breakfast, there's something wrong with the stomach. In the majority of cases it is tired out and weak in the morning from working overtime trying to digest things which should never have been put into it and in fighting to get rid of poisonous, catarrhal waste matter. While this rough and tumble goes on in the stomach, the brain is made unnatural by weird dreams, some of them frightful in nature. Result—mental and physical exhaustion in the morning.

The stomach of a healthy person rests at night, so does his brain. If your appetite is bad, if you are restless at night, if you have bad dreams, if you are distressed after eating, if your breath is bad in the morning, if you are troubled with catarrh, if you are bilious, if you are constipated, if your kidneys do not act properly and if you are generally run down, you need Vernal Palmetto (formerly known as Vernal Sage Palmetto Berry Vine). Only one six-cent package is required. Take it on going to bed. You will have perfect rest at night, a good appetite for breakfast and enjoy all your other meals. If you want a free sample bottle, try before you buy, send us your name and address. It will be sent promptly, postpaid. Vernal Remedies Co., 305 Seneca Building, Buffalo, N. Y.

PICKING THE

"FORTUNATE 40"

COMPETITION FOR JOURNAL TRIP'S LIVELIER THAN EVER.

Date of Closing the Contest Has Not Yet Been Determined But Will Soon Be Announced—Some Questions of Interest to Contestants Answered.

The Journal's voting contest to determine its forty most popular subscribers in the northwest, is booming along as can be seen from the following list of contestants compiled up to Tuesday night. Journal subscribers evidently appreciate that the Journal's offer to send forty of its friends to the great exposition at St. Louis in June, with all expenses paid and all accommodations of the highest character, is worth working for.

On another page is printed to-day's vote and entry blank. If you have not already entered the contest it is not too late to do so and you stand as good a chance of winning in your district as anybody. You should enter at once, however, and not let another day go by without doing so.

Some Questions Answered. A great many inquiries have been made as to when the contest will close. The Journal wishes to state that the definite date has not yet been set.

counts for one vote—a vote for each cent paid. Thus 35 cents paid counts 35 votes, \$1 paid counts 100 votes, \$2 paid counts 200 votes, except that for one year's subscription paid fully in advance a grand credit will be allowed of 100 votes.

As to "contract" subscriptions. In case it should not be convenient to pay in advance, subscribers may contract for 12 months, except that for one year's subscription paid fully in advance a grand credit will be allowed of 100 votes.

On this "contract" basis it should be clearly understood that the contracts must be for new subscribers to The Journal—people who do not now subscribe. The Journal's contract with old subscribers agreeing to continue taking The Journal in the future, as in the past, will, of course, not count. The Journal's contract with old subscribers agreeing to continue taking The Journal in the future, as in the past, will, of course, not count.

And what is the prize? The Journal's contract with old subscribers agreeing to continue taking The Journal in the future, as in the past, will, of course, not count. The Journal's contract with old subscribers agreeing to continue taking The Journal in the future, as in the past, will, of course, not count.
