PRIEST AS ARBITRATOR

ST. LOUIS CLERGYMAN TRIES TO BRING BALL PLAYER AND MAGNATE TO TERMS.

New York Sun Special Service. St. Louis, Feb. 25.—One of the most unique cases of arbitration is the offer of the Rev. Father J. A. Tracy of Our Lady of the Good Counsel church to settle the differences between Jack Powell, the browns' star pitcher, and R. L. Hedges, the president of the club.

At the closing session of the national board of arbitration at Columbus a resolution was adopted which provides that all players drafted by the major leagues shall revert to their original owners, provided a Class A club has not put in a secondary draft during the regular drafting period.

There is considerable talk among baseball fans in southern Minnesota of attempting to organize a league composed of Albert Lea, Owatonna, Austin, Waseca, Mankato, Faribault, Winona and Mason City.

THE STRANGER "BOUGHT"

RAN UP AGAINST LITTLE JIMMIE WHO MEANLY TOOK ADVANTAGE OF HIS GUILTELESSNESS.

"Little Jimmie" Latourelle, the musician, one of the best known characters in Minneapolis, is an inveterate joker, and his favorite "joke" is to relate to some unsuspecting stranger a long series of mythical experiences as a professional baseball player.

For the benefit of those not acquainted with Jimmie—their number is comparatively few—it should be explained that the point of the joke lies in the fact that Jimmie weighs somewhere in the neighborhood of 600 pounds.

Yesterday morning Jimmie encountered Perry Werden, manager of the Fargo baseball club, in a well known downtown restitory.

"I'm ready to sign a contract to play with your team, Perry," he said, "but I think I ought to have a bonus."

"Sure I can get my release," replied Jimmie. "I told him last year I wouldn't stand for a cut. I'd rather play bench."

The stranger was swelling visibly with curiosity. He saw a K. P. badge on Jimmie's coat, exhibited one of his own, gave the high sign and asked Perry and Jimmie to join him.

"Not a bit of it," said Jimmie. "I only weigh 700 pounds now. You see I play shortstop. I was with Comiskey's team in Chicago last year, and I'll probably go up to Fargo to play on the Northern league team this summer."

"I play between second and third base, and the batters can't get a ball past me. If it hits me in the stomach it bounces back to first base and the man's put out. If it hits me on the leg, the second or third baseman gets it."

The stranger looked incredulous. He searched Jimmie's face for some indication whether he was "joshing."

"Well you see, in this game of football, the idea is to hold the ball as long as you can," explained Jimmie. "The stranger remembered having heard something to this effect."

"The time I was with Barnum's circus in the sideshow," he said, "I weighed 1,175 pounds. I was drawing a big salary, but I wasn't happy. It embarrassed me too much to have people coming in crowds that way and staring me in the face. I was going to quit the show when the manager got up a scheme so he could exhibit me without my getting so bashful. He had them dig a hole in the ground, six feet deep and six feet square, and put a picket fence around the hole. Then they lowered me in with a derrick, and the people would come and look over the fence, ten cents a look. That way I didn't see them, and I wasn't so shy."

The clerk lost his grip here, and Perry too, after a fruitless effort to keep his face straight, joined in the guffaw. The stranger sadly drew out his roll, peeled off a bill of comfortable dimensions, ordered the clerk to serve everyone who came in until the money was used up, and took his way into the street.

COAL MINING INCREASES

CENSUS BUREAU COMPARES FIGURES FOR 1902 WITH THOSE OF 1889.

Washington, Feb. 25.—The census bureau report on the mining of coal in the United States for the year ended Dec. 31, 1902, shows a total product of 201,590,439 short tons, valued at \$367,032,069.

Of this total, 260,216,844 short tons, valued at \$290,858,483, were bituminous and 41,373,595 short tons, valued at \$76,173,586, were anthracite.

The number of wage-earners in bituminous mines in 1902 averaged 280,638, with total wages of \$181,446,838, and employees on contract work, 11,307, the cost of contract work aggregating \$1,225,814.

In the anthracite mines in 1902 the number of wage-earners averaged 69,691, with total wages of \$38,716,113, and employees on contract work 1,731, the cost of contract work aggregating \$406,421.

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of the Journal May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince any one.

I cheerfully recommend and endorse the Great Remedy Dr. Kilmer's Swamp-Root, for kidney trouble and bad back. I have used it and derived great benefit from it. I believe it has cured me entirely of kidney and liver trouble, from which I suffered terribly.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night.

Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you feel a sallow, yellow complexion; make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

How to Find Out. If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practices, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.

NOTE—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonials received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to give the name of the Minneapolis Journal. The proprietors of this paper guarantee the genuineness of this offer.
