British Premier Fails to Hold Supporters Together--Dissolution Is Imminent.

London, Feb. 27.—It is definitely stated that Premier Balfour does not intend to remain in office longer than is necessary to get through the supply vote and that parliament will dissolve soon after Easter.

Altho not in the form of an official announcement, this statement comes from a reliable source. It is added that the government did not originally intend to appeal to the country at such an early date, but the recent divisions have shown the impossibility of holding the party together for any length of time.

AS BLACKMAILERS**

Committee to Investigate Charges Made by Member of State Senate.

New York Sun Special Service. Louisville, Ky., Feb. 27.—A scandal of considerable importance developed in the Kentucky state senate when Senator Henry George moved that a committee of ten, headed by Governor Beckham, be appointed to investigate the system of blackmail alleged to have been levied on Kentucky whiskey and tobacco interests by members of the legislature.

The motion brought out explanations that distillers had complained to Governor Beckham that they had been forced to pay several thousand dollars to prevent the passage of bills inimical to their interests. Finally they were asked for \$16,000 to prevent the passage of a bill imposing a tax of 50 cents a barrel on all rectified spirits in Kentucky.

The Continental and American tobacco companies say they were told that for \$8,000 they could secure the repeal of a law recutting a tax of 50 cents per thousand pounds on all tobacco manufactured in Kentucky.

GET MINN. MAN TO MANAGE FAIR

Interstate Fair of Spokane, Wash., Secures as Its Manager R. H. Cosgrove, Who Has Been Superintendent of Gates at the Minnesota Fair for Several Years.

The remarkable success of the Minnesota State Fair has caused it to be looked upon as a model for the conduct of many other lesser fairs and now it would appear it is to take something of the character of a school for fair managers. Robert H. Cosgrove, one of the young men who has had much to do with the Minnesota fair left yesterday for Spokane, Wash., where he will, next Tuesday, March 1, take up the duties of secretary of the Interstate Fair of Spokane.

The selection of Mr. Cosgrove for this position is not only a high compliment to the young man himself, but also to the school in which he has studied fair management. Mr. Cos-

grove is a Minnesota product. He is a son of President C. N. Cosgrove of the Minnesota state fair and was born at Le Sueur, July 11, 1878. He graduated from the Le Sueur high school and studied for two years in the University of Minnesota. Since leaving the university he has been identified with extensive business interests of his father's and has been secretary of the Cosgrove company, Le Sueur, of Messingham & Cosgrove, of Maudslayi, N. D., and of the Minnesota Valley Canning company of Le Sueur. Besides his business enterprises he has had in these enterprises he has during the seventeen years of his father's connection with the Minnesota fair been closely identified with fair work and for several years past has been superintendent of gates. That his training and abilities are recognized and valued is shown by the fact that he is given the position of secretary and manager of one of the largest and most successful fairs west of Minnesota.

Thruout the West Indies and peninsula of Florida the prevailing winds are from due east, which makes the eastern coast very healthy, while on the west coasts, where these trade winds are not so constant, the climate is less salubrious.

CUT BAIL FOR SPITTERS

Police Officials Think \$25 Is Too Much—Suggest \$10.

The police officials are trying to have the bail for spitters reduced to \$10, as they think \$25 is too high in most cases. The fine for the past month has been only \$2 in each case, and several men have been kept from their work because they did not have enough money to put up. The movement is approved by the health inspectors and the police officers.

"I have personally given the liniment a most thorough trial and have given sample bottles, without labels, to a number of athletes, and in almost every instance they have asked for more, claiming it was the best 'stuff' they had ever used. It is particularly good to rub immediately after a contest and will relieve any pain from strains or wrenches." Chas. T. Esig, care A. G. Spaulding & Bro., Chicago.

"I have on an average thirty men rubbed down daily. Your liniment is heartily endorsed by myself and attendants as the best article of the kind we ever used." Louis Zimmerman, Supt. Fort Dearborn Gymnasium, Chicago.

"Greene's Liniment has given me better results than any other. It is easy to apply and the results highly satisfactory." W. H. Flagg, Pres't. Flagg's Stock Farm Co., Chicago.

"I have used Greene's Liniment and consider it the best on the market. Friends that have used it speak in highest terms of it." George E. Mason, Com. Merchant, Union Stock Yards, Chicago.

"Greene's Liniment is in use among my pupils and they agree with me as to its merits. I have no hesitancy in recommending it to athletes and trainers in general." Harry Gilmore, Boxing Instructor, Chicago.

"It's the best thing I ever used." F. Sullivan, Trainer of Tichenor & Co., Chicago.

"Will you kindly notify me where I can purchase Greene's Liniment in Memphis. I gave Greene's Liniment a trial three or four years ago and found it the best thing for any of the ills of man or horse that I have ever seen a liniment used for, and since that time I have never been without it." Ours very truly, Murray Howe, Secretary of Memphis Trotting Ass'n.

Mr. H. J. Kilne, Chicago, Ill., writes: "I have used your liniment for horses and for my own aches and pains and the results were such that it is now a standard remedy in my family. It is an article of merit, refer any doubter to me."

"I have used Greene's Liniment for some time on my driving horses and saddle horses at home, of which I have eight, and I have also used it with great success on running horses owned by me, particularly, however, on Jingo Deady, and I have found it of great service. I have a high opinion of your goods and shall never be without some in my stable." Wm. A. Pinkerton, the head of the famous detective agency.

Mr. Wm. R. Wylie, Supt. Caton Stock Farm, Will Co., Ill., writes: "I have used nearly every liniment on the market but find yours is in a class by itself. It does all you claim for it." Mr. J. B. Jackson, Drovers' Journal, Chicago, says: "As a family remedy it is invaluable."

"I find it valuable for bruises, sprains, and sore muscles. It is an excellent conditioner." Jas. J. Corbett.

Mr. G. F. Moore, Traveling Auditor of the Chicago & Alton R. R., writes: "I wish to congratulate you on having produced liniment which in all cases comes up to the merits claimed for it. In my family it has been used with perfectly satisfactory results."

"Directly, 2:05, would never have been able to start in '99 if I hadn't used Greene's Liniment. It kept his legs sound and clean all season. I also used it on Tommy Britton, 2:08; Giles Noyes, 2:04; 2:10; Hartford, Jr., 2:11; I am certain that much of the success of these horses was due to Greene's Liniment." Geo. West (Trainer).

"I use Greene's rub-out daily after my road work and consider it the best preparation ever put up for training purposes. It will keep the muscles from hardening and relieve all soreness and stiffness." Jos. B. Choyneki.

"The rub-out is great stuff. I like it better than anything I ever used." Bob Fitzsimmons.

"My barn foreman has used your Liniment for strains, scratches and bruises, and I find that it is the best remedy we have ever had in our stable. Anyone owning horses should not be without Greene's Infallible Liniment. I consider it the best on the market. Yours truly," W. H. RAYMOND.
